MAYOR HYNES DISCUSSES "HOME RULE" BILL BEFORE COMMITTEE ON CONSTITUTIONAL LAW OF LEGISLATURE.

(Continued from page 221.)

Right of Petition Not Violated.

I don't think that the right of free petition is violated by this bill before your committee. I cannot believe that the framers of our Constitution felt that the right of free petition should extend to those matters which are obviously purely local in nature. That class of legislation should, initially, for reasons that need no emphasis, be considered by the responsible, elected officials of a city or town.

If there is merit to such local-type petitions, no local government can long stand out against them. If there is no merit or justice or equity to such petitions, then, certainly, the great and General Court should not be required to spend endless hours in their consideration.

MAYOR HYNES APPEALS FOR HELP IN TIDYING UP SOUTH END.

(Continued from page 221.)

charged with the responsibility of safeguarding the health and well-being of the community and leaders of the South End Neighborhood Rehabilitation and Conservation Committee.

During the meeting it was revealed that because of the large number of boarding-house lodgers in some sections of the South End that district is more exposed to "litterbugs" than any area in the city. More than 15,000 lodgers are now located there, thousands of them welfare recipients.

LODGING HOUSE RESIDENTS BLAMED.

The direct cause of much of the "litterbugging," it was brought out, is that many hundreds of the lodgers under their landlord-tenant agreements are not permitted to cook in their rooms. The result is that hundreds of them, through the use of electric hot plates, surreptitiously prepare their meals, place their garbage in paper bags and then, when unobserved, dump them behind automobiles parked on the adjacent streets or drop them in vacant lots and alleyways. Scores of such law violators were arrested and prosecuted by the police last year, but the littering goes on and on particularly during the winter months.

The Sanitary Division of the Public Works Department in an attempt to keep the South End clean and to combat the breeding of rats and vermin that multiply under such conditions, sweep and rake the area five days a week in favorable weather, but when they return, the streets, alleyways, and vacant lots are strewn with garbage and refuse as much as formerly.

The combined Public Works, Health, and Police Departments have been trying to overcome the problem for years, but except for some areas where neighborhood associations have vigorously opposed such flagrant violations of the health laws, these intolerable conditions still prevail. The Public Works Department has even placed large, so-called "dumpsters" at strategic points for the convenience of the "litterbugs" in an attempt to correct the situation, but their efforts have been little short of futile.

Another source of "litterbugging" in the South End, it was brought out at the meeting in the Mayor's office, is the failure of property owners to provide their tenants with adequate rubbish and garbage containers. Many landlords, however, complain that as fast as they provide them they are stolen.

So provoked are some of the neighborhood associations over the continuing violation of the city ordinances concerning the disposal of garbage and rubbish in the streets, vacant lots, and alleyways that they are currently sponsoring a bill in the Legislature to make it mandatory for the Public Works Commissioner to employ up to 10 special police officers to prosecute "litterbugs."

However, as the Health Commissioner under chapter 450 of the Acts of 1889 has such authority and as the police of the South End are cooperating extensively with the Health and Public Works Departments in endeavoring to check the "litterbug" menace, it is not likely that the bill will pass. Furthermore, in light of the long-range concerted program of action and education now being planned by the Health, School, Public Works, Building, and Police Departments, together with the South End Neighborhood Rehabilitation and Conservation Committee, to curb the offenders it would probably be unnecessary legislation.

As a further means of helping to keep clean those sections of the South End that are being endangered by "litterbugs," Mayor Hynes has instructed the Welfare Department to assign all able-bodied male welfare recipients to the use of the Sanitary Division of the Public Works Department for sanitary work.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John J. Amara has been directed to perform the following extra work under the contract for bituminous concrete pavement in Arbroth street, Laban Pratt road, Rita road, Rosemont street, and St. Brendan road, dated June 2, 1953:

In accordance with orders dated June 29, 1953, and July 16, 1953, furnish and apply approximately 125 gallons, 100 gallons, and 325 gallons, respectively, of OA asphalt, over the existing pavement as a tack coat, in Laban Pratt road, Arbroth street, and Rosemont street, at 45 cents per gallon. Estimated cost of extra work, \$247.50.

REPORT OF AGNES K. BRENNAN, DIRECTOR OF DISTRIBUTIVE EDUCATION.

(Continued from page 221.)

Kent, of J. L. Hudson Company, Detroit, said that the greatest need for specific executive training in all kinds of business is in the area of Human Relations.

On Tuesday, four training directors from large stores in St. Louis, Washington, D. C., Rochester, New York, and Los Angeles, demonstrated new techniques used in training people to sell.

I found the Distributive Education sessions on Thursday most instructive. New teaching techniques were expertly demonstrated. Wesley Scott, Director of Business and Distributive Education for Philadelphia, gave a careful presentation of the problems involved in supervising the Distributive Education program in a large city. Philadelphia and Boston problems are very similar.

The Wool Bureau, Inc., entertained Distributive Education representatives from all large cities throughout the country. I had an excellent chance to examine their remarkable Distributive Education training materials at this meeting.

The Thursday night banquet was an imposing affair. A delegation of merchants from Ireland and Austria were present and awards were made for distinguished service in retailing.

On Tuesday, I visited Germantown High School in Philadelphia, Pa. I visited Cooperative Distributive Education and Office Training classes. I had a chance to examine the equipment and to study the organization of the work in the two areas. I also discussed the work with the City Supervisor of Business and Distributive Education, Mr. Wesley Scott.

Wednesday, I spent with Mr. Lloyd Jacobs, State Supervisor of Distributive Education in New Jersey. We visited the Camden and Woodrow Wilson High Schools in Camden, New Jersey. The equipment in both schools is most unusual. I observed the work of Distributive Education classes and went to stores to see the cooperative pupils in their work stations.

On Friday, I had a conference with Mr. Clinton Reed, State Supervisor of Business Education for New York State.

My trip gave me an unusually good opportunity to see school programs in action and to talk with school personnel engaged in the areas of work which I direct in Boston.

Respectfully submitted,

AGNES K. BRENNAN,
Director of Distributive Education.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 29, 1951, as amended, determining damages caused by the making of the public improvement consisting of the widening of Poplar street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$450 as an award to Marie Langenfeld; that the amount \$450 be, and the same hereby is, awarded to Marie Langenfeld for the damages so sustained.

DISCONTINUANCE OF STREETS.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the discontinuance of a portion of Theodore A. Glynn Way at the southerly corner of Newmarket square, and the discontinuance of a portion of Newmarket square at the southerly corner of Theodore A. Glynn Way, bounded and described as follows:

A portion of the highway named Theodore A. Glynn Way is hereby discontinued at the southerly corner of Newmarket square.

Said portion of said highway as hereby discontinued is bounded:

Northerly by the southerly line of Theodore A. Glynn Way as hereby established, by two measurements, 36.39 feet and 17.15 feet on a curve of 15 feet radius; northeasterly by the southwesterly line of Theodore A. Glynn Way as hereby established, 22.32 feet on a curve of 616.75 feet radius; southerly by the southerly line of Theodore A. Glynn Way as it existed prior to this order, by two measurements, 20.84 feet and 47.23 feet on a curve of 50 feet radius; containing 511 square feet, more or less.

A portion of the highway named Newmarket square is hereby discontinued at the southerly corner of Theodore A. Glynn Way.

Said portion of said highway as hereby discontinued is bounded:

Southerly by the southerly line of Newmarket square as it existed prior to this order, by two measurements, 77.45 feet and 64.57 feet; northerly by the northerly line of Newmarket square as it existed prior to this order, 20.84 feet; northeasterly by the southwesterly line of Newmarket square as hereby established, 124.52 feet on a curve of 616.75 feet radius; containing 570 square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of a portion of Theodore A. Glynn Way at the southerly corner of Newmarket square and the discontinuance of a portion of Newmarket square at the southerly corner of Theodore A. Glynn Way, Roxbury district, under the order of the Board of January 29, 1954, and awards no damages therefor.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for an extension of time for the completion of the contract with Kabot Painting Company for interior and exterior painting at the Boston Technical High School, from February 26, 1954, to April 30, 1954. This extension was requested because of a delay on account of school being in session.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Anthony D'Alessandro & Sons for sewerage works in Ayles road, from Westminster street to Safford street, and Westminster street, from Ayles road, 70 feet northeasterly, Hyde Park, from February 17, 1954, to April 3, 1954. This extension was requested because the deep frost in ground made it necessary to suspend this work.

PAULMAN CIRCLE FOR PUBLIC TRAVEL.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted Jeremiah Manfra to prepare for public travel Paulman Circle, West Roxbury district, leading easterly from Church street, as shown on a plan by George C. Halliscy, surveyor, dated March 10, 1951, and on file in the office of this department.

PUBLIC WORKS DEPARTMENT MAKES APPEAL TO CITIZENS TO AID IN CLEANING UP STREETS.

The streets in the South End are in a very dirty condition, and it is impossible for the Public Works Department to clean them efficiently or speedily unless it receives the whole-hearted cooperation of the motorists. The appeal reads:

"For the remainder of the week, it is our intention to concentrate street cleaning activities in the South End area, bounded by Massachusetts avenue, Albany street, Broadway, and Columbus avenue. Therefore, I am asking all motorists to park only on the even-numbered side of all streets in the above-referenced area, daily, for the remainder of the week, from 7 A.M. to 4 P.M. We intend, for the remainder of this week, to restrict our street cleaning operations to the odd-numbered side. If the weather remains mild, parking will be permitted next week on the odd-numbered side only, and street cleaning will then be restricted to the even-numbered sides of the various streets."

GEORGE G. HYLAND,
Commissioner of Public Works.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT. (Purchasing Division.)

Boston, February 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for immediate delivery of 1,000 tons of rock salt.

Inasmuch as the entire quantities of rock salt on the current contracts have been ordered and since immediate delivery of the above quantity is most urgent, authority is requested at this time to dispense with publicly advertising for prices and award a contract, without public advertisement, to Eastern Salt Company at a price of \$13.80 per ton, which is the same price as that submitted by this company in the publicly opened bid of August 26, 1953.

Approximate total amount of contract will be \$13,800, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, February 12, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Each year the Franklin Park Zoo requires several thousand pounds of stale bread for the animals at the zoo.

In the past, Gentles Baking Company, Inc., has supplied the stale bread and at all times has rendered most satisfactory service to the Park Department. In view of this fact, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Gentles Baking Company, Inc., for furnishing approximately 90,000 pounds of stale bread to the Franklin Park Zoo at 4 cents per pound, for the period from April 1, 1954, to March 31, 1955, inclusive. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$3,600, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, February 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Sanitary Service of the Public Works Department has submitted a requisition to this office for Wayne sweeper parts.

Harold D. Alexander, doing business as Louis A. Alexander Company, the only source of supply for these parts, has submitted an informal quotation. Inasmuch as these parts cannot be obtained elsewhere, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Harold D. Alexander, doing business as Louis A. Alexander Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,450.80, less 2 per cent discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, February 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For the past eighteen years the American District Telegraph Company has furnished burglar alarm service for this department covering our Administration Building, which includes office and warehouse, 26 Norman street, Boston.

The service rendered by this company has been of an exceptionally fine degree.

As all the facilities for the proper operation of this system are now incorporated within this building, and as I feel that the annual charge of \$1,407, the same as last year, is most equitable, I respectfully request your Honor's approval to dispense with advertising and to award a contract, without advertising, to the American District Telegraph Company, 60 State street, Boston, Mass., for this burglar alarm service for the period beginning on April 1, 1954, and terminating March 31, 1955, both dates being inclusive.

In making this request, I feel that there would be no advantage gained by advertising and that the best interests of the city will be served.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

PUBLIC BUILDINGS DEPARTMENT.

Boston, February 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispose with the usual form of advertising, and to award a contract for linoleum work in the new department of Administrative Services, fifth floor, City Hall, to J. F. McDonald, 165 Friend street, Boston, Mass.

Since the establishment of the Department of Administrative Services has taken over the quarters formerly occupied by the Retirement Board, it was necessary that many partitions had to be removed and desks moved to different locations in Room 64, City Hall. This will necessitate replacing of linoleum in

various places on the fifth floor. Enclosed find J. F. McDonald's proposal on above work.

In view of the above facts, and because the J. F. McDonald concern has done satisfactory work for this department in the past, it is my opinion that nothing could be gained by publicly advertising for bids. Since time is of the essence, I think that the best interests of the city would be served in awarding this work to J. F. McDonald at a cost not to exceed the sum of one thousand two hundred sixty (1,260) dollars.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent.

Boston, February 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Early in January it was detected that the East elevator in City Hall was jumping and making unusual sounds, rumbles, etc. The Chief Engineer had several elevator company mechanics look at and inspect this car and they could not detect the trouble and thought it of a minor nature.

It was impossible to estimate or even to find the trouble, so it was decided to have the machine taken apart and examined, piece by piece. After doing this it was found the main drive shaft was broken inside the outboard pedestal bearing. This necessitated removal of the entire drive sheave, gear and spider to the Beckwith elevator machine shop. This unit weighed approximately 2,000 pounds, which required heavy staging and rigging to lower same from the Pent House machine room on to truck.

At the shop the shaft had to be pressed out by a large hydraulic press. A new shaft had to be fitted and pressed back into spider. After rigging the assembled unit back in place both machine bearings had to be rebabbitted, due to severe wear caused by broken shaft, then carried back and rigged up to Pent House and reassembled.

In view of the above emergency nature of the work and the impossibility of establishing any price until the nature of the trouble was found, I ordered the above work to proceed.

I respectfully ask permission to award an emergency contract to the Beckwith Elevator Company, Inc., 151 Pearl street, Boston, without the usual form of advertising, in the sum of \$1,576.81.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

SUFFOLK COUNTY.

MUNICIPAL COURT, CHARLESTOWN.

Boston, February 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is hereby requested for the award of a contract for transportation of prisoners, without public advertising, to Daniel A. Wiles, 3 Dexter Row, Charlestown, for the period commencing April 1, 1954, and ending with the last day of March, 1955.

The approximate total amount contemplated for expenditure shall not exceed \$1,860.

The above-named individual has performed this essential service for a con-

siderable number of years, and has proven himself highly dependable and efficient. This performance has always been highly satisfactory and his rate is fair and reasonable for the services rendered. I therefore am of the opinion that nothing could be gained by publicly advertising for bids.

Yours very truly,

JOHN F. GILMORE,
Justice.

MUNICIPAL COURT, ROXBURY DISTRICT.

Boston, February 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your authorization to enter into a written contract with Patrick Fitzgerald, doing business as Fitz Taxi, at 554 Talbot avenue, Dorchester, without public advertising, providing for the transportation of prisoners to certain designated institutions as may be requested by and in accordance with the instruction of the court, during the period commencing with January 1, 1954, and ending March 31, 1954.

The contractor will be paid for such services as may be ordered and rendered in accordance with a set schedule of rates and as provided in the proposed contract, the total amount of contingent expenditures during this period, January 1, 1954, to March 31, 1954, not to exceed sixteen hundred and twenty-five (1,625) dollars.

The above-named individual, whose rates are both fair and reasonable, has been engaged in the business of transportation for a considerable number of years and has an established reputation for dependability, efficiency, and for the rendering of satisfactory service. In consideration of the foregoing, we are of the opinion that nothing would be gained by public advertising for bids for the subject services.

Yours truly,

THOMAS J. SPRING,
Justice.
CHARLES I. TAYLOR,
Justice.

MUNICIPAL COURT, SOUTH BOSTON DISTRICT.

Boston, February 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authorization is hereby requested to dispense with advertising and to enter into a contract with Mary R. Gibbons, of 1808 Columbia road, South Boston, providing for the transportation of prisoners from this court, as directed, for the period commencing with April 1, 1954, and ending on March 31, 1955.

The total amount to be expended under the proposed contract is not to exceed the sum of \$1,800.

In view of the fact that these services have been efficiently and satisfactorily carried out by this contractor for some time past and since the rates charged are fair and reasonable, it is felt that nothing would be gained by publicly advertising for bids for the said transportation services.

Respectfully yours,

LEO H. LEAHY,
Justice.

REGISTRY OF DEEDS.

Boston, February 12, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby request your authorization to dispense with public advertising in the *City Record* and to engage the services of Thomas Groom & Co., Inc., 105 State street, Boston, Mass., by contract, in a total sum not to exceed \$3,801.10, to bind in blank book bindings, whip or cross stitch for single sheets and for folded sheets, 20 pages to a folder, certain books and indexes, as requested during the period April 1, 1954, to March 31, 1955, in the quantities and at the prices set forth below:

100 1954 Record Books at \$19.60 each, \$1,960.

10 1954 Registered Land Books at \$20.15 each, \$201.50.

21 1954 Grantor Classified Indexes at \$21 each, \$441.

6 1954 Grantee Classified Indexes at \$13.85 each, \$83.10.

46 Volumes of Consolidated Indexes at \$25.25 each, \$1,155.50.

Total, \$3,801.10.

This company has carried out this kind of service on behalf of the Registry of Deeds over a span of 35 to 40 years and its work has been of the very highest quality. Since the proposed prices for the work are fair and compare favorably with the rates of others engaged in such work in this area, I am confident that this firm will continue to maintain its high standards. It is not felt that any advantage would be derived by publicly advertising for proposals for this work.

Respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

Boston, February 12, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby respectfully request from your Honor written authority to dispense with publicly advertising for bids and, following the effective date of the 1954 budget, to enter into separate contracts with the Recordak Corporation, 99 Bedford street, Boston, Mass., for the furnishing of microfilm in rolls, at a cost of \$6.47 per roll, and positive film print at 5½ cents per foot to the Suffolk County Registry of Deeds, and with the Haloid Company, 141 Milk street, Boston, Mass., for the furnishing to this Registry of Photo-copy Duplex paper, in rolls, at \$15.45 per roll, and Record paper, in rolls, at \$31.90 per roll, both contracts being for the period commencing with April 1, 1954, and ending March 31, 1955.

The approximate total amounts contemplated for expenditure under the proposed contracts are, in the case of Recordak Corporation, based on an estimated requirement of 400 rolls of microfilm, 46,200 feet of positive film print at cost of \$2,588, plus up to a \$50 return shipping charge, making a total cost of \$2,638, and in the case of the Haloid Company, based on an expected need of 150 rolls of Duplex paper and 60 rolls of Record paper, \$8,731.50.

The aforementioned firms have supplied the Registry with most of these same materials for the past several years and their products have consistently been of the very highest quality. Furthermore, it has been found advanta-

geous to use materials supplied by these firms as two Photo-copy machines in use at the Registry were acquired from the Haloid Company and a microfilm machine in use was purchased from the Recordak Corporation. In respect to the positive film prints, our experience has been that these prints whenever received from the Recordak Corporation have been most satisfactory, as this firm has superb equipment and personnel highly skilled in carrying out all the necessary operations in producing positive film prints.

Respectfully yours,

LEO J. SULLIVAN,
Register.

LAND-TAKING FOR SCHOOL.

The Mayor has approved the order of the Board of Street Commissioners for the taking of approximately 139,850 square feet of land on the southerly side of Mt. Vernon street, Dorchester district, for school purposes.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, FEBRUARY 5, 1954.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published November 6, 7, 9, and 10, 1953, in the *Boston Post* and *Boston Herald*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of School Buildings of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Board of Street Commissioners of said city to take for said city, for school purposes, the land hereinafter described, in that part of Boston formerly Dorchester; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for school purposes, the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Housing Authority, bounded:

Northerly by Mt. BOSTON MAY HAVE WORLD'S LARGEST POOL.

Construction of the world's largest outdoor swimming pool in Pleasure Bay, South Boston, is closer to realization. New plans were submitted by Senator John E. Powers, Democratic floor leader, and the Metropolitan District Commission. At a hearing before the Port of Boston Authority at Commonwealth Pier previous Navy Department objections to the project were eliminated.

The new plans for the huge pool call for moving the island end of the causeway shoreward 100 yards. This met the Navy's objections that navigation at a pier at the tip of Castle Island would be hampered. One of the spillways which will change the water in the pool will be moved 700 feet toward the center of the causeway.

The water in the huge bathing lagoon will be maintained permanently at 7 feet above the low tide mark by the causeway and spillway system, thus bathing throughout the day will be provided for an estimated million people.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of windows during the period from April 1, 1954, to March 31, 1955, at the Central Library Building and at 32 other buildings as specified in the specifications.

The work is to be done by either of the following means: (1) ladders; (2) scaffold. The applicable revised rules and regulations appearing in Industrial Bulletin No. 21, established by Department of Labor and Industries, Division of Industrial Safety, are to be in effect. The contractor must indicate which of the above-mentioned means he proposes to use.

Proposals will be received until 12 o'clock noon, Wednesday, March 10, 1954, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Copley square, Boston. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A certified check in the sum of \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, shall be submitted with the copy of the proposal filed with the Awarding Authority. The certified check shall be in a separate envelope, properly marked.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, March 1, 1954, at the Business Office of the Boston Public Library.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as it deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF
THE CITY OF BOSTON,

by MILTON E. LORD,
Director.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1945 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati.—*American City Magazine*.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR CLEANING WINDOWS, BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for cleaning windows at the Boston City Hospital three times during the period beginning April 1, 1954, and ending March 31, 1955, in accordance with the specifications. A bond in the entire sum of the contract price will be required for the faithful performance of the contract. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock P.M. on Wednesday, March 10, 1954, at the office of the Superintendent, with a certified check for \$200, made payable to the City of Boston, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before 2 o'clock P.M. on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract.

Proposals are to be addressed "Proposal for Cleaning Windows, Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
RICHARD J. CONDON,
(Feb. 27.) *President*.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

PROPOSALS FOR FURNISHING TRUCKING SERVICE FOR THE TRANSPORTATION OF FOOD, SCHOOL SUPPLIES AND EQUIPMENT (INCLUDING MUSICAL INSTRUMENTS) FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing trucking service for the transportation of food, school supplies and equipment (including musical instruments) for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Trucking Service for the Transportation of Food, School Supplies and Equipment (Including Musical Instruments) for the Boston Public Schools." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of three hundred dollars (\$300), must be left at the office of the Business Manager on or before 12 o'clock noon on Wednesday, March 10, 1954. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid which it deems best for the interests of the city. The successful bidder will be required to furnish a suitable bond or deposit of money or other security in the amount of 50 per cent of the estimated amount of the contract.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

PROPOSALS FOR TRANSPORTATION.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the transportation of books and other material between the Central Library and the branch libraries for the period April 1, 1954, through March 31, 1955.

Proposals will be received until 12 o'clock noon, Tuesday, March 9, 1954, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office of the Public Library of the City of Boston, Central Library, Copley square, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority designated above and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of the proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston in the sum of eight hundred dollars (\$800), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications for the work may be obtained on and after Monday, March 1, 1954, at the Business Office of the Boston Public Library, Copley square, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to award the contract as it deems for the best interests of the city.

PROPOSALS FOR EXTERMINATION OF VERMIN.

The Trustees of the Boston City Hospital invite sealed proposals for the extermination of all vermin, including rats and mice, in the entire Main Department, South Department, and East Boston Relief Station, Boston City Hospital, for the period beginning April 1, 1954, and ending March 31, 1955, in accordance with the specifications.

A bond of a surety company in the sum of the entire contract price will be required for the faithful performance of the contract. In their proposals bidders must quote rate per month. Only proposals obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, signed by the bidder and left before 2 o'clock P.M. on Wednesday, March 10, 1954, at the office of the Superintendent, with a certified check for \$200, made payable to the City of Boston, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left as above, the other to be filed with the City Auditor, City Hall, Boston, before 2 o'clock P.M. on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract.

Proposals are to be addressed "Proposal for Extermination of Vermin, Boston City Hospital." The Trustees reserve the right to reject any and all proposals.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC RULES AND REGULATIONS.

Voted, That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 8, 1954:

Article IV, Section 3 (Prohibition of Parking), is amended by adding the following new subsection:

(5) No driver shall stop, stand or park any vehicle in any street in the section of Downtown Boston hereinafter described and bounded, during the hours from 8 A.M. to 9.30 A.M. on any day, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped for not more than one (1) hour continuously while actually loading or unloading materials.

The provisions of the preceding section shall not apply to any vehicle bearing a "V" registration plate, issued by the Registrar of Motor Vehicles under the provisions of section 2 of chapter 90 of the General Laws, nor to eleven (11) vehicles being used by Special Delivery Messengers of the United States Post Office for the delivery of United States mail and bearing suitable identification cards signed by the Postmaster of the Boston Postal District, except in streets in the section of Downtown Boston, hereinafter described and bounded, where parking of vehicles is otherwise prohibited under the provisions of Article IV, Section 3, Part 2, of these Traffic Rules and Regulations.

That part of the City of Boston bounded by the water front starting at an imaginary line drawn through the center of Staniford street that meets the Charles River near the North Station, and following the water front to the Charlestown Bridge, turning right thereon and running along and including both sides of Washington Street North to Haymarket square and crossing Haymarket square, including both sides thereof, to Blackstone street, thence down Blackstone street on both sides to Commercial street, turning left on Commercial street and following the center line of Commercial street to Boston Harbor, thence along the water front to the Broadway Bridge, thence turning on Broadway and continuing through Park square to Charles street, including both sides of said ways to Beacon street, thence turning on said Beacon street and proceeding up Beacon street on the Common side to Bowdoin street, thence turning on Bowdoin street and proceeding down Bowdoin street on the easterly side thereof to Cambridge street, thence crossing Cambridge street to Bowdoin square, thence down Chardon street to Merrimac street, turning left on Merrimac street, including both sides thereof, to Staniford street, thence turning and proceeding down the center of Staniford street and continuing in an imaginary line to the Charles River at the North Station to the point of beginning.

NOTICE TO BOILER MASONS.

INVITATION FOR PROPOSALS FOR THE REBUILDING OF A BRICK WALL ON BOILERS NO. 1 AND NO. 2 IN THE POWER HOUSE AT THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL, 249 RIVER STREET, MATTAPAN, MASS.

The City of Boston, by the Board of Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invites sealed proposals for the rebuilding of a brick wall on boilers No. 1 and No. 2 in the Power House at the Sanatorium Division of the Boston City Hospital, 249 River street, Mattapan, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, March 16, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon on Monday, March 1, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass.

A bid deposit in the form of cash or a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed at the office of the Assistant Superintendent, Sanatorium Division, 249 River street, Mattapan, Mass. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid those employed to do the work under this contract shall not be less than the rate of the wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

PUBLIC WORKS DEPARTMENT.

Invitation for Proposals for Collecting and Removing Garbage and Refuse in South Boston, East Boston, Brighton, West Roxbury, Jamaica Plain, Dorchester North, Dorchester South, Elm Hill, Mission Hill, Stuart, South End, and Hyde Park Districts.

The City of Boston, acting through its Commissioner of Public Works (hereinafter called the Commissioner), hereby invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse in South Boston, East Boston, Brighton, West Roxbury, Jamaica Plain, Dorchester North, Dorchester South, Elm Hill, Mission Hill, Stuart, South End, and Hyde Park districts. Proposal forms, together with the form of contract, may be had daily, between 9 A.M. and 5 P.M., at the Commissioner's office, 508 City Hall Annex (Contract Office), Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. A proposal may be submitted for a one (1) year period on any or all districts and/or for a two (2) year period on some districts. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and marked "Proposal for Collecting and Removing Garbage and Refuse, etc." One copy of the proposal accompanied by a bid deposit in the form of a certified check for FIVE THOUSAND (5,000) DOLLARS FOR EACH DISTRICT BID, payable to and to become the property of the City of Boston if, after acceptance, the proposal is not carried out, shall be filed with the Commissioner at his said office on or before 2 P.M., TUESDAY, MARCH 9, 1954, at which time all proposals will be publicly opened and read in the Street Commissioner's Hearing Room, 401 City Hall Annex. The other copy of the proposal, without a bid deposit, shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston. No proposal shall be withdrawn after the time hereinbefore set for the opening of proposals. *There will be a minimum charge of two dollars (\$2) for each set of proposal forms.*

The Commissioner reserves the right to reject any and all proposals.

The successful bidder will be required (a) to furnish a faithful performance bond, executed by a surety company authorized to do business in the Commonwealth of Massachusetts, in the sum of one hundred per cent (100%) of the amount of the contract for the entire term, and (b) to maintain in a company authorized to do business in the Commonwealth of Massachusetts, and keep on file with the city policies, binders or certificates evidencing the maintenance of, Workmen's Compensation insurance.

In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them.

\$100,000,000 EXPENDITURES RECOMMENDED TO MAYOR JOHN B. HYNES TO BE EXPENDED IN THE NEXT FIVE YEARS FOR MAJOR IMPROVEMENTS—PROPOSED BY CITY PLANNING BOARD—\$75,000,000 OF THIS SUM TO BE FINANCED FROM VARIOUS CITY FUNDS, RESIDUES OF GENERAL AND SPECIAL REVENUES, AND LOAN ISSUES—REMAINING \$25,000,000 TO BE DERIVED FROM STATE FOR HIGHWAYS AND SCHOOLS, FROM FEDERAL FUNDS FOR URBAN REDEVELOPMENT.

Mayor John B. Hynes has made public the third annual six-year Capital Improvement Program submitted by the City Planning Board. This program recommends a \$100,000,000 expenditure for major improvements to be sponsored by the City of Boston from 1954 through 1959.

Of the total cost, \$75,000,000 is to be financed from various city funds, including an unexpended balance carried forward from 1953, general and special revenues, and loan issues. The remaining \$25,000,000 is to be obtained from the state for highways and schools, from federal funds for urban redevelopment, from trust funds for Central Library facilities, and from private funds for off-street parking garages in the downtown business area.

These amounts are substantially greater than those proposed in the Capital Improvement Program formulated last year. Whereas the 1953 program recommended an average city expenditure of \$9,700,000 per year, this program recommends approximately \$12,500,000. Much of the increase is due to the expanded school construction program.

By City Borrowings.

Funds in the amount of \$58,000,000 are to be obtained by city borrowing. This, too, is a greater amount than proposed last year and would represent a change in the city's basic financial policy. In the recent past the intent has been to decrease the city's net debt, but it now becomes clear that this does not allow enough money to construct all the necessities.

The proposed borrowings will increase the net debt to be met from taxes from \$56,000,000 to about \$72,000,000 during the next six years. Consequently, annual payments required to pay off existing and new debt will increase. These payments, combined with interest payments and direct tax levy appropriations for major improvements, will cause an estimated average increase in the tax rate of 33 cents per year. The Planning Board points out, however, that this tax increase will be at least partly offset by increased assessed valuations resulting from urban redevelopment projects and the induced effect of the construction of many other improvements.

The Planning Board's report earmarks approximately \$35,000,000 (35 per cent of the \$100,000,000) for educational and recreational facilities. The six-year program schedules the construction of 21 new elementary schools, one new junior high, the start of two new high schools, additions to six existing schools, four branch libraries, the start of a \$8,000,000 new Central Library building, and five new large playgrounds. It is recommended that construction begin this year on four new elementary schools, additions to two existing schools, a branch library in South Boston, and on two playgrounds (one in West Roxbury, the other in Dorchester).

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-
teeming plain of the ocean;
May thy future be bright, thy skies beam
with light all serene,
Ensured by the sons' and thy daughters'
unselfish devotion."

CITY PLANNING BOARD PROPOSES \$100,000,000 EXPENDITURE FOR PUBLIC IMPROVEMENTS.

(Continued from page 245.)

TRANSPORTATION FACILITIES.

The second largest item in the program is the \$30,000,000 allocated for the construction and reconstruction of transportation facilities, including streets, bridges, and off-street parking garages and lots. Necessary street and highway construction is expected to cost about \$2,000,000 per year; bridge projects, an average of \$1,400,000 per year (including \$2,000,000 of city funds required to help finance the almost completed, rebuilt Meridian Street Bridge between East Boston and Chelsea). Among the traffic improvements included in the 1954 program is the rotary treatment of the critical intersection at Park Drive and Avenue Louis Pasteur, to cost \$100,000. Scheduled for construction this year are off-street parking lots in the Dudley Street shopping area, Brighton square, Cleary square in Hyde Park, Mattapan square, Central square in East Boston, and Jamaica Plain. These are to be financed from accumulated parking meter funds. In addition to the completion of the parking garage at Post Office square, the 1954 program includes the construction of a new off-street facility on Berkeley street in the Back Bay.

Outstanding among the public utility projects recommended in the Capital Improvement Program are the construction of the Stony Brook storm drain interceptor in Hyde Park, new water facilities to the new market development on South-ampton street and the new housing project at Calf Pasture, and two new incinerators (one in the South Bay area, the other near the Brighton-Watertown line). All of these projects, except the incinerator near Watertown, are scheduled for this year.

HEALTH FACILITIES.

New health facilities recommended in the report consist of two new health units

and a new \$5,000,000 hospital building. The new 500-bed chronic disease hospital is to be erected at Long Island in 1955, following the drawing of plans this year. This facility will relieve the City Hospital of the necessity for treating 250 chronically ill patients.

The Planning Board points out that the acquisition and demolition of buildings in Boston's first redevelopment project, the New York Streets area of the South End, is expected to take place during the latter part of this year. Other redevelopment projects are scheduled to get under way in 1955 and 1956.

The six-year improvement program also includes the construction of four new fire stations, two new police stations, and a new courthouse. The new fire stations are necessary to replace existing obsolete facilities. The Planning Board recommends the postponement of further construction until a long-range development plan has been formulated to assure a more efficient distribution of fire station facilities. The two proposed police stations, one as part of a new \$1,000,000 courthouse-police station in the Dudley Street Terminal area, and the other in West Roxbury, are both scheduled for later years of the program.

The Planning Board recommends that new loan authorizations be made this year to finance the construction of parks and playgrounds, bridges, highways, sewers, school buildings, and other municipal buildings. Furthermore, it is recommended that these authorizations be large enough to finance projects scheduled for 1955 and 1956 as well as 1954, and thereby encourage proper planning and preparation and insure on-schedule construction of the necessary improvements.

existing facilities constantly maintain the gap between what we have and what we need.

Dr. William G. Carr, executive secretary of the National Education Association, explains this gap: "For decades we have tried to get by with fewer buildings than we really need, until now we face a massive school building deficit (\$5,000,000,000 according to NEA research). Today the double impact of growing enrolment and twenty-five years of neglect is falling upon our elementary school children. An increasing number of pupils are being deprived of much of the individual attention which is due them."

Mr. Louis F. Musco participated in the discussion group of "Public Relations." The prestige of an organization is important because it affects the success of its activities. City school committees need to develop good public relations with their system, with members of other agencies interested in the welfare of public education, with educators, with legislators, and with the general public.

The prestige and good will of a school system can be developed to some extent by publicity and effective public relations programs. It depends to a greater degree upon the nature, quality, and extent of its own activities and services. Equally important is the extent to which

large numbers of persons actively participate in the affairs that it promotes.

An objective and function of a progressive school committee is to provide a constructive program of authentic information and sound public relations on the city and state levels in order to inform parents, students, school personnel, communities, and other agencies of the aims, potentialities, and needs of our public schools and to seek their support of the programs.

The public relations director must know modern education and schools, as well as have training and experience in this field.

School public relations are external, not internal, to the school. There is a need for finding out what the public thinks about the schools, a consideration that may be as important as making the public understand the schools' thinking. Furthermore, there are aspects of educational thinking which the public and the school must arrive at together. Training in good public relations is an education to the people who receive it. It is a form of adult education, of community service.

"Working Together for Better Schools" was elaborated upon by Dr. Jordan L. Larson, Superintendent of Schools, Mount Vernon, New York.

We must place a greater value on the power of education than we have in the past. We cannot afford to drop behind or even lag in our progress. This is a time for our serious concern, not only as we face an increasing enrolment but as we determine how much and what kind of an education we should give those who are already in school. Twenty years ago our national expenditures for education were about the same as our expenditures for the running of our federal government. Since that time federal spending has increased almost twenty times, while our school costs have gone up about one-tenth of that amount. The percentage of our national income spent for education is much lower than it was twenty years ago. The pay of more than 2,000,000 federal employees is over twice that of our teachers. This change in values calls for sober thinking. We have spent more in the past nine years to help people outside the United States (excluding military spending) than the total cost of education in our own country. Should we not be willing to spend at least as much or more, in terms of dollars, to train and educate our own children?

Our country cries out for leaders in education as well as in government who have the highest principles of honor and integrity and who have the courage to carry the torch for the betterment of our way of life and of those who soon will follow our footsteps.

The business meeting chose an important significant theme: "Our Schools—America's Biggest Business."

The organization and management of such a vital public enterprise is a real challenge to all of us. The problems facing school committees, the trustees of this enterprise—such as adequate school housing for 34,000,000 young people, well-trained teaching personnel, modern equipment, and adequate budgets—are tremendous and greatly varied. But in every community there are certain underlying principles which we must recognize and study.

First: The public education enterprise is far-reaching in its effect.

Second: Investment in public education is an investment in values.

Third: The problems of this vast enterprise can be best solved by teamwork,

JOINT REPORT OF SCHOOL COMMITTEE MEMBERS.

or prejudice; that strives constantly for better schools, better teachers, and better understanding; and that administers its business in the open."

Chairman William F. Carr participated in the discussion group of "School Buildings." Here the school crisis was discussed of how the problem affects American businessmen by their support of local bond issues for school facility improvements. We must produce 425,000 more classrooms in the United States by 1960 to match soaring enrolments and replace obsolete school buildings. The National Education Association says that in 1954 alone we need 150,000 more teachers for our present staffs.

These deficiencies are nationwide. Urban school systems in all but one state report to the National Education Association that they need additional elementary school classrooms this year. Forty-one states tell of a pressing need for more high school classrooms. The space problem persists despite the fact that communities are building classrooms at a rate of 50,000 a year, spending more than \$2,000,000,000 annually for public, private, and parochial school construction. Yet rising enrolments and decay of

Fourth: Through this business of public education must run certain continuing objectives if the goal of good citizenship is to be attained for all the children.

Fifth: There is no business enterprise in America so close to the hearts and minds of our people as public education.

The N.S.B.A. 16 millimeter motion picture film dramatically shows how a school board solves its problems. For in the hands of the local school committee lies the trusteeship of the education of our nation's youth. The school committee, in accordance with state laws, has the authority to decide the subjects taught, how, when, and where they are taught, and who shall teach them.

The school committee, composed of lay citizens, is an instrument of the people—responsible and responsive to the people. It is, in fact, the only instrument through which the people of a community may achieve a maximum educational opportunity for their children. This is a part of our American tradition.

Through the application of basic principles, major issues affecting a school system may be solved. They are:

1. Every citizen has a right to be heard at open meetings.
2. The school system must have a qualified superintendent.
3. Teacher-citizen committees are effective aids.
4. Specialists should be used for guidance and counsel.
5. Written policies are essential for settling issues or problems.
6. Active participation of the entire community is vital if the board is to fulfill its purposes.

Special attention was given to board members of large city populations. Three topics were introduced and discussed among the larger city school committees:

1. Problems of state aid for large cities.
2. The supply and demand of teachers.
3. School building problems.

The Honorable Mrs. Oveta Culp Hobby, U. S. Secretary of Health, Education, and Welfare, addressed the Saturday night banquet of 1,200 members. She said, in part:

"Our future as a free people is heavily dependent on the educational opportunities provided for the nation's children and youth. The work of school board members in their local communities in giving leadership for better schools exemplifies devoted public service at its best. The contribution of the National School Boards Association in fostering and encouraging more effective exercise of that leadership constitutes one of the most significant educational movements of our time."

Four kinds of exhibits were displayed at the Atlantic City Auditorium offered by the American Association of School Administrators:

1. *New educational tools.* The 1954 commercial exhibit of books, materials, and school equipment, with displays by nearly 400 firms and organizations.
2. *New school building plans.* The 1954 School Building Architectural Exhibit, showing scale models, photographs, and drawings of new school buildings in every part of the country, sponsored jointly by A.A.S.A. and the American Institute of Architects.
3. *Educational TV.* Line demonstrations of educational television produced in the model TV studio, showing standard equipment in operation, by the courtesy of the Joint Committee on Educational Television.

4. *C.P.E.A.* Exhibit of latest developments in the Cooperative Program in Educational Administration, presented jointly by the eight C.P.E.A. regional centers, the A.A.S.A. Development Committee, and the W. K. Kellogg Foundation.

The entire convention activities contributed to the education and inspiration of the committee members in the exchange of views of other national school board members with similar problems. A feeling of accomplishment can be experienced by this participation.

IV. RESULTS:

A great many editorial and technical changes in the 1953 N. C. A. A. Football Rules were made. These will tend to make the 1954 code more readily understood and more suitably presented.

The so-called one-platoon football, instituted for colleges in 1953, was emphasized as a great step forward from an intercollegiate point of view. However, the problem for the secondary school football player is quite different. The aim of the high school football program is to increase the number of players actually participating and to develop football techniques and skills in all interested. One-platoon football prevents this. Therefore, to meet the high school needs, permissive legislation was passed whereby more liberal substitution was permitted in secondary school games.

One of the great contributions of the 1954 meeting was a complete revision of the football code. This is the part of the rule book emphasizing Coaching and Playing Ethics which is, in effect, the pulse and motivating power of the game itself. At this time of great emphasis upon juvenile problems such a revision should be greatly effective as an instrument for great good.

I was particularly pleased for this opportunity to project the experiences and opinions of our football program into the national setting. The experience gained, the thoroughness with which the work was completed and the great concern this committee has for the secondary school attitudes, was greatly appreciated.

Very truly yours,

WILLIAM H. OHRENBERGER,
Associate Director of Physical Education.

ADMINISTRATIVE SERVICES DEPARTMENT.
(Purchasing Division.)

BOSTON, January 11, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 31, 1953, your Honor authorized me to award contracts to both the Eastern Salt Company and the Chemical Corporation for furnishing

rock salt to the various city departments in the total amount of \$20,700 to each company.

Your permission is requested to amend said letter by requesting further that both the contracts be awarded without publicly advertising for bids.

The unit price of \$13.80 per ton for both companies will remain the same as originally bid on August 26, 1953, at which time the bids were publicly opened.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, February 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 5, 1954, your Honor approved the awarding of a contract to Eisele & Co., as lowest bidder on two items, in the amount of \$10,000, for furnishing surgical supplies to the various city departments.

It has now been brought to my attention that another bidder, Randall Faichney Corporation, is in fact the lowest bidder on Item 5, one of the two items awarded to Eisele & Co.

Authority is therefore requested to amend the original letter dated January 4, 1954, by awarding a contract to Randall Faichney Corporation for Item 5 and eliminating it from the award to Eisele & Co.

Approximate total amounts of contracts will be:

Randall Faichney Corporation, \$6,000.

Eisele & Co., \$4,000.

Discount for both companies is 2 per cent. time of payment.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, February 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 20, 1953, your Honor authorized the awarding of contracts to several companies for furnishing perishable foods to the various city departments for the period from April 1, 1953, to March 31, 1954, without public advertisement.

Included in this group was the Wald Baram Company which has recently been dissolved. As a result of this dissolution, a new company known as the "Wald Packing Corp." was formed.

Your permission is now requested to include the "Wald Packing Corp." in the list of companies mentioned in our letter of January 19, 1953, and approved by your Honor on January 20, 1953.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, February 19, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Welfare Department for 50,000 UARCO Forms AP-1. The forms requested are manufactured by Uarco, Incorporated, only and are for use with UARCO equipment now in service. A written quotation of \$42.58 per M, making a total of \$2,129 net, has been received from Uarco, Incorporated.

Inasmuch as Uarco, Incorporated, is the manufacturer, no advantage would be gained by publicly advertising for prices. It is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Uarco, Incorporated. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,129 net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, February 24, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

From time to time, the Automotive Division and Sanitary Division of the Public Works Department require replacement parts for Elgin sweepers and Wayne sweepers.

Ernest J. Bleiler, doing business as E. J. Bleiler Equipment Company, the distributor for Elgin sweeper parts, is the only source of supply in this area. Likewise, Harold D. Alexander, doing business as Louis A. Alexander Company is the distributing agent for Wayne sweeper parts in this area.

In view of the foregoing facts, authority is requested to dispense with publicly advertising for prices on the sweeper parts and award contracts, without public advertisement, to the above companies for furnishing the sweeper parts to the divisions of the Public Works Department previously mentioned for the period from April 1, 1954, to March 31, 1955.

Approximate total amounts of contracts will be:

Ernest J. Bleiler, doing business as E. J. Bleiler Equipment Company, Automotive Division, \$7,500; Sanitary Division, \$7,500—\$15,000 net.

Harold D. Alexander, doing business as Louis A. Alexander Company, Automotive Division, \$3,750; Sanitary Division, \$3,750—\$7,500 net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, February 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 20, 1953, your Honor authorized the awarding of contracts, without public advertisement, to several companies for furnishing perishable foods to the various city departments for the period from April 1, 1953, to March 31, 1954.

Your permission is requested to include Otis Simonds Company, 55 Front street, Charlestown, and Premier Packing Company, Inc., 1240 Columbus avenue, Boston, in the list of companies mentioned in the letter dated January 19, 1953, and approved by your Honor on January 20, 1953.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, March 1, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On January 26, 1954, your Honor authorized the awarding of contracts, without public advertisement, to several companies for furnishing perishable foods to the various city departments for the period from April 1, 1954, to March 31, 1955.

Your permission is requested to include the following companies in the list mentioned in the letter dated January 22, 1954, and approved by your Honor on January 26, 1954:

Otis Simonds Company, 55 Front street, Charlestown, Mass.; Premier Packing Company, Inc., 1240 Columbus avenue, Boston, Mass.; M. M. Mades Company, Inc., 67 South street, Somerville, Mass.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, March 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is requested to award a contract, without public advertisement, to the Directory for Mother's Milk, Inc., 221 Longwood avenue, Boston, for furnishing mother's milk, as requested, at a price of 30 cents per ounce, to the Boston City Hospital for use in the Pediatric Department from April 1, 1954, to March 31, 1955, inclusive.

There is a very marked scarcity of mother's milk, and it is extremely important that the Boston City Hospital have an adequate supply on hand at all times for the treatment of premature and very sick babies. Since the Directory for Mother's Milk, Inc., is the only source of supply, no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$4,650, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, March 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted several requisitions for repair parts for Hersey meters.

Hersey Manufacturing Company, the manufacturer of the meter parts requested, has submitted prices. Owing to the fact that this company is the manufacturer of the needed repair parts, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Hersey Manufacturing Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$5,769.50, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

PUBLIC WORKS DEPARTMENT.

Boston, February 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award contracts, without

publicly advertising for bids, for refilling motor sweeper brooms to the following:

(a) New England Broom and Supply Company, 191 Forest Hills street, Jamaica Plain, in an amount not to exceed \$4,000.

(b) E. J. Bleiler Equipment Company, 15 Crawford street, Needham, in an amount not exceed \$4,000.

This permission is requested for the reason that the New England Broom and Supply Company has done this work for the City of Boston for many years in the past, furnishing material and workmanship of the highest quality in the work of refilling motor sweeper brooms, and that the E. J. Bleiler Company, which is the agent for the sale of Elgin Motor Sweepers (which make up the greater proportion of our motor sweeping equipment), are interested in furnishing material and workmanship for filling these broom cores which will produce operation of the highest standard for this equipment.

The unit prices charged by both of these companies for refilling the motor sweeper brooms for the various types of sweepers are identical, and are as follows:

Elgin, \$30; Austin-Western, \$25; Wayne, \$24.

It is necessary to have two concerns do this work in order to ensure an adequate supply of brooms, so that the sweepers may be kept in operation at all times. Deliveries are to be completed not later than September 1, 1954, and will meet the city's needs for approximately six (6) months.

It is not possible to state definitely at this time the city's total requirements in respect to the refilling of motor sweeper brooms for the remainder of the year, and, furthermore, I consider it doubtful whether these concerns are in a position to undertake larger contracts at this time, in view of their outside concurrent commitments for this sort of work.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

TREASURY DEPARTMENT.

Boston, March 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Security Bank Note Company, 55th and Sanson streets, Philadelphia, Pennsylvania, and the American Bank Note Company, 150 Causeway street, Boston, Mass., have submitted bids for the engraving of 10,000 City of Boston coupon bond certificates to be used in connection with the issuance of various loans.

These companies are the two largest engravers of bonds in the country, and both companies are in possession of the engraved plates to do this work.

The Security Bank Note Company has submitted a bid of 36 cents each for the 10,000 certificates bearing one sheet of coupons, with imprinting charges as follows:

Base charge for imprinting 1,000 blue border certificates, \$360, with additional charge of 10 cents for each additional certificate. Additional charge for each purpose, \$32.50. Additional charge for each interest rate, \$35. Additional charge for each maturity, \$1.

On sample illustrative loans used to determine the low bidder, the total cost to the city would be \$6,207.50.

The American Bank Note Company has submitted a bid of 35 cents each for the 10,000 certificates, with imprinting charges as follows:

Base charge for imprinting 1,000 blue border certificates, \$350, with additional charge of 9 cents for each additional certificate. Additional charge for each purpose, \$30. Additional charge for each interest rate, \$30. Additional charge for each maturity, \$3.

On sample illustrative loans used to determine the low bidder, the total cost to the city would be \$6,320.

These two bank note companies are the only engravers in possession of the necessary plates, and, since no purpose will be served by publicly advertising, I respectfully request approval to issue a service order, without advertising, to the Security Bank Note Company, the low bidder, for 10,000 City of Boston blue border coupon bond certificates at a cost of \$3,600, with additional imprinting charges at the following rates:

Base charge of \$360 for imprinting 1,000 certificates, with additional charge of 10 cents for each additional certificate. Additional charge for each purpose, \$32.50. Additional charge for each interest rate, \$35. Additional charge for each maturity, \$1.

Very truly yours,

DANIEL M. DRISCOLL,
City Treasurer.

SUFFOLK COUNTY.

MUNICIPAL COURT, ROXBURY DISTRICT.

BOSTON, February 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your authorization to enter into a written contract with Patrick Fitzgerald, doing business as Fitz Taxi, at 554 Talbot avenue, Dorchester, without public advertising, providing for the transportation of prisoners to certain designated institutions as may be requested by and in accordance with the instruction of the court, during the period commencing with April 1, 1954, and ending March 31, 1955.

The contractor will be paid for such services as may be ordered and rendered in accordance with a set schedule of rates and as provided in the proposed contract, the total amount of contingent expenditures during this period, April 1, 1954, to March 31, 1955, not to exceed sixty-five hundred (6,500) dollars, with the amount of same in the first three months being limited by applicable statute.

The above-named individual, whose rates are both fair and reasonable, has been engaged in the business of transportation for a considerable number of years and has an established reputation for dependability, efficiency and for the rendering of satisfactory service. In consideration of the foregoing, we are of the opinion that nothing would be gained by public advertising, by bids, for the subject services.

Yours truly,

THOMAS J. SPRING,
Justice.

CHARLES I. TAYLOR,
Justice.

REGISTRY OF PROBATE.

BOSTON, February 18, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is requested to award to the Photostat Corporation, Rochester,

New York, a contract for the purchase of photostat photographic paper, developer and acid fixer in an amount not to exceed \$5,000, without advertising for bids. Said paper, developer and acid fixer are for use in the photostat machine in this department.

No other company can furnish said materials so that there is nothing but expense to be gained by advertising.

I urge your favorable consideration.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Martin J. Kelly Company, Inc., for new machine shop at the Boston Trade High School, from February 28, 1954, to May 28, 1954. This extension was requested because of additional work on the electrical contract.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for gutter and cornice removal and related work at the William L. P. Boardman School, from February 28, 1954, to April 30, 1954. This extension was requested due to difficulties encountered by the contractor on contract not satisfactorily completed as yet.

Approval has been given for an extension of time for the completion of the contract with Seltzer & Co., Inc., for furnishing and installing new oil burning equipment at the Thomas F. Leen School, from March 1, 1954, to March 31, 1954. This extension was requested because of a delay in receiving boiler base from manufacturer.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from February 15, 1954, to May 31, 1954, on the contract of Remington Rand, Inc., for expansion, correcting of errors, combining and banding of duplicates, etc., Soundex file, Out-Patient Department, Boston City Hospital. Due to conditions beyond the control of the contractor, it was impossible to satisfactorily complete the contract on February 15 as originally planned.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for repairs to the Albany Street Disposal Station, from February 27, 1954, to May 15, 1954. This extension was requested because the contractor was delayed on account of cold and inclement weather.

Approval has been given for an extension of time for the completion of the contract with R. A. Buccella & Sons, Inc., for the building of sewerage works in Chestnut square and outlet in Glenvale terrace, and Ballin place, West Roxbury, from February 25, 1954, to March 27, 1954, a period of 30 days. This extension was requested due to inclement weather encountered since the start of the year.

Approval has been given for an extension of time for the completion of the contract with Baker & Co., Inc., 3475

Washington street, Jamaica Plain, for bituminous concrete pavement in Bowen street, Brewster street, Columbia road, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was unable to start work due to inclement weather and lateness of the season.

Approval has been given for an extension of time for the completion of the contract with Dooley Brothers, Inc., 39 George street, Roxbury, for bituminous concrete pavement in Island street, Perch street, Pike street, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was obliged to suspend work over the winter months and will resume work in the spring.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Domenick Pulco has been ordered to make the following addition to the contract for East Boston High School:

Relocating drain, in order to obtain proper pitch on floor, for the sum of \$22, and the amount of \$22 will be added therefor, making the account as follows: contract price, \$5,559.20; total additions, \$22; amount of contract, \$5,581.20.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 20, 1951, as amended, determining damages caused by the making of the public improvement consisting of laying out of Suncrest road, Hyde Park, be, and the same hereby is, amended, by adding to said order the amount \$50 as an award to Harold H. and Rose Krinsky; that the amount \$50 be, and the same hereby is, awarded to Harold H. and Rose Krinsky for the damages so sustained.

STREET NAMES CHANGED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the names of the following public streets be, and the same hereby are, changed as follows:

Beechland street, West Roxbury district, leading southwesterly from Beech street for a distance of approximately 260 feet; new name, Beram avenue.

Hartwood street, West Roxbury district, from Baker street to Prospect street; new name, Hartlawn road.

The same to take effect March 1, 1954.

POLICE DEPARTMENT ORDERS.

General Order No. 1,866.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that John P. McFarlane, patrolman, Division 9, be retired from active service in the Police Department, effective Saturday, February 27, 1954, at 7.45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 15, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair, and all the members present.

The Reverend Louis Rinaldi, SDB, of the Don Bosco Trade School, East Boston, was escorted to the rostrum.

INVOCATION BY THE REVEREND LOUIS RINALDI.

O God, our Heavenly Father, we humbly pray and beseech Thee for a spark of Thy wisdom, Thy righteous judgment, and Thy great charity, so that the members of the Council of the City of Boston may help govern Thy people in all justice and mercy. May Thy heavenly light shine on all their deliberations, that they may be guided in their decisions to do what is right and just for all the citizens of this fair city.

Bless, O Lord, each and every member of this governing body, and while they dedicate their time for the welfare of all the residents of this city, may they enjoy Thy loving protection and benediction together with their own families and loved ones.

May they govern this City of Boston into days of peace and harmony among all citizens and thus cause many to turn to Thee, O God, and so praise Thy Holy Name. Through Christ our Lord. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Weighers of Goods for the term ending April 30, 1954:

Joseph P. Redmond, 394 Ashmont street, Dorchester; Edward J. Rose, 24 True street, Revere.

Referred to the Committee on Confirmations.

USE OF SANATORIUM FACILITIES BY OUTSIDE COMMUNITIES.

The following was received:

City of Boston,

Office of the Mayor, February 15, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of February 1, 1954, in regard to unused space at the sanatorium.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Hospital Department, February 9, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The question of Boston caring for patients with pulmonary tuberculosis from neighboring cities and towns has been raised by the City Council.

At the present time the Boston City Hospital is caring for large numbers of cases of pulmonary tuberculosis in the wards of the Main Hospital, that is, in the South Department. Tremendous savings could be made if we were able to dispose of all these patients. I believe, therefore, that before Boston attempts to care for the patients from neighboring cities and towns, we handle our own problem first. The amount of money which we could obtain from neighboring cities and towns would be very little compared with the savings that might be made if we were able to eliminate our own problem of tuberculosis at Boston City Hospital.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

Placed on file.

SALE OF DISCONTINUED PORTION OF NEPTUNE ROAD.

The following was received:

City of Boston,

Office of the Mayor, February 15, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication received from Gerald F. Scally, Chairman of the Board of Street Commissioners, recommending the sale of six hundred thirty (630) square feet of land, being the discontinuance of a portion of Neptune road, East Boston, to Antoneri H. Tassinari and Doris R. Tassinari, the shuting owners, for the sum of three hundred (300) dollars, together with a proposed order for your consideration authorizing the sale in accordance with the recommendation of the Board of Street Commissioners.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Street Laying-Out Department,
December 9, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Transmitted herewith for your approval is an order and plan for the proposed discontinuance of a portion of Neptune road, East Boston.

This street was originally a parkway from Wood Island Park to Bennington street. It was constructed to the design of a parkway on a 100-foot layout with 20-foot wide sidewalks, including tree planting spaces and a divisional island with trees, also 20 feet wide. In 1914 Neptune road was extended from Bennington street and Saratoga street. The 100-foot layout was continued with 20-foot wide sidewalks.

During recent years the street and surrounding neighborhood have depreciated considerably, and finally a few years ago the Metropolitan Transit Authority constructed their Rapid Transit line across Neptune road practically at grade, thereby cutting off one section from the other. Now it is necessary to detour through a by-pass road to drive from the Bennington Street section to Neptune road to Wood Island Park. Thus, the continuity of a "parkway" has been completely eliminated.

We have received a petition from Antoneri H. and Doris R. Tassinari, owners and op-

erators of a retail business at 511 Saratoga street, on the corner of Neptune road, for the discontinuance of 10 feet of the existing 20-foot sidewalk adjacent to their property for a distance of approximately 60 feet along said Neptune road. Mr. Tassinari has offered to purchase the area that he requests he discontinued amounting to 630 square feet for \$300 or approximately 50 cents per square foot, which is the assessor's valuation on his shuting property, and which is, coincidentally, the same price paid by the city when the street taking was made in 1914.

After viewing the location and holding a public hearing, this Board concluded that the present 60-foot roadway is adequate for all foreseeable uses, and that the 20-foot sidewalks could be narrowed to 10 feet without in any way jeopardizing the small volume of pedestrian traffic using the same. It was also the conclusion of the Board that the narrowing of the sidewalk would in no way detract from the general appearance of the street or neighborhood.

Accordingly, it is recommended that the enclosed order be approved and that the land released by the proposed discontinuance be sold to Antoneri H. and Doris R. Tassinari for three hundred dollars (\$300).

Very truly yours,

GERALD F. SCALLY, Chairman.

Whereas, The City of Boston is the owner in fee of approximately six hundred thirty (630) square feet of land at Neptune road, between Saratoga street and Bremen street, being that portion of Neptune road discontinued as a public highway by an order of the Board of Street Commissioners passed December 9, 1953, and approved by the Mayor of Boston December 11, 1953; and

Whereas, The Board of Street Commissioners has determined the said parcel of land is no longer required for public purposes; and

Whereas, Antoneri H. Tassinari and Doris R. Tassinari are the owners of the premises at 511 Saratoga street, shuting the discontinued portion of Neptune road, and have offered to purchase the land for the sum of three hundred (300) dollars; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to sell at private sale to Antoneri H. Tassinari and Doris R. Tassinari for the minimum price of three hundred (300) dollars and to execute and deliver to the purchasers an instrument in writing satisfactory in form to the Corporation Counsel of the City of Boston conveying all the City of Boston's right, title and interest in and to the following-described parcel of land:

A certain parcel of land situated at Saratoga street, Bremen street, and Neptune road, in the East Boston district of the City of Boston, bounded:

Northwesterly by Saratoga street, ten and 83-100 (10.83) feet; northeasterly by the northeasterly line of Neptune road, as it existed prior to the order of discontinuance dated December 11, 1953, sixty and 97-100 (60.97) feet; southeasterly by Bremen street, ten (10) feet; and southwesterly by the northeasterly line of Neptune road, as established by said order of December 11, 1953, sixty-five and 12-100 (65.12) feet, containing six hundred thirty (630) square feet, more or less.

The above-described parcel of land is shown on a plan marked, "City of Boston, Neptune Road, East Boston, November 6, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

LEASE OF DORCHESTER FIRE STATION TO POST NO. 8699, VFW.

The following was received:

City of Boston,

Office of the Mayor, February 15, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication received from Francis X. Cotter, Fire Commissioner, together with an order permitting the leasing of the fire station at River and Temple streets, Dorchester, to the Lower Mills Memorial Post No. 8699, Veterans of Foreign Wars, present occupants of the premises, under a lease which was executed November 4, 1948, and which has now expired.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Fire Department, February 4, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Authority is requested to lease the fire station located on River and Temple streets, Dorchester, to the Lower Mills Memorial Post No. 8699, Veterans of Foreign Wars.

The lease to the post, which was executed in 1948, has now expired.

Respectfully,

FRANCIS X. COTTER,
Fire Commissioner.

Ordered, That the Fire Commissioner is hereby authorized to lease to the Lower Mills Memorial Post No. 8699, Veterans of Foreign Wars, such unoccupied portions of the fire station situated at River and Temple streets, Dorchester, upon such terms and conditions as the Fire Commissioner, with the approval of the Mayor, may deem advisable.

Referred to the Committee on Public Lands.

SALE OF UNUSED CLOTHING TO WILLIAM FILENE'S SONS COMPANY.

The following was received:

City of Boston,

Office of the Mayor, February 15, 1954.

To the City Council.

Gentlemen:

The activities of the Child Welfare Division of the Institutions Department of the City of Boston have been transferred to the Division of Child Guardianship, State Public Welfare Department, Commonwealth of Massachusetts. I have been informed by the Purchasing Agent that a quantity of unused clothing is on the city's hands for which the city has no further use. Bids were asked for this clothing and the highest bidder is Filene's Basement.

I therefore respectfully submit herewith an order for the sale of this clothing to William Filene's Sons Company at the price quoted by said company, to wit, \$5,600.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Purchasing Division, February 15, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

BORROWING CAPACITY OF CITY FOR YEAR 1954.

The following was received:

City of Boston,

Sinking Funds Department, February 3, 1954.

To the City Council.

Gentlemen:

In accordance with the provisions of chapter 93 of the Acts of 1891, it is estimated that the amount which the city will be able to borrow during the present municipal year within the ordinary debt limit established by law is \$5,646,359.08, as per schedule annexed.

Under the provisions of section 10 of chapter 44 of the General Laws, as amended by chapter 56 of the Acts of 1952, additional debt not in excess of 2½ per cent of the assessors' average valuations may be authorized with the approval of the Emergency Finance Board. It is estimated that the additional debt which may be authorized under this provision is \$39,507,326.33, making the maximum debt incurring power for the current year within the debt limit \$45,153,685.41.

Respectfully,

WILLIAM B. CAROLAN, Chairman,

GEORGE HANSEN,

DANIEL WEISBERG,

JOSEPH BIRMINGHAM,

Board of Commissioners of Sinking Funds.

JOSEPH LALLY,

City Auditor.

DANIEL M. DRISCOLL,

City Treasurer.

the assessors' average valuation for the past three years or, as indicated in the top line of the above schedule \$39,507,326.33, thus making the maximum debt incurring power for 1954, \$45,153,685.41.

Referred to the Committee on Appropriations and Finance.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. McCORMACK, for the Committee on Confirmations, submitted the following:

Report on appointment by the Mayor (referred February 1) of Joseph F. Kinsella and William A. Baird as Weighers of Coal for term ending April 30, 1954—recommending that appointments be confirmed.

The report was accepted and the question came on confirmation. Committee, Councillors Foley and Piemonte. Whole number of ballots 9, yeas 9, and the appointments were confirmed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. PIEMONTE, for the Committee on Claims, submitted the following:

1. Report on petition of Coleman J. Griffin (referred January 25) for reimbursement as result of execution issued against him on account of his acts as an employee of the Park Department—recommending passage of the accompanying order:

Ordered, That the sum of nine hundred fifty dollars (\$950) be allowed and paid to Coleman J. Griffin in reimbursement for amount of execution issued against him on account of his acts as an employee of the Park Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

2. Report on petition of William F. Ahern (referred February 1) for reimbursement as result of execution issued against him on account of his acts as an employee of the Traffic Department—recommending passage of the accompanying order:

Ordered, That the sum of one hundred seventy dollars and eighty cents (\$170.80) be allowed and paid to William F. Ahern in reimbursement for amount of execution issued against him on account of his acts as an employee of the Traffic Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

3. Report on petition of Nina M. Vogel (referred December 23, 1953) to be paid an annuity on account of the death of her husband, Charles Vogel, late member of the Fire Department—recommending passage of the accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of fifteen hundred dollars be allowed and paid to Nina M. Vogel, widow of Charles Vogel, a member of the Fire Department, who died on December 14, 1953, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The reports were accepted, and the orders were severally passed.

NAMING OF SQUARE IN HONOR OF DONALD COX ROGERS.

Coun. AHEARN offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of St. Stephen street and Massachusetts avenue, Boston, in honor of Sgt. 1st Class Donald Cox Rogers, who lost his life in Korea on October 31, 1952, while in the service of his country.

Passed under suspension of the rules.

DISTRIBUTION OF TAXES BY COMMONWEALTH.

Coun. AHEARN offered the following:

Whereas, Many experts in municipal finance have advocated the creation of new and additional taxes on the people of Boston, such as a sales tax; and

Whereas, There are available new sources of revenue other than sales taxes and the like; and

Whereas, There is now pending in the Legislature House Bill 427, the petition of Francis X. Ahearn, of Boston, calling for the distribution to cities and towns of larger portions of corporation taxes presently retained by the Commonwealth; and

Whereas, The passage of this bill would mean that the City of Boston would realize very substantial increases in its income without burdening the citizens of Boston with new taxes and would at the same time relieve the taxpayers of the city; therefore be it

Resolved, That the Boston City Council, in meeting assembled, favors in principle House

Bill 427, entitled An Act Providing for the Distribution to Cities and Towns of the Portions of Certain Corporation Taxes now Retained by the Commonwealth.

The resolution was adopted under suspension of the rules.

CONTINUATION OF ARMY BASE FACILITIES.

Coun. McLAUGHLIN and McCORMACK offered the following:

Whereas, The members of the Boston City Council are most anxious to preserve the vital Army Base facilities which mean so much to the economy of the City of Boston and the Commonwealth of Massachusetts during the time of war; and

Whereas, These facilities represent an estimated value of over fifty million dollars, and would take a great deal of time to replace during the time of a national emergency, should they be closed and allowed to decay; and

Whereas, Engineering experts have recently determined that the dock bases are in eminent danger of collapsing and that necessary repairs to bulkheads and pilings will cost in the neighborhood of twelve million dollars; and

Whereas, The closing of the Army Base docking facilities will undoubtedly detour a large amount of the present shipping business away from Boston with the consequent loss of employment to hundreds of our longshoremen and others; and

Whereas, The policy to close these facilities, rather than expend the funds necessary to properly repair them, is a policy, as well pointed out by the Boston "Herald" in an editorial of February 11, 1954, of "Economy by Abandonment"; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, calls upon the members of the Congressional Delegation from Massachusetts to intercede forthwith with the Secretary of the Army, the Secretary of Defense, and, if need be, with the President of the United States, in an attempt to obtain reconsideration of the predetermined policy of closing the base, and urge that the necessary repairs be made to assure the preservation and continuance of the operation of the Army Base which is so vital to Boston; and, be it further

Resolved, That in presenting the request, the delegation further point out to the authorities previously mentioned, the economic hardship which Boston, Greater Boston, and the Commonwealth of Massachusetts are already suffering because of the contract awards to other areas for manufacturing of goods and the building of such items as the Third Forrestal Type Carrier which was recently lost to the greater Boston area; and be it further

Resolved, That a copy of this resolution be forwarded to each member of the Massachusetts Delegation in Congress.

The resolution was adopted under suspension of the rules.

STUDY OF TRUCK TRAFFIC PROBLEM IN SOUTH BOSTON.

Coun. FOLEY, McCORMACK and KERRIGAN offered the following:

Ordered, That his Honor the Mayor be requested to have the City of Boston Planning Board and the Boston Traffic Commissioner and the South Boston Area Rehabilitation Committee consult together concerning the problem of truck traffic through the streets of South Boston to the south and east taking into consideration the prospective expansion of the Castle Island terminal facility, that major solutions to the problem be considered as well as temporary expedients, that consideration be given the wisdom of 1, widening A street; 2, conversion of the spur of the New Haven Railroad from the South Boston yards to the main line into a truck route. That a report of such deliberations be forwarded to the City Council when necessary.

Passed under suspension of the rules.

NEW DIVISION OF WARDS.

Coun. PIEMONTE offered the following:

Ordered, That the present President of the Boston City Council appoint a committee from the Boston City Council to study and make recommendations for a new division of the City of Boston into not more than thirty-six wards (in conformance with chapter 54 of the General Laws and amendments thereto). The boundaries of the wards shall be so arranged that the wards shall contain, as nearly as can be ascertained and as may be consistent with well defined limits to each ward, an equal number of registered voters.

Passed under suspension of the rules.

ATHLETIC CLINICS FOR YOUTHS DURING OFF-SEASON.

Coun. HAILER offered the following:
Ordered, That the Park Department, through his Honor the Mayor, be requested to study the possibility of setting up athletic clinics during the off-season for purposes of instructing the youth of the city.

Passed under suspension of the rules.

COMMITTEE TO FORMULATE CITY POLICY RE RECREATION.

Coun. FOLEY offered the following:

Ordered, That his Honor the Mayor be requested to appoint a Mayor's Committee of prominent citizens to formulate the city policy with respect to recreation; that the committee be granted an appropriation sufficient to retain a nation-wide authority in the field; that the said committee concern itself with type and scope of recreation program needed by the City of Boston; that recommendations concerning administration be of a general nature; and that problems of broad policy be the principal concern of the committee.

Passed under suspension of the rules.

REPORT ON OFF-STREET PARKING FACILITIES, JAMAICA PLAIN.

Coun. HAILER and FOLEY offered the following:

Ordered, That the Board of Real Estate Commissioners, through his Honor the Mayor, be requested to inform the City Council of the progress being made towards the providing of the Jamaica Plain district with off-street parking facilities.

Passed under suspension of the rules.

PARKING OF CITY HOSPITAL DOCTORS' AND NURSES' CARS.

Coun. HURLEY offered the following:
Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to formulate a suitable plan for parking cars for doctors and nurses which will free adjacent street areas and thus make these areas available to persons visiting patients at the hospital.

Referred to the Committee on Hospitals.

BUREAU FOR PLACING OF PATIENTS IN REST HOMES.

Coun. HURLEY offered the following:
Ordered, That the Social Service Departments of the Welfare Department and the Boston City Hospital establish a bureau for the placing of patients in rest homes.

Referred to the Committee on Hospitals.

BRANCH LIBRARY IN SAVIN HILL.

Coun. KERRIGAN offered the following:
Ordered, That the Trustees of the Boston Public Library be requested, through his Honor the Mayor, to establish a branch library in the Savin Hill section of Dorchester.

Passed under suspension of the rules.

LOCATION OF NEW BRANCH LIBRARY IN SOUTH BOSTON.

Coun. FOLEY, KERRIGAN and McCORMACK offered the following:

Ordered, That the Trustees of the Boston Public Library System be requested, through his Honor the Mayor, to consider the wisdom of consulting with the South Boston Area Rehabilitation Committee concerning the location of the proposed new Branch Library in South Boston.

Passed under suspension of the rules.

CALL FOR MEETING.

The meeting was held pursuant to the following call:

Boston City Council.

February 16, 1954.

To the Members of the City Council.

Gentlemen:

You are hereby requested to assemble in the City Council Chamber, City Hall, on Friday, February 19, 1954, at eleven o'clock A.M. for the purpose of taking action on the ordinance now pending before the City Council for "Reorganizing Certain Boards and Departments of the City."

JOSEPH C. WHITE, President.

Placed on file.

RECESS.

On motion of Councillor Ahearn the Council voted at 11.30 A.M. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 5.14 P.M. by President WHITE.

EXECUTIVE COMMITTEE REPORT.

Coun. AHEARN, for the Executive Committee, submitted the following:

The Executive Committee to whom was referred January 4, 1954, the message of the Mayor and ordinance "Reorganizing Certain Boards and Departments of the City," having duly considered the same, respectfully recommends the passage of the accompanying two ordinances in place of the ordinance submitted by the Mayor and the formal rejection of the ordinance as submitted by the Mayor.

For the Committee,

FRANCIS X. AHEARN, Chairman.

Coun. PIEMONTE and HURLEY submitted a minority report as follows:

We dissent from so much of the proposed ordinances as affects the Board of Assessors. While we feel that the separation of the Board granting abatements from those assessing is desirable, the ordinance does not provide for the tools to carry out the work of assessing nor does it make any provision for the assessors to continue the conclusions of the Board of Review nor of the tax Appellate Board.

In our opinion the proposed change tends to lead to confusion and add to the abuses of assessment and abatements rather than lessen the same.

GABRIEL F. PIEMONTE,

WILLIAM F. HURLEY.

AN ORDINANCE

REORGANIZING THE ASSESSING DEPARTMENT.

In the Year Nineteen Hundred and Fifty-four.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 1 of chapter 2 of the Revised Ordinances of 1947, as amended, is hereby further amended by striking out the words "For the term of five years, beginning with the first day of April in the year of appointment, one assessor."

SECTION 2. The first paragraph of section 5 of chapter 3 of the Revised Ordinances of 1947, as amended, is hereby further amended by striking out clause (2), as appearing in section 3 of chapter 8 of the Ordinances of 1953, and inserting in place thereof the following clause:—

(2). The assessor of taxes, twelve thousand dollars; the two associate assessors of taxes, four thousand dollars each; the chairman of the board of review in the assessing department, ninety-five hundred dollars; and the other two members of said board, eighty-five hundred dollars each.

SECTION 3. The Revised Ordinances of 1947 are hereby further amended by striking out chapter 5, as amended, and inserting in place thereof the following chapter:—

CHAPTER 5.

Assessing Department.

SECTION 1. There shall be in the city a department, known as the Assessing Department, which shall be under the charge of an officer, known as the Assessor of Taxes, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected. The assessor of taxes shall exclusively for the assessing department and the boards therein have the powers, and perform the duties, conferred or imposed by law on the board of assessors in existence immediately prior

to the taking effect of this ordinance with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates. The assessor of taxes shall also have the powers and perform the duties conferred or imposed by statute on said board of assessors in relation to poll and motor vehicle excise taxes, and shall further have the powers and perform the duties from time to time conferred or imposed on assessors of cities in Massachusetts by general laws applicable to Boston in relation to poll and motor vehicle excise taxes.

SECTION 2. There shall be in the assessing department a board, known as the Board of Assessors, consisting of the assessor of taxes, ex officio, who shall be chairman of the board, and two other officers, known as Associate Assessors of Taxes, each of whom shall be appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected. Except as otherwise provided in sections one and three of this chapter, the board of assessors shall have the powers and perform the duties conferred or imposed by statute on the board of assessors in existence immediately prior to the taking effect of this ordinance; and except as so provided, the board of assessors provided for by this section shall also have the powers and perform the duties from time to time conferred or imposed on assessors of cities in Massachusetts by general laws applicable to Boston. The board of assessors provided for by this section shall not be subject to the supervision or control of the assessor of taxes except as he acts as chairman of said board; but unless otherwise ordered by the mayor, said board shall not communicate with the mayor, or make any annual or other report, except through the assessor of taxes.

SECTION 3. There shall also be in the assessing department a board, known as the Board of Review, consisting of three members appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, one of whom shall from time to time be designated by the mayor as chairman of said board. The board of review shall have the powers and perform the duties conferred or imposed by statute on the board of assessors in existence immediately prior to the taking effect of this ordinance with respect to the abatement of taxes other than poll and motor vehicle excise taxes, and shall further have the powers and perform the duties from time to time conferred or imposed on assessors of cities in Massachusetts by general laws applicable to Boston with respect to abatement of taxes other than poll and motor vehicle excise taxes. The board of review shall not be subject to the supervision or control of the assessor of taxes; but, unless otherwise ordered by the mayor, said board shall not communicate with the mayor, or make any annual or other report, except through the assessor of taxes.

SECTION 4. Every application for abatement filed with the board of assessors with respect to a poll or motor vehicle excise tax shall be deemed to be filed with the assessor of taxes and shall be forthwith transmitted to him by said board; and every such application filed with said board with respect to a tax other than a poll or motor vehicle excise tax shall be deemed to be filed with the board of review and shall be forthwith transmitted to said board by the board of assessors.

SECTION 5. The board of review shall be deemed to come within the terms "assessors" and "board of assessors" as used in any application for the abatement of, or in any appeal from a refusal (by failure to act or otherwise) to abate, or in any statute relating to the abatement of, or in any statute relating to an appeal from a refusal (by failure to act or otherwise) to abate, a tax other than a poll or motor vehicle excise tax.

SECTION 4. The board of assessors in existence immediately prior to the taking effect of this ordinance is hereby abolished; and the powers and duties of said board with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates, and the powers and duties of said board in relation to poll and motor vehicle excise taxes, and the appropriations of the assessing department pertaining to all such powers and duties, are hereby transferred to the assessor of taxes created by section 3 of this ordinance; and the powers and duties of said board with respect to the abatement of taxes other than poll and motor vehicle excise taxes, and the appropriations of the assessing department pertaining to such powers and duties, are hereby transferred to the board of review created by said section 3; and all other powers and duties of the board of assessors in existence immediately prior to the taking effect of this ordinance, and all other appropriations of the assessing department, are hereby transferred to the board of assessors created by said section 3.

SECTION 5. Section 19 of chapter 39 of the Revised Ordinances of 1947 is hereby amended by striking out, in the last sentence, the word "assessors" and inserting in place thereof the words "assessor of taxes".

SECTION 6. Section 20 of said chapter 39 is hereby amended by striking out, in the first sentence, the word "assessors" and inserting in place thereof the words "assessor of taxes".

SECTION 7. Every person holding an office or position subject to the civil service laws and rules shall, if the office or position is abolished by this ordinance, be reappointed without civil service examination or registration to a similar office or position with similar status in a new department or agency, or division of either, created, or a department or agency, or division of either, not abolished, by this ordinance; and every such person shall, upon such reappointment, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to him; and his services shall be deemed to have been continuous to the same extent as if such abolition had not taken place. As used in this section, the term "agency" shall be construed as defined in section 5 of chapter 486 of the acts of 1909 as amended by section 1 of chapter 473 of the acts of 1953.

SECTION 8. This ordinance shall be deemed to be made under section 5 of chapter 486 of the acts of 1909, as amended by section 1 of chapter 473 of the acts of 1953, and shall be so construed that no person holding, whether under general or special law or otherwise, an office or position subject to the civil service laws and rules shall, by reason of the adoption of this ordinance, be without a similar office or position or be reduced in rank or compensation.

SECTION 9. This ordinance shall take effect on the thirtieth day of June in the current year.

AN ORDINANCE

REORGANIZING CERTAIN BOARDS AND DEPARTMENTS OF THE CITY.

In the Year Nineteen Hundred and Fifty-four.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 4 of chapter 1 of the Revised Ordinances of 1947 is hereby amended by striking out, in clause *Fifth*, the words "park department" and inserting in place thereof the words "parks and recreation department" and by striking out, in clause *Twelfth*, the words "street commissioners" and inserting in place thereof the words "commissioner of public works"; and section 6 of said chapter 1 is hereby amended by striking out, in the last sentence, the words "superintendent of public buildings" and inserting in place thereof the words "assistant commissioner of real property".

SECTION 2. Chapter 2 of the Revised Ordinances of 1947 is hereby amended by striking out section 1, as amended by section 1 of chapter 3, and section 2 of chapter 8, of the Ordinances of 1953 and inserting in place thereof the following section:—

Section 1. The mayor shall appoint heads of departments and members of municipal boards and fill vacancies therein in the manner provided by law. He shall, in the municipal year in which the term of the incumbent expires, appoint the following officers, to serve for the terms hereinafter specified:

For the term of three years, beginning with the first day of May in the year of appointment: four overseers of the public welfare.

For the term of four years, beginning with the first day of May in the year of appointment: the fire commissioner, the corporation counsel, and the penal institutions commissioner.

For the term of five years, beginning with the first day of April in the year of appointment, one assessor.

For the term of five years, beginning with the first day of May in the year of appointment: one trustee of the Boston city hospital and one trustee of the Boston public library.

SECTION 3. Section 2 of said chapter 2 is hereby amended by striking out, in the last sentence, the words "city treasurer" and inserting in place thereof the word "collector-treasurer".

SECTION 4. Said chapter 2 is hereby further amended by striking out section 5 and inserting in place thereof the following section:—

Section 5. The mayor may, upon payment to the collector-treasurer of the amount due on the mortgage of an estate mortgaged to the city, discharge or release the mortgage, or assign the same without recourse to the city, and may execute and deliver in behalf of the city any and all legal instruments necessary to effectuate such discharge, release or assignment.

SECTION 5. Section 8 of said chapter 2 is hereby amended by striking out the words "city treasurer" and inserting in place thereof the word "collector-treasurer".

SECTION 6. Chapter 3 of the Revised Ordinances of 1947 is hereby amended by striking out sections 2, 3 and 4 and inserting in place thereof the following three sections:—

Section 2. The collector-treasurer and the city auditor, before, and the city clerk, within five days after, entering upon the duties of their respective offices and annually thereafter and at such other times as the mayor shall determine, shall give bond to the city, in the case of the collector-treasurer, in the penal sum of five hundred thousand dollars, in the case of the city auditor, in the penal sum of one hundred thousand dollars, and in the case of the city clerk, in the penal sum of five thousand dollars.

Every bond given under this section shall be upon the condition that the person named therein as principal and all his subordinates shall, while he continues in office, by reappointment, re-election or

otherwise, faithfully discharge their duties and trusts, and safely hold and lawfully dispose of and account for all money and other property belonging to the city or county which may come into his possession or that of his subordinates; and that he shall deliver, according to law, to his successor in office or such other person as may be authorized to receive the same all money and other property in his possession or that of his subordinates belonging to the city or county. Every bond given under this section shall be executed by a surety company authorized to transact business in Massachusetts as surety, shall be approved by the mayor, and shall be filed with the city auditor except that the bond of the city auditor shall be filed with the collector-treasurer.

Section 3. Every person intrusted with the collection, custody or disbursement of public moneys who is not required by statute or other ordinance to give bond shall, if the officer appointing him so requires, give before entering upon the duties of his office or position and annually thereafter and at such other times as such officer shall determine, a bond running to the city or, if such officer is bonded to the city upon the condition set forth in section two, to such officer, in such penal sum not exceeding twenty thousand dollars, with such surety, and upon such condition as such officer shall prescribe. Every bond given under this section running to the city shall be filed with the city auditor.

Section 4. The premium for the surety upon any bond given under section two or section three of this chapter or section four of chapter thirty-six shall be allowed and paid as an expense of the department of which the principal on the bond is an officer or employee.

SECTION 7. The first paragraph of section 5 of said chapter 3, as most recently amended by sections 3 and 4 of chapter 8 of the Ordinances of 1953, is hereby further amended as follows:—

By striking out clause (8) and inserting in place thereof the following clause:—(8) The corporation counsel, thirteen thousand five hundred dollars.

By striking out clause (11) and inserting in place thereof the following clause:—(11) The health commissioner, eleven thousand dollars.

By striking out clause (14) and inserting in place thereof the following clause:—(14) The commissioner of parks and recreation, eleven thousand dollars.

By striking out clause (18) and inserting in place thereof the following clause:—(18) The commissioner of public works, thirteen thousand five hundred dollars.

By striking out clause (19) and inserting in place thereof the following clause:—(19) The commissioner of real property, ninety-five hundred dollars; and the assistant commissioner of real property, eighty-five hundred dollars.

By striking out clause (25) and inserting in place thereof the following clause:—(25) The collector-treasurer, twelve thousand dollars.

By striking out clause (26) and inserting in place thereof the following clause:—(26) The veterans benefits and services commissioner, eighty-five hundred dollars.

And by striking out clauses (7), (12), (17), (20), (22) and (27).

SECTION 8. Said section 5 of said chapter 3 is hereby further amended by striking out the last two paragraphs, as appearing in section 1 of chapter 6 of the Ordinances of 1952, and inserting in place thereof the following two paragraphs:—

Each member of the board of appeal in the building department shall receive for every day or part thereof of actual service twenty-five dollars; but in no event shall any member of said board receive in any one year more than thirty-five hundred dollars in the aggregate for services rendered by him under the building code and the zoning law. Each member of the board of examiners in the building department, and the appointive member of the board of examiners of gas-fitters in said department, shall receive for every day or part thereof of actual service fifteen dollars, but in no event more than fifteen hundred dollars in any one year.

The deputy assessors shall be compensated as if they held an office allocated to Grade No. 30 of the compensation plan from time to time in effect for the county; and the assistant assessors shall be compensated as if they held an office allocated to Grade No. 15 of said compensation plan; and the auctioneer in the real property department shall be compensated as if he held a position allocated to Grade No. 30 of said compensation plan.

SECTION 9. Said chapter 3 is hereby further amended by striking out section 10 and inserting in place thereof the following section:—

Section 10. Except as otherwise ordered by the mayor under section nine of chapter two of these ordinances, the collector-treasurer shall daily have an office open for the receipt and disbursement of money from nine o'clock in the forenoon until two o'clock in the afternoon and every other officer in charge of a department shall daily have an office open for the transaction of public business for not less than eight hours; provided, however, that every public office in the city shall remain closed on all Sundays and legal holidays and may remain closed on all Saturdays, except that the health commissioner shall have an office open for the issuance of burial permits and permits for the removal of dead bodies from ten o'clock in the forenoon until twelve o'clock noon on every day in the year.

SECTION 10. Section 15 of said chapter 3 is hereby amended by striking out the words "and the superintendent of public buildings".

SECTION 11. Section 18 of said chapter 3 is hereby amended by striking out, wherever appearing in said section, the words "city collector" and inserting in place thereof, in each instance, the word "collector-treasurer"; and section 22 of said chapter 3, as amended by section 8 of chapter 8 of the Ordinances of 1953, is hereby further amended by striking out the words "city treasurer" and inserting in place thereof the word "collector-treasurer".

SECTION 12. Section 24 of said chapter 3 is hereby amended by adding at the end thereof the following sentence: Every board within a department not subject to the supervision or control of the officer in charge of the department shall make an annual report containing a statement of its acts and doings and such other matters as may be required by law or as it or the mayor may deem to be of public interest, which report shall be annexed by the officer in charge of the department as an appendix to his annual report.

SECTION 13. Chapter 3A of the Revised Ordinances of 1947, as inserted by section 9 of chapter 8 of the Ordinances of 1953, is hereby amended by striking out, in the first sentence of section 1, the words "city treasurer" and inserting in place thereof the word "collector-treasurer".

SECTION 14. Sections 2 and 3 of chapter 5 of the Revised Ordinances of 1947 are hereby amended by striking out, wherever appearing in said sections, the words "the city collector" and "the collector" and inserting in place thereof, in each instance, the words "the collector-treasurer".

SECTION 15. Section 1 of chapter 6 of the Revised Ordinances of 1947 is hereby amended by striking out the words "the city auditor, who" and inserting in place thereof the words "a city auditor who shall be appointed by the mayor, and hold office, subject to the civil service laws and rules and who", and by striking out, wherever appearing in said section, the words "the city treasurer" and "the treasurer" and inserting in place thereof, in each instance, the words "the collector-treasurer", and by striking out the words "sinking-funds commissioners" and inserting in place thereof the words "commissioners of sinking funds".

SECTION 16. Section 2 of said chapter 6 is hereby amended by striking out, wherever appearing in said section, the word "treasurer" and inserting in place thereof, in each instance, the word "collector-treasurer".

SECTION 17. Section 3 of said chapter 6 is hereby amended by striking out, wherever appearing in said section, the word "treasurer" and inserting in place thereof, in each instance, the word "collector-treasurer".

SECTION 18. Section 4 of said chapter 6, as amended by section 2 of chapter 9 of the Ordinances of 1949, is hereby further amended by striking out, wherever appearing in the second sentence, the words "city treasurer" and inserting in place thereof, in each instance, the word "collector-treasurer".

SECTION 19. Section 8 of said chapter 6 is hereby amended by striking out all after the words "in the sinking funds" and inserting in place thereof the words "which statement shall be arranged so far as practicable to conform to the accounts of the collector-treasurer".

SECTION 20. Section 1 of chapter 9 of the Revised Ordinances of 1947 is hereby amended by adding at the end the following sentence:—The building commissioner shall also have the powers and perform the duties conferred or imposed by statute on the wire commissioner and on the fire commissioner as successor to the wire commissioner, and shall carry out the provisions and requirements of law relating to wires and inspection of wires and the installation and use of electrical conductors and appliances in buildings in the city.

SECTION 21. Said chapter 9 is hereby further amended by striking out section 2 and inserting in place thereof the following section:—

Section 2. There shall be in the building department a board, known as the Board of Appeal, consisting of five members appointed by the mayor as follows:—one member from two candidates nominated, one by The Boston Society of Architects and one by the Boston Society of Civil Engineers, one member from two candidates nominated by the Building Trades Council of Boston and Vicinity, one member from two candidates nominated, one by the Boston Real Estate Board and one by the Massachusetts Real Estate Association, one member from three candidates nominated, one by The Master Builders' Association of Boston, one by the Building Trades Employers' Association of the City of Boston and one by the Associated General Contractors of Massachusetts, Inc., and one member selected at large by the mayor. All members of the board of appeal shall be residents of, or engaged in business in, Boston. The members of the board of appeal in office when this ordinance takes effect shall serve, in the case of the member appointed upon nomination of The Boston Society of Architects or the Boston Society of Civil Engineers, for a term expiring five years, in the case of the member appointed upon nomination of the Building Trades Council of Boston and Vicinity, for a term expiring one year, in the case of the member appointed upon nomination of the Boston Real Estate Board or the Massachusetts Real Estate Association, for a term expiring two years, in the case of the member appointed upon nomination of The Master Builders' Association of Boston, the Building Trades Employers' Association of the City of Boston or the Associated General Contractors of Massachusetts, Inc., for a term expiring

three years, and, in the case of the member selected at large by the mayor, for a term expiring four years, respectively, from May 1, 1953. As the term of any such member, or of any subsequent member, expires, his successor shall be appointed in like manner as such member for a term of five years. Vacancies in the board shall be filled in the same manner for the unexpired term. No member of the board shall act in any case in which he has a personal interest; and when a member is so disqualified or absent or when there is a vacancy in the office of a member, the remaining members shall designate a substitute.

The board of appeal shall not be subject to the supervision or control of the building commissioner; but unless otherwise ordered by the mayor, the board of appeal shall not communicate with the mayor or make any annual or other report, except through the building commissioner.

SECTION 22. Said chapter 9 is hereby further amended by striking out section 4 and inserting in place thereof the following section:—

Section 4. There shall also be in the building department a board, known as the Board of Examiners, consisting of three members appointed by the mayor, of whom one shall be an architect or engineer with at least five years' experience in the city, one a contractor or person well qualified in the supervision of construction work with at least five years' experience in the city, and one a lawyer or other person with proper legal qualifications. The members of the board of examiners in office when this ordinance takes effect shall serve according to the provisions of their respective appointments for terms expiring one, two and three years, respectively, from May 1, 1953. As the term of any such member, or of any subsequent member, expires, his successor shall be appointed by the mayor for a term of three years. Vacancies in the board shall be filled by the mayor for the unexpired term.

The board of examiners shall not be subject to the supervision or control of the building commissioner; but unless otherwise ordered by the mayor, the board of examiners shall not communicate with the mayor, or make any annual or other report, except through the building commissioner.

SECTION 23. Section 5 of said chapter 9 is hereby amended by striking out, in the last sentence, the words "city collector" and inserting in place thereof the word "collector-treasurer".

SECTION 24. Said chapter 9 is hereby further amended by striking out section 6 and inserting in place thereof the following section:—

Section 6. There shall also be in the building department a board, known as the Board of Examiners of Gasfitters, consisting of the building commissioner and the health commissioner, ex officio, and a member appointed by the mayor. The appointive member shall be a licensed master gasfitter who shall have been continuously engaged in business as a master gasfitter during the five years next preceding his appointment. The appointive member of the board of examiners of gasfitters in office when this ordinance takes effect shall serve for a term expiring on May 1, 1954. As the term of such appointive member, or of any subsequent appointive member, expires, his successor shall be appointed by the mayor for a term of one year. Any vacancy in the office of the appointive member shall be filled by the mayor for the unexpired term.

The board of examiners of gasfitters shall not be subject to the supervision or control of the building commissioner except as he acts as a member of said board; but unless otherwise ordered by the mayor, the board of examiners of gasfitters shall not communicate with the mayor, or make any annual or other report, except through the building commissioner.

SECTION 25. Said chapter 9 is hereby further amended by adding at the end the following caption and section:—

Public Safety Commission.

Section 8. There shall also be in the building department a board, known as the Public Safety Commission, consisting of the director of administrative services, the building commissioner, the fire commissioner, the health commissioner and the chairman of the Boston traffic commission, ex officio. It shall be the duty of said commission to coordinate the work of the building, fire and health departments to the end that there may be efficient and concerted action by said departments. Said commission shall meet at least once each month, at the call of the director of administrative services, for the purpose of discharging said duty.

There shall be in the public safety commission a committee, known as the Committee on Licenses, consisting of the building commissioner, the fire commissioner and the chairman of the Boston traffic commission, ex officio. Said committee shall have the powers and perform the duties conferred or imposed on the board of street commissioners by chapter 148 of the General Laws, as amended, by chapter 577 of the acts of 1913, as amended, by chapter 488 of the acts of 1924, as amended, and by chapter 349 of the acts of 1953.

Neither the public safety commission nor the committee on licenses shall be subject to the supervision or control of the building commissioner except as he acts as a member thereof; but unless otherwise ordered by the mayor, neither said commission nor said committee shall communicate with the mayor, or make any annual or other report, except through the building commissioner.

SECTION 26. The board of appeal, the board of examiners and the board of examiners of gasfitters are hereby placed in the building department but not under the supervision or control of the building commissioner; and the respective powers, duties, appropriations and personnel of said boards are hereby transferred with them except that, unless otherwise ordered by the mayor, none of said boards shall communicate with the mayor, or make any annual or other report, except through the building commissioner.

SECTION 27. Chapter 4 of the Ordinances of 1952 is hereby amended by striking out in the second line the words "sections 1, 2 and 3" and inserting in place thereof the words "sections 1, 2, 3 and 4", by striking out in the third line the word "five" and inserting in place thereof the word "six", and by adding at the end of said chapter 4 the following paragraph:—

SECT. 6. There shall be in the city planning department the board of zoning adjustment provided for by section 20 of chapter 488 of the acts of 1924, as amended. Said board shall exercise the powers and perform the duties provided by statute. Said board shall not be subject to the supervision or control of the city planning board; but unless otherwise ordered by the mayor, the board of zoning adjustment shall not communicate with the mayor, or make any annual or other report, except through the city planning board.

SECTION 28. The board of zoning adjustment is hereby placed in the city planning department but not under the supervision or control of the city planning board; and the powers, duties, appropriations and personnel of the board of zoning adjustment are hereby transferred with the mayor, said board shall not communicate with the mayor, or make any annual or other report, except through the city planning board.

SECTION 29. Chapter 14 of the Revised Ordinances of 1947 is hereby repealed; and the collecting department, including the office of city collector, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the treasury department as reorganized by sections 64 and 65 of this ordinance.

SECTION 30. Section 7 of chapter 16 of the Revised Ordinances of 1947 is hereby repealed; and the electrical inspection division of the fire department, including the office of the deputy in charge of said division, is hereby abolished; and the powers, duties and appropriations of said division and of the fire commissioner as successor to the wire commissioner are hereby transferred to the building department.

SECTION 31. The Revised Ordinances of 1947 are hereby further amended by striking out chapter 17, as amended by chapter 4 of the Ordinances of 1950, and inserting in place thereof the following chapter:—

CHAPTER 17.

Health Department.

Section 1. There shall be in the city a department, known as the Health Department, which shall be under the charge of an officer, known as the Health Commissioner, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected. The health commissioner may appoint, subject to the approval of the mayor, an assistant health commissioner, who shall be sworn to the faithful discharge of his duties and shall hold office until his successor is appointed and qualified. The assistant health commissioner shall perform such duties as may be assigned to him from time to time by the health commissioner.

Section 2. There shall be in the health department a health division under the direct charge of the health commissioner, a registry division under the charge of a city registrar appointed by the health commissioner, and a weights and measures division under the charge of a sealer appointed by the mayor. The health commissioner may appoint, subject to the approval of the mayor, not exceeding three assistant city registrars for the registry division; and the mayor may appoint a chief deputy sealer and not exceeding seventeen deputy sealers for the weights and measures division.

Health Division.

Section 3. There shall be in the health division the following sections:—section of general services, section of medical services, section of environmental sanitation, and section of local health service. Each section shall be in charge of a director appointed by the health commissioner. The health commissioner may from time to time determine the bureaus, if any, within each of said sections, and shall appoint the heads of such bureaus. In appointing the director of a section or the head of a bureau, the health commissioner shall certify that in his opinion the person appointed is an expert in the work which will devolve upon him, that he is a person specially fitted by education, training or experience to perform the duties of the position, and that the appointment is made solely in the interest of the city, such certificate to be filed with the city clerk and to be open to public inspection.

Section 4. The health commissioner shall have the powers and perform the duties conferred or imposed by law on the board of health of the city

or upon the chairman thereof; shall have the powers and perform the duties conferred or imposed on the office of health commissioner by section 2 of chapter 1 of the Ordinances of 1927; shall include in his annual report a review of the sanitary condition of the city; shall keep on hand, so far as practicable, a sufficient quantity of vaccine virus and antitoxin, and supply the same free of charge to the physicians in the several departments; shall appoint one or more medical inspectors and require them to vaccinate and revaccinate all inhabitants of the city who apply for vaccination, and to give certificates of vaccination required for admission to the public schools; and shall appoint a superintendent of peddlers and require him to see that every hawk and peddler conforms to law.

Registry Division.

Section 5. The city registrar shall have custody of all records, books and papers belonging to the city, relating to births, marriages and deaths, shall have the powers and perform the duties from time to time conferred or imposed on clerks of towns in Massachusetts by chapter 46, and by section 16 of chapter 66, of the General Laws, and may pay, out of any funds received by him, the fees due to persons making returns under the requirements of law.

Section 6. The official seal which the city shall provide for use by the city registrar and assistant city registrars shall be in the form prescribed by section 4 of chapter 34 of the Revised Ordinances of 1902.

Section 7. The certificate or attestation of an assistant city registrar shall have the same force and effect as that of the city registrar.

Section 8. The city registrar shall file annually with the health commissioner a statement of the number of births, marriages and deaths recorded in his office during the previous year; and said commissioner shall include such statement in his annual report. Unless otherwise ordered by the mayor, the city registrar shall not communicate with the mayor, or make any annual or other report, except through the health commissioner.

Weights and Measures Division.

Section 9. The sealer shall have the powers and perform the duties from time to time conferred or imposed by general laws applicable to Boston on sealers appointed under section 34 of chapter 98 of the General Laws, shall have direction of the deputy sealers, shall keep records showing the work done and the fees earned, in the weights and measures division, and shall daily pay over to the collector-treasurer all fees received by him or the deputy sealers, who shall perform the work respectively assigned to them by the sealer and shall daily pay over to him all fees received by them. Unless otherwise ordered by the mayor, the sealer shall not communicate with the mayor, or make any annual or other report, except through the health commissioner.

SECTION 32. Chapter 18 of the Revised Ordinances of 1947 is hereby amended by striking out section 1 and inserting in place thereof the following section:—

Section 1. There shall be in the city a department, known as the Hospital Department, which shall be under the charge of a board of five trustees who shall have charge of the city hospital, the sanatorium and Long Island hospital (including the viaduct between Long Island and Moon Island and the approaches to said viaduct) and of the care and maintenance thereof, shall make all needful improvements in the lands and grounds connected therewith, shall have charge of all real estate held for purposes connected with said institutions, and shall pay or cause to be paid to the collector-treasurer the income thereof. Said trustees shall also investigate all questions relating to the commitment of the insane.

SECTION 33. Section 2 of said chapter 18 is hereby amended by striking out the words "city collector" and inserting in place thereof the word "collector-treasurer".

SECTION 34. Section 3 of said chapter 18 is hereby amended by striking out, in the last sentence, the words "city collector" and inserting in place thereof the word "collector-treasurer".

SECTION 35. Chapter 19 of the Revised Ordinances of 1947 is hereby repealed; and the institutions department, including the office of the commissioner of institutions, is hereby abolished; and the powers, duties and appropriations of said department in relation to the commitment of the insane and to Long Island and the institution thereon belonging to the city, including the viaduct between Long Island and Moon Island and the approaches to said viaduct, are hereby transferred to the hospital department; and the powers, duties and appropriations of the institutions department in relation to all other matters are hereby transferred to the department renamed the welfare department by sections 44 and 68 of this ordinance.

SECTION 36. Chapter 22 of the Revised Ordinances of 1947 is hereby amended by striking out the caption "Park Department" and inserting in place thereof the caption "Parks and Recreation Department".

SECTION 37. Section 1 of said chapter 22 is hereby amended by striking out section 1 and inserting in place thereof the following section:—

Section 1. There shall be in the city a department, known as the Parks and Recreation Commission, which shall be under the charge of a board, known as the Parks and Recreation Commission.

consisting of an officer, known as the Commissioner of Parks and Recreation, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall be chairman of the board, shall devote his whole time to the work, and shall serve in the stead of the chairman of the park commissioners as an associate commissioner of the Boston traffic commission, and four other officers, known as Associate Commissioners of Parks and Recreation, appointed by the mayor. The associate commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one, one year, in the case of another, two years, in the case of another, three years, and in the case of the other, four years, from May 1, 1954. As the term of any such associate commissioner, or of any subsequent associate commissioner, expires, his successor shall be appointed by the mayor for a term of four years. Any vacancy in the office of an associate commissioner shall be filled by the mayor for the unexpired term. The associate commissioners shall serve without pay.

SECTION 38. Said chapter 22 is hereby further amended by striking out section 2 and inserting in place thereof the following section:—

Section 2. The commissioner of parks and recreation shall exclusively have the powers, and perform the duties, of a department head with respect to the making of contracts and the appointment, suspension, discharge, compensation and indemnification of subordinates for the department; but otherwise the board shall have the powers and perform the duties from time to time conferred or imposed on boards of park commissioners of cities in Massachusetts by general laws applicable to Boston and, except as aforesaid, shall also have the powers and perform the duties conferred or imposed by law on the board of park commissioners and board of recreation in existence immediately prior to the taking effect of this ordinance. The board shall further have the powers and perform the duties from time to time conferred or imposed on it by law.

SECTION 39. Section 3 of said chapter 22 is hereby amended by striking out, in the first sentence, the words "park department" and inserting in place thereof the words "parks and recreation department"; and section 4 of said chapter 22 is hereby amended by striking out all after the words "city council" and inserting in place thereof the words "and shall designate the persons to furnish the same"; and section 5 of said chapter 22 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "commissioner of public works".

SECTION 40. Section 8 of said chapter 22 is hereby amended by striking out the words "park department" and inserting in place thereof the words "parks and recreation department".

SECTION 41. Section 10 of said chapter 22 is hereby amended by striking out the words "city treasurer" and inserting in place thereof the word "collector-treasurer".

SECTION 42. The park department, including the board of park commissioners, in existence immediately prior to the taking effect of this ordinance is hereby abolished; and the powers, duties and appropriations of said board with respect to the making of contracts and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the commissioner of parks and recreation created by section 37 of this ordinance; and all other powers, duties and appropriations of said park department are hereby transferred to the parks and recreation department created by said section 37.

SECTION 43. Chapter 25 of the Revised Ordinances of 1947, as amended by chapter 1 of the second series of the Ordinances of 1947 and by section 5 of chapter 3 of the Ordinances of 1952, is hereby repealed; and the public buildings department, including the office of superintendent of public buildings, is hereby abolished; and the powers, duties and appropriations of the superintendent of public buildings with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the commissioner of real property created by section 58 of this ordinance; and all other powers, duties and appropriations of the public buildings department are hereby transferred to the assistant commissioner of real property created by said section 58.

SECTION 44. Chapter 26 of the Revised Ordinances of 1947 is hereby repealed; and the public welfare department is hereby renamed the welfare department.

SECTION 45. Section 1 of chapter 27 of the Revised Ordinances of 1947 is hereby amended by striking out the words "The department of public works shall be under the charge of the commissioner of public works, who shall be a civil engineer of recognized standing in his profession;" and inserting in place thereof the words "There shall be in the city a department, known as the Public Works Department, which shall be under the charge of an officer, known as the Commissioner of Public Works, who shall be a civil engineer of recognized standing in his profession appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected;"

SECTION 46. Said chapter 27 is hereby amended by striking out section 2 and inserting in place thereof the following section:—

Section 2. The commissioner of public works shall have the jurisdiction vested by statute in the board of street commissioners in relation to the planting and removal of trees in the public ways and to the use of public ways for any temporary obstruction or projection in, under or over the same; but such jurisdiction shall only be exercised with the written approval of the mayor in each instance. The commissioner shall also have the powers and perform the duties conferred or imposed by statute on the board of street commissioners in relation to the use of parts of public ways for the storage and sale of merchandise.

SECTION 47. Section 6 of said chapter 27 is hereby amended by striking out, in the last sentence, the words "city collector" and inserting in place thereof the word "collector-treasurer".

SECTION 48. Section 9 of said chapter 27 is hereby amended by striking out, in clause 2, the words "park department" and inserting in place thereof the words "parks and recreation department".

SECTION 49. Section 12 of said chapter 27 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "public improvement commission".

SECTION 50. Said chapter 27 is hereby further amended by striking out section 13 and inserting in place thereof the following section:—

Section 13. The commissioner shall issue such a permit to a building mover actually engaged in the business, for the purpose of moving a building through the streets, on condition the terms of which shall be those stated in section nine of this chapter; provided, that an application for such permit, describing the locations from and to which, and the route over which, the building is to be moved, the length, width and height of the building, and the principal material of its exterior and roof, and accompanied by the written consent of the building commissioner to the placing of the building on the lot proposed, shall be first made to the commissioner. Whenever it appears that the moving of a building will encumber the tracks of any railroad corporation, a public hearing shall be given by the commissioner upon the subject before such permit is issued.

SECTION 51. Section 14 of said chapter 27 is hereby amended by striking out, wherever appearing in said section, the words "street commissioners" and inserting in place thereof, in each instance, the words "public improvement commission"; and section 15 of said chapter 27 is hereby amended by striking out, wherever appearing in said section, the words "street commissioners" and inserting in place thereof, in each instance, the words "public improvement commission".

SECTION 52. Section 20 of said chapter 27 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "public improvement commission".

SECTION 53. Section 23 of said chapter 27 is hereby amended by striking out, in the first sentence, the words "city collector" and inserting in place thereof the words "collector-treasurer".

SECTION 54. Section 28 of said chapter 27 is hereby amended by striking out, wherever appearing in clause 5, the words "the city collector" and "the collector" and inserting in place thereof, in each instance, the word "the collector-treasurer".

SECTION 55. Said chapter 27 is hereby amended by striking out section 29 and inserting in place thereof the following section:—

Section 29. Except as otherwise provided by statute, the commissioner of public works shall have full charge of all engineering work of every nature and description connected with all public works and all public improvements, and shall make such surveys, plans, estimates, statements and descriptions, and take such levels, as any officer of the city may need in the discharge of his duties, and shall have the custody of all surveys and plans relating to the laying out, relocating, altering, widening, constructing, making specific repairs on, and discontinuing public ways and alleys.

SECTION 56. Section 33 of said chapter 27 is hereby amended by striking out the first sentence and inserting in place thereof the following sentence:—The commissioner shall divide the public works department from time to time into a survey division and such other divisions as the commissioner shall adjudge necessary for the proper conduct of the department.

SECTION 57. Said chapter 27 is hereby further amended by striking out sections 35 and 36 and inserting in place thereof the following sections:—

Section 35. The commissioner shall, in his annual report, include a statement of the repairs and expenditures on each street and each bridge under his charge, of the number of times each draw of a bridge has been opened for the passage of vessels, of the number of vessels laden with cargo that have passed through each draw, of the number of water takers and the purposes for which the water is taken, of the number and kind of water meters installed during the previous year, of the number and kind of water meters in use, of the number of cases where the water has been shut off, and of the number and amount of abatements which have been made during the preceding year on water rates.

Section 36. There shall be in the public works department a board, known as the Public Improvement Commission, consisting of the commissioner of public works, the commissioner of real property

and the chairman of the Boston traffic commission, ex officio. The public improvement commission shall not be subject to the supervision or control of the commissioner of public works except as he acts as a member of said commission; but unless otherwise ordered by the mayor, the public improvement commission shall not communicate with the mayor, or make any annual or other report, except through the commissioner of public works. The public improvement commission shall have all powers and perform all duties conferred or imposed by statute on the board of street commissioners except (a) those conferred or imposed on the committee on licenses in the public safety commission by section eight of chapter nine of these ordinances, (b) those conferred or imposed on the commissioner of public works by section two of this chapter and section forty of chapter forty of these ordinances, and (c) those conferred or imposed on the real property board by section one of chapter twenty-seven A of these ordinances.

SECTION 58. The Revised Ordinances of 1947 are hereby further amended by inserting after chapter 27 the following new chapter:—

CHAPTER 27A.

Real Property Department.

Section 1. There shall be in the city a department, known as the Real Property Department, which shall be under the charge of a board, known as the Real Property Board, consisting of an officer, known as the Commissioner of Real Property, appointed by the mayor, who shall be chairman of the board and shall serve in the stead of the chairman of the board of street commissioners as an associate commissioner of the Boston traffic commission, an officer, known as the Assistant Commissioner of Real Property, appointed by the mayor, and three other officers, known as Associate Commissioners of Real Property, who shall be the chairman of the city planning board, ex officio, and two other persons appointed by the mayor. The commissioner of real property and the assistant commissioner of real property shall each be appointed for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected and shall devote their whole time to the work. The associate commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one associate commissioner, one year, and in the case of the other associate commissioner, two years from May 1, 1954. As the term of any such associate commissioner, or of any subsequent appointive associate commissioner, expires, his successor shall be appointed by the mayor for a term of two years. Any vacancy in the office of an appointive associate commissioner shall be filled by the mayor for the unexpired term. The associate commissioners of real property shall receive no compensation for their services as such associate commissioners.

The real property board shall have the powers and perform the duties conferred or imposed on the board of real estate commissioners by chapter 434 of the acts of 1943, as amended, and by chapter 474 of the acts of 1946, as amended. The real property board shall also have the powers and perform the duties conferred or imposed by statute on the board of street commissioners in relation to the abatement of taxes. The real property board shall divide the real property department from time to time into such divisions as said board shall adjudge necessary for the proper conduct of the department.

Section 2. The mayor shall appoint from the real property board a committee consisting of the chairman and two other members to be known as the Committee on Foreclosed Real Estate. Said committee shall have the powers and perform the duties conferred or imposed by law on the committee on foreclosed real estate established under section 4 of chapter 434 of the acts of 1943.

Section 3. The commissioner of real property shall have the powers and perform the duties conferred or imposed on the chairman of the board of real estate commissioners by chapter 434 of the acts of 1943, as amended, and shall exclusively have the powers, and perform the duties of a department head with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates for the real property department (and the several officers thereof), including an auctioneer, who shall have the powers and perform the duties prescribed for the auctioneer in the office of the board of real estate commissioners by section 2A of chapter 632 of the acts of 1943 as amended by section 3 of chapter 633 of the acts of 1951, and including also a superintendent of markets, who, subject to the supervision and control of the assistant commissioner of real property, shall have the charge and control of Faneuil-hall market and Faneuil-hall market limits; shall preserve order therein; shall make such changes, and place or allow to be placed in said market such pipes, drains, and other appliances, as he may deem proper; and shall take and forthwith destroy any article of food which in his opinion is diseased, unwholesome, or tainted, and is kept for sale within such market limits. Said superintendent may assign stands within such market limits for the sale of provisions and other articles, and may, at the expense of the owner thereof, remove from one place or stand to another within such

limits, or to, and to be kept in, a proper storage place until the expense is paid, any merchandise, vehicle or animal, not under the charge of any person, or not immediately so removed on the direction of said superintendent or his deputies.

Section 4. The assistant commissioner of real property shall have the care, custody and management of, shall make all repairs in and upon, and shall keep in repair the furniture of, all buildings and parts of buildings belonging to or hired by the city, not wholly in charge of one department, or for which no other provision is made by statute or ordinance, whether the same are used for city or county purposes, and may, with the approval of the mayor, hire such buildings or rooms as may be required for such purposes; shall have the care and control of the city hall and the city hall annex; shall have the care and custody of the flags belonging to the city hall and to the old state house; shall display the national flag upon the city hall on every day, except Sundays, weather permitting; shall have charge of all city property in the armories provided by the city for the militia; and shall cause to be included in the annual report of the real property board a statement of the kind and amount of city property in such armories, of all buildings belonging to or used by the city, and of the land and appurtenances thereof, of the condition of such buildings and land, and the nature and amount of the expenditures that have been made during the preceding year relative thereto.

Section 5. The assistant commissioner of real property shall have the care, custody and management of Faneuil hall, shall, weather permitting, every day except Sundays, display the national flag upon the building in which said hall is located, shall, upon vote of the city council approved by the mayor, permit the use of said hall, and shall be paid therefor in advance, for opening, heating, lighting, and closing said hall, unless such vote shall otherwise provide, in the daytime a fee of fifteen dollars and in the evening or on Sunday a fee of twenty-five dollars, and shall hold all persons signing the application for such permit jointly and severally liable for all damage done to said hall at or in connection with the meeting for which such permit is granted.

Section 6. The assistant commissioner of real property shall lease, from time to time, by instruments approved as to form by the corporation counsel and approved in writing by the mayor, the stalls, cellars, and second floor in Faneuil hall market for terms of three years from October 1, 1933, and at the expiration of such leases for further terms of three years, at the rents established by the city council and upon such other terms and conditions as may be approved by the corporation counsel and the mayor.

Section 7. The assistant commissioner of real property shall have the care, custody and management of the Dillaway house, so called, in the Roxbury district of the city, may establish rules and regulations for the use and preservation of said house as a historical relic of the revolutionary war, and may upon vote of the city council approved by the mayor, let or lease the whole or any part of said house to a historical society or other association organized for historical purposes.

Section 8. The assistant commissioner of real property shall designate the places named in orders of the city council, a suitable room to be used for a ward-room for the ward in which it is situated. If any such room cannot be so used at any time, said assistant commissioner shall provide accommodation elsewhere for any public meeting in such ward for which he shall issue a permit.

Section 9. The assistant commissioner of real property shall have the care and custody of, shall determine the use of, and provide for opening, closing, lighting, and heating the ward-rooms; shall frame and keep in some conspicuous place therein a copy of this and the following section, and as soon as a list or a revised list of voters in a ward is prepared by the election commissioners shall keep posted or hung up a copy thereof in the ward-room of the ward in such a manner as to be readily accessible to the public, and such copies shall be altered, revised or removed only under the direction of the election commissioners or said assistant commissioner.

Section 10. The assistant commissioner of real property, when a written application (containing a copy of the call for a meeting notifying all persons who may be present that it will be subject to the provisions of this section) is made to him by not less than five legal voters of a ward for the use of a ward-room for the purpose of holding such meeting, and when he is paid such sum of money as will in his opinion be sufficient to defray the expense of opening, lighting, heating, and closing the ward-room during the time specified in the permit, may issue a permit for the use of such ward-room, which permit may at any time be revoked by the mayor. Said assistant commissioner shall specify in the permit the time and purpose of the meeting, and that the meeting will be subject to the following provisions, viz.: Only legal voters in the ward in which such meeting is held, and to whom no objection is made by the majority of such applicants as are present or by the presiding officer of such meeting, shall mark or vote, or remain at such meeting, and the members of the police force present shall keep the peace at such meeting, obey the lawful orders of, and remove such persons as shall be designated by, the majority of such applicants as are present, or after the election of a presiding officer of the meeting, such persons as shall be designated by such presiding

officer. Said assistant commissioner shall request the police commissioner to detail police sufficient to enforce such provisions.

Section 59. Chapter 28 of the Revised Ordinances of 1947 is hereby repealed; and the real estate department, including the board of real estate commissioners, is hereby abolished; and the powers, duties and appropriations of the real estate department, the board of real estate commissioners, the committee on foreclosed real estate, and the chairman of said board are hereby respectively transferred to the real property department, the real property board, the committee on foreclosed real estate, and the commissioner of real property created by section 58 of this ordinance.

Section 60. Chapter 29 of the Revised Ordinances of 1947 is hereby repealed; and the registry department, including the office of city registrar, is hereby abolished; and the powers, duties and appropriations of the city registrar with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the health commissioner; and all other powers, duties and appropriations of the registry department are hereby transferred to the registry division created in the health department by section 31 of this ordinance.

Section 61. Chapter 31 of the Revised Ordinances of 1947 is hereby repealed; and the sinking funds department, including the board of commissioners of sinking funds, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the board of commissioners of sinking funds created in the treasury department by section 64 of this ordinance.

Section 62. Chapter 33 of the Revised Ordinances of 1947, as amended by chapter 7 of the Ordinances of 1950, is hereby repealed; and the street laying out department, including the board of street commissioners, is hereby abolished; and the powers and duties conferred or imposed on the board of street commissioners by chapter 148 of the General Laws, as amended, by chapter 377 of the acts of 1913, as amended, by chapter 483 of the acts of 1924, as amended, and by chapter 349 of the acts of 1933, and the appropriations of the street laying out department pertaining to all such powers and duties, are hereby transferred to the committee on licenses created in the public safety commission by section 25 of this ordinance; and the powers and duties conferred or imposed by statute on the board of street commissioners in relation to the abatement of taxes, and the appropriations of the street laying out department pertaining to such powers and duties, are hereby transferred to the real property department created by section 58 of this ordinance; and the powers, duties and appropriations of the street laying out department in relation to all engineering work and the custody of all surveys and plans pertaining to the laying out, relocating, altering, widening, constructing, making specific repairs on, and discontinuing public ways and alleys, and the powers and duties of the board of street commissioners in relation to the designation of streets for coasting, the planting and removal of trees in the public ways, the use of public ways for any temporary obstruction or projection in, under, or over the same, and the use of parts of public ways for the storage and sale of merchandise, and the appropriations of the street laying out department pertaining to all such powers and duties, are hereby transferred to the public works department; and all other powers and duties of the board of street commissioners, and all other appropriations of the street laying out department, are hereby transferred to the public improvement commission created in the public works department by section 57 of this ordinance.

Section 63. Chapter 35 of the Revised Ordinances of 1947 is hereby repealed.

Section 64. The Revised Ordinances of 1947 is hereby amended by striking out chapter 36, as amended by chapter 4 of the Ordinances of 1948, and inserting in place thereof the following chapter:—

CHAPTER 36.

Treasury Department.

Section 1. There shall be in the city a department, known as the Treasury Department, which shall be under the charge of an officer, known as the Collector-Treasurer, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall have the powers and perform the duties from time to time conferred or imposed on him by law, shall also have the powers and perform the duties conferred or imposed by law on the offices of city collector and city treasurer in existence immediately prior to the taking effect of this ordinance (including the powers and duties conferred or imposed by section 7 of chapter 434 of the acts of 1943), and shall further have the powers and perform the duties from time to time conferred or imposed on collectors of taxes and treasurers of cities in Massachusetts by general laws applicable to Boston. The collector-treasurer shall divide the treasury department from time to time into such divisions as he shall adjudge necessary for the proper conduct of the department.

Section 2. The collector-treasurer may, with the written approval of the mayor in each instance, appoint three assistant collector-treasurers, each of whom shall be sworn to the faithful performance

of his duties and shall perform under the direction of the collector-treasurer such duties as shall from time to time be assigned to him by the collector-treasurer. Any assistant collector-treasurer may, at such times as he shall have been so authorized by written designation signed by the collector-treasurer, approved by the mayor and filed with the city clerk and such authorization shall not have been revoked in like manner, exercise the powers and perform the duties of collector-treasurer in relation to such matters as may be specified in such designation.

Section 3. The collector-treasurer may appoint such deputy collectors (including a chief deputy collector) as the service may be found to require, who shall have like power as the collector-treasurer to receive any tax, assessment, account, debt or claim payable to the city or county and to serve any bill, demand, notice or other paper of the collector-treasurer and make affidavit of the manner of such service, and, in addition thereto, shall have power to give notice of, serve and execute any warrant committed to him by the collector-treasurer under section 34 of chapter 60 of the General Laws, and in the service and execution thereof shall have all the powers and duties of a collector of taxes.

Section 4. The collector-treasurer shall require from each of his subordinates, before each enters upon the duties of his office or position and annually thereafter and at such other times as the collector-treasurer shall determine, for the faithful discharge of his duties and trusts and the safe custody and lawful disposition of all money and other property belonging to the city or county which may come into his possession, a bond running to the collector-treasurer with a surety company authorized to transact business in Massachusetts as surety in the penal sum, in the case of an assistant collector-treasurer, of two hundred thousand dollars, and in the case of every other permanent employee, of not less than five, nor more than fifty, thousand dollars as the collector-treasurer shall in each case prescribe.

Section 5. The collector-treasurer shall collect and receive all taxes and assessments payable to the city or county, whether committed to him or outstanding at the time of his appointment. He shall also collect and receive all accounts, debts and claims payable to the city or county, and in the collection thereof shall have all the remedies provided by sections 35, 36 and 93 of chapter 60 of the General Laws. He shall further collect and receive, except where other provision is made, all other money to be paid to, or for the use of, the city or the county. He shall have custody of all leases from the city. He shall, whenever a water rate is paid, immediately notify the commissioner of public works of such payment.

Section 6. The collector-treasurer shall receive, receipt for, and have the care and custody of, the current funds of the city from the time the same shall come into his possession, and also of all money, property, and securities which may come into his possession by virtue of any statute or ordinance, or as a gift, devise, bequest, or deposit; may deposit any portion of such current funds in such savings banks or trust companies organized under the laws of Massachusetts and doing business in Boston or such national banks doing business in Boston or such national bank or trust company in the city of New York, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the mayor, provided, however, that no such deposit shall be made except in conformity with law, shall, with the mayor and the city auditor, sign all bonds and certificates of indebtedness issued by the city; shall preserve all bids for loans, and papers relating thereto; and shall, if elected, serve as treasurer of the board of commissioners of sinking funds. If the collector-treasurer is elected treasurer of said board, his bond as collector-treasurer shall apply to and include his duties as treasurer of said board.

Section 7. The collector-treasurer shall pay over to the board of commissioners of sinking funds all money received by him from assessments laid or to be laid on account of betterments from public improvements the expenses of which were paid for by the proceeds of loans, and all sums received from the sale or lease of city property purchased out of the proceeds of loans, except where provision to the contrary is made by statute or ordinance, to be by them credited to the sinking funds established for such loans, or in case of serial loans to be held by them toward paying the installments as they fall due. The collector-treasurer shall also pay all drafts, checks and other orders directed to him by the city auditor, in accordance with these ordinances, for the payment of bills and demands against the city; shall on presentation pay every execution against the city, when approved by the corporation counsel, even if the appropriation to which the execution is chargeable is not sufficient to meet it; shall pay on presentation when due all bonds issued by the city and the interest on the same; shall cancel all bonds and coupons and daily deliver to the city auditor the bonds and executions paid during the day; shall at the close of business on the last day of each month deliver to the city auditor the coupons paid during such month and a statement of the total amount paid for interest during such month; and shall use and apply as the city council may direct all property, money and securities in his care and custody at the close

of each financial year for the application of which no other provision has been made.

Section 8. The collector-treasurer shall, on or before the tenth day of each month, render to the mayor a statement of the receipts and payments of the treasury department for the preceding month and a summary of the like items for the current financial year up to the close of the preceding month.

Section 9. The collector-treasurer may make payments to school teachers, school building custodians, policemen, witnesses, jurors, and persons employed in and about the various departments and institutions of the city and of the county, in such of the public buildings in the different sections of the city, or upon such public works, as he may designate, and as will best facilitate such payments and prevent the loss of time by the persons receiving them.

Section 10. The collector-treasurer, unless the donors have otherwise directed, shall receive all properties given, devised or bequeathed to, or deposited with, the city for any specific purpose, and shall use the same, or the income thereof, as designated in the gift, devise, bequest or deposit. If the income only is to be used, he shall hold the properties as permanent funds. He shall invest and keep invested the said permanent funds in bonds, notes or certificates of indebtedness of the United States or of the commonwealth or of any city or town within the commonwealth. For the purpose of investment and reinvestment he shall have power from time to time in his discretion to sell or exchange any of the securities of which any of the said permanent funds consist; but all purchases, exchanges and sales shall be with the written approval of the mayor.

Section 11. The collector-treasurer shall use the income of the police charitable fund for the relief of persons in necessitous circumstances who shall be found by the police commissioner to have been honorably discharged from the police force by reason of sickness, age or other disability, or to be the widows or orphans of police officers who have died while in the service of the city; and may monthly pay to such persons the amount of such income determined and allowed by the police commissioner, with the approval of the mayor, on a monthly payroll sent to the city auditor.

Section 12. There shall be in the treasury department a board, known as the Board of Commissioners of Sinking Funds, consisting of six commissioners appointed by the mayor. The commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of two commissioners, one year, in the case of two other commissioners, two years, and in the case of two other commissioners, three years, from May 1, 1954. As the term of any such commissioner, or of any subsequent commissioner, expires, his successor shall be appointed by the mayor for a term of three years. Vacancies in the board shall be filled by the mayor for the unexpired term. The members of the board of commissioners of sinking funds shall serve without compensation.

The board of commissioners of sinking funds shall not be subject to the supervision or control of the collector-treasurer; but unless otherwise ordered by the mayor, said board shall not communicate with the mayor or make any annual or other report, except through the collector-treasurer.

The board of commissioners of sinking funds shall have the powers and perform the duties from time to time conferred or imposed on it by law, shall also have the powers and perform the duties conferred or imposed by law on the board of commissioners of sinking funds in existence immediately prior to the taking effect of this ordinance, and shall further have the powers and perform the duties from time to time conferred or imposed on sinking fund commissioners of cities in Massachusetts by general laws applicable to Boston. The board of commissioners of sinking funds shall, when a debt of the city becomes due, pay over to the collector-treasurer so much of the funds held as a sinking fund for such debt as may be required for the payment of such debt.

Section 65. The treasury department is hereby reorganized by abolishing the office of city treasurer and substituting therefor the office of collector-treasurer provided for by section 64 of this ordinance; and the powers, duties and appropriations of the city treasurer are hereby transferred to the collector-treasurer substituted for him.

Section 66. The Revised Ordinances of 1947 are hereby further amended by striking out chapter 37 and inserting in place thereof the following chapter:—

CHAPTER 37.

Veterans Services Department.

Section 1. There shall be in the city a department, known as the Veterans Services Department, which shall be under the charge of an officer, known as the Veterans Benefits and Services Commissioner, who shall be a veteran as defined in section 1 of chapter 115 of the General Laws, shall be appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, and shall have the powers and perform the duties from time to time conferred or imposed by statute upon the soldiers' relief commissioner of Boston, veterans' agents appointed under section 3

of said chapter 115, and directors of veterans' services appointed under section 10 of said chapter 115.

Section 2. The veterans benefits and services commissioner may divide the veterans services department from time to time into such divisions as he may deem necessary for the proper conduct of the department, and, with the written approval of the mayor in each instance, may appoint such deputy, and such assistant veterans benefits and services commissioners as he may from time to time deem necessary; provided, however, that no person other than a veteran as defined in said section 1 shall be eligible for such appointment.

Section 3. There shall be in the veterans services department an officer, known as the Supervisor of Veterans Graves and Registration, appointed by the mayor, who shall have the powers and perform the duties from time to time conferred or imposed by general laws applicable to Boston on persons appointed under section 9 of chapter 115 of the General Laws. The supervisor of veterans graves and registration shall not be subject to the supervision or control of the veterans benefits and services commissioner; but unless otherwise ordered by the mayor, such supervisor shall not communicate with the mayor, or make any annual or other report, except through such commissioner.

Section 67. The department of veterans services, including the offices of director of veterans services and commissioner of soldiers relief, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the veterans services department created by section 66 of this ordinance. The office of supervisor of veterans graves and registration in existence immediately prior to the taking effect of this ordinance is hereby also abolished; and the powers, duties and appropriations of said office are hereby transferred to the supervisor of veterans graves and registration created in the veterans services department by section 66 of this ordinance.

Section 68. The Revised Ordinances of 1947 are hereby further amended by inserting after chapter 37, as amended by section 66 of this ordinance, the following chapter:—

CHAPTER 37A.

Welfare Department.

Section 1. There shall be in the city a department, known as the Welfare Department, which shall be under the charge of the overseers of the public welfare who shall have the powers and perform the duties from time to time conferred or imposed on them by law; shall have the powers and perform the duties conferred or imposed by statute on the directors of the house of industry, the board of directors for public institutions, the commissioners of public institutions, the institutions commissioner, the institutions registrar, the trustees for children, the pauper institutions trustees, the Boston infirmary trustees and the commissioner of institutions except in relation to matters within the jurisdiction of the penal institutions commissioner, matters concerning the insane, and matters pertaining to Long Island and the institution thereon belonging to the city, including the viaduct between Long Island and Moon Island and the approaches to said viaduct; shall have the powers and perform the duties from time to time conferred or imposed on boards of public welfare of cities in Massachusetts by general laws applicable to Boston; shall have charge of the Charity building and temporary home on Chardon street, and the Lodge for Wayfarers on Hawkins street, and may make and enforce all such rules and regulations as they may deem expedient in relation thereto.

Section 2. Such person as the overseers of the public welfare may from time to time designate, after giving bond to the city in the penal sum of one hundred thousand dollars for the faithful discharge of his duties and trusts and the safe custody and lawful disbursement of all public money intrusted to him, which bond shall be executed by a surety company authorized to transact business in Massachusetts as surety, approved by the mayor, filed with the city auditor, and renewed annually and at such other times as the mayor shall determine, shall act as an authorized official of the city to disburse all relief, aid and assistance of every name and nature furnished by or under the supervision of, the overseers; and all moneys appropriated for the purpose of furnishing such relief, aid and assistance and all moneys received by the city for such purposes shall, upon requisition made by the overseers with the approval of the city auditor and the mayor, be paid by the collector-treasurer to such authorized official for disbursement as aforesaid.

Section 69. Chapter 38 of the Revised Ordinances of 1947 is hereby repealed; and the weights and measures department, including the office of sealer of weights and measures, is hereby abolished; and the powers, duties and appropriations of the sealer of weights and measures with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the health commissioner; and all other powers, duties and appropriations of the weights and measures department are hereby transferred to the health department by section 31 of this ordinance.

Section 70. Section 29 of chapter 40 of the Revised Ordinances of 1947 is hereby amended by

striking out the words "director of markets" and inserting in place thereof the words "superintendent of markets".

Section 71. Section 31 of said chapter 40 is hereby amended by striking out the words "director of markets" and inserting in place thereof the words "superintendent of markets".

Section 73. Section 40 of said chapter 40 is hereby amended by striking out the words "board of street commissioners" and inserting in place thereof the words "commissioner of public works with the written approval of the mayor".

Section 74. Section 57 of said chapter 40 is hereby amended by striking out the words "park commissioners" and inserting in place thereof the words "parks and recreation commission".

Section 75. Section 58 of said chapter 40 is hereby repealed.

Section 76. Section 76 of said chapter 40 is hereby amended by striking out the words "park commissioners" and inserting in place thereof the words "parks and recreation commission".

Section 77. Section 82 of said chapter 40 is hereby amended by striking out the words "superintendent of public buildings" and inserting in place thereof the words "assistant commissioner of real property".

Section 78. Section 83 of said chapter 40 is hereby amended by striking out the words "superintendent of public buildings" and inserting in place thereof the words "assistant commissioner of real property".

Section 79. Section 10 of chapter 41 of the Revised Ordinances of 1947, as amended by section 3 of chapter 4 of the Ordinances of 1953, is hereby further amended by striking out, in the last sentence, the words "superintendent of public buildings" and inserting in place thereof the words "assistant commissioner of real property".

Section 80. Section 18 of said chapter 41, as amended by section 1 of chapter 6 of the Ordinances of 1953, is hereby further amended by striking out the words "board of park commissioners" and inserting in place thereof the words "parks and recreation commission".

Section 81. Section 19 of said chapter 41 is hereby amended by striking out the words "park commissioners of the city of Boston" and inserting in place thereof the words "parks and recreation commission".

Section 82. Section 22 of said chapter 41, as most recently amended by chapter 5 of the Ordinances of 1953, is hereby further amended by striking out, in clause 24, the words "Street Laying-Out Department" and inserting in place thereof the words "Public Works Department".

Section 83. Section 24 of said chapter 41, as amended by chapter 1 of the Ordinances of 1952, is hereby repealed.

Section 84. Section 26 of said chapter 41 is hereby amended by striking out the words "park commission" and inserting in place thereof the words "parks and recreation commission".

Section 85. Sections 32 and 33 of said chapter 41 are hereby repealed; and the board of recreation is hereby abolished; and the powers, duties and appropriations of said board with respect to the making of contracts and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the commissioner of parks and recreation created by section 37 of this ordinance; and all other powers, duties and appropriations of said board are hereby transferred to the parks and recreation department created by said section 37.

Section 86. Every person holding an office or position subject to the civil service laws and rules shall, if the office or position is abolished by this ordinance, be reappointed without civil service examination or registration to a similar office or position with similar status in a new department or agency, or division of either, created, or a department or agency, or division of either, not abolished, by this ordinance; and every such person shall, upon such reappointment, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to him; and his services shall be deemed to have been continuous to the same extent as if such abolition had not taken place. As used in this section, the term "agency" shall be construed as defined in section 5 of chapter 486 of the acts of 1909 as amended by section 1 of chapter 473 of the acts of 1953.

Section 87. This ordinance shall be deemed to be made under section 5 of chapter 486 of the acts of 1909, as amended by section 1 of chapter 473 of the acts of 1953, and shall be so construed that no person holding, whether under general or special law or otherwise, an office or position subject to the civil service laws and rules shall, by reason of the adoption of this ordinance, be without a similar office or position or be reduced in rank, grade or compensation.

Section 88. Anything in this ordinance to the contrary notwithstanding, all rules, regulations, orders, votes and resolutions adopted, passed or promulgated by any board or officer abolished or reorganized by this ordinance shall, if in full force and effect when this ordinance takes effect, remain in full force and effect until amended, altered or repealed by the board or officer succeeding under this ordinance to the powers and duties of the board or officer so abolished or reorganized.

SECTION 89. Anything in section 3 of chapter 1 of the Revised Ordinances of 1947 to the contrary notwithstanding, this ordinance shall be published by the action of the city council in passing the same.

SECTION 90. This ordinance shall take effect on the first day of the month next succeeding the month in which the annual budget for the current year shall become effective.

The report of the committee was accepted. The ordinance "Reorganizing the Assessing Department," was passed, yeas 7, nays 0;

Yeas—Councillors Ahearn, Foley, Hailer, Kerrigan, McCormack, McLaughlin, White—7.

Nays—0.

Voting Present—Councillors Hurley, Piemonte—2.

The question then came on the passage of the ordinance "Reorganizing Certain Boards and Departments of the City," as submitted by the committee.

Coun. FOLEY moved to strike out section 83 of the foregoing ordinance. The motion was lost. The ordinance "Reorganizing Certain Boards and Departments of the City," as submitted by the committee, was passed.

The ordinance as submitted by the Mayor was rejected.

Adjourned at 5.58 P.M., on motion of Councillor Piemonte, to meet on Monday, March 1, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 4, 1954.

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building, 15 Beacon Street, at 11:20 o'clock A.M.

Present: Mr. Carr, Miss Fitzgerald, Mr. Lee, Mr. Musco, and Mr. Ward. (Mr. Ward left early).

The meeting was called to order by Mr. Joseph Lee, the senior member.

Mr. Lee: Under the provisions of Chapter 376 of the Acts of 1951—An Act Amending and Clarifying Certain Sections of the Act Providing Three Optional Plans of City Government in the City of Boston—the membership of the School Committee for the year 1954 is:

Mr. William F. Carr
Miss Mary K. Fitzgerald
Mr. Joseph Lee
Mr. Louis F. Musco
Mr. Michael J. Ward

The first meeting of the year of the School Committee is held for the purpose of organization of the body. I am presiding as Chairman pro tempore, being the member whose original election is of the earliest date.

Mr. Lee: Now, as to the business of the first meeting, I cannot help commenting that the United States of America is not governed. It is presided over. And so the School Committee of Boston, a much older institution and one which, with other committees in the Colonial seaboard, gave inspiration to the formation of our Federal Government, is likewise not governed but presided over.

MEMBERS-ELECT OF SCHOOL COMMITTEE

The following communication was received:

City of Boston
Board of Election Commissioners

January 4, 1954.

Miss Agnes E. Reynolds,
Secretary of the School Committee

My Dear Miss Reynolds:

You are hereby notified that at the ceremonies incidental to the inauguration of the City Council of Boston, held at the City Council Chamber, City Hall, on Monday, January 4, 1954, at 10 o'clock A.M.

William F. Carr, 390 K Street, Mary K. Fitzgerald, 7 Champney Place, Joseph Lee, 43 South Russell Street, Louis F. Musco, 111 Church Street, Michael J. Ward, 51 Wallingford Road having been duly elected to be members of the School Committee of the City of Boston, appeared and were sworn as such members.

Attest:

(Signed) W. J. Malloy
City Clerk

Placed on file.

ADMINISTRATION OF ANTI-COMMUNIST OATH TO MEMBERS OF SCHOOL COMMITTEE

Mr. Lee: I will ask my colleagues if they would like to hear from the Corporation Counsel, Mr. Baxter, in regard to a form of oath which previous School Committees have taken and

which I would like the Committee to hear if you would kindly explain, Mr. Baxter.

Corporation Counsel Baxter: Mr. Chairman and members of the committee, I have just placed a card in front of you which contains the oath for the members of the School Committee relative to communists, communism, and communistic organizations.

I would ask you all to stand, and I will swear you. Then, after you have been sworn, you will kindly sign the card and I will take your oath.

(Members sworn.)

ELECTION OF CHAIRMAN

Mr. Lee: Ladies and gentlemen, we have now been sworn twice, both at City Hall and here, to give the service expected of us and loyalty to the people and to the Republic, and I think we should get on, and we are ready to get on, with the business, which I think is the election of a presiding officer or chairman.

Is there any objection to going forward with that business?

Mr. Ward: Mr. Chairman, I move we proceed to the election of a chairman, and I nominate William F. Carr for Chairman of this Committee.

Mr. Lee: There are no objections to proceeding with that business. We have heard the nomination by Mr. Ward of Mr. William F. Carr as Chairman. Are there any further nominations for Chairman of the Committee? If there are no further nominations, we will put the matter to a vote.

The only nominee as of the moment is Mr. William F. Carr. May I pause to ask the Committee whether they are willing to vote by viva voice, so to speak?

Mr. Ward: I think you call the roll, Mr. Lee.

Mr. Lee: If you are ready to vote, I will ask the Secretary to call the roll.

Mr. Carr: Mr. Chairman, may I be permitted to vote last in the calling of the roll? In other words, would you permit my name to be called last?

Mr. Lee: I am sure I have no objection to that.

On roll call the members respectively voted as follows:

For WILLIAM F. CARR—Miss Fitzgerald, Mr. Lee, Mr. Musco, and Mr. Ward—4.

PRESENT—Mr. Carr—1.

The Chair declared William F. Carr elected Chairman. Mr. Carr assumed the Chair.

Mr. Lee: Mr. Carr is to be congratulated on his unanimous election. I have enjoyed my term as Chairman of the School Committee very much and for that reason take double pleasure in turning the gavel over to Mr. Carr who was more competently elected than myself.

(Recess.)

Chairman: The meeting will be in order.

I am very grateful to my colleagues for the great honor which they have conferred upon me today. The chairmanship of the Boston School Committee is a very important post. I appreciate the challenge that it offers. I might say that we can now look forward to the dawn of a new era in School Committee and school relationships, and we hope that everyone will work together to the end that the children of Boston will get the best possible education, their parents and other taxpayers will be satisfied with the conduct of the schools, and the teachers, administrators and other school personnel will be treated with dignity and justice.

No progress can come of dissension. Morale must be built upon respecting and rewarding the services of the individuals and groups who compose the Boston School System.

Let us not forget that the public pays for the schools. We must respect its wishes. What happens when the voters are bypassed and School Committee members pretend to think for them was eloquently demonstrated in the last election.

Personally, as a parent, I believe that today our youngsters need not a headful of helpful hints but a solid education in the traditions and cultures of the past as well as the problems of the present and future. Our schools should promote democratic education but the beauty of the adjective should not depreciate the value and necessity of the noun. We must have formative discipline which alone can promise proficiency in doing and thinking.

We must continue to develop a sense of responsibility in our students. There is grave danger for society when its youth are unchallenged in the impression that there can be reward without quest, wages without work, a master's prestige without a master's skill and national security without individual sacrifice.

Today the tendency in some schools is to reward equally the good, bad and indifferent. Can we prepare our children for life by wrapping their minds in the illusion that achievement and negligence should receive the same reward?

Our teachers direct the energies of America's and our greatest resources—our school children. Tomorrow's peace and prosperity must come from these children. So we should see to it that they are well trained.

The old order must of necessity yield to the new but Boston, in the words of the poet Alexander Pope, should not "be the first by which the new is tried nor yet the last to lay the old aside."

Radical innovations are not so desirable as a continuous exami-

nation and gradual revision of administration and teaching practices. Consolidations, I might add, come under this heading.

In closing, may I say that the actions of the School Committee under Plan A will be appraised every two years by the voters. We represent the people who pay the bills. Our responsibility is to formulate the policies while the school authorities carry them into effect. We are the employers; they are the employees. Harmony must prevail if the children and the public are to be best served.

I think that I speak for every member of the new Committee when I dedicate our efforts to enhancing the prestige and preeminence of Boston in the field of education. We hope to be the servants and true representatives of the people and allow the professional personnel to run the schools.

ELECTION OF TREASURER

The Committee will now proceed to the election of a Treasurer of the Boston School Committee.

Secretary: Do you want to make a nomination, or shall I just call the roll?

Chairman: Just as the members of the Committee feel. The Chairman is open for nominations for the position of Treasurer. I will entertain any nominations.

Miss Fitzgerald: I nominate Mr. Joseph Lee.

Mr. Lee: I would rather not serve, Mr. Chairman. I would like to nominate Mr. Musco.

Chairman: The name of Mr. Louis F. Musco has been put in nomination for Treasurer of the Boston School Committee. Any other nomination?

On roll call the members respectively voted as follows:

For LOUIS F. MUSCO—Miss Fitzgerald, Mr. Lee, and Mr. Carr—3

PRESENT—Mr. Musco—1

ABSENT—Mr. Ward—1.

Louis F. Musco was declared elected as Treasurer of the Corporation.

Mr. Lee: Mr. Chairman, before you go ahead to new business, could I just express my accord with your opening statement, especially that part which seemed to urge a more vital appreciation of our Republic and its principles of independent action in the minds of our youngsters.

Chairman: Thank you very much, Mr. Lee.

COMMISSIONER OF SCHOOL BUILDINGS

Chairman: As your Chairman of this new Boston School Committee, may I respectfully present for your consideration the following necessary and urgent orders:

WHEREAS, The preceding Committee at the meeting on Monday, December 28, 1953, made an appointment to fill a vacancy on the Board of Commissioners of School Buildings in direct violation of the Massachusetts Statutes, be it

ORDERED, That the appointment of John A. Breen as a member of the Board of Commissioners of School Buildings be rescinded for the following reasons:

Chapter 351 of the Acts of 1929 provides in part that the "Commissioners of School Buildings of the City of Boston hereinafter referred to as the Board of Commissioners, is hereby established and shall consist of three citizens of Boston who otherwise are neither officials nor employees of said city."

John A. Breen, the appointee of the preceding Committee was at the time of his appointment and is now an official of the City of Boston serving as Chairman of the Zoning Board for the City of Boston.

Therefore, the appointment of John A. Breen, the present Chairman of the Zoning Board of the City of Boston, being in direct violation of the Statute, be it

ORDERED, That his appointment be declared null and void because of its illegality and be it further

ORDERED, That a vacancy now exists on the Board of Commissioners of School Buildings of the City of Boston because of the resignation of Richard V. Barry, which was accepted by the preceding School Committee on December 28, 1953.

Miss Fitzgerald: Mr. Chairman, do we move to adopt those orders?

Chairman: I believe we should.

Miss Fitzgerald: Then I move the adoption of the orders as read by the Chairman.

Having been present at the meeting of the School Committee on Dec. 28, 1953, when this appointment was made, I know the facts surrounding the situation and I do not feel that this appointment would represent the viewpoint of this incoming School Committee, aside from the points brought out here that it is an illegal appointment under the Massachusetts Statutes.

I therefore move the adoption of the orders as read by the Chairman.

Mr. Musco: Mr. Chairman, may I recommend that the official name of the board be changed to its proper title, and that is the Board of Zoning Adjustment, in place of the Zoning Board?

Chairman: In the order?

Mr. Musco: Yes.

Chairman: All right. Would you read that again for the Secretary?

Secretary: Chairman of what board, please, Mr. Musco?

Mr. Musco: Board of Zoning Adjustment.

Chairman: Of the City of Boston.

Mr. Lee: Mr. Chairman, as a new member on the present Committee, there is quite a bit of material here that is rather hard to digest on the instant. There are various references to the laws here; and even if I were a lawyer, it would take some time to look up the different laws pertaining to this position. Nor have I heard any debate on the merits of the man who was elected at the last meeting of the Committee, although I presume there would be debate on any nominations that might be made were that man's nomination to be rescinded.

I further do not know to what extent a Committee has power to rescind an appointment. If the School Committee could rescind the appointment of its appointee on the Board of Commissioners of School Buildings at any time, then such a Commissioner would always be at the mercy of a School Committee and at its pleasure.

I rather imagine, Mr. Chairman, there are various legal points of a rather abstruse and poignant sort involved, and I would think that the legal aspects would be submitted to the Corporation Counsel, with the Corporation Counsel present for consultation; and then, having gotten that far, that the Committee would then argue about the merits.

However, I very much doubt whether this Committee has power to rescind an appointment. It certainly violates the whole conception of—

Miss Fitzgerald: Mr. Chairman, I do not believe the orders rescind such an appointment, if I may say so, although I have no objection to consultation regarding all these orders with the Corporation Counsel.

I think that may be a very good thing to do. However, I feel that the import of these orders is that when this person was nominated to the Board of Commissioners of School Buildings his eligibility for that position was in question under the present statute, Chapter 351 of the Acts of 1929, which says that that Board of Commissioners should consist of three citizens of Boston who otherwise are neither officials nor employees of said City, and the person who was appointed to that Board on Dec. 28, 1953, was at that time an official of the City of Boston.

So, therefore, it is not a rescinding of an appointment.

Mr. Lee: Mr. Chairman, on that point at least the word "rescind" is used. I haven't quite gotten the context in the second paragraph in the last line. At least I see something to the effect: "Be it ordered that the appointment of John A. Breen as a member of the Board of Commis-

sioners of School Buildings be rescinded for the following reasons."

Chairman: Have you a copy of Chapter 351 of the Acts of 1929, Miss Reynolds?

There will be a five minute recess.

(Recess)

Chairman: The meeting will be in order.

In reply to Mr. Lee, we have instructed the Secretary to write to the Corporation Counsel to obtain a formal opinion on this matter, and we will now recess this meeting until two-thirty this afternoon.

Mr. Musco: Mr. Chairman, before that is done may I ask that you change the word "rescinded" to "he deemed invalid?"

Any objections?

Miss Fitzgerald: That is a very good change.

Chairman: No objections?

The meeting stands recessed until two-thirty this afternoon.

(Recess)

APPROVAL OF MINUTES

The reading of the minutes of the meeting of Oct. 5, 1953, was omitted, the Committee approving them as printed.

Mr. Musco: I have a question, Mr. Chairman. We are going through a number of these particular items. May I ask if most of these are administrative problems, or are they policy-making problems?

Superintendent: They are administrative, but they require School Committee approval in the public meeting under our regulations.

Mr. Musco: Then upon the recommendation of the Superintendent on an administrative problem I would say Yes in that case.

Secretary: Mr. Musco, these are all submitted by Superintendent Haley.

Mr. Lee: I thought the previous School Committee struck out the appropriation for the junior high school afternoon recreation. Wasn't there a sum of \$75,000 stricken out of the budget?

Chairman: There was a sum of \$75,000 stricken out of the budget, but I do not think it came out of one particular activity. I think it was left up to the discretion of the Assistant Directors to use their own judgment about where it should be taken out. Isn't that right?

Superintendent: Yes.

Mr. Musco: They reduced the number of days—five days to three days. I know from personal experience.

William Lloyd Garrison District—Patricia C. Martell, teacher, elementary, as teacher in charge of the Williams School Building.

Superintendent: This is in keeping with the salary schedule. A person who acts in charge of a small building where there isn't a vice-principal or submaster gets additional compensation of one dollar a day.

Mr. Musco: Mr. Chairman, in relation to any of these orders that are going through, are these people being paid the regular rate or the new rate, and are they working now on those jobs?

Superintendent: This particular man whose name she read first, Mr. Harrison, is in charge of an annex of the Boston Technical High School in the High

School of Commerce building. I think there are seven classes there, are there not, Mr. Bond?

Mr. Bond: Yes.

Superintendent: And he is really acting in charge of that building. You will find that many of those are elementary buildings.

The Thomas F. Leen School building has no vice principal or submaster, and under an order of the salary schedule passed by the School Committee a person designated in charge is entitled to an additional dollar a day, so that particular lady at the Thomas F. Leen has been working since September in that capacity.

Mr. Musco: Still they're doing this work without the vote of the School Committee?

Superintendent: That is right. And, Mr. Musco, if we had a meeting previously, this would have gone in during October. They were designated at the opening of school in September, and it would have gone through the School Committee meeting in October. However, having no meeting, they have accumulated up to now.

Mr. Musco: Is this rate of pay retroactive?

Secretary: Yes.

Superintendent: Yes. They will get their pay back to the opening of school.

Football Rules Committee, to be held in Sarasota, Florida, Jan. 9 to 15, 1954, inclusive, at an expense to the city not to exceed two hundred seventy-five (\$275).

Superintendent: For your information, Mr. Chairman, Mr. Ohrenberger is a member of this Football Rules Committee. He went down to Sarasota last year, I believe, at the expense of the School Committee, and I recommend it again. The rules that are

made there are the rules that control the operation of our football games.

Isn't that true, Mr. Daley?

Mr. Daley: Yes.

Superintendent: So that he is one of the rulemakers for the country, and they in turn are rules that we follow in our secondary schools. It really is important that he be there.

Miss Fitzgerald: Mr. Superintendent, doesn't that indicate the excellence of our physical education personnel that he should have been selected in the first place to serve on such a committee?

Superintendent: I would say, Miss Fitzgerald, that the answer is Yes. It is national recognition which is coming to Boston through Mr. Ohrenberger, and it redounds to the credit of the school system, the Department of Physical Education, and the individual.

Mr. Lee: What is the rule on veterans now?

Superintendent: We have Veterans' preference now. The disabled veterans come at the top of the list in order, the veterans next, and the non-veterans next. Oftentimes the veteran takes the examination in August of a certain year, let's say, and his list comes out the next year. In the meantime he shows a disability so we amend the eligible list to change his position. He moves out of the eligible list of veterans into the better eligible phase of the list, namely, disabled veterans.

Mr. Lee: Is that a state law or one of our own laws?

Superintendent: That is one of our own regulations.

Mr. Lee: Is that of recent date?

Superintendent: I would think 1946.

COMMISSIONER OF SCHOOL BUILDINGS

The following was offered:

ORDERED, That the appointment of John A. Breen as a member of the Board of Commissioners of School Buildings be deemed invalid for the following reasons:

Chapter 351 of the Acts of 1929 provides in part that "the board of commissioners of school buildings of the city of Boston, hereinafter referred to as the board of commissioners, is hereby established and shall consist of three citizens of Boston who otherwise are neither officials nor employees of said city."

Mr. Lee: Now that this is coming up in public meeting, do we argue the whole case all over again?

Mr. Carr: It will cost you money to argue it all over again.

Superintendent: Mr. Lee, I think you should realize that you may have anything that was said in conference included in the minutes of the public meeting so that it would not be necessary to reiterate or restate what has already been said.

Mr. Lee: Then perhaps I should have the stenographer record the fact that I am opposed to this new appointment as having doubted the legal grounds for our proceeding and, therefore, urging delay, and also having expressed the idea that at least I have not heard both sides of the matter as adequately as I should like to have.

I suppose we are assuming that my motion to lay on the table has been brought up and defeated. In the interests of further consideration I would like to vote No for the present time.

On roll call, the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, and Mr. Musco—3

NAYS—Mr. Lee—1

ABSENT—Mr. Ward—1

The following was offered:

ORDERED, That the appointment of John A. Breen be declared null and void because of its illegality, and be it further

ORDERED, That a vacancy now exists on the Board of Commissioners of School Buildings of the City of Boston because of the resignation of Richard V. Barry, which was accepted by the preceding School Committee on Dec. 28, 1953.

Mr. Lee: What are we going to vote on now?

Secretary: On the two orders: That the appointment of John A. Breen be declared null and void because of its illegality, and be it further ordered that a vacancy now exists on the Board of Commissioners of School Buildings of the City of Boston because of the resignation of Richard V. Barry, which was accepted by the preceding School Committee on December 28, 1953."

That is what we are voting on at present.

Miss Fitzgerald: Mr. Chairman, could Miss Reynolds add there that there is a question of eligibility of the person who had been filling it?

Secretary: You say definitely it is illegal. There is no question of it. Do you want me to change it?

Miss Fitzgerald: No.

Secretary: I will if you want me.

Chairman: I think it is covered as it is. Do you have a question, Mr. Lee?

Mr. Lee: I thought we just voted on the first part of that motion.

Chairman: It seems so.

Secretary: That the appointment of John A. Breen as a member of the Board of Commissioners of School Buildings of the City of Boston be deemed invalid for the following reasons, etc.

Mr. Lee: We voted on that.

Chairman: Yes. Now the next one is that a vacancy exists.

Secretary: You had a statement about the appointment being null and void here:

"Be it further ordered that a vacancy now exists, etc."

Shall I cross out the second: "That the appointment of John A. Breen, —"

Chairman: Cross that out, and leave in that the vacancy exists.

UNFINISHED BUSINESS

The two orders laid over at the meeting of Oct. 5, 1953, making changes in and additions to the List of Authorized Text Books, were taken up.

Mr. Lee: The list has not been submitted to us here. Doubtless it was to the former Committee. It is about as important as all the work on the committee put together.

Miss Fitzgerald: Mr. Superintendent, could we hold that item until the next meeting so that Mr. Lee and the rest of us can have the opportunity to look it over?

Mr. Lee: The list itself does not mean much.

Mr. Burke: You will find that upon the adoption of this list, if it is to be adopted, the teachers will request these books, and in advance of the publishing of that list we would hold the requisitions for those specific books. They have already been held up much too long.

Secretary: Since October 5th.

Superintendent: How many are there?

Secretary: It is quite a list of books dropped from the list.

Superintendent: There are very, very few additions.

Mr. Lee: There is nothing about history or government? I would like to have a look at that book on Civics. Approve them all except that and give that a tentative approval. I will approve everything, but I would like to look at that civics book.

Secretary: You will approve Civics, too.

Mr. Lee: I would like to look at the Civics book.

Mr. Musco: Mr. Superintendent, are these books authorized and accepted by the Assistant Superintendent?

Superintendent: Yes.

Mr. Musco: And are we required to read all the new books?

Superintendent: No. As a matter of fact, Mr. Musco, we have a committee of teachers who first of all makes recommendations for books and then that recommendation goes from that group to the principals of the elementary schools, let's say, and they review them.

Then we have an intervening committee and then the Board of Superintendents considers them and finally they come up to the School Committee. They really are very well screened. We have been fortunate over a period of years in not allowing into the service any books that are wrong.

Mr. Musco: So if we pulled any purchase of these books, in order to review them or read them, it might result in a delay?

Superintendent: It might. It could. I think Mr. Lee's thought to accept them is a good one, then to ask Mr. Herlihy for that book. Mr. Burke, will you please ask Mr. Herlihy to get that civics book for Mr. Lee's examination.

Then, if there is anything wrong later on, it could be taken off the list. It would be better to take it off after it is put on than to hold it up right now, if you are willing to do it that way.

Mr. Lee: Is the door open also for books to be put on at any time, so to speak?

Superintendent: We have certain times in the year, in the fall and the spring, but we always are willing to review books to get them ready for these specific times. So if there are any books you have in mind, you just give the request to Mr. Herlihy and he will have them processed through the grass roots teachers, elementary principals, and so on, up to the Board of Superintendents.

Mr. Lee: You can see my concern. In so many parts of America ideas that seem to turn the country upside down have been transmitted through textbooks and at the same time perhaps other school systems have been so negative that the books have not been so interesting. After all that is a very vital point of

education. I am perfectly satisfied if I can get a look at that civics book.

On roll call, the two orders passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee and Musco—4.

FIRE DEPARTMENT ORDERS.

General Order No. 11.

I. HOSEMAN JOHN B. CARR.

It is with deep regret that the Fire Commissioner announces the death, on February 19, 1954, of Hoseman John B. Carr, of the Headquarters Division. Hoseman Carr was appointed to the Fire Department September 9, 1918.

The funeral was held from 68 Bates avenue, Winthrop, at 9 A.M., Monday, February 22, 1954, followed by a Solemn High Mass of Requiem, in St. John the Evangelist Church, Winthrop, at 10 A.M.

The chief of department arranged for a detail of firefighters to act as pall bearers.

II. HOSEMAN WILLIAM C. WESSON.

It is with deep regret that the Fire Commissioner announces the death, on February 24, 1954, of Hoseman William C. Wesson, of Tower Company 1. Hoseman Wesson was appointed to the department on February 1, 1924.

The funeral was held from his late home, 127 Magnolia street, Dorchester, at 9 A.M., February 27, 1954, followed by a Solemn High Mass of Requiem, at St. Paul's Church, Hartford street, Dorchester, at 10 A.M.

The chief of department assigned a detail of firefighters to act as a funeral escort and members of Tower 1 were excused from duty in order to attend the services.

III. RETIREMENTS.

The following retirement, in accordance with section 7, chapter 658 of the Acts of 1945, as amended, which became effective at 8 A.M., September 10, 1953, is hereby announced:

Hoseman George F. Ware, Engine Company 8.

Hoseman Ware was appointed to the Fire Department February 15, 1950, and he leaves the department with the best wishes of his associates.

The following retirement, in accordance with section 58, chapter 32 of the General Laws, as amended, is hereby announced, to become effective at 8 A.M., Wednesday, March 3, 1954:

Lieut. Ralph A. MacKinnon, Engine Company 10.

Lieutenant MacKinnon was appointed to the Fire Department July 8, 1921, and was promoted to the grade of lieutenant April 21, 1943. He leaves the department with the best wishes of his associates.

STREET CONSTRUCTION.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the laying out and construction of Lantern Lane, West Roxbury district, as a highway, from Weld street approximately 275 feet northeasterly, bounded and described as follows:

A highway named Lantern Lane is hereby laid out, from Weld street northerly for a distance of approximately 275 feet, and ordered constructed.

Said highway and the land, exclusive of trees, shrubs or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Weld street, 61.02 feet; westerly by the westerly line of Lantern Lane as hereby laid out, by four measurements, 20.80 feet on a curve of 13.05 feet radius, 56.64 feet, 39.51 feet on a curve of 102.77 feet radius, and 141.82 feet on a curve of 207.59 feet radius; northerly by the northerly line of Lantern Lane as hereby laid out, 148.36 feet on a curve of 35 feet radius; and easterly by the easterly line of Lantern Lane as hereby laid out, by five measurements, 23.20 feet on a curve of 16.62 feet radius, 66.31 feet on a curve of 172.59 feet radius, 52.96 feet on a curve of 137.77 feet radius, 58.17 feet, and 20.04 feet on a curve of 12.95 feet radius.

Trees, shrubs or structures standing upon or affixed to the aforesaid land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on all sides of Lantern Lane, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PUBLIC WORKS DEPARTMENT.

Proposals for Furnishing Labor to Assemble About 40 12-Inch Gate Valves; 80 8-Inch Gate Valves and 100 6-Inch Gate Valves.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble about 40 12-inch gate valves; 80 8-inch gate valves and 100 6-inch gate valves. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing Labor to Assemble About 40 12-Inch Gate Valves; 80 8-Inch Gate Valves and 100 6-Inch Gate Valves," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MARCH 18, 1954, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for window cleaning at the Sanatorium Division, 249 River street, Mattapan, Mass., two times during the period from April 1, 1954, to December 31, 1954, in accordance with the specifications.

A bond in the sum of the entire contract price will be required for the faithful performance of the contract.

The work shall be done only by use of any one or more of the following methods: (1) ladders, (2) scaffold, (3) boatswain's chair. The use of no other method or methods shall be permitted in doing the work. Attention is called to the applicable revised rules and regulations appearing in Industrial Bulletin No. 21, established by Department of Labor and Industries, Division of Industrial Safety.

Proposals will be received until 12 o'clock noon, Tuesday, March 16, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals. Proposals are to be addressed "Boston City Hospital, Sanatorium Division—Proposal for Window Cleaning."

Specifications may be obtained after 12 o'clock noon on Monday, March 8, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass.

A bid deposit in the form of cash or a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of one hundred dollars (\$100), shall be submitted with the copy of the proposal filed at the office of the Assistant Superintendent, Sanatorium Division, 249 River street, Mattapan, Mass. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

TRUSTEES OF THE BOSTON CITY HOSPITAL,
RICHARD J. CONDON, President.

CITY HOSPITAL AUTHORITIES MOVE TO GIVE GREATER AID IN CANCER DIAGNOSIS — PROMOTE HOSPITAL-TRAINED LABORATORY ASSISTANTS TO LABORATORY TECHNICIANS AS COMPATIBLE WITH THEIR RESPONSIBILITIES.

The Director of Administrative Services has approved the request of the Superintendent of the City Hospital to add two laboratory technicians, Grade 14, to the staff in the Cytology Laboratory in the interest of cancer research and detection. The request for the change was made in the following letter:

HOSPITAL DEPARTMENT.

BOSTON, January 27, 1954.

MR. CHARLES J. FOX,

Director of Administrative Services.

DEAR SIR:

At a meeting of the Board of Trustees held January 22, 1954, it was voted to increase the quota of laboratory technicians, Grade 14, by two and to decrease the quota of laboratory assistants, Grade 9, by two.

Dr. Kenneth G. Mallory, pathologist-in-chief, has requested that the two

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY HOSPITAL TO GIVE GREATER AID IN CANCER DIAGNOSIS.

(Continued from page 289.)

laboratory assistants in the Cytology Laboratory be allowed ratings of laboratory technicians, inasmuch as the necessary qualifications which these positions demand are far beyond the training, experience and responsibility of laboratory assistants. These girls must review smears upon which a diagnosis of cancer depends. While their decisions are subject to review by physicians, they carry an extremely heavy load of responsibility individually. A single missed cell may spell the difference between discovering a malignancy and missing it.

In addition to this aspect, there is the very practical problem of keeping girls in this important work at the present salary levels. Numerous hospitals in the immediate area need such technicians, and both of our girls have already received several offers from large teaching hospitals which make the present salary scale that they earn seem alarmingly small. Unless we can in some way make this adjustment, we will undoubtedly lose them and very likely be unable to replace them.

I might add that the only reason we have the present girls is that they have been trained by us.

These positions in the hospital are of recent origin, and we believe that proper classification would consider them to be of a technician's rating, as did the Jacobs survey.

Your permission is respectfully requested to amend the budget as follows: decrease the quota of permanent laboratory assistants, Grade 9, by two; increase the quota of permanent laboratory technicians, Grade 14, by two.

Sincerely yours,

JAMES W. MANARY,
Superintendent.

POLICE DEPARTMENT ORDERS.

General Order No. 1,867.

Patrolman Joseph W. Heuston and Detectives Timothy J. Wallace, Leo V. Devlin, and Arthur O'Shea, all of Division 9, are commended for meritorious police work in connection with several recent safe breaks which included a supermarket in Roxbury, involving \$1,400 in cash and \$22,000 in checks, an automobile concern in Dorchester, and a supermarket in Cambridge, where money and personal property were stolen from safes.

The homes of three suspects were searched and much loot was recovered. These officers arrested the suspects who admitted their participation in these crimes, after lengthy interrogations.

The three defendants were arraigned in the Roxbury District Court on March 1, 1954, and each was held in substantial bail for the Grand Jury.

The commissioner is pleased to recognize the devotion to duty of these officers which brought about the arrest of these dangerous criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

REPORT OF MISS MARY G. BELLAMY ON ATTENDANCE AT CONVENTION.

(Continued from page 239.)

anced Curriculum for Elementary School Children." It was a most inspiring and interesting talk. She emphasized balance and stated: "Every good is only good to the extent that it is balanced. Freedom must be balanced by responsibility." She said further that we have never come to a mature realization of the fact that no one thing is "either-or." It is both. She illustrated her points with very apt stories. I learned much from her talk that I in turn plan to pass on to my teachers.

The second general meeting on Friday was a business one presided over, as was the first, by Mamie Reed, president. Several progress reports were given, and these too contained much food for thought. The new officers were named and the announcement made that the conference next year would be held in Chicago, March 17 to 19, and the following year it would be in Denver.

The third and last big meeting was held on Saturday, and a summary of the conference was given by certain leaders who had led the discussion at the various group meetings. The address was by William G. Carr, executive secretary, N.E.A., and the subject was "Let's Get Together Now." The main idea was that all school people should work together for the good of our schools and that now is the time to do it.

I spent the greater number of my group conference meetings in the workshop for the presidents of Elementary School Principals' Associations in large cities. This group was presided over by Anne Ruddy, principal, Public School 125, Manhattan, New York. We, in turn, talked, telling of salary situations, requisites for principalship, testing procedures, and any definite problems that we felt we had. Questions were asked of each other and much enlightening information was received concerning conditions in other cities. We expect to receive at a later date a summarized form of questions and answers to problems presented there.

I did attend one meeting on "Evaluation Techniques for the Modern Curriculum" and was surprised at the variety of interpretations that could be made on that subject.

The banquet was held Friday evening in the Renaissance Room of the Ambassador Hotel and was most enjoyable. Music and entertainment were provided by New Jersey principals. The speaker was Dr. Ethel Alperfels of New York University, and her subject was "Human Relations—a Moral Basis for Education." She was a dynamic speaker.

I enjoyed my work at the conference but came home with deep satisfaction concerning Boston and her schools.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of unloading of large washing machine to the United Laundries Company, 59 West Newton street, vehicles are excluded from the following street, from 2.30 p.m. to 3.30 p.m., Wednesday, March 3, 1954:

West Newton Street, Boston Proper. From Shawmut avenue to Tremont street.

BRIGHTON BRIDGE TO BE CLOSED TEMPORARILY FOR REPAIRS.

Commissioner of Public Works George G. Hyland has announced that repair work to be carried on will cause the Everett Street Bridge in Brighton, over the tracks of the Boston & Albany Railroad, to be closed to vehicular traffic for about 90 days, commencing at eight o'clock next Monday morning, March 15. These repairs will be a joint activity of the city and the Railroad Company, and pedestrian use of the bridge will not be affected while this work is in progress.

DOVER STREET BRIDGE RE- OPENED FOR TRAFFIC AFTER FIRE OF LAST OCTOBER.

The Dover Street Bridge was opened to all traffic (vehicular and pedestrian) at 5 P.M., on March 8. This bridge has been closed since last October 22, due to the fire that caused the collapse of two spans and serious damage to a third.

The three spans have been completely replaced at a cost of approximately \$235,000, of which sum the New Haven Railroad paid \$190,000 and the City of Boston \$45,000. The repair work started last December and has been prosecuted diligently through the winter months through the cooperation of the railroad, with the result that the bridge is now available for the use of traffic going to and from South Boston and the South End.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 1, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair and all the members present.

The Very Reverend Monsignor Robert J. Sennott, of the Chancery Office, was escorted to the rostrum.

INVOCATION BY THE VERY REVEREND MONSIGNOR ROBERT J. SENNOTT.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

Eternal God, Creator of all, Ruler of the angels, King of kings, Lord of lords; Thou who didst make Abraham Thy faithful leader, to triumph over his enemies and to Moses and Joshua, the leaders of Thy people, granted multiple victories; Thou who didst raise the humble David to the exalted throne of Thy Kingdom; Thou who endowed Solomon with the ineffable gift of wisdom; do Thou look down and hear the prayers of these Thy creatures, upon whom the heavy burden of counsel has been placed. Multiply upon them the blessings of Thy gifts; protect them with Thy grace that marked with the fidelity of Abraham, with the perseverance of Moses and the courage of Joshua; endowed with the humility of David, adorned with the wisdom of Solomon, they may be faithful to Thee in all things. Fortified with the shield of Thy protection and strengthened with divine aid, may they bring peace and justice to this community, thwarting those who would deny to men their God-given rights and privileges.

May they remember always the sacredness of the trust which is theirs, for to rule and to govern is to share in the power of God. Faithful to that trust, may they, through their counsel, bring peace and justice to mankind. Through Christ, Our Lord. Amen.

The meeting was opened with the salute to the Flag.

TRANSCRIPT OF TESTIMONY BEFORE SENATE SUBCOMMITTEE ON JUVENILE DELINQUENCY.

The following was received:

City of Boston,
Office of the Mayor, February 16, 1954.
To the City Council.

Gentlemen:
I transmit herewith communication from Senator Robert C. Hendrickson of the Subcommittee to Investigate Juvenile Delinquency, which is in reply to your recent order requesting a copy of the proceedings during the session of the Committee in the City of Boston.

Respectfully,
J. B. HYNES, Mayor.

United States Senate,
Committee on the Judiciary Subcommittee to Investigate Juvenile Delinquency.
February 15, 1954.

Dear Mayor:
Senator Kefauver has transmitted to me as Chairman of the Subcommittee to Investigate Juvenile Delinquency your letter of February 8 enclosing a copy of the resolution of the City Council of the City of Boston requesting transcribed copies of the testimony heard in the City of Boston.

The subcommittee is limited in the number of copies of the transcript of the record which it must purchase and, therefore, has none

available, unfortunately, for the City Council. The record is now being prepared for printing and will be printed the latter part of the month. On the other hand, if the City Council desires to purchase a copy of the entire transcript or any parts thereof, that can be arranged through the reporting service employed to record the hearings. The Alderson Reporting Company has informed me that the cost for the purchase of the record for the three days would be forty-five (45) cents per page, or, if particular excerpts are desired, the cost would be fifty-five (55) cents per page.

Sincerely,

ROBERT C. HENDRICKSON, Chairman.

WEEKLY PAYROLL DEDUCTIONS OF BLUE CROSS-BLUE SHIELD PAYMENTS.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1954.
To the City Council.

Gentlemen:
I transmit herewith report of the City Auditor with relation to resolution adopted by your Honorable Body on February 8 concerning the institution of weekly payroll deductions from employees on Blue Cross or Blue Shield.

Respectfully,

J. B. HYNES, Mayor.

Administrative Services Department.

February 24, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I submit herewith two copies of a report made by the City Auditor, in connection with the Resolve adopted by the City Council, under date of February 8, 1954, relative to the possibility of establishing weekly payroll deductions for employees who are members of the Blue Cross-Blue Shield, or both.

Very truly yours,

CHARLES J. FOX, Director.

February 23, 1954.

Charles J. Fox, Director, Administrative Services Department.

Dear Sir:

I have studied the proposal of the City Council resolution adopted February 8, 1954, which reads as follows: "Resolved, That the members of the City Council, in meeting assembled, desire to solicit the cooperation of his Honor the Mayor and request that he direct the Payroll Division to arrange, if possible, a program of weekly payroll deductions for those employees who are members of the Blue Cross-Blue Shield, or both."

While fully aware of the problem which is created for employees under the present arrangement of deducting Blue Cross and Blue Shield payments in one lump sum from the payrolls of the last week of each month, I recommend that no change be made in the present system for the following compelling reasons.

As of January 31, 1954, the total number of City of Boston and County of Suffolk employees who are Blue Cross-Blue Shield subscribers was 11,460, of which total 7,615 are weekly paid employees and the balance, 3,845, appear on monthly payrolls.

Blue Cross and Blue Shield rates have been established on a monthly rate basis and the City of Boston is billed accordingly. Following is the table of Blue Cross-Blue Shield rates in effect since July 1, 1952:

MONTHLY SUBSCRIPTION RATES FOR GROUP MEMBERS.

Blue Cross Only—Rate Per Month.

Individual.	Family.
\$1.30	\$3.55
1.65	4.40
1.90	5.00

Blue Shield Only—Rate Per Month.

Individual.	Family.
\$0.90	\$2.50
1.40	4.75

Blue Cross-Blue Shield Combinations—Rate Per Month.

Individual.	Family.
\$2.20	\$6.05
2.70	8.30
2.55	6.90
3.05	9.15
2.80	7.50
3.30	9.75

You will note from the above that there are 22 possible rates of payment. It would be necessary, if the above rates were to be divided for weekly deductions, to have each rate divided into the same number of equal payments. This would not be possible because neither two, three, or four is a common divisor of all

rates. To do otherwise than divide each rate into the same number of equal payments would so complicate the preparation of payrolls that additional personnel and equipment would be required.

As stated above, the City of Boston is billed on a monthly rate basis. The reconciliation and balancing of the Blue Cross-Blue Shield bill with the actual payroll deductions results in a considerable amount of work for our payroll personnel, even under the present system of only one deduction a month. It is quite obvious that if there were to be a multiple deduction within a month, a separate bookkeeping section would be required just to keep the accounting records for Blue Cross-Blue Shield payments. This would also require additional personnel and office equipment.

Finally, our present payroll form cannot accommodate a separate column for Blue Cross deductions. At the present time, the same column is used for Blue Cross and Union Dues deductions. The column is used for Union Dues deductions every week except the last week of the month when the column is used for Blue Cross deductions.

I trust that the above adequately explains the reasons why no change should be made in the present system of handling Blue Cross deductions.

Very truly yours,
JOSEPH P. LALLY, City Auditor.

REPORT ON EMINENT DOMAIN POWER TO ACCOMPLISH URBAN REDEVELOPMENT.

The following was received:

City of Boston,
Office of the Mayor, March 1, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of January 18, 1954, requesting a report on the status of certain Massachusetts litigation.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority.
February 15, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.
Dear Sir:

Enclosed please find copy of memorandum from Assistant Counsel John C. Conley which I am forwarding by way of information concerning Councillor Foley's order of January 18, 1954, pertaining to litigation concerning the constitutionality of certain phases of the Urban Redevelopment Program.

In addition to the information contained in Mr. Conley's memorandum, I might add that a few days ago I had a conversation with Mr. Louis Weinstein whom I understand is to represent the City of Somerville in the litigation which can be commenced either by a taxpayers' petition or by way of a declaratory judgment, and reported to the Supreme Judicial Court for final decision. Mr. Weinstein expressed the opinion in which this office concurs, that the outcome of the Somerville case will determine the constitutional question for all other municipalities in the Commonwealth of Massachusetts, and this office at the proper time, intends to request permission of the court to file a brief for the consideration of the Supreme Judicial Court.

Any further information concerning this matter may be secured on request directed to the undersigned.

Very truly yours,
OWEN A. GALLAGHER, Chairman.

Subject: Status Concerning Constitutionality of Urban Redevelopment.

Dear Sir:
There is no case pending in any court in Massachusetts concerning the constitutionality of Urban Redevelopment law.

Our Authority is not now, and will not be for at least another three months, in a position to enter any test case.

In addition to this the Federal Government has, as you know, assigned to the Somerville Housing Authority the duty to test the constitutionality of the statute. You will recall that originally Worcester was in this position but because of the controversy which arose in that city the duty was shifted to Somerville.

The Somerville Authority at this moment has its redevelopment plan before the State

Housing Board, and I am informed that as soon as its plan is approved litigation will be started either by way of a declaratory judgment or a ten taxpayers suit.

Insofar as predominant open land is concerned our own project is, and has been for some time, at a standstill because of the unwillingness of the Federal Government to go forward with it.

To sum the situation up then: (1) there is no case pending in the courts; (2) there will be just as soon as the State Housing Board approves the Somerville plan.

JOHN C. CONLEY,
Assistant Counsel.

CONSTRUCTION OF MUNICIPAL AUDITORIUM.

The following was received:

City of Boston,
Office of the Mayor, March 1, 1954.
To the City Council.
Gentlemen:

I transmit herewith copy of chapter 164 of the Acts of 1954, which act authorizes the City of Boston to construct a municipal auditorium with an exhibition hall, assembly hall and accessory rooms suitable for exhibitions, conventions and other shows and gatherings.

I respectfully request acceptance of this legislation in order that the City of Boston might make plans for construction of the auditorium. Subsequently, before any expenditures are made in this respect a loan order will be submitted to the City Council for approval.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That chapter 164 of the Acts of 1954 entitled "An Act Authorizing the City of Boston to Construct a Municipal Auditorium in said City," be, and hereby is, accepted.
Referred to the Executive Committee.

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—9.

Nays—0.

The order was assigned for fourteen days for final action.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. MCCORMACK, for the Committee on Confirmations, submitted the following:

Report on appointments by the Mayor (referred February 15) of Joseph P. Redmond and Edward J. Rose as Weighers of Goods for term ending April 30, 1954—recommending that appointments be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councillors Piemonte and Foley. Whole number of ballots 9, yeas 9, and the appointments were confirmed.

ROPING OFF UNION PARK STREET.

Coun. HURLEY offered the following:

Ordered, That the Traffic Department be authorized, through his Honor the Mayor, to rope off the section of Union Park street, between Washington street and Harrison avenue, Roxbury, on Saturday, April 3, 1954, between the hours of 2 and 4 P.M.

Passed under suspension of the rules.

COMPENSATION OF CITY HOSPITAL EMPLOYEES.

Coun. HURLEY and KERRIGAN offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested to confer with the City Council Committee on Hospitals to ascertain the proper steps which should be taken to properly compensate employees of the City Hospital for the salary reductions through the change of meals plan.

Referred to the Committee on Hospitals.

PURCHASE OF HOMES BY VETERANS.

Coun. PIEMONTE offered the following:

Ordered, That the Chairman of the Boston Housing Authority and such other officials or personnel of the Housing Authority as in the opinion of the Chairman of said body are needed, be, and hereby are, requested to appear before the Committee on Public Housing of the Boston City Council to advise and discuss with this Honorable Body the steps taken by the Housing Authority to assist veterans to avail themselves of the benefit of G. I. financing in the purchases of veterans' homes now being offered for sale; and for a general discussion into the procedure and system being followed in the matter of the sales of said houses.

Passed under suspension of the rules.

INFORMATION ON WEST END URBAN REDEVELOPMENT PLAN.

Coun. PIEMONTE offered the following.

Whereas, The announcement of the study of the West End area for Urban Redevelopment has caused great unrest in that area and is causing houses and stores to be vacated by occupants because of a lack of familiarity with the procedure and time element entailed in the Urban Redevelopment program; and

Whereas, Such action causes unnecessary and undue hardships on the taxpayers and residents; now, therefore, be it

Resolved, That his Honor the Mayor direct the Urban Redevelopment director and the Planning Board to plan and carry out a program for a more thorough dissemination of information relative to the law and procedure emphasizing the time element involved in Urban Redevelopment and to take up with the School Committee the possibility of having the same included in the civic classes of our various schools.

The resolution was adopted under suspension of the rules.

OPPOSITION TO RECOGNITION OF COMMUNIST CHINA.

Coun. MCCORMACK offered the following:

Whereas, A movement appears to be afoot, contrary to the will of the great majority of the people of the City of Boston and contrary to unanimous resolutions recently adopted by both houses of the Congress of the United States, to bring the present Communist government in China into the United Nations by means of subterfuge, and by "back door" methods; and

Whereas, Such admission would destroy the purposes, betray the letter, and violate the spirit of the Charter of the United Nations, in that the Communist government in China has in every single instance so far shown its absolute unwillingness to abide by the obligations of the United Nations Charter, and has instead at all times demonstrated its most blatant scorn for the principles upon which the United Nations was founded by systematically disregarding every human right and violating every human dignity and freedom, by taking the lead in the international crime of Communist aggression in Korea, and by thus making open war on the United Nations, for which international crime it has been formally condemned by overwhelming vote of the United Nations itself; and

Whereas, The Communist government in China has violated and continues to violate the most elementary laws of humanity by deliberately mistreating, torturing, and murdering helpless American prisoners of war, including many of our own citizens of the City of Boston; and

Whereas, The admission of Red China would gravely damage and weaken the respect in which our people hold the United Nations, in that it would be a complete and cynical "Munich"-type surrender of the Free World to expediency and appeasement, and in that it would betray the high ideals of the United Nations and tend to cause many of our people to regard it as a fraud and a sham; and

Whereas, The people of Boston in overwhelming numbers, together with many other Americans, are beginning to directly petition the United States Government with nonpartisan, nonpolitical, and nonsectarian demands that the Red Chinese government of international hoodlums and thugs be denied admission to the United Nations or recognition by the United States; now, therefore be it

Resolved, By the City Council of Boston, in meeting assembled, speaking for the people of the City of Boston:

1. That we respectfully request the President of the United States and the Secretary of State to: (a) firmly oppose the admission of the present regime on the Chinese mainland known as the Chinese People's Republic to the United Nations; (b) firmly oppose any diplomatic recognition whatsoever of such international outlaw government.

2. That, despite the traditional hospitality of the people of the City of Boston to decent strangers from all parts of the globe, the people of the City of Boston, speaking through their City Council, hereby formally announce and solemnly proclaim that delegates of the present Communist government on mainland China, composed as it is of international outlaws and butchers, hideous and brutish monsters in human form, of inhuman and bestial war criminals and common murderers, will never be welcome to reside in or to walk the streets of the City of Boston in the company of decent men and women.

3. That this resolution be immediately communicated to the United Nations, to the United States Government, and that the United States Government then be asked to communicate this resolution to all freedom-loving governments and peoples throughout the world.

The resolution was adopted under suspension of the rules.

WRITTEN NOTICE OF DEFECTIVE WAYS.

Coun. PIEMONTE offered the following:

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to draw up an ordinance or legislation providing that the City of Boston must have written notice of a defective

sidewalk, street, or way before a person can legally bring action against the city for injuries suffered as a result of such defect.

Coun. PIEMONTE moved suspension of the rules and passage of the order.

The motion to suspend the rules was lost, yeas 2, nays 6:

Yeas—Councillors Hurley, Piemonte—2.
Nays—Councillors Ahearn, Foley, Hailer, McCormack, McLaughlin, White—6.
The order was referred to the Executive Committee.

REDUCTION IN APPRAISALS OF VETERANS' HOMES.

Coun. McLAUGHLIN offered the following: Ordered, That his Honor the Mayor be requested to confer further with the Boston Housing Authority for the purpose of arranging a reduction in the appraised valuation set by appraisers engaged by the City of Boston to conform more to the appraisals set by the authorities of the Veterans' Administration and thus permit veterans to purchase these homes under the provisions of the G. I. Bill of Rights.

Passed under suspension of the rules.

MACHINERY USED BY NON-MANUFACTURING CORPORATIONS.

Coun. McLAUGHLIN offered the following: Resolved, That the Members of the Boston City Council, in meeting assembled, desire to express opposition to the passage of House Bill 1775, which calls for the repeal of local taxes payable to non-manufacturing corporations on machinery used in the conduct of the business. Referred to the Committee on Legislative Matters.

TEMPORARY APPOINTMENTS IN CLERK OF COMMITTEES DEPARTMENT.

Coun. WHITE offered the following: Ordered, That effective March 3, 1954, the following persons be, and they hereby are, appointed to the service of the Clerk of Committees Department to the positions set against their respective names until the first Wednesday of April, 1954, at the salaries in effect for them on March 2, 1954.

Peter J. Cloberty, Paul G. O'Hara, temporary clerks; Nicholas DiMella, William J. Dooley, Katherine E. Dunn, Mary E. Flynn, Elizabeth A. Lynch, temporary stenographer-clerks; Agnes G. Dinmore, temporary clerk-receptionist.

Passed under suspension of the rules.

LEGISLATION RE INCREASE IN LABORERS' PENSION.

Coun. WHITE offered the following:

Resolved, That the City Council of Boston hereby favors the consideration by the Legislature of the petition now held under Joint Rule 7B providing for an increase in the pensions for laborers under chapter 377 of the Acts of 1949; provided that any such legislation enacted includes a referendum to the Mayor and City Council.

Referred to the Committee on Legislative Matters.

NAMING OF SQUARE IN HONOR OF MORTON B. SEDERSKY.

Coun. WHITE offered the following: Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the intersection of Hiawatha road and Fottler road, Mattapan, in honor of Corporal Morton B. Sedersky, who lost his life while serving his country in Belgium on October 24, 1944.

Passed under suspension of the rules.

STATE AID FOR CONSTRUCTION OF SCHOOLS.

Coun. AHEARN offered the following: Whereas, There is a great need for new school construction in the City of Boston, and the Planning Board and the School Committee have plans for a multimillion-dollar school construction program; and

Whereas, The tremendous cost of these new school programs is bound to increase the tax load on the already overburdened taxpayer of the City of Boston; and

Whereas, Under the present statutes the State contribution to cities and towns for new school construction is based on a formula detrimental to the City of Boston; and

Whereas, The State of Massachusetts should be interested in furthering the construction of adequate, safe, modern schools, regardless of whether the student resides in a new community with a rising student enrollment, or in an old community where school population is decreasing, but the need of new schools is just as urgent; therefore he it

Resolved, That the Boston City Council, in meeting assembled, favors in principle House Bill 365, the petition of Francis X. Ahearn, entitled "An Act Relative to the Total Construction Grant by the Commonwealth for Certain Public School Buildings."

The resolution was adopted under suspension of the rules.

POLICING OF SCHOOL CROSSWALKS BY WOMEN.

Coun. HAILER offered the following:

Ordered, That his Honor the Mayor and the Police Commissioner be requested to study the possibility of deputizing women to police school crosswalks and intersections after school for the purpose of protecting the safety of school children.

Passed under suspension of the rules.

TO IMPROVE COLUMBIA PARK AND SAUNDERS STADIUM.

Coun. FOLEY, KERRIGAN, and McCORMACK offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Commissioners of the Park Department to repair and maintain the drinking fountains and benches in Columbia Park and the Saunders Stadium.

Passed under suspension of the rules.

GREETINGS TO OPUS DEI AND FATHER WILLIAM PORRAS.

Coun. McCORMACK offered the following:

Whereas, Opus Dei, the Work of God, is the first secular institute to be approved under the Apostolic Constitution and the first lay order to receive final and definite approval of its Constitutions; and

Whereas, Our Holy Father, the Pope, has sanctioned the formation of this coordinated and strong laity as an answer to the permeation throughout the world of secularism and materialism; and

Whereas, The men and women who belong to this order seek a life of complete perfection in their profession, whether it be doctor, lawyer, public servant, or unskilled laborer; and

Whereas, His Excellency, Archbishop Cushing, has seen fit to grant permission to this order to set up a house in Boston, the second city in the United States to be so honored; therefore be it

Resolved, That the City Council, in meeting assembled, extend the city's greetings to Opus Dei and Father William Porras, founder in this city, and wish its members every success in its efforts to meet the challenge of the Lord—"Be ye perfect as your Heavenly Father is perfect."

The resolution was adopted under suspension of the rules.

NAMING OF SQUARE IN HONOR OF BERNARD J. MULLEN.

Coun. McCORMACK, FOLEY, and KERRIGAN offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name M street and East Broadway in honor of Sgt. First Class Bernard J. Mullen, United States Army, who was awarded the Silver Star and the Purple Heart and who was killed in action during the Korean War.

Passed under suspension of the rules.

Adjourned at 4.44 P.M., on motion of Councillor Piemonte, to meet on Monday, March 8, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

TRAFFIC COMMISSION RULINGS.

Voted, That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 8, 1954:

Article IV, Section 3 (Prohibition of Parking), is amended by adding the following new subsection:

(5) No driver shall stop, stand or park any vehicle in any street in the section of Downtown Boston hereinafter described and bounded, during the hours from 8 A.M. to 9.30 A.M. on any day, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped for not more than one (1) hour continuously while actually loading or unloading materials.

The provisions of the preceding section shall not apply to any vehicle bearing a "V" registration plate, issued by the Registrar of Motor Vehicles under the provisions of section 2 of chapter 90 of the General Laws, nor to eleven (11) vehicles being used by Special Delivery Messengers of the United States Post Office for the delivery of United States mail and bearing suitable identification cards signed by the Postmaster of the Boston Postal District, except in streets in the section of Downtown Boston, hereinafter described and bounded, where parking of vehicles is otherwise prohibited under the provisions of Article IV, Section 3, Part 2, of these Traffic Rules and Regulations.

That part of the City of Boston bounded by the water front starting at an imaginary line drawn through the center of Staniford street that meets the Charles River near the North Station, and following the water front to the Charlestown Bridge, turning right thereon and running along and including both sides of Washington Street North to Haymarket square and crossing Haymarket square, including both sides thereof, to Blackstone street, thence down Blackstone street on both sides to Commercial street, turning left on Commercial street and following the center line of Commercial street to Boston Harbor, thence along the water front to the Broadway Bridge, thence turning on Broadway and continuing through Park square to Charles street, including both sides of said ways to Beacon street, thence turning on said Beacon street and proceeding up Beacon street on the Common side to Bowdoin street, thence turning on Bowdoin street and proceeding down Bowdoin street on the easterly side thereof to Cambridge street, thence crossing Cambridge street to Bowdoin square, thence down Chardon street to Merrimac street, turning left on Merrimac street, including both sides thereof, to Staniford street, thence turning and proceeding down the center of Staniford street and continuing in an imaginary line to the Charles River at the North Station to the point of beginning.

Voted, That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 8, 1954:

Article IV, Section 5, Part 3 (Restrictions in Five Cent Parking Meter Zones), is amended by striking out the following:

SENIOR CONTROL TOWER OPERATOR, NEW BEDFORD AIRPORT COMMISSION, APRIL 24, 1954.

Last date for filing applications, Monday, April 5, 1954.

This examination is open to residents of the state.

Salary: \$60.25 a week (40 hours).

Vacancies: At present there are three vacancies for males at the Municipal

Airport, to be filled on a permanent basis (until such time as the tower is manned by Federal Government personnel).

The New Bedford Airport Commission states that it is desirable that appointees live within a 20-mile radius of the New Bedford Airport in order to be able to report on short notice as replacements or when other unusual circumstances arise.

Duties: To perform responsible senior control tower operator duties in the control of aircraft operating on and in the vicinity of the New Bedford Airport, for the purpose of preventing collision between aircraft and minimizing delays arising from traffic congestion, involving such work as: Collection and use of information for air route traffic centers, airways communication stations, local aircraft operators and other sources, gathered by radio interception, interphone, teletype, or telephone; transmission of information relative to the movement of aircraft to and from the landing area to air route traffic control centers; operation of airport lighting systems and traffic direction indicators; issuance of instructions, advice and information to pilots by visual signals and radio-telephone; issuance of departure instructions to aircraft operating under instrument flight rules; coordination of local traffic with air route traffic; preparation of reports and records.

The following are required: Knowledge of the C.A.A. Regulations, Part 26, governing airport control tower operation; familiarity with Combined Radio-Telephone procedure and authentication; ability to use blinker light equipment and knowledge of the system of codes used with such equipment in control tower operations; familiarity with radio aids to navigation and ability to make or disseminate weather observations or reports.

Copies of Civil Air Regulations Part 26, "Requirements for Air Traffic Control Tower Operator Certificate," may be obtained from the Government Printing Office, Washington, D. C.

Entrance Requirements: Applicants must have at least two years of full-time paid experience as a Control Tower Operator.

Applicants must possess a Federal Civil Aeronautics Authority Senior Control Tower Operator's Certificate. (This certificate is issued at the C.A.A. offices, Norwood Airport, Norwood, Mass., or Barnes-Westfield Airport, Westfield, Mass.) One of the requirements for this certificate is possession of a radio operator's license issued by the Federal Communications Commission.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical Fitness: Civil Air Regulations require that a senior control tower operator qualify periodically in an "Airman's" Class 2 physical examination.

NOTE: Civil Air Regulations require that a senior control tower operator pass periodic practical field examinations for senior rating given by the C.A.A. Examiners.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1945 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati.—*American City Magazine*.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Sewerage Works in Rockwood Street and Perkins Street, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Rockwood street and Perkins street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Rockwood Street and Perkins Street, West Roxbury," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MARCH 25, 1954, with a certified check for NINE HUNDRED (900) DOLLARS, payable to and to become the property of the city if the proposal is accepted is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.

(Mar. 13.)

CITY OF BOSTON.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

INVITATION FOR PROPOSALS FOR RETUBING BOILER.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for retubing No. 1 boiler in Power House at the Sanatorium Division, 249 River street, Mattapan, Mass.

Proposals will be received until 12 o'clock noon, Monday, March 29, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon, Monday, March 15, 1954, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan, Mass.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of \$500, shall be submitted with each bid filed as above stated at the office of the Assistant Superintendent of the Sanatorium Division. The bid deposit shall be in a separate envelope, properly marked.

The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond, issued by a surety company, satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bid of a bidder shall be withdrawn prior to thirty (30) days from the opening of the bids by the Awarding Authority.

MAYOR HYNES AND GOVERNOR HERTER PLEASED WITH SOLUTION OF VEXATIOUS PROBLEM OF CENTRAL ARTERY THROUGH DOWNTOWN BOSTON—MAYOR EXPRESSES PERSONAL AND OFFICIAL THANKS TO CHIEF EXECUTIVE FOR CONSIDERATION GIVEN BOSTON CITIZENS IN FIXING DIRECTION OF ROUTE.

The following statements were issued by Mayor John B. Hynes and Governor Christian A. Herter upon their agreement as to route of Central Artery through business district of Boston:

STATEMENT FROM MAYOR JOHN B. HYNES.

I wish to express my personal and official thanks to Governor Herter for the consideration he has given to Boston and its citizens in determining the route for the Central Artery. This is especially appreciated because the state could have designated the route of the artery without consulting city officials. We have

PARK DEPARTMENT HAS FLORAL DISPLAY AT SPRING FLOWER SHOW FOR FIRST TIME IN HISTORY OF EXHIBITION—MAYOR HYNES AND COMMISSIONER KELLEY WINNING MUCH PRAISE FOR PARTICIPATION.

For the first time in the history of the Spring Flower Show, currently being held in Mechanics Building, the Boston Park Department has arranged for a display in front of the stage in the main hall, which is bound to cause wide comment by all flower lovers.

Mayor John B. Hynes and Park Commissioner Frank R. Kelley, when they learned that this year the Massachusetts Horticultural Society is celebrating its 125th anniversary, thought it only fitting and proper that the city would take some recognition of this anniversary.

The Park Department landscape gardeners, under the direction of Superintendent of Horticulture, Henry Buhle, have worked out in botanical plants a large seal commemorating the 125th anniversary of the Massachusetts Horticultural Society.

BOSTON SHOWS LINES, WRINKLES AND CREASES OF EXPERIENCES THROUGH WHICH IT HAS PASSED SINCE ITS FOUNDING, BUT THEY ARE MARKS OF CHARACTER BUILDING, THE STORY OF ACHIEVEMENT, CONSECRATED COURAGE AND DEDICATED DETERMINATION—MAYOR JOHN B. HYNES TELLS AUDIENCE AT 217TH ANNIVERSARY OF CHARITABLE IRISH SOCIETY—RESPONDS TO TOAST, "THE CITY OF BOSTON."

The following is the address of Mayor John B. Hynes before Charitable Irish Society at the Sheraton-Plaza Hotel on Wednesday, March 17th:

On this annual eventful occasion which, tonight, marks the 217th anniversary of the venerable Charitable Irish Society, two inseparable emotions surge up in our hearts — love of this nation for which the men of Boston fought so valiantly and so well almost two centuries ago; and love of the God of all, whom St. Patrick served so lovingly and so well almost 16 centuries ago.

In responding to the toast, "The City of Boston," I fear to be likened to the doting father of the first-born child — audaciously articulate about the uncommon virtues of his offspring but sphinxly silent about the squint in the little fellow's eyes.

But Boston has long since grown out of its swaddling clothes. Indeed, upon its face are the unmistakable lines of time.

Yes, on the face of Boston there are lines and creases and wrinkles, but in every line, in every crease, and in every wrinkle can be read a story of accumulated achievement, consecrated courage, of dedicated determination. As they come together, all those lines, those creases, those wrinkles, they merge to spell one word — plain for all to see — character.

Our city is not as large, as magnificent, as populous as New York, London, Rome or Paris. It is not as ancient, as storied, as fabled, as Babylon, Damascus, Istanbul or Athens, nor is it — contrary to common belief — as Irish as Dublin, but there is no city in the old world or in the new world which bears upon its countenance more indelibly and more strikingly the lines of strong and good character than the face of this, our beloved City of Boston.

From what forges have come the instruments which have etched upon the façade of our city the signs of wholesome character? From what sources have come the poison-killing antidotes to false, frivolous philosophies, to sweetly, sickening sophisms, which delude, degrade, and destroy cities, as well as men?

From the very forge and the very source that brings us here tonight. From the men of Dorchester Heights who believed in God and in the God-given rights of man. From Patrick, that saintly man of God, who gave us, through our ancestors, the key of the door to eternal life.

May the good and holy St. Patrick, the good and brave men of old Boston look down upon our city tonight and every night. May they intercede for us, so that we and our successors may have the guidance of the great Sculptor on high as we carve newer, stronger, even more manly lines of character, on the manly old face of unique, distinctive, manly old Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

BOSTON IN SERIOUS CONDITION FINANCIALLY—OBSERVATION OF FINANCE COMMISSION IN ANNUAL REPORT TO LEGISLATURE—GIVES MAYOR HYNES PRAISE FOR EFFORTS AND SUCCESS IN SAVING CITY FROM DIRE CONDITION.

In its annual report to the Legislature the Finance Commission, among other things, had this to say about Boston and its management:

It is well established in the minds of those who are interested in the government of Boston that, financially speaking, Boston is in a serious situation. The tax rate of 1953 reached a height which, not many years ago, few thought probable; and fewer thought possible without the gravest consequences.

The present Mayor, in his annual budget message, apparently hopes that the 1953 rate of \$70.70 is the peak. He expects to keep within that level. Yet maintenance costs are still growing. The budget is higher than ever. The other obligations in the tax requirement are varying in their effect on the situation, but they offer little hope of improvement in the financial picture.

For instance, Boston's 1954 share of the MTA deficit will be higher than previously. Metropolitan assessments, excluding that for water, are slightly less than they were last year. Estimates of county needs and school appropriation requests are higher.

On the revenue side, Boston's share of state taxes is expected to be slightly better in 1954 than in 1953. However, it is extremely doubtful if the city's departmental revenues will show any improvement over the 1953 experience.

Still another great worry plagues administrators. How much more taxable property is to be taken for public improvements? The Central Artery takings are only half completed. Other takings for public housing, for schools, for off-street parking are imminent. Threats of loss of business to Boston are often heard. Migration from the city of taxpaying people, as shown in school experience figures, is continuous and increasing in volume. The tax base is becoming alarmingly smaller.

Another dark shadow in the picture is the worn-out condition of many city facilities. Demands for new schools in new locations stem from public housing. Replacement of old police stations and old fire stations is now an old agitation.

The central public library is expanding, adding to maintenance costs. A \$5,000,000 chronic hospital project at Long Island and a new surgical building at the City Hospital are in the planning stage—greater maintenance costs to follow.

Though Boston has already earned the reputation of being well supplied with playgrounds and public play areas, there are always those who want to add to their number. The city government is now being pressured to provide about five more.

As against these many indications of new costs, there are no possibilities of alleviation in sight. A reorganization of the administrative structure will not necessarily bring about a reduction in

costs. It is merely providing a more businesslike organization of the services performed by the city. It must be followed by reorganization of the work and methods of administration in the departments to reduce the financial burden, and there are some obstacles to reduction in costs.

For instance, though provision for salaries constitutes 60 per cent of the annual budget, reduction in number of positions can only come as death or retirement causes a vacancy. School consolidations of some extent, happily forced on the current administration, will conceivably reduce school costs, but unhappily new schools in new locations will rub out the savings. The urban redevelopment program, the rezoning program, the highway program, the off-street parking projects will all have a part in making the city better looking and more serviceable, but at what cost? None of them will reduce maintenance costs and it is a gamble if any of them will increase the total revenues of the city.

It is obvious, therefore, that the quest for reduction in expenditures has become more important than ever.

Since 1933, the Finance Commission has pressed continually for a reorganization of the departmental structure and a reorganization of the methods and personnel within the departments which provide the government of the city and the services the city renders. In 1948 the first step toward the realization of this purpose was taken when, on the recommendation of the Governor, the General Court enacted a statute which provided the funds for an over-all survey of the operations of the city. The stated aim of the Finance Commission in that survey was to produce a "blueprint of good administration." When completed in 1950, this "blueprint" contained not only a new administrative structure but an economic and efficient administrative procedure to operate within the framework of organization.

There has been hostility to the Mayor's plan publicly and privately expressed, as might have been expected. Objections by city employees predominated. Some concessions have been made for practical reasons. It is to the Mayor's credit that he did not jeopardize the whole product by insistence on every detail of his own invention.

However, reorganization of the departmental structure is only the first step necessary. In almost every department the experts employed by the Finance Commission found opportunity for changes in method and procedure which are necessary to efficient and economical administration. Naturally these changes would affect continued employment of

many. Nevertheless, in the reorganization proposed by the ordinance submitted to the City Council by the Mayor under the authority of the enabling Act of 1953, advantage can be taken of opportunities to abolish positions only as employees retire, resign, or die.

Setting up such a new organization of the departmental structure is a long step forward. Yet all the gain possible can come from it only if the directing head of the administration follows through with the intradepartmental reforms recommended.

MAYOR HYNES AND GOVERNOR HERTER AGREE ON CENTRAL ARTERY PLAN.

(Continued from page 313.)

had many conferences on this matter during the past year. At all of them a spirit of harmony and cooperation prevailed. As Mayor of Boston, I have been motivated by one purpose in the deliberations we have devoted to this problem. That was to try to do what was best for my city. I believe that objective has been accomplished.

JOINT STATEMENT OF GOVERNOR CHRISTIAN A. HERTER AND MAYOR JOHN B. HYNES.

We have agreed upon a route for the Boston Central Artery between Fort Hill square and Massachusetts avenue.

It is a further modification of the so-called modified state plan which was given to the press a few weeks ago.

In actuality, however, it is neither a state nor a city plan. It is the plan of the state and the city and the product of the best engineering brains and talents at the command of both.

We are convinced for a number of reasons that it is the plan which will be best for Boston and its citizens from a long-range standpoint.

It will enable motorists to get into and out of downtown Boston quickly and easily, which is the primary function the artery is intended to serve. It will take through traffic off the heavily congested intown streets.

BEST FOR CITY.

This is a matter to which we have given careful thought and consideration over a long period of time in an attempt to reach the decision that would be best for the City of Boston.

There is no question whatever but that the time devoted to perfecting the Central Artery plan for approximately twelve months has paid real dividends and that the plan finally selected is a tremendous improvement over the one considered a year ago.

The design of the final plan is substantially and basically different from the one discussed in March, 1953. The greatest change, of course, was the decision to build the artery underground beneath this section of downtown Boston rather than overhead as was originally proposed. The locations of the ramps also have been changed.

Since last November the route of the artery between Kneeland street and Broadway has been substantially altered to lessen the impact on the Chinese colony and to avoid the necessity for moving the Chinese Merchants' Building.

We are satisfied that the engineering firm engaged by the city has developed

the best possible plan for an Atlantic Avenue route. We feel the possibilities of such a route have been thoroughly explored and studied by the consultant. His plan was well conceived. The report he submitted was complete in every detail and offered excellent possibilities for the development of the South Station.

However, we have agreed that the principal advantage of the inner route is that it can be constructed underground and that it would more effectively and efficiently serve the downtown business section, which studies have shown will be the destination and departure points of the greatest number of motorists.

PROPERTY DEPRECIATION.

It is agreed by planning and engineering experts that an underground artery would not depreciate property values to the same extent as would an overhead expressway, and, in fact, would tend to enhance the values of adjacent property. A thorough study convinces us that it would not be practical to build an underground artery beneath Atlantic avenue.

The engineering company retained by the city was assigned one job, namely, to design the best possible plan for building the artery along the Atlantic Avenue route. It is only fair to say that it performed that assignment extremely well. That the Atlantic Avenue plan was not selected is in no sense any reflection upon the work of that concern, which actually is deserving of a word of praise for a job well done.

We also wish to express our commendation to the State Public Works Commissioner, John A. Volpe, and to the Boston Public Works Commissioner, George G. Hyland, for the untiring manner in which they have worked together to achieve the best possible route for Boston and for the motoring public. That a plan has been developed which merits the approval of both state and city is in a large measure due to the patience and perseverance of these two men.

Every effort has been made to disturb the fewest possible number of families in Chinatown and to cause the least possible damage to the garment and leather industries. It is unfortunate that any families will be forced to leave their homes because of the construction of the Central Artery, but that is unavoidable with a public improvement of this magnitude.

CHINESE FAMILIES.

We recognize that the uprooting of any Chinese families creates a problem, but we hope and believe that those families occupying dwellings which stand in the path of the artery will be able to find new living quarters in the area where they now reside.

We also anticipate that firms associated with the leather and garment industries will have little difficulty obtaining suitable accommodations in their section of the city.

Our decision on the selection of this route was reached slowly and deliberately and with full realization of the part the Central Artery will play in shaping Boston's future for decades to come. We are satisfied that the time we have devoted to this problem was extremely well spent and will make possible the construction of a better artery than would have otherwise been the case. We feel that the construction of

the artery along the route chosen will serve to make Boston a better and more prosperous city.

This is the mutual conclusion and opinion of the Governor of the Commonwealth of Massachusetts and the Mayor of the City of Boston.

PARK DEPARTMENT EXHIBITS AT SPRING FLOWER SHOW.

(Continued from page 315.)

The seal is 16 feet in diameter, covers 201 square feet, and contains approximately 14,000 plants. The plants used in the construction of the seal are known as carpet bedding plants. The botanical names are as follows: *Alternanthera* (red, yellow, pink), *Echeveria secunda-glacia*, *Pachyphytune*, *Sedum Japonicum*, *Haworthia* *Santolina* sweet alyssum (white).

Mr. Arno Nehrling, secretary of the Horticultural Society, has stated that this is one of the finest displays ever placed in the spring flower show.

This show is rated the finest of its kind held in the country and thousands of flower lovers attend each year. The show opened March 14 and will run through March 20.

The Massachusetts Horticultural Society awarded the gold medal to the Boston Park Department for the best floral display.

RIGHT OF WAY EASEMENT.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of a right of way easement over Marshall street, West Roxbury district, from Spring street to the proposed playground at Baker and Gardner streets, for Park Department purposes.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, MARCH 1, 1954.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published February 20, 1954, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Park Department of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Board of Street Commissioners of said city to take for said city for Park Department purposes the land hereinafter described, in that part of Boston formerly West Roxbury; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes by way of easement for said city for Park Department purposes the right of travel, and use for such other purposes as ways are commonly used in said city, over the following parcel of land, reserving, nevertheless, to the owners all rights not inconsistent therewith:

A parcel of land, owners unknown, being the private way known as Marshall street, bounded:

Southerly by Spring street, 40.18 feet; westerly by the westerly line of Marshall street, 172.97 feet; northerly by the northerly line of Marshall street, 40.08 feet; and easterly by the easterly line of

Marshall street, 174.21 feet, containing 6,940 square feet, more or less.

Said parcel is shown on a plan marked "City of Boston, Baker Street, Gardner Street, Spring Street, West Roxbury, November 27, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That the location, direction, width, and grade of the private way in the West Roxbury district designated as Paulman Circle, leading easterly from Church street, as shown on a plan by George C. Hallisey, surveyor, dated March 10, 1951, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

POLICE DEPARTMENT ORDERS.

General Order No. 1,869.

Patrolman Leo P. Curran, Division 14, honorably discharged veteran, having arrived at the age of fifty-six years, having been in service of Boston Police Department for twenty-seven years, and having requested retirement under provisions of section 57, chapter 32, General Laws, (Ter. Ed.) as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Leo P. Curran will be retired from active duty in the Police Department, effective Tuesday, March 16, 1954, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,870.

A trial board, consisting of Captains Leo C. J. Masuret, Edward L. Kelley, and Patrick J. O'Donnell, having heard by reference a complaint made by John H. Cloran, Captain, commanding Division 9, against Patrolman Ike L. Scott, Division 9, charging him with violation of the rules and regulations of the Police Department, has reported a finding of guilty, recommending punishment duty of 210 hours.

This recommendation is accepted, and it is ordered that the said Patrolman Ike L. Scott perform 210 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing in Poplar street, estimated to be thirty (30) days, the following temporary traffic rules are effective March 12, 1954:

Vehicles are excluded from the following street:

Poplar Street, West Roxbury.

ADMINISTRATIVE SERVICES DEPARTMENT.
Purchasing Division.

BOSTON, March 5, 1954.
HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
On February 24, 1954, your Honor authorized me to execute a contract with E. J. Bleiler, doing business as E. J. Bleiler Equipment Company, for furnishing Elgin sweeper parts to both the Automotive Division and Sanitary Division of the Public Works Department in the total amount of \$15,000, net.

It has now come to my attention that said vendor has recently incorporated his business and its legal name should now be "E. J. Bleiler Equipment Company, Inc." Your permission is requested to amend your letter of February 24, 1954, accordingly.

Very truly yours,
JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 5, 1954.
HON. JOHN B. HYNES,
Mayor of Boston.
DEAR MR. MAYOR:
On February 28, 1951, your Honor approved a contract with Stedfast &

Roulston, Inc., for furnishing maintenance machinery to the Boston Fire Department in the amount of \$111,160.44, net. This contract has been cancelled by mutual agreement effective December 30, 1953.

The Boston Fire Department is still desirous of obtaining only two machines of several undelivered under the old contract and has submitted two 1954 requisitions to this division to that effect.

Stedfast & Roulston, Inc., is the sole distributor of the specific machines desired, and no advantage would be gained by public advertisement. Your permission is requested to award a contract, without public advertisement, to Stedfast & Roulston, Inc., for furnishing to the Boston Fire Department the following items:

One Leblond, 16-inch x 126-inch centers, heavy-duty engine lathe complete with extra equipment, \$12,212.70; one Milwaukee 7½ H. P. 3 CH Universal milling machine with extra equipment, \$15,610—\$27,822.70, net.

Respectfully yours,
JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 8, 1954.
HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
In accordance with the provisions of the letter approved by your Honor on January 26, 1954, authority is requested at this time to award a contract, without public advertisement, to the following company for furnishing perishable foods to the various city departments from April 1, 1954, to March 31, 1955, inclusive: Irving Levitt Company, 30 Newmarket square.

Respectfully yours,
JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 8, 1954.
HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
On January 29, 1954, your Honor authorized me to execute a contract with E. J. Bleiler, doing business as E. J. Bleiler Equipment Company, for furnishing Elgin sweeper parts to the Sanitary Service of the Public Works Department in the total amount of \$4,571.56, net.

It has now come to my attention that said vendor has recently incorporated his business and its legal name should now be "E. J. Bleiler Equipment Company, Inc."

Your permission is requested to amend the original letter dated January 27, 1954, accordingly.

Respectfully yours,
JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 8, 1954.
HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
For several years this office has been purchasing doughnut mix for the various city institutions from the Doughnut Corporation of America. This company, in turn, loans their doughnut-making machines to the city for use in the institutions. It is my understanding that no other company maintains a similar policy.

Authority is therefore requested to dispense with publicly advertising for

prices and award a contract, without public advertisement, to Doughnut Corporation of America for furnishing doughnut mix to the various city institutions for the period from April 1, 1954, to March 31, 1955, inclusive, at the following prices:

\$1.1550 per pound — 100-pound bags in lots of ten or more.

\$1.1650 per pound — 100-pound bags in lots of five to nine.

\$1.1750 per pound — 100-pound bags in lots of less than five bags.

Approximate total amount of contract not to exceed \$6,000, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, March 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of my selection of Thomas F. McDonough, 25 Huntington avenue, Boston, Mass., as architect for the construction of a new elementary school in the William E. Russell District, Dorchester, at a total estimated construction cost of \$1,313,000.

As there is a universally accepted standard rate for professional architectural services established by the American Institute of Architects, I ask your approval of my procedure of dispensing with public advertising in the *City Record*, as it is considered that nothing would be gained by public advertising.

All details of architectural fees, payments, etc., will be included in the formal contract.

The appropriation for this work was approved by the School Committee of the City of Boston as of January 11, 1954, and the work authorized.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

BOSTON, February 19, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with public advertising, and to amend the contract of D. Antonellis, Inc., 15 Sparhawk street, Brighton, Mass., which firm was the low bidder following the public solicitation of proposals for certain specific repairs to No. 4 and No. 6 boilers in Power Plant, Boston City Hospital, by an additional sum of \$1,183.

On December 30, 1953, the aforementioned contract was approved by your Honor in the sum of \$6,100.

During the course of the work it was discovered that, in order to do a complete and satisfactory job, it will be necessary to remove approximately 154 square feet of the back wall on each side of No. 4 boiler and replace with first quality fire brick tied in to 9-inch furnace lining with header course every fifth row.

The extent of the defective conditions which require this additional work were not known at the outset, and hence it was not included in the specifications at the time of the public advertising for bids.

Therefore, your permission is respectfully requested to amend said contract to include this extra work and to increase

the contract sum in the amount of \$1,183, thereby making the new contract cost \$7,283.

Respectfully yours,

BOARD OF TRUSTEES,
BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, March 11, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under an oral agreement with this department, the Federal National Linen Service Company has been furnishing hand towels to all offices in City Hall Annex and to the Auditor's office, City Hall. The agreement calls for the delivery of approximately 950 towels a week.

The towel service already given by the company has proven satisfactory, and in my opinion nothing could be gained by publicly advertising for bids for this type of work.

In view of the above, I respectfully request permission to issue orders to the Federal National Linen Service Company in an amount not to exceed \$1,820, without the usual form of advertising.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

BOSTON, March 12, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

From time to time it is necessary for this department to hire a 1½-ton truck.

We issue service orders in each case for a definite number of hours for certain periods. Under these orders the contractor, the Ford Contracting Company, furnishes the truck, with chauffeur or operator and all the gasoline and oil at a rental rate of \$3.50 per hour. The cost of hiring this equipment will be in excess of \$1,000.

In my opinion nothing could be gained by publicly advertising for bids, since this contractor's rate is fair and reasonable. I therefore respectfully request your permission to hire this equipment, a 1½-ton truck, upon the issuance of service orders at the rate of \$3.50 per hour from the Ford Contracting Company.

Respectfully yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, March 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the W. C. Holmes Cleaning Company of Boston in supplying window cleaning service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the W. C. Holmes Cleaning Company, and requests your authority for awarding the contract, without advertising, to the W. C. Holmes Cleaning Company for the period commencing with April 1, 1954, and ending March 31, 1955.

The total amount contemplated for expenditure under the proposed contract is \$2,600.

The aforesaid company carries the required public liability and workmen's compensation insurance.

The W. C. Holmes Cleaning Company will do the work at no increase in price, and has all the necessary equipment, and the necessary experience enabling it to perform this service with the least possible disturbance to the daily functions at the Court House.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

BOSTON, March 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the Federal National Linen Service Company, Inc., of Boston in supplying towel service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the Federal National Linen Service Company, Inc., and requests your authority to dispense with advertising and to award a contract to the Federal National Linen Service Company, Inc., on the basis of supplying one thousand (1,000) towels weekly for the period commencing April 1, 1954, and ending March 31, 1955.

The total contemplated for expenditure under the proposed contract is \$1,800, the rate being \$150 per month.

The deliveries and collections of towels at the Suffolk County Court House have been made with the utmost cooperation and efficiency. The Federal National Linen Service Company, Inc., owns the towels, bears the losses and replacements, guarantees the suitability of the towels furnished, and undertakes to save the county from any claims arising through the performance of the service.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

BOSTON, March 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Your approval is hereby requested for the award of a contract, without public advertising, to the Otis Elevator Company for the complete maintenance and servicing of the ten control passenger elevators in the Suffolk County Court House, in service continuously during Court House hours at a monthly cost of \$1,177.17 exclusive of an added charge of \$4.29 per man hour for any ordered overtime work for the period commencing April 1, 1954, and ending March 31, 1955.

The contract shall include provision for the required annual drop test and the replacement of all parts; and, in addition, include monthly supervisory inspection of the three intermittently operated passenger elevators at the Court House and the two electric book lifts, including also the annual drop test for foregoing apparatus. The approximate total amount contemplated for expenditure under the proposed contract is \$14,126.04.

All of the ten continuously operated signal control passenger elevators, the

three other elevators used intermittently for passengers, and the two electric book lifts were manufactured and installed by the Otis Elevator Company, in view of which the Court House Commission believes that nothing would be gained by public advertising for the foregoing service, particularly with the existing and increasing difficulties in procuring the mechanical parts specially designed for use in these machines unless in stock by the firm furnishing the maintenance service, as is the case in the present instance, since the contractor is the manufacturer of the same.

It is to be noted that the foregoing rate of \$1,177.17 per month for these services, and the charge for overtime work of \$4.29 per hour, reflects an increase of \$33.17 per month and 14 cents per hour for overtime. It is felt, however, that these proposed charges are fair and reasonable for the work involved and, furthermore, these increases are not in excess of the rates determined under the terms of the option provisions contained in this contract, in accordance with which the contractor could have been obliged to perform the services during the 12-month period of the proposed contract.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

EAST BOSTON DISTRICT COURT.

BOSTON, March 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with public advertising for proposals and to award a contract to Sylvester J. Wynters, of 150 St. Andrew road, East Boston, Mass., for the transportation of prisoners from this court, as directed, for the period commencing on April 1, 1954, and ending March 31, 1955, in order to continue and maintain contractual arrangements now in existence because of the absolute necessity of maintaining these services to this court and likewise to fully observe the requirements of the Acts of 1909, chapter 468, section 30, as amended, in respect to the same. The total amount to be expended under the proposed contract is not to exceed the sum of \$155 per month, including tunnel tolls.

In my opinion nothing would be gained by publicly advertising for bids in this work, since the prices charged for these services are reasonable and because this contractor carries out the work in a most commendable and satisfactory way.

Very truly yours,

WILLIAM H. BARKER,
Clerk.

REGISTRY OF DEEDS.

BOSTON, March 10, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby respectfully request from your Honor written authority to dispense with publicly advertising for bids and, following the effective date of the 1954 budget, to enter into separate contracts with the Recordak Corporation, 99 Bedford street, Boston, Mass., for the furnishing of microfilm in rolls at a cost of \$6.47 per roll to the Suffolk County Registry of Deeds, and with the Haloid Company, 141 Milk street, Boston, Mass., for the furnishing to this Registry of Photo-copy Duplex

paper at \$47.80 per roll and Record paper at \$33.55 per roll; both contracts being for the period commencing April 1, 1954, and ending March 31, 1955.

The approximate total amounts contemplated for expenditure under the proposed contracts are, in the case of Recordak Corporation, based on an estimated requirement of 400 rolls of Recordak 35 mm. 100-foot Code 5202 film at a cost of \$2,588, plus up to a \$50 return shipping charge, making a total cost of \$2,638; in the case of the Haloid Company, based on an expected need of 150 rolls of 11½-inch by 300-foot Record Duplex paper at \$47.80 per roll, making total cost of \$7,170, and an expected need of 60 rolls of 11½-inch by 350-foot Record HB 28 Face-In Single at \$33.55 per roll, making total cost of \$2,013. The total cost of paper amounts to \$9,183.

The aforementioned firms have supplied the Registry with most of these materials for the past several years, and their products have consistently been of the very highest quality. Furthermore, it has been found advantageous to use materials supplied by these firms as two Photo-copy machines in use at the Registry were acquired from the Haloid Company and a microfilm machine in use was purchased from the Recordak Corporation.

The purpose of this letter is to supplement a letter of February 12, 1954, duly recorded in the *City Record* published February 27, 1954, to modify the contract price affecting Haloid Company, for Duplex paper at \$47.80 per roll in place of \$45.45 per roll, and single at \$33.55 per roll in place of \$31.90 per roll, making the total cost of paper \$9,183 in place of \$8,731.50.

Respectfully yours,

LEO J. SULLIVAN,
Register of Deeds for Suffolk County.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract dated December 16, 1953, with General Painting Company for interior painting at the Bigelow School, from March 31, 1954, to July 31, 1954. This extension was requested because school was in session.

Approval has been given for the extension of the time of completion of the contract dated December 16, 1953, with General Painting Company for interior and exterior painting at the W. L. P. Boardman School, from March 31, 1954, to July 31, 1954. This extension was requested because school was in session, and weather delayed outside painting.

Approval has been given for the extension of the time of completion of the contract dated December 16, 1953, with General Painting Company for interior and exterior painting, including fire escapes, at the Edward Everett School, from March 31, 1954, to July 31, 1954. This extension was requested because school was in session, and weather delayed exterior painting.

PARK DEPARTMENT.

Wickwire Spencer Steel, Division of The Colorado Fuel and Iron Corporation, has been granted an extension of time until April 1, 1954, for the completion of the contract dated January 13, 1954, for furnishing and erecting chain

link fences and backstops at Park Department parks and playgrounds in Dorchester and Roxbury.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated June 23, 1953, with Albany Contracting Company for cleaning catch basins in any location in the City of Boston, from March 15, 1954, to May 1, 1954. This extension was requested because of inclement weather.

Approval has been given for the extension of the time of completion of the contract dated November 12, 1953, with Brighton Construction Company, Inc., 60 Henshaw street, Brighton, for artificial stone sidewalks in Hemenway street, Ward 4, from Westland avenue to Boylston street, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was unable to start work because of the lateness of the season, and it will be necessary to complete the work in the spring.

Approval has been given for the extension of the time of completion of the contract dated May 11, 1953, with John J. Amara, 1019 Hyde Park avenue, Hyde Park, for removing abandoned gas lampposts in various streets of the City of Boston, from December 31, 1953, to April 30, 1954. This extension was requested because the contractor requires additional time to complete the contract because of unforeseen obstacles which delayed starting and progress of the work.

ADDITIONS TO CONTRACT.

HOSPITAL DEPARTMENT.

William N. McKenna Company, contractor for plumbing work in various buildings for Boston City Hospital (Sanatorium Division), has been instructed to add to the contract the sum of \$855 for removal and replacement of existing cold water pipe that feeds shower rooms and sinks in Wards A-1 and A-2; removal of galvanized waste pipe for showers and replacement with cast-iron soil pipe; replacement of six lead bends in toilet rooms, Wards A-1 and A-2.

Original contract, \$38,494; corrected contract, as per order, \$38,494; now added, \$855; corrected contract, \$39,349; total added, \$855.

WILLIAM N. MCKENNA COMPANY,
79 CHESTNUT STREET,
BOSTON, January 22, 1954.

J. M. MCCUSKER COMPANY, 17 Chestnut Avenue, Jamaica Plain, Mass.
Re: Sanatorium, Mattapan.

GENTLEMEN:

We will furnish labor and material to remove and replace the present cold water pipe that feeds the shower rooms and sinks in Wards A-1 and A-2 for the new sum of \$230.

Our price for removing galvanized waste pipe for showers and installing cast-iron soil pipe in Wards A-1 and A-2 is \$235.

To replace six lead bends in toilet rooms, Wards A-1 and A-2, and install cast-iron soil pipe and fittings, our price is \$390.

Very truly yours,

WILLIAM N. MCKENNA COMPANY.

FIRE DEPARTMENT ORDERS.

General Order No. 13.

I. AUGUSTUS J. LYONS.

It is with deep regret that the Fire Commissioner announces the death on March 1, 1954, of Hoseman Augustus J. Lyons, of Engine Company 28. Hoseman Lyons was appointed to the Fire Department July 16, 1937.

The funeral was held from 47 Mt. Vernon street, West Roxbury, on Thursday, March 4, 1954, at 8 A.M., followed by a Solemn High Mass of Requiem in the Church of the Blessed Sacrament, Centre street, Jamaica Plain, at 9 A.M.

The chief of department assigned a detail to act as funeral escort, and members of Engine Company 28 were excused from duty in order to attend the services.

II. CHANGE IN DEPARTMENT RULE 153—OPERATOR'S REPORT OF MOTOR VEHICLE ACCIDENT.

Copies of Form E23a, "The Commonwealth of Massachusetts—Operator's Report of Motor Vehicle Accident," are being distributed to the department today, fifteen (15) to each district. These reports shall replace the present Form E23.

The following change in Rule 153, Rules and Regulations of the Boston Fire Department, is hereby announced. Strike out Rule 153 as it now appears and substitute the following:

"Rule 153. Chauffeurs involved in an accident in which any person is killed or injured, or in which there is damage in excess of \$100 to any one vehicle or other property, shall report the same on Form E23a (The Commonwealth of Massachusetts—Operator's Report of Motor Vehicle Accident) and forward the same to Headquarters."

The form will then be sent to the Registry of Motor Vehicles.

Company commanders and branch division heads are requested to return to Headquarters all unused blank E23 Forms now in their possession.

III. RETURN TO DUTY FROM ARMED FORCES.

The following-named, who resigned on April 1, 1948, in order to serve in the U. S. Air Corps, will return to duty in this department, effective at 8 A.M., Thursday, March 18, 1954:

Hoseman James P. Walsh, Engine Company 14.

IV. FIRE ALARM BOXES REMOVED FROM SERVICE.

The following fire alarm boxes have been discontinued and removed from service:

12-2547, Hastings House, 215 Forest Hills street.

7414, Carney Hospital.

Company commanders will delete Box 12-2547 from circuit card No. 87 and Box 7414 from circuit card No. 33.

Company commanders will delete Box 12-2547 from assignment card for Box 2547 and return old assignment card for Box 7414 to Headquarters.

V. CHANGE IN DESIGNATION OF FIRE ALARM BOXES.

The designation of fire alarm Box 5253 will be changed to read as follows:

5253, Braintree street and Rugg road.

Due to the change in name of Overlook street to Vallar road, the designation of fire alarm Boxes 6256 and 6257, as given in G. O. 11, dated March 1, 1954, will be changed to read as follows:

6256, Vallar road, opposite No. 29.

6257, Vallar road, opposite No. 61.

Company commanders will make the above changes in designation of fire alarm boxes on the assignment cards indicated.

VI. CHANGE IN NAME OR DESIGNATION OF STREETS.

The attention of the department is called to the following changes in name or designation of streets:

Rugg road, Brighton, from 441 Cambridge street to Braintree street.

Denby road, Brighton, from 433 Cambridge street to Rugg road.

Emery road, Brighton (private way), from 449 Cambridge street to Rugg road.

Vallar road, East Boston (Orient Heights Housing Project), formerly Overlook street, from 160 Faywood avenue westerly approximately 1,200 feet.

Faywood avenue, East Boston, which originally extended from 31 Orient ave-

nue to Tower street, has been extended through the housing project over what was formerly Farrington street to the intersection with Orient avenue.

VII. APPRECIATION.

The Fire Commissioner is pleased to publish the following resolve adopted by the Boston City Council on March 8, 1954:

"Resolved, That the Boston City Council, in meeting assembled, desires to express its congratulations to the officers and men of the Boston Fire Department, who, once again, demonstrated their outstanding ability and devotion to duty during the recent fire at the Parker House in Boston, which could have brought far more extended losses in property and possibly in lives were it not for the splendid manner in which members of the department handled the situation.

In City Council March 8, 1954. Adopted.
Attest:

WALTER J. MALLOY,
City Clerk."

The Fire Commissioner also takes this opportunity to extend his personal congratulations to the firefighters who performed courageous and efficient service during the operations of this department at the recent fire in the Parker House for which Box 12-1263 was sounded at 3.09 A.M., March 4, 1954.

VIII. COMMENDATION.

The Fire Commissioner is pleased to commend all members of the department who worked at the fire in the four-story tenement house at 17 and 19 Lowell street, Boston, on March 9, 1954, for which two alarms were sounded from Box 1342, the first at 4.22 A.M., and the second at 4.25 A.M. There were a number of adults and children rescued from the upper floors of this dwelling house.

The efficient action of the firefighters on this occasion reflected great credit upon the entire membership of the Boston Fire Department.

By order of Fire Commissioner
FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

Miss Agnes E. Reynolds
Secretary, Boston School Committee

Dear Miss Reynolds:

Under date of January 5, 1954 you forwarded the following proposed order to the Board of Commissioners of School Buildings:

ORDERED, That out of the sum appropriated by the City Council of the City of Boston by order of May 4, 1953, and May 18, 1953, and approved by the Mayor on May 19, 1953, to be expended for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses, the sum of \$1,480,660.00 be and is hereby allocated for land, plans, construction and furnishing of an elementary school building to contain twenty-six classrooms, two double kindergartens and an assembly

hall in the William E. Russell District, Dorchester.

You are informed that Superintendent Mooney's estimate of \$1,480,660.00 did not include any amount of money for acquiring land for this proposed schoolhouse due to the fact that a prior appropriation Item 3, 1952 was specifically made for that purpose. It is Superintendent Mooney's opinion and the Board of Commissioners of School Buildings agree, that the word "land" should not appear in the title of this allocation.

At a meeting of the Board of Commissioners of School Buildings which was held this date, it was, with the exception of the recommendation in paragraph 3, voted favorably to approve the above-described proposed order, all as provided in Section 7 of Chapter 351 of the Acts of 1929.

Chairman Joseph F. O'Connell, Jr., and Commissioner Thomas A. Cronin voted favorably.

Commissioners designate John A. Breen and Matthew T. Connolly were present but did not take part in the voting.

Very truly yours,

Joseph F. O'Connell Jr.
Chairman

The communication was placed on file, and accordingly, the word "land" was omitted from the following order:

ORDERED, That out of the sum appropriated by the City Council of the City of Boston by order passed on May 4, 1953, and May 18, 1953, and approved by the Mayor on May 19, 1953, to be expended for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses, the sum of \$1,480,660.00 be and is hereby allocated for plans, construction and furnishing of an elementary school building to contain twenty-six classrooms, two double kindergartens and an assembly hall in the William E. TREASURER OF SCHOOL COMMITTEE

The following communication was presented:

January 8, 1954.

To the School Committee:
I want to express to each of you my profound appreciation for your confidence in me for this responsible position as Treasurer. It is with a feeling of deep gratitude that I accept this official post and I do so with the full consciousness of the responsibilities which it entails.

We all hope that our united efforts will produce effective results and cultivate new vitality in the school system. We pray that this term will be outstanding by its spirit of harmony and co-operation among members of this important School Committee.

We will dedicate ourselves to the unfinished tasks that lie ahead and humbly implore the guidance and blessing of Divine Providence on all of our problems, activities and decisions in the education, health and safety of our school children of Boston.

Very truly yours,

(Signed) LOUIS F. MUSCO.
Member.

SENIOR CONTROL TOWER OPERATOR, NEW BEDFORD AIRPORT COMMISSION, APRIL 24, 1954.

Last date for filing applications, Monday, April 5, 1954.

This examination is open to residents of the state.

Salary: \$60.25 a week (40 hours).

Vacancies: At present there are three vacancies for males at the Municipal Airport, to be filled on a permanent basis (until such time as the tower is manned by Federal Government personnel).

The New Bedford Airport Commission states that it is desirable that appointees live within a 20-mile radius of the New Bedford Airport in order to be able to report on short notice as replacements or when other unusual circumstances arise.

Duties: To perform responsible senior control tower operator duties in the control of aircraft operating on and in the vicinity of the New Bedford Airport, for the purpose of preventing collision between aircraft and minimizing delays arising from traffic congestion, involving such work as: Collection and use of information for air route traffic centers, airways communication stations, local aircraft operators and other sources, gathered by radio interception, interphone, teletype, or telephone; transmission of information relative to the movement of aircraft to and from the landing area to air route traffic control centers;

operation of airport lighting systems and traffic direction indicators; issuance of instructions, advice and information to pilots by visual signals and radio-telephone; issuance of departure instructions to aircraft operating under instrument flight rules; coordination of local traffic with air route traffic; preparation of reports and records.

The following are required: Knowledge of the C.A.A. Regulations, Part 26, governing airport control tower operation; familiarity with Combined Radio-Telephone procedure and authentication; ability to use blinker light equipment and knowledge of the system of codes used with such equipment in control tower operations; familiarity with radio aids to navigation and ability to make or disseminate weather observations or reports.

Copies of Civil Air Regulations Part 26, "Requirements for Air Traffic Control Tower Operator Certificate," may be obtained from the Government Printing Office, Washington, D. C.

Entrance Requirements: Applicants must have at least two years of full-time paid experience as a Control Tower Operator.

Applicants must possess a Federal Civil Aeronautics Authority Senior Control Tower Operator's Certificate. (This certificate is issued at the C.A.A. offices, Norwood Airport, Norwood, Mass., or Barnes-Westfield Airport, Westfield, Mass.) One of the requirements for this certificate is possession of a radio operator's license issued by the Federal Communications Commission.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical Fitness: Civil Air Regulations require that a senior control tower operator qualify periodically in an "Airman's" Class 2 physical examination.

NOTE: Civil Air Regulations require that a senior control tower operator pass periodic practical field examinations for senior rating given by the C.A.A. Examiners.

Construction of the world's largest outdoor swimming pool in Pleasure Bay, South Boston, is closer to realization. New plans were submitted by Senator John E. Powers, Democratic floor leader, and the Metropolitan District Commission. At a hearing before the Port of Boston Authority at Commonwealth Pier previous Navy Department objections to the project were eliminated.

The new plans for the huge pool call for moving the island end of the causeway shoreward 100 yards. This met the Navy's objections that navigation at a pier at the tip of Castle Island would be hampered. One of the spillways which will change the water in the pool will be moved 700 feet toward the center of the causeway.

The water in the huge bathing lagoon will be maintained permanently at 7 feet above the low tide mark by the causeway and spillway system, thus bathing throughout the day will be provided for an estimated million people.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO GENERAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR MAKING CARPENTRY REPAIRS AT THE ABRAHAM LINCOLN SCHOOL, FAYETTE STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making carpentry repairs at the Abraham Lincoln School, Fayette Street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, April 5, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PUBLIC WORKS DEPARTMENT.

Invitation for Proposals for Collecting and Removing Garbage and Refuse in the East Boston District.

The City of Boston, acting through its Commissioner of Public Works (hereinafter called the Commissioner), hereby invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse in the East Boston district. Proposal forms, together with the form of contract, may be had daily, between 9 A.M. and 5 P.M., at the Commissioner's office, 508 City Hall Annex (Contract Office), Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. A proposal shall be submitted for a one (1) year period. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and marked "Proposal for Collecting and Removing Garbage and Refuse, etc." One copy of the proposal accompanied by a bid deposit in the form of a certified check for FIVE THOUSAND (5,000) DOLLARS, payable to and to become the property of the City of Boston if, after acceptance, the proposal is not carried out, shall be filed with the Commissioner at his said office on or before 2 P.M., FRIDAY, MARCH 26, 1954, at which time all proposals will be publicly opened and read in the Street Commissioner's Hearing Room, 401 City Hall Annex. The other copy of the proposal, without a bid deposit, shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School Street, Boston. No proposal shall be withdrawn after the time hereinbefore set for the opening of proposals. There will be a minimum charge of two dollars (\$2) for each set of proposal forms.

The Commissioner reserves the right to reject any and all proposals.

The successful bidder will be required (a) to furnish a faithful performance bond, executed by a surety company authorized to do business in the Commonwealth of Massachusetts, in the sum of one hundred per cent (100%) of the amount of the contract for the entire term, and (b) to maintain in a company authorized to do business in the Commonwealth of Massachusetts, and keep on file with the city policies, binders or certificates evidencing the maintenance of Workmen's Compensation insurance.

The purpose of this invitation is to invite bids on an alternative omitted in the invitation dated February 20, 1954.

GEORGE G. HYLAND,

NEW CONTRACTS AWARDED BY PUBLIC WORKS DEPARTMENT AND APPROVED BY MAYOR HYNES FOR COLLECTING AND REMOVING GARBAGE AND REFUSE IN TWELVE OF CITY'S DISTRICTS—FIVE DISTRICTS NOT INCLUDED, SINCE LAST YEAR'S CONTRACTS IN EFFECT FOR PERIODS OF TWO OR THREE YEARS.

The following communication has been received at the Mayor's office from the Public Works Commissioner:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Publicly advertised proposals were opened in this office last Tuesday, March 9, for collecting and removing garbage and refuse. These bids affect twelve of the seventeen collection districts that comprise the entire city. Contracts in the other five districts were awarded last year for periods of two or three years, and said contracts are still in effect.

BROADENING OF MIND AND SOFTENING OF HEART WILL LIFT BIGOTRY AND HATRED FROM HEARTS OF MEN, MAYOR HYNES TELLS CONFERENCE OF CHRISTIANS AND JEWS.

The following are the remarks of his Honor the Mayor, John B. Hynes, at the dinner of the Conference of Christians and Jews at the Sheraton Plaza on March 24:

Tonight, as we reflect upon man's inhumanity to man, and as our thoughts dwell upon those pathetically unhappy individuals who have allowed their minds to become polluted with the poisons of hatred, how fitting it is that this conference pay honor to the keepers of the keys to knowledge, and to the keepers of the keys to salvation, who are our guests here at this dinner.

For, if the mists of misunderstanding are to disappear, if the pall of bigotry

BROADER INCOME TAX BASE TO RELIEVE REAL ESTATE IN BOSTON OF ITS ONEROUS BURDEN URGED BY MAYOR JOHN B. HYNES—HEAVY TAX ON REAL ESTATE IS DETERRENT TO HEALTHY GROWTH AND PROGRESS, HE TELLS CITIZENS IN SECOND OF MONTHLY BROADCASTS OVER STATION WBZ-TV—REALTY OWNERS SHOULD NOT BE FORCED TO PAY 75 PER CENT OF COSTS OF LOCAL GOVERNMENT—RELIEF MUST COME—BOSTON SUFFERS AS DOES NO OTHER LARGE CITY IN COUNTRY—CITY NOT DOOMED BUT NEEDS REJUVENATION.

Following are the remarks of his Honor the Mayor, John B. Hynes, over Station WBZ-TV, on the afternoon of March 22:

Ladies and Gentlemen:

About a month ago, through the kindness and generosity of WBZ-TV, I gave the first in a series of talks concerning the affairs of the city government of Boston.

In that first talk of the series, it was my purpose to outline, in general terms, the financial situation of the city—and to call attention to the deep-rooted, fundamental problems of the municipal government.

In that respect, attention was called to the budget requirements of the city, which, for this year, and for the first time in many years, remained at the same level as the previous year.

Attention was called, also, to the fact that most, if not all, of the larger cities in our country have a tax rate considerably lower than Boston's, the reason for this situation being that all of those cities, without exception, have a wider tax base than Boston's very narrow and constricted tax base.

Third of Property Tax-Exempt.

Attention was directed, too, to the surprising fact that one third of the properties in our city are, by law, tax-exempt. This is a condition, which, as far as I am able to determine, does not prevail in any of the other large cities in our country.

In the talk last month it was stated that two methods could be followed to reduce the tax rate to a figure of approximately \$55 per thousand.

To arrive at this most desirable objective by one method would mean the reduction of city cost to the extent of \$25,000,000—obviously an impossible and unattainable goal.

The other means by which the Boston tax rate could be reduced \$15 or more per thousand would necessitate the passage of legislation which would provide to the city a new source of income to the tune of about \$25,000,000 per year.

I have just stated that a reduction in city costs to the extent of \$25,000,000 is an impossible and unattainable goal. That is not strictly and exactly so. Such a reduction conceivably could be made, but, if it were, the police and fire protection we give, the hospital and institutional services we provide, the school facilities and training we offer, the health, recreation, sanitary, and other social services we render would all be necessarily curtailed to the point where there would be no justification for the continuance of city government, as such. We cannot permit ourselves, even for a fleeting moment, to entertain any such doleful, dismal, or backward ideas.

(Continued on page 347.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

MAYOR URGES BROADER INCOME TAX BASE TO RELIEVE REAL ESTATE TAX BURDEN.

(Continued from page 345.)

Rather, I believe we must begin to give serious thought to the necessity for a broader income base for our City of Boston and for other cities in the Commonwealth which are fast coming to the stage where the real estate tax is a deterrent to healthy growth and progress.

Certainly it must be evident that owners of real estate cannot, and should not, be forced to pay 75 per cent of the costs of local government, and this is especially true of the business establishments which provide the employment for our citizens, and which in most instances are competing with business establishments in other areas of the country where the tax base is broader and the tax rate, as a consequence, lower than ours.

BUSINESS SHIES AWAY.

The proof of the pudding is in the eating thereof—and it is a sad fact to relate that few business establishments providing substantial employment for our citizens have come to Boston during the past two decades, and few new business structures have been erected during that period, chiefly for the reason that local taxes are too much of a burden, as compared to local taxes in other areas.

When business looks askance at our city—refuses to come here—and settles elsewhere, our local economic bloodstream becomes clogged; jobs become scarce, or nonexistent; our thinking becomes clouded with fears of the future.

By every rule of reason, local real estate must be relieved of the depressing weight of the present inequitable tax structure. Unless it is, the situation in Boston can worsen, and if that occurs the whole of the Commonwealth will, sooner or later, be affected and infected.

A nonpartisan representative committee of able citizens, appointed by me, is now making a comprehensive survey of Boston's financial position with respect to the present and the future.

The final report of this committee will be made later this year. I am certain that report will contain sound, sensible, and suitable recommendations which, if translated into law, will give Boston a chance to breathe and an opportunity to look forward to brighter days.

Undoubtedly this report will make reference to the necessity for a new source, or sources, or income for local governments. Undoubtedly a broadening of the tax base along the lines of the other large cities of the country will be suggested.

When that report with its recommendations is made, I am going to enlist, as best I can, the support of every element in our community toward the adoption of the recommendations made, for every element in our community, with no exception whatsoever, has a stake in the immediate, and the foreseeable future of our city.

In making this series of talks, I hope that I do not impress you as an apostle of doom. Boston is not doomed. It does need some rejuvenation; some vitamin pills; a little elixir of life. But we are far from the point of walking blindfolded—resignedly and abjectly—into the deep caverns of the sea.

No, Boston is a long way from the point where we faintheartedly acknowledge that nothing can be done to alleviate our situation.

Something can be done, and will be done with your helpful understanding, when the facts are entirely clear and the truth fully known.

I would much rather be known as a Joyous John than a Gloomy Gus. Above all, I would prefer to be known as one who tells the unsugar-coated truth than one who seeks your approbation through beguilement and misrepresentation.

BOSTON LOOKING FORWARD.

Only by knowing the truth can men be free; only by telling the truth about the Boston situation as it is can we be free to shake off the shackles which bind us and keep us from going forward.

And we are looking forward in the Boston city government. We are planning for the future.

We have reorganized the city government. Beginning May 1, it will no longer be a great, sprawling, conglomeration of departments and boards. We have reduced the number of city agencies from 34 to 20.

In a subsequent talk I will request the long-time City Auditor, Charles J. Fox, to join me in a discussion of the beneficial effects which we expect to flow from this reorganization.

We plan to revalue all properties in the city to establish, for once at least, a fair, equitable basis of values. So that owners of residential properties may not be alarmed, may I say that the revaluation, except in cases where present valuations are completely out of focus, will not be put into effect until such time as new sources of income are available, which will obviate any likelihood of an increased real estate bill.

We are now engaged in a city-wide rehabilitation program to prevent further decay in our city; to conserve and improve residential areas; to give our city a new and brighter look. On a later program I will more fully discuss the important, far-reaching program which has already enlisted the services of 15 separate district committees in our city.

INVITE SUGGESTIONS.

You have been kind to listen to me. Write me if you have any suggestions which may be helpful to us in our major effort to improve the lot of our city.

I am constantly aware that the present state of our city calls for prudent management. Out of every dollar the city spends, only 50 cents is under the control of the Mayor. School costs, fixed obligations such as debt payments, Metropolitan District assessments, legal obligations such as pension, workmen's compensation, and welfare payments, the cost of County of Suffolk government, and the annual MTA deficit are examples of costs over which the Mayor or City Council have little or no control. Where control is entirely in our hands, we will continue to spend your money with prudence, with care, and with consideration for the welfare, security, and happiness of all the people.

Finally, may I say, Boston is not dead on its feet. Far from it. We are walking a little slowly now, but I can visualize the day, not too far away, when Boston will once again be going forward with giant strides.

To make that possible, there must be a realization of Boston's untenable position, and a willingness on the part of all our citizens to help in the improvement of that position. I am sure that willingness can be tapped. I am sure that help will be forthcoming.

Thank you for bearing with me. Next month I will again discuss with you another chapter in the Boston story.

FOURTEEN DISTRICT COMMITTEES OF NEIGHBORHOOD REHABILITATION AND CONSERVATION PROGRAM ASKED BY MAYOR HYNES TO BEGIN CLEANUP WORK.

Mayor John B. Hynes has requested the 14 district committees of his City-wide Neighborhood Rehabilitation and Conservation Program to make a survey of all city-owned lots within their respective areas and to recommend to him the best methods to be used by the city in the sale and development of such land. The city now owns more than 4,000 parcels throughout the city, most of them vacant lots.

With reference to those lots that are not large enough to be used for building purposes or are in the nature of waste land, the Mayor requests recommendations as to what the city services can do to make them of recreational or other utilitarian value for the residents of those neighborhoods. Some of these lots, he pointed out, particularly in overpopulated areas without adequate recreational facilities for either children or adults, could doubtlessly be converted into neighborhood gardens, "tot areas," horseshoe, bocci, handball or basketball courts with little maintenance cost and no expense to the city.

He is presently considering a recommendation of the South End Committee that six city-owned vacant lots in one highly congested area be utilized as follows: One as a basketball court, another as a Mothers' Rest area, and four for off-street parking, all to be maintained without expense to the city by the residents of those areas.

At the same time he announced that the city through the 14 District Neighborhood Rehabilitation and Conservation Committees would join hands with the Chamber of Commerce in staging Boston's largest "Spring Clean-Up, Paint-Up, Fix-Up, and Plant-Up Campaign," during the period of May 21 to 31. It is his hope that the campaign will give considerable impetus to the city-wide rehabilitation movement.

POLICE DEPARTMENT ORDERS.

General Order No. 1,371.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Friday, March 19, 1954, at 7.45 o'clock A.M.:

Patrolman Harry J. Hayes, Division 14, 34 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

MAYOR HYNES BACKS CONGRESSMAN McCORMACK IN EFFORTS TO SAVE ARMY BASE.

On March 24 Mayor Hynes addressed the following message to Congressman John W. McCormack on saving Army Base:

HON. JOHN W. McCORMACK, Office of the Democratic Whip, Washington, D. C.

DEAR JOHN:

I am more than pleased to receive your letter and copy of the statement which you issued concerning the proposed abandonment of the Army Base pier and warehouses by the Defense Department.

I thoroughly agree with you that the abandonment of this facility would be a mistake which could be of gigantic proportions if the United States should suddenly find itself in world conflict. This, as you know, is not an impossibility. The state of the world today is that of a sleeping volcano.

It does seem to me that the expenditure of \$9 to \$12,000,000 by the Defense Department to put the Army Base in good condition and to retain it as a link in the defense planning of our country is a logical expenditure. It does not seem to me that the high, responsible officials of the Army can be willing to entertain the possibility that the Army Base, which has been of such valuable use in war times, should be written off as an unessential facility.

There is more than money involved in this proposal to repair and keep in good working order the Army Base. In my opinion, there is the responsibility on the part of our defense authorities to make certain that this facility shall be kept in good working order in the event of any explosive situation in the world.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR ADDRESSES BEFORE CONFERENCE OF CHRISTIANS AND JEWS.

(Continued from page 345.)

is to be lifted, if the venoms of hatred are to be obliterated, neither punishment, nor force, nor harangue is the answer, or the weapon. The real answer, the real weapon, is in the broadening of the minds of men through education and knowledge—the softening of the hearts of men through love of God and respect for the Divine Commandments.

These are the kind of weapons each of our four guests of honor, pre-eminent leaders in our Boston community, carry aloft. The bright flaming weapons of learning. The bright flaming weapons of salvation.

And if each of us here follows those beckoning beacon lights, others, even those who now grope in the darkness of ignoble thoughts and beliefs, will follow us.

There is no brighter light, no more warming light, than the light of good example.

POLICE DEPARTMENT ORDERS.

General Order No. 1,872.

Detective Edward Culkin, Bureau of Criminal Investigation, honorably discharged veteran, having arrived at the age of fifty-six years, having been in

service of the Boston Police Department for twenty-five years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Detective Edward Culkin will be retired from active duty in the Police Department, effective Tuesday, March 23, 1954, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,873.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officers, effective at the close of business Wednesday, March 31, 1954:

In view of this operation of law, after March 31, 1954, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman Edward L. Kirby, Division 9.

Patrolman James J. Morgan, Division 16.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

NO DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement in Marshall street, West Roxbury district, for Park Department purposes, under the order of the Board of March 1, 1954, and awards no damages therefor.

Owners unknown (Marshall street), 6,940 square feet, nothing.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract approved December 16, 1953, with D. M. McCartin Company for interior and exterior painting, including fire escapes, at the Boston Clerical School, from March 31, 1954, to July 31, 1954. This extension was requested due to school being in session and because, due to the weather, exterior painting was delayed.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SENIOR CONTROL TOWER OPERATOR, NEW BEDFORD AIRPORT COMMISSION, APRIL 24, 1954.

Last date for filing applications, Monday, April 5, 1954.

This examination is open to residents of the state.

Salary: \$60.25 a week (40 hours).

Vacancies: At present there are three

vacancies for males at the Municipal Airport, to be filled on a permanent basis (until such time as the tower is manned by Federal Government personnel).

The New Bedford Airport Commission states that it is desirable that appointees live within a 20-mile radius of the New Bedford Airport in order to be able to report on short notice as replacements or when other unusual circumstances arise.

Duties: To perform responsible senior control tower operator duties in the control of aircraft operating on and in the vicinity of the New Bedford Airport, for the purpose of preventing collision between aircraft and minimizing delays arising from traffic congestion, involving such work as: Collection and use of information for air route traffic centers, airways communication stations, local aircraft operators and other sources, gathered by radio interception, interphone, teletype, or telephone; transmission of information relative to the movement of aircraft to and from the landing area to air route traffic control centers; operation of airport lighting systems and traffic direction indicators; issuance of instructions, advice and information to pilots by visual signals and radio-telephone; issuance of departure instructions to aircraft operating under instrument flight rules; coordination of local traffic with air route traffic; preparation of reports and records.

The following are required: Knowledge of the C.A.A. Regulations, Part 26, governing airport control tower operation; familiarity with Combined Radio-Telephone procedure and authentication; ability to use blinker light equipment and knowledge of the system of codes used with such equipment in control tower operations; familiarity with radio aids to navigation and ability to make or disseminate weather observations or reports.

Copies of Civil Air Regulations Part 26, "Requirements for Air Traffic Control Tower Operator Certificate," may be obtained from the Government Printing Office, Washington, D. C.

Entrance Requirements: Applicants must have at least two years of full-time paid experience as a Control Tower Operator.

Applicants must possess a Federal Civil Aeronautics Authority Senior Control Tower Operator's Certificate. (This certificate is issued at the C.A.A. offices, Norwood Airport, Norwood, Mass., or Barnes-Westfield Airport, Westfield, Mass.) One of the requirements for this certificate is possession of a radio operator's license issued by the Federal Communications Commission.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical Fitness: Civil Air Regulations require that a senior control tower operator qualify periodically in an "Airman's" Class 2 physical examination.

NOTE: Civil Air Regulations require that a senior control tower operator pass periodic practical field examinations for senior rating given by the C.A.A. Examiners.

SEWERAGE WORKS IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Hyde Park, and are bounded as follows:

A parcel of land, being the private way known as Kardon road, bounded:

Westerly by Dietz road, 50.26 feet; northerly by the northerly line of Kardon road, 247 feet; southerly by the southerly line of Kardon road, 168.95 feet on a curve of 40 feet radius; and again southerly by the southerly line of Kardon road, by two measurements, 38.31 feet on a curve of 35.40 feet radius and 150 feet, containing 12,701 square feet, more or less.

The sewerage works to be constructed are as follows: 275 linear feet of 10-inch pipe sanitary sewer and 10-inch surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Kardon road, excluding the parcels at the corners of Dietz road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

DANA AVENUE LAND-TAKING.

The Mayor has approved the order of the Board of Street Commissioners for the taking of a parcel of land, containing approximately 9,338 square feet, on Dana avenue, Hyde Park district, and being a portion of a way formerly called Bridge street, for Public Works Department purposes:

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, March 15, 1954.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published January 23, 1954, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of Public Works of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for Public Works Department purposes the land hereinafter described, in that part of Boston, formerly Hyde Park; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for Public Works Department purposes, the following described parcel of land, including the trees, buildings and other structures standing upon or affixed thereto:

A parcel of land, owners unknown (formerly Bridge street), bounded:

Easterly by land supposed to belong to New York, New Haven & Hartford Railroad, 19.50 feet; southwesterly by land of owners unknown and by Dana avenue, by three measurements, 46.57 feet, 70.34 feet, and 191.55 feet; northwesterly by land supposed to belong to the Commonwealth of Massachusetts, 22.50 feet; and northeasterly by land supposed to belong to the City of Boston, 297.58 feet, containing 8,982 square feet, more or less.

Said parcel is shown on a plan marked "City of Boston, Dana Avenue, Hyde Park, March 3, 1954, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the taking in fee of land on Dana avenue, Hyde Park district, for Public Works Department purposes, under the order of the Board of March 15, 1954, and awards no damages therefor.

Owners unknown (formerly Bridge street), 8,982 square feet, nothing.

SEWERAGE WORKS IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure

on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Hyde Park, and are bounded as follows:

A parcel of land, being the private way known as Dietz road, bounded:

Northerly by Alwin street, 50.21 feet; easterly by the easterly line of Dietz road, by five measurements, 74.28 feet, 24.35 feet on a curve of 20.22 feet radius, 50.26 feet, 38.57 feet on a curve of 19.91 feet radius, and 116.15 feet; southerly by the southerly line of Dietz road, 42.02 feet; and westerly by the westerly line of Dietz road, by two measurements, 225.39 feet and 12.18 feet on a curve of 25.50 feet radius, containing 12,404 square feet, more or less.

The sewerage works to be constructed are as follows: 282 linear feet of 10-inch pipe sanitary sewer and 15-inch surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Dietz road, excluding the parcel at the southeasterly corner of Alwin street, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract approved December 10, 1953, with R. Tweed & Son for interior and exterior painting, including fire escapes, at the Samuel Adams School, from April 30, 1954, to July 31, 1954. This extension was requested because of delay in completing exterior work due to the weather.

Approval has been given for the extension of the time of completion of the contract approved December 9, 1953, with R. Tweed & Son for interior and exterior painting, including fire escapes, at the William Bradford School, from April 30, 1954, to July 31, 1954. This extension was requested because completion of exterior work was delayed due to the weather.

Mary C. Bryan	6,185	—	—	—

I have carefully analyzed all bids, and my recommendations are submitted without qualification and with confidence that the contractors selected will continue to render the high standard of service now in effect in connection with garbage and refuse collection work. Last year, for the first time, we inaugurated a program which provided for the use of the all-enclosed steel bodies for refuse collection work. This change has proved most beneficial, and it is my intention to require all-enclosed steel bodies in all districts of the city in the not too distant future. At the present time this sanitary type of body is being used in seven districts in the city, and I am recommending contracts in the Jamaica Plain, Mission Hill, and Hyde Park districts requiring the furnishing of closed trucks. Under the circumstances, therefore, ten of the seventeen refuse collection areas in the city will now be provided with all-enclosed bodies.

I submit herewith, by districts, my recommendations concerning the award of new contracts:

DISTRICT 1—SOUTH BOSTON.

I am recommending that a one-year contract be awarded to the low bidder, Anthony J. Ryan, Inc., at the bid price of \$10,500 per month, submitted under Item 1A (Open-Top Trucks). The present contract, which terminates on March 31, provides for a monthly payment of \$12,440 to the current contractor, the James A. Freaney Company, Inc.

DISTRICT 2—EAST BOSTON.

Next Friday I am opening supplementary bids for the contract in the East Boston area on the basis of the city furnishing a dump in Saugus. Therefore, I cannot take any action on the two bids that were received on March 9 until I have had an opportunity to compare them with the bids that will be opened next Friday.

DISTRICT 4—BRIGHTON.

I recommend that a one-year contract be awarded to the low bidder, Anthony J. Ryan, Inc., at the bid price of \$13,500 per month, submitted under Item 1B (Enclosed Steel Bodies). The present contract, which terminates on March 31, was awarded to Frank J. Cavaliere and provides for a payment of \$16,000 monthly.

DISTRICT 5A—WEST ROXBURY.

I am recommending that a one-year contract be awarded to the low bidder,

Peerless Contracting Company, at the bid price of \$11,190 per month, submitted under Item 1B (b) (Enclosed Steel Bodies). The present contract, which terminates on March 31, was awarded to the same bidder a year ago, at a monthly rate of \$10,900.

Incidentally, a low bid in the amount of \$10,700 per month was submitted by Frank J. Cavaliere for a two-year contract period. My first inclination was to award the contract to him in this district, but I finally decided not to, after taking into consideration that I was recommending him for contracts in District 9, South End, and District 11, Hyde Park.

DISTRICT 5B—JAMAICA PLAIN.

I am recommending that a two-year contract be awarded to the low bidder, J. J. Moore Company, Inc., at the bid price of \$9,615 per month, submitted under Item 1D (b) (Enclosed Steel Bodies). The current contract was also awarded to the same contractor, at a monthly rate of \$9,340, a year ago.

DISTRICT 6A—DORCHESTER NORTH.

I am recommending that a one-year contract be awarded to the low bidder, Coleman Brothers Corporation, at the bid price of \$25,900 per month, submitted under Item 1A (a) (Open-Top Trucks). The current contract, which expires March 31, was awarded to Coleman Brothers Corporation and provides for a monthly payment of \$23,162.

DISTRICT 6B—DORCHESTER SOUTH.

I am recommending that a one-year contract be awarded to the low bidder, Coleman Brothers Corporation, at the bid price of \$29,100 per month, submitted under Item 1A (a) (Open-Top Trucks). The current contract, which expires March 31, was awarded to the same contractor at a monthly rate of \$25,947.

DISTRICT 7A—ELM HILL.

I am recommending that a one-year contract be awarded to the low bidder, William J. Banfield, at the bid price of \$5,300 per month, submitted under Item 1A (b) (Open-Top Trucks). The current contract, which expires March 31, was awarded to Charles Callahan a year ago and provides for a monthly payment of \$5,147.

DISTRICT 7C—MISSION HILL.

I am recommending that a one-year contract be awarded to the low bidder,

Marinucci Brothers & Co., Inc., at the bid price of \$8,200 per month, submitted under Item 1B (Enclosed Steel Bodies). The current contract, which expires March 31, is held by Marinucci Brothers and provides for a monthly payment of \$6,790.

DISTRICT 9—SOUTH END.

I am recommending that a one-year contract be awarded to the low bidder, Frank J. Cavaliere, at the bid price of \$7,900 per month, submitted under Item 1A (Open-Top Trucks). The current contract, which expires March 31, was awarded to Anthony J. Ryan, Inc., and provides for a monthly payment of \$9,806.

DISTRICT 9B—STUART.

I am recommending that a one-year contract be awarded to the low bidder, James A. Freaney, Inc., at the bid price of \$4,880 per month, submitted under Item 1A (Open-Top Trucks). The current contract, which expires March 31, was awarded to the Capitol Contracting Company, Inc., a year ago and provides for a monthly payment of \$5,190.

DISTRICT 11—HYDE PARK.

I am recommending that a two-year contract be awarded to the low bidder, Frank J. Cavaliere, at the bid price of \$5,000 per month, submitted under Item 1D (b) (Enclosed Steel Bodies). The current contract was awarded to Mary C. Bryan a year ago and provides for a monthly payment of \$5,525.

You will note that I am recommending the award of two-year contracts in District 5B, Jamaica Plain, and District 11, Hyde Park. Contracts in excess of a one-year period for collecting and removing garbage and refuse were awarded for the first time a year ago, and it is my intention, in the subject contracts, to follow the procedures prescribed by the Law Department at that time. Before obtaining the approval of the City Council to the award of contracts in excess of a one-year period, it will be necessary for the contracts to be awarded to the designated contractors and executed by said contractors and the undersigned, and then forwarded to your Honor for transmittal to the City Council for approval. It will be necessary for the City Council, in accordance with the provisions of section 6 of the City Charter, to hold a public hearing on said contracts. It would be impossible at this late date for the Council to act on this matter before the anticipated starting date of the contracts, which is April 1. We should, therefore, award short-term contracts for a two-month period for the two areas affected by the two-year contracts, in order to allow the Council sufficient time to consider this matter and hold the necessary public hearing. As the two-year contracts will have to be awarded for two-month periods—and then for 22-month periods if the Council grants approval—we must dispense with advertising, as the proposed contract periods are different from those spelled out in the invitation to contractors to submit public proposals. However, the contract prices will be the same as those submitted in answer to our publicly advertised invitations.

I respectfully request, therefore, your authority to dispense with advertising and to award contracts to the following-named contractors, in the districts designated, for a period of two months, from April 1 to May 31, 1954, at the price

designated, which, as stated, were obtained as a result of publicly advertising for proposals:

District 5B-Jamaica Plain, J. J. Moore Company, Inc., closed trucks, from April 1 to May 31, 1954, \$9,615 a month.

District 11-Hyde Park, Frank J. Cavaliere, closed trucks, from April 1 to May 31, 1954, \$5,000 a month.

I also request your authorization to dispense with advertising and to award contracts to the latter-referenced two contractors at the monthly bid prices appearing above, for the period from June 1, 1954, to March 31, 1956, with the understanding that the two contracts for the latter-referenced period will not be valid unless approved by the City Council, in accordance with the provisions of section 6 of the City Charter.

I also respectfully request your approval to the awarding of contracts—on the basis of the publicly advertised proposals that were opened in this office on Tuesday, March 9—to the following contractors, in the districts designated, and at the monthly bid prices that appear below, for one-year periods, from April 1, 1954, to March 31, 1955:

District 1-South Boston, Anthony J. Ryan, Inc., open-top trucks, \$10,500 a month.

District 4-Brighton, Anthony J. Ryan, Inc., closed trucks, \$13,500 a month.

District 5A-West Roxbury, Peerless Contracting Company, closed trucks, \$11,190 a month.

District 6A-Dorchester North, Coleman Brothers Corporation, open-top trucks, \$25,900 a month.

District 6B-Dorchester South, Coleman Brothers Corporation, open-top trucks, \$29,100 a month.

District 7A-Elm Hill, William J. Banfield, open-top trucks, \$5,300 a month.

District 7C-Mission Hill, Marinucci Brothers & Co., Inc., closed trucks, \$8,200 a month.

District 9-South End, Frank J. Cavaliere, open-top trucks, \$7,900 a month.

District 9B-Stuart, James A. Freaney, Inc., open-top trucks, \$4,880 a month.

In connection with the award of one-year contracts in South Boston, Brighton, Elm Hill, Mission Hill, Stuart, and the South End, it is to be expressly understood that I am including in my recommendations, for the approval of your Honor, the acceptance of the bids submitted by the contractors for the so-called "Alternate Dump Haul" under Item 2(a) or Item 2(b) as the case may be.

The current contracts provide for a minimum wage rate of \$1.72½ per hour to be paid chauffeurs and helpers. The new one-year contracts which will start on April 1, provide for a 10-cent per hour increase to \$1.82½ per hour. It is estimated that this 10-cent per hour increase will cost approximately \$75,000 per year. The new contracts that I am recommending for award will cost the city \$10,056 per year in excess of the cost of the current contracts. In the districts covered by the subject contracts, the cost to the city for the period from April 1, 1953, to March 31, 1954, was \$1,562,964, whereas the cost for the period from April 1, 1954, to March 31, 1955, based on the above-referenced recommendations, will total \$1,573,020.

Respectfully yours,

GEORGE G. HYLAND,
Public Works Commissioner.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STENOGRAPHIC SERVICE.

MAY 22, 1954.

For State, and Cities and Towns Outside of Boston and Vicinity.

JUNE 5, 1954.

For State, Boston, and Cities and Towns in the Vicinity of Boston.

The last date for filing applications for the examinations on both of the above dates will be Monday, May 3, 1954.

Open to Males and Females.

This examination is held to fill entrance stenographic positions, which have the title of Junior Clerk and Stenographer in the State service, and various titles, such as stenographer, junior stenographer, junior clerk and stenographer, etc., in the cities and towns.

On May 22, 1954, the examination will be held in various centrally located cities outside of Boston and vicinity. On June 5, 1954, the examination will be held in Boston and persons who reside within commuting distance will be notified for examination on this day. All persons must appear for examination at the place and time designated in the notices mailed to each applicant by the Division of Civil Service.

Persons qualifying in the examination may have their names placed on the State list, as well as on the list for the city or town in which they have domicile.

Salary: For the State service, the minimum salary is \$2,280 a year, and the maximum salary is \$2,880 a year. In the cities and towns, the salaries vary.

Vacancies: From time to time.

Duties: Under immediate supervision, to take stenographic notes from dictation and to transcribe the notes on the typewriter; to do miscellaneous typing and routine clerical work of ordinary difficulty; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their sixteenth birthday on the date of examination will not be eligible.

Subjects and Weights: Training and experience, 1; clerical tests (including spelling, arithmetic, following written directions, filing, and word knowledge), 1; stenography, 3; total, 5.

The dictation will be given at the following rates of speed: 80, 100 and 120 words a minute, the dictation at each rate of speed consisting of an article of about 300 words in length. Each applicant may select any one or two of the three speed tests for transcription. If an applicant transcribes two tests, both are marked and the applicant is given the higher of the two marks. The transcription is marked for both speed of dictation and accuracy.

Passing Requirements: Applicants must obtain at least 70 per cent in accuracy of transcription of at least one dictation, and in each subject in order to become eligible.

Registered Voters (Men and Women), City Election, November 3, 1953.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 15, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair, and all members present.

The Reverend John J. Linnehan, chaplain at Long Island Hospital, was escorted to the rostrum.

INVOCATION BY THE REVEREND JOHN J. LINNEHAN.

We pray Thee, O God of might, wisdom and justice, through Whom authority is rightly administered, laws are enacted and judgments decreed, assist with Thy holy spirit of counsel and fortitude the members of this Boston City Council, that their administration may be conducted in righteousness, and be eminently useful to Thy people, by encouraging due respect for religion, by a faithful execution of the laws in justice and mercy; and by restraining vice and immorality. Let not ignorance draw them into devious paths nor partiality sway their minds; neither let respect of riches or persons pervert their judgment; but unite them to Thee effectually by the gift of Thine only grace that they may be one in Thee and never forsake the truth. Let the light of Thy divine wisdom direct the deliberations of this Council and shine forth in all the proceedings and laws framed for our rule and government so that we may tend to the preservation of peace, the promotion of happiness, the increase of industry, sobriety and useful knowledge; and may perpetuate to us the blessings of equal liberty.

We recommend likewise to Thy unbounded mercy all our brethren and fellow citizens throughout the city, that they may be blessed in the knowledge and be sanctified in the observance of Thy most holy law, that they may be preserved in union and in that peace which the world cannot give; and after enjoying the blessings of this life be admitted to those which are eternal. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Weighers of Goods for term ending April 30, 1954: Byron G. Chandler, 39 Concord avenue, Cambridge; J. Eaton Rotman, 38 Kil-syth road, Brookline.

Referred to the Committee on Confirmations.

ROPING OFF UNION PARK STREET.

The following was received:

City of Boston,

Office of the Mayor, March 15, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of March 1, 1954, in regard to the roping off of the section of Union Park street, between Washington street and Harrison avenue, Roxbury, on Saturday, April 3, 1954, between the hours of 2 and 4 P.M.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

March 5, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order dated March 1, 1954, I wish to report that orders are being issued to rope off a section of Union Park street, between Washington street and Harrison avenue, on Saturday, April 3, 1954, between the hours of 2 and 4 P.M., for the Cathedral Road Race, and that a parade permit has been issued for same.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.
Placed on file.

REPORT RE "MANDATORY REFERRAL ORDINANCE."

The following was received:

City of Boston,

Office of the Mayor, March 15, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the City Planning Board relative to your order of October 5, 1953, re-

questing a report on the effectiveness of the so-called "Mandatory Referral Ordinance" in municipal matters involving questions of planning.

Respectfully,

J. B. HYNES, Mayor.

City Planning Board,

February 24, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

The City Planning Board transmits herewith a report as ordered by the City Council under date of October 5, 1953. The report is concerned with the so-called "Mandatory Referral Ordinance" of August 5, 1952. It is not intended as an exhaustive treatment of the subject, but only as a brief review of our experience under the aforementioned ordinance, together with some discussion for its improvement.

A concise reply to the questions asked by the Council is:

1. That the Board has not been receiving "mandatory referrals" in complete conformity with the law;
2. That the sale of city land, school construction, and Boston Housing Authority projects, could beneficially be brought to the attention of the Planning Board, but it should not be concerned with such matters as licensing or permits; and
3. As a matter of planning policy, mandatory referrals should cover projects to be constructed in the city by state agencies. However, as a practical matter it is probable that it will be limited to agencies created by the municipal government.

City planning, as a continuing function of municipal government, is still in its earlier stages of development and it will take many years of experience to bring it to a full state of effectiveness, not alone in Boston, but everywhere else. It is the aim of the present Planning Board to further this process and the accompanying report is submitted with this thought in mind.

Sincerely yours,

THOMAS F. McDONOUGH, Chairman.

REPORT TO CITY COUNCIL IN COMPLIANCE WITH COUNCIL ORDER DATED OCTOBER 5, 1953.

On October 5, 1953, the following was passed by vote of the Boston City Council:

"Ordered, That the City Planning Board consider:

1. Whether the so-called Mandatory Referral Ordinance of August 5, 1952, after over a year of operation, is effective to bring before the City Planning Board all municipal matters involving questions of planning which should properly be considered by the City Planning Board;
2. That particularly whether such matters as sale of city land, fuel storage licensing, school construction, Boston Housing Authority projects, could beneficially be brought to the attention of the Planning Board;
3. What additional fields should the City Planning Board be empowered to enter by mandatory referral, under statute or ordinance, as a matter of good planning policy.

That a brief report be forwarded to the City Council, when prepared, of the Board's considered opinion on these matters."

Answers to the above questions will be better understood if prefaced by a few simple statements concerning the functions of the Planning Board.

The role of the Board is essentially to advise the other components of municipal government with regard to matters under their jurisdiction or control and which have a bearing on the physical development of the city. In discharging this responsibility the Planning Board inevitably finds itself engaged mainly in two types of activity. The first is development of a broad concept of the city's future physical makeup, a concept usually known as a general, or master, plan. This duty is set forth in section 3 of the ordinance under which the Boston Planning Board operates. However, no planning board can, or should, do all the planning that a municipality will find necessary. Hence, the second phase of the Planning Board's responsibility: coordination of the planning activities of others. This function is based largely upon such instruments as "mandatory referral," capital improvement programming, and subdivision control, the first two of which are the subject matters of sections 4 and 5, respectively, of the Boston Planning Board ordinance.

Whether engaged in the making of a master plan or in coordinating the planning of others, the Planning Board must know what is going on and, to be most useful, must have such knowledge in time to render advice. Though the Board has benefited in its coordinating efforts by its contact with department heads in the formulation of the capital improvement

program, it has not been receiving "mandatory referrals" in conformity with the requirement set forth in the law. It is perhaps well to bring out at this point the difference in function between programming capital improvements and "mandatory referrals." The improvement program is concerned with the scheduling and priority of improvements with only general character and general location in mind and without regard to details of design. "Mandatory referrals," on the other hand, should provide the opportunity for the planning point of view to be brought to bear on decisions as to exact location, size, character, extent and appearance. The Planning Board believes that the reasons can be found not in a lack of good faith among public officials, but in the deficiencies of the law itself. These deficiencies result from the restricted scope of section 4 and may be identified as related to subject matter, jurisdiction, and methods. The following questions are illustrative of the issues raised in the law itself.

Subject Matter (in section 4, limited to "capital improvements," requiring an appropriation or loan order originating with the Mayor):

1. What is a "capital improvement?" Does this term include acquisition of land? Are studies and plans for capital improvements themselves capital improvements?
2. Should capital improvements not requiring an appropriation or loan order be included? (E.g. acquisition of property through transfer, gift, or bequest.)
3. Should capital improvements to be financed by transfer of funds be included?
4. Should capital improvements to be financed by an appropriation or loan order not originating with the Mayor be included? (E.g. schoolhouse construction, or any other projects financed by order originating with the Council.)

Jurisdiction (limited in section 4 to a "board or officer of the city or county having power to incur . . . obligations payable from the treasury of the city."):

1. Is the Housing Authority a "board or officer of the city?" The White Fund trustees?
2. Some boards and officers of the city derive their powers from special acts of the Legislature, e.g. Real Estate Commission, Traffic Commission, Board of Zoning Adjustment, etc. Can the powers of such agencies be abridged in any way by ordinance? Does section 4 of the ordinance, in its present form, apply to such agencies?

Methods (limited in section 4 to situations where a board or officer requests the Mayor to originate an appropriation or loan order and attaches a condition precedent to such request, in the form of mandatory referral of the subject matter to the Planning Board for specific report):

1. Is the mandatory character of the referral obviated in situations where there is no formal request to the Mayor by a board or officer?
2. Does mandatory referral apply to situations where the appropriation or loan order will originate with someone other than the Mayor? (E.g. the City Council.)
3. Does compliance with the capital improvement program procedures in section 5 suffice to discharge the obligation of mandatory referral in section 4? In other words, when an officer includes a project among his capital proposals submitted to the Planning Board and the Board thereafter includes that project in its overall program as reported to the Mayor, do such acts meet all the requirements of mandatory referral if they transpire within six months of the time when the officer requests the Mayor to originate an appropriation or loan order to cover the project?
4. Does the requirement that the Planning Board be requested to report specifically imply that the request be related to a capital improvement for which definitive plans and specifications exist? Or, for example, can the Board be asked to report on the general advisability of expending \$2,000,000 for constructing unspecified streets, or \$1,000,000 for building unknown sewerage works? And once such sums have been authorized, can an officer of the city then request authority to let contracts for specific works subject to such appropriations without referral to the planning board?
5. In spite of all section 4 says about referral being mandatory, can the Mayor and Council nevertheless act upon a request of a municipal officer to originate an appropriation or loan order for a capital improvement even though there has been no referral?

The foregoing questions are indicative of weaknesses in the ordinance itself and suggest the ways in which that law has failed to op-

erate successfully. The City Planning Board proposes herein no specific solution to this problem, there being obviously a need of legislative refinement involving difficult legal problems that can better be handled by Law Department specialists. What the Board does propose is an early conference among representatives of the City Council, the Law Department, and the Planning Board.

With regard to questions No. 2 and No. 3 of the Council's order, the answers are suggested to some extent in the foregoing discussion. In effect, these questions ask whether the mandatory referral ordinance should cover capital improvements undertaken by agencies outside of the executive departments of the city and whether subject matters that are not capital improvements should be covered. Ideally, all decisions affecting the physical development of Boston should be subject to coordination by the central public planning agency but as a practical matter this planning power must be, and should be, curtailed. In some cases, conflict of independent jurisdictions would arise, creating serious political problems, in others, the difficulty of practical execution of work programs might be aggravated, and in some cases constitutional questions related to private property rights or to division of powers within the government might be raised. As a statement of basic principles, it is probable that

1. As a matter of principle it is desirable that all acts of any agency of government which affect the growth and development of Boston should be referred to the city's planning agency for an advisory opinion. However, as a practical matter it is probable that it will be limited to acts of the municipal government, or agencies created by the municipal government.

2. Mandatory referral should generally cover municipal acts amounting to control over, or disposition of, public real property; and

3. Mandatory referrals should be concerned with the municipal exercise of the police powers which affect land use of broad areas such as zoning but should not be concerned with the application of this power in individual cases such as licenses or permits.

It should be remembered that the coordinating function of the planning agency can often be carried out by means other than mandatory referral, as by having members of the Planning Board serve ex officio as members of other agencies, and through voluntary co-operative effort. The Boston Planning Board recognizes that in the long run its advice will be sought and taken the more because it is well considered and sound than because it is a requirement of law.

REPORT ON OFF-STREET PARKING FACILITIES IN JAMAICA PLAIN.

The following was received:

City of Boston,
Office of the Mayor, March 15, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of February 15, 1954, in regard to progress being made in Jamaica Plain district with off-street parking facilities.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
March 1, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.
Re: City Council Order of February 15, 1954, Concerning "Progress Being Made Towards the Providing of the Jamaica Plain District with Off-Street Parking Facilities."

Dear Mr. Flemming:

A tentative site has been selected for the creation of an off-street parking area at Jamaica Plain center. It has been inspected by the Chief Engineer of the Boston Traffic Commission, an engineer assigned by the City Planning Board, and by the Board of Real Estate Commissioners. At the present time preliminary plot plan is being drawn by the Chief Engineer of the Street Laying-Out Department.

When said plan is completed, the Board will compute the amount which, in its opinion, will be necessary for the acquisition and construction of the off-street parking area, and will request his Honor, the Mayor, to petition the Council for a sufficient transfer of funds from the Surplus Parking Meter Fund to effectuate the completion of this project.

This preliminary work will be completed before the end of March.

Respectfully submitted,
HERMAN CARP, Chairman.

BRANCH LIBRARY AT SAVIN HILL.

The following was received:
City of Boston,
Office of the Mayor, March 15, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Boston Public Library relative to your order of February 15, 1954, in regard to a branch library in the Savin Hill section of Dorchester.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, March 9, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The Trustees of the Public Library gave consideration at their last meeting to the order introduced on February 15, 1954, into the City Council by the Honorable John E. Kerrigan concerning the establishment of a branch library in the Savin Hill section of Dorchester.

The Trustees have asked me to state that they are not possessed of funds for the establishment of a branch library in the Savin Hill area. In the light of this situation they have however made arrangements to send one of the library's bookmobiles into the Savin Hill area once a week for the purpose of bringing library books to the people in that section of the city.

If further information is desired, I shall be glad to provide it to you.

Respectfully,
MILTON E. LORD, Director.

LOCATION OF NEW BRANCH LIBRARY IN SOUTH BOSTON.

The following was received:
City of Boston,
Office of the Mayor, March 15, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Director of the Boston Public Library relative to your order of February 15, 1954, concerning the location of the proposed new branch library in South Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, March 11, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

On February 26, 1954, your office transmitted to the Trustees of the Public Library the order introduced into the City Council on February 15, 1954, by City Councillors Foley, Kerrigan, and McCormack suggesting that the South Boston Area Rehabilitation Committee be consulted concerning the location of the proposed new branch library in South Boston. The Trustees gave consideration to this at their meeting of March 6.

At an earlier meeting on February 19, 1954, the Trustees had already given consideration to the presentation of your Honor concerning the position of the South Boston Neighborhood Rehabilitation and Conservation Committee as outlined by the committee directly to yourself. Accordingly, at that time, the Trustees took action to bring before you for approval the possibility of the use of the Lincoln School property, on East Broadway, near K street, in South Boston, as an alternative to the Hawes and Simonds School properties for the proposed new branch library in South Boston.

The Trustees of the Library are very much interested in providing for South Boston the best possible library building and facilities and welcome suggestions from citizens and civic groups of the South Boston area.

Respectfully,
MILTON E. LORD, Director.

DEVELOPMENT OF PLAY AREA IN SOUTH BOSTON.

The following was received:
City of Boston,
Office of the Mayor, March 15, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of March 8, 1954, requesting

the studying of the feasibility of developing the vacant land located between G and H streets, South Boston, as a "Children's Play Area."

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 11, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order from Councillors McCormack, Foley, and Kerrigan relative to the developing of vacant land located between East Fifth and Story streets, and between G and H streets, South Boston, as a children's play area.

This land is under the control of the Real Estate Commission and is tax title property. I am making arrangements to have this property transferred to the Park Department for future development as a play area.

I have received the approval of the Planning Board for this site as a desirable location.

I am pleased to cooperate with the councillors in helping them have this area set aside as a play space.

Very truly yours,
FRANK R. KELLEY, Chairman.

REIMBURSEMENT BY COMMONWEALTH OF COST OF GENERAL RELIEF.

Coun. AHEARN offered the following:

Whereas, The cost of administration of the Public Welfare in the City of Boston represents a sizeable portion of our annual budget; and

Whereas, Moneys expended under the various categories of relief are paid out pursuant to state and federal law requiring the city to pay money to qualified persons; and

Whereas, The duty to pay is imposed on the city by higher authority, but no new sources of revenue by taxation have been made available to the city with which to defray the cost of Public Welfare; and

Whereas, With respect to General Relief in particular, the amount of state aid to the city is inadequate; and

Whereas, House Bill 420, the petition of Francis X. Ahearn, provides that state aid for General Relief shall be increased so that one half the sum paid for General Relief by the city shall be reimbursed to the city by the state; and

Whereas, House Bill 420, if enacted into law, could save the taxpayers of Boston about a million dollars a year; therefore be it

Resolved, That the Boston City Council, in meeting assembled, favors in principle House Bill 420, the petition of Francis X. Ahearn, entitled "An Act Providing for Reimbursement by the Commonwealth of Part of the Cost to Cities and Towns of General Relief."

The resolution was adopted under suspension of the rules.

SALE OF LAND IN SOUTH BOSTON TO MICHAEL J. HEALEY.

The order was given its second reading and passage, yeas 9:

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—9.

ABANDONMENT OF SEWER EASEMENT IN HYDE PARK.

Coun. FOLEY called up No. 2 on the calendar, under unfinished business, viz.:

2. Order for abandonment of easement for sewerage purposes in certain lands in Hyde Park.

On March 1, 1954, the foregoing order was read once and passed, yeas 9.

The order was given its second reading and passage, yeas 9:

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—9.

EXTENSION OF TIME FOR MEMBERS OF CERTAIN RETIREMENT SYSTEMS.

Coun. PIEMONTE offered the following:

Resolved, That the City Council of Boston favors the consideration by the Legislature of the petition now held under Joint Rule 7B providing for extending the time within which members of certain retirement systems must act in order to obtain credit for certain past services; provided that any such legislation enacted includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

PAYMENT OF POLICE DEPARTMENT EMPLOYEES.

Coun. AHEARN offered the following:

Ordered, That his Honor the Mayor request the Auditor to establish a system whereby the Police Department employees will receive their holiday and/or any overtime pay within a two-week period of said date.

Passed under suspension of the rules.

USE OF AUTOMATIC RAMPLESS GARAGES IN BOSTON.

Coun. FOLEY offered the following:

Ordered, That his Honor the Mayor request the Board of Real Estate Commissioners, in connection with the expansion of the program of off-street parking facilities, to investigate the use of the so-called automatic rampless garages for use in the Boston program, and that a brief report of the feasibility of the system be forwarded to the Council when prepared.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. HURLEY, for the Committee on Ordinances, submitted the following:

1. Report on message of the Mayor and ordinance (referred January 18) concerning certain assessment for entering particular drains or sewers—recommending that same ought to pass.

The report was accepted, and the ordinance was passed.

The report was accepted.

On motion of Councillor Hurley the ordinance was referred to the Executive Committee.

STUDENTS' GOVERNMENT EXCHANGE PROGRAM.

President WHITE on behalf of the Council welcomed to the deliberations of the Council the representatives of the students of Hingham High School, Concord High School, Milton High School, Sharon High School, and Wrentham High School, together with representatives of the Jamaica Plain High School, Jeremiah E. Burke High School, and the Roxbury Memorial High School (Girls).

Upon the invitation of President WHITE, Miss Carol McDonald, of the Milton High School, Mr. William Wiley, of the Hingham High School, and Miss Carol Berenson, of the Girls' Latin School, occupied the rostrum with the President.

Coun. PIEMONTE addressed a few remarks to the representatives, outlining very briefly the procedure of the Boston City Council.

At the conclusion of the students' visit Mr. William Wiley made a brief address thanking the members of the Council for their invitation and assured the members that they had profited by the opportunity to observe the operation of the legislative branch of the city government of Boston.

DOCKING FACILITIES, BOSTON ARMY BASE.

Coun. McCORMACK offered the following:

Whereas, The United States Army has extended the deadline for final action on the Boston Army Base until August 1, 1954; and Whereas, The continuation of operations at the Boston Army Base is vital to the economy of the port, the city, the state, and the entire New England area; and

Whereas, Unless some means is adopted prior to August 1, 1954, to provide the necessary funds, the Boston Army Base piers will be abandoned; therefore be it

Resolved, That the Boston City Council, in meeting assembled, go on record as strongly urging the Massachusetts delegation in Congress to redouble their efforts to save these docking facilities; and be it further

Resolved, That a copy of this resolution be forwarded to each member of Congress from the Commonwealth of Massachusetts, the Department of Defense, the Maritime Commission, and the Governor of our Commonwealth.

The resolution was adopted under suspension of the rules.

PUBLIC HEARINGS ON AUTOMATIC RAMPLESS GARAGES.

Coun. PIEMONTE offered the following: Ordered, That a committee of the City Council be appointed by the President to hold public hearings to study the advisability of the requiring in off-street parking the automatic rampless garage in order to conserve space and alleviate the parking problem.

Passed under suspension of the rules.

Adjourned at 4.11 P.M., on motion of Coun-
cillor Piemonte, to meet on Monday, March 22,
1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PARTICIPATION OF CERTAIN CADETS IN EVACUATION DAY PARADE

Mr. Musco: Mr. Chairman, in light of the past week and in connection with the situation which occurred regarding the March 17th parade in South Boston, may I ask the Superintendent if he has been requested to have the school cadets of South Boston High School participate in that parade?

Superintendent: I would say No, Mr. Chairman. Right to the moment I have not received that invitation.

Mr. Musco: Might it be within our province to ask if those particular youngsters could participate?

Superintendent: I would feel that it would be, Mr. Musco.

Chairman: Mr. Superintendent, have they ever participated in that March 17th parade within your recollection?

Superintendent: Mr. Gillis may be able to answer that.

Mr. Gillis: Mr. Chairman, if a request comes before the School Committee, usually it is left that the pupils may participate in such parades on a voluntary basis; but, since that parade and the parade on November 11th will come on days when there isn't any school, the School Committee has always felt that they could not compel their attendance so they have left it at other times on a voluntary basis.

Superintendent: In whatever way we can participate or help we certainly would be glad to do so.

Chairman: Without placing the health of the children in jeopardy?

Superintendent: That's right.

Chairman: Just for the record, there has been no invitation or no request forthcoming from that group, has there?

Superintendent: Up to the moment I would say No, Mr. Chairman.

Secretary: I would like to call to the attention of the Superintendent the fact that cadets are not permitted to parade from October 1st to May 1st because

their uniforms are not sufficiently warm for inclement weather since they wear only a cotton khaki blouse and trousers. Mr. McKenney has called that to the attention of the Committee in past years.

Mr. Lee: Mr. Chairman, in order that those of the public who want to follow our work can do so, I would be glad to raise the question of adequate clothing which Miss Reynolds put in as an aside. In fact, I was going to raise that very point myself. I would like openly to raise that question of whether their clothing is warm enough to participate in the March 17th parade. If it were I would change the date of the annual schoolboy parade from May to March 17th, which has its merits except for that question of the thin khaki clothing. I don't see how we can get around that.

Mr. Musco: I do not think it is possible to have the annual schoolboy parade on that date because the Regimentals are not held until after that date. They then select their Colonels and so forth.

Mr. Lee: They could put it up, I suppose. It only involves a difference of two and a half months.

Mr. Gillis: The prize drill comes generally in April, and the Colonels, staff officers and other higher officers are selected then.

Chairman: I am sure that everybody here is sympathetic towards the problem as it exists over there, but inasmuch as there is nothing before us for consideration as pertains to the parade right now, we can do nothing. Possibly if it does come in we may look into the matter further.

Superintendent: If I get anything, Mr. Chairman, I will immediately bring it to the School Committee.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Secretary.

VEHICULAR TRAFFIC THROUGH SUMNER TUNNEL IN 1953 BREAKS ALL RECORDS—TOTAL OF 10,835,670 VEHICLES USED TUBES—1,251,698 MORE THAN PREVIOUSLY.

Vehicular traffic through the Sumner Tunnel for the year 1953 was 13 per cent higher than in the year 1952. This was revealed in figures made public from the office of Public Works Commissioner George G. Hyland this week.

According to the Commissioner a total of 10,835,670 vehicles used the tunnel in 1953, to break the previous record of 9,583,972 vehicles established in 1952. The increase in 1953 over 1952 totals 1,251,698 vehicles.

FIRE DEPARTMENT ORDERS.

General Order No. 15.

I. ASSISTANT CHIEFS OF DEPARTMENT.

The following positions are hereby established in the Fire Department, effective at 8 A.M., Wednesday, March 17, 1954:

Assistant Chief of Department in Charge of Fire Fighting Force.

Assistant Chief of Department in Charge of Personnel and Training.

II. PROMOTIONS.

The following promotion, which will become effective at 8 A.M., Wednesday, March 17, 1954, is hereby announced:

Deputy Chief Patrick E. Collins, Division 2, to Assistant Chief of Department in Charge of Fire Fighting Force (temporary).

The duties of the position of Assistant Chief of Department in Charge of Fire Fighting Force are as follows:

"It shall be the duty of the Assistant Chief of Department in Charge of the Fire Fighting Force to directly command the several fire fighting divisions under the Chief of Department. He shall assign officers and men to various command and company units taking into account individual capabilities and manpower requirements. He shall be in charge of the roster of the fire fighting force indicating ranks and assignments. He shall respond to such major alarms of fire as the Chief of Department may direct and assist in the direction of fire fighting. He shall be in charge on the fireground in the absence of the Chief of Department. He shall supervise the fire prevention program of the several fire companies and maintain liaison with the Fire Prevention Division relative to special fire hazards. He shall be responsible for the efficiency of the various fire fighting divisions and units under his command. As directed by the Chief of Department he shall assist in the development of effective mutual aid agreements with neighboring fire departments and in the development of assignment cards governing the response of fire department units to alarms of fire."

The following promotion, which will become effective at 8 A.M., Wednesday, March 17, 1954, is hereby announced:

Deputy Chief Walter E. Crouch, Division 3, to Assistant Chief of Department in Charge of Personnel and Training (temporary).

The duties of the position of Assistant Chief of Department in Charge of Personnel and Training are as follows:

"It shall be the duty of the Assistant Chief of Department in Charge of Personnel and Training to direct and command the personnel activities under the Chief of Department. As Director of the Training Division he shall see that officers and members of all units are instructed in their duties. He shall make reports to the Assistant Chief of Fire Force regarding the capabilities of individuals and fire fighting units as indicated by the departmental training program. He shall recommend the establishment of schools and courses covering all phases of Fire Department activity and shall direct the operation of such schools. He shall recommend the provision of additional training facilities as needed. He shall be in charge of the Fire Department equipment maintenance program and shall have carried out a

program of preventive maintenance of apparatus and equipment in all fire fighting units. He shall be in charge of the Fire Department Maintenance Division and Repair Shops and shall see that apparatus is maintained at top efficiency at all times. He shall study and test new developments in fire equipment and fire fighting techniques and shall make recommendations to the Chief of Department and Commissioner regarding the adoption of methods and equipment applicable to this department and shall see that purchase specifications used by the department include the latest and best types of equipment available under competitive bidding. He shall respond to such major alarms of fire as the Chief of Department may direct and shall give special attention to the efficient operation of fire fighting equipment and the necessity for additional training. He shall perform such other duties as directed by the Chief of Department such as the development of mutual aid agreements and assignment cards."

The following promotion, which will become effective at 8 A.M., Wednesday, March 17, 1954, is hereby announced:

Deputy Chief Edward N. Montgomery, Fire Prevention Division, to Assistant Chief of Department in Charge of Fire Prevention Division (temporary).

The duties of the position of Assistant Chief of Department in Charge of Fire Prevention Division are as follows:

"It shall be the duty of the Assistant Chief of Department in Charge of the Fire Prevention Division to head the fire prevention program of the Fire Department under the Chief of Department. He shall be in direct charge of the Fire Prevention Division, the Arson Squad, the Public Relations program, the Civil Defense program. It shall be his duty to make suggestions relative to fire prevention activities for the entire Fire Department, to assist the Chief of Department and Commissioner relative to special fire hazards, to recommend the public and private fire protection facilities which he considers essential to the safety of life and property in the community, and under the direction of the Chief of Department to carry out such fire prevention activities as are prescribed by state law or municipal ordinance."

III. DEPUTY CHIEFS.

Effective at 8 A.M., March 17, 1954, the senior deputy chief in each division will be assigned as division commander and will be in over-all charge of his respective division. Seniority of each deputy chief shall be computed from the date of his permanent promotion to that grade.

IV. DISTRICT CHIEF.

Effective at 8 A.M., March 17, 1954, the senior district chief in each district will be assigned as district commander and will be in over-all charge of his respective district. Seniority of each district chief shall be computed from the date of his permanent promotion to that grade.

PUBLIC WORKS DEPARTMENT.

Proposals for Laying and Relaying Water Pipes in Joslin Road, Ward 4; Richview Street, Ward 16; Cummins Highway, Dietz Road, Fayre Street, Kardon Road, Hyde Park Avenue, at Metropolitan Avenue, Hyde Park Avenue, at River Street, Messenger Street and Providence Street, Ward 18; Bronson Terrace, Ward 20, and Such Additional Locations, If Any, in Wards, 4, 16, 18, and 20, As May Be Designated by the Commissioner of Public Works.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the States, for laying and relaying water pipes in Joslin road, Ward 4, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Laying and Relaying Water Pipes in Joslin Road, Ward 4, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, APRIL 8, 1954, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

No. 14

FINANCE COMMISSION MAKES SUGGESTIONS TO CITY COUNCIL AS TO HOW THEY BELIEVE BUDGET FOR 1954 MAY BE CUT IN EFFORT TO KEEP CITY EXPENSES DOWN—SEVERAL MAJOR DEPARTMENTS UNDER SCRUTINY OF COMMISSION GET PROPOSED PARING DOWN TO SAVE EXPENSES.

In their report to the City Council while discussing the city budget, among other things, the Finance Commission had the following to say:

To the Honorable the City Council.

Because the Council's acquiescence to a budget is necessary for its adoption, the Council has the vast power of sharing with the Mayor the determination of the spending program. If it is the will of the Council that a service or function must be curtailed or eliminated, the Council can make reduction to correspond with its policy determination.

In the opinion of the Finance Commission there is not great opportunity to reduce the budget before you without going into the field of policy. Until the Council indicates what and how far it is

REPORT OF JOHN M. CANTY, LEO J. BURKE, OF THE BUSINESS MANAGER'S OFFICE, AND EDWARD E. FENTON, OF THE SUPPLY ROOM, ON INSPECTION OF THE MACHINE BOOKKEEPING AND ACCOUNTING SYSTEM IN THE OFFICE OF THE BUSINESS MANAGER, PHILADELPHIA, PA., MARCH 10 TO 12, 1954, INCLUSIVE.

Boston, March 18, 1954.

To the School Committee of the City of Boston.

On March 3 and 4, the following members of the Business Manager's staff visited the Administrative Offices of the School District of Philadelphia to study the application of the punched card method to school business administration:

EXPENDITURES FOR VETERANS' BENEFITS SHOW DECREASE OF \$21,407.17 FOR JANUARY OF THIS YEAR FROM THOSE OF SAME MONTH IN 1953 — THIS SHOWN IN VETERANS' SERVICES REPORT PRESENTED TO MAYOR JOHN B. HYNES BY ACTING COMMISSIONER JOHN R. MCGILLIVRAY—1,454 CASES WERE AIDED.

Despite the fact that unemployment has been on the increase, expenditures for veterans' benefits for the first month of 1954 show a decrease of \$21,407.17 as compared with those of the same month of 1953. There were 1,454 cases aided during the month, while there were 150 cases closed out due to obtaining employment or having secured unemployment compensation.

This was made manifest in the report to Mayor John B. Hynes by Acting Commissioner of Veterans' Services John R. McGillivray. The complete report reads as follows:

Boston, March 24, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of January, 1954.

Very truly yours,

JOHN R. MCGILLIVRAY, *Acting Commissioner.*

REPORT OF JOHN M. CANTY AND LEO J. BURKE OF THE SCHOOL DEPARTMENT, BUSINESS MANAGER'S OFFICE.

(Continued from page 377.)

John M. Canty, Special Administrative Assistant

Edward E. Fenton, Receiver in the Supply Room

This group was accompanied by Frank Murphy, I.B.M. representative from the Boston office.

On the morning of March 3, the group took part in a discussion of school business administrative methods in use in the Boston and Philadelphia school systems. Background data on the Philadelphia system were furnished by Add B. Anderson, Secretary and Business Manager, and his assistant, Harry Kephart. The information gathered at this discussion allowed both groups to compare methods used by the respective cities.

The afternoon of March 3 was spent in witnessing a demonstration of the machine installation. The accounting functions now being performed by the I.B.M. machine installation consist of a complete payroll job (including withholding statements), accounts payable, stock accounting and purchasing. The group had a thorough demonstration of the punched card equipment in actual operation on this work. The afternoon session was closed with a further discussion of accounts payable accounting and an examination of the forms used thereon.

On the morning of March 4, the group visited the warehouse of the Philadelphia school system. The group was conducted on a tour of the warehouse. Then there was a discussion of the influence of the punched card method on purchasing, receipt and distribution of school supplies. Philadelphia schools submit but two requisitions each year. Machine tabulation of requests enables the Purchasing Department to order the necessary supplies and have them on hand in the warehouse to fill requisitions. This method has made possible the filling of 98 per cent of the requisition items within the six-month time limit set for filling requisitions.

On the afternoon of March 4, the group participated in a detailed discussion of the use of the punched card method in stock accounting and purchasing with emphasis on the forms used and the reports submitted.

Observations

General Observations

1. The Philadelphia School Board consists of 15 members appointed by justices of the common pleas courts.

2. The Philadelphia schools are financially independent. Income is derived from the city real estate tax (one-third of tax dollar to schools), a gross receipts tax, a personal property tax, and state aid furnished by a state sales tax. The Philadelphia school budget is adopted in November for the fiscal year beginning January 1 following.

3. The dual type of organization is in effect. The Superintendent is charged with educational administration, the Secretary-Business Manager with business administration.

4. Group Insurance. Employees are offered the opportunity to take out a

maximum of \$10,000 in group life insurance. Employee contributions are matched by the Philadelphia School Department. The School Board gives a \$1,000 insurance policy to each retiring employee. A medical and surgical plan is now being introduced—contributions to be made by both employee and employer.

Specific Observations

1. Purchasing. Philadelphia uses pre-printed requisition forms which are submitted by schools in a city district twice each year according to schedule. These forms make possible a uniform system of ordering, simplify machine tabulation of requests for purchasing and increase warehouse inventory control. The inclusion of unit prices on the requisition form enables the school principals to control their budget appropriations since all requisitions must be valued before submission.

The use of a preprinted book requisition form permits securing of prices from publishers concerned. Such bids remain firm for the fiscal year. Such a form sets forth the authorized list of all publishers and permits tabulation of yearly requests, a review of such requests made annually makes possible removal of titles not being used.

2. Stock Control. Machine tabulation of requests removes guesswork from purchasing and results in a minimum inventory. Items are received in stock in time to meet distribution schedules. Reports are submitted to show stock levels, an aid in purchasing.

Respectfully yours,

LEO J. BURKE,
Assistant Business Manager.

FINANCE COMMISSION SUGGESTS POSSIBLE BUDGET CUTS TO CITY COUNCIL.

(Continued from page 377.)

willing to go in this direction, no one outside the Council can anticipate the probabilities.

The Council has had the benefit of suggestions of how and where to alter the administration of the functions and services of the city. The Committee on Appropriations has had the benefit of discussions with departmental officials and the budget makers about many of these suggestions and other opportunities for altering administration. The Finance Commission could not have the same opportunity without interference with your own program of study.

The Finance Commission recognizes the difficulty of reducing the budget. Yet, as the Commission indicated in a recent report, reduction of the budget as before you is a necessity if last year's rate of taxation is not to be exceeded.

DEPARTMENTAL STRUCTURE

In the reorganization of the departmental structure alone, no reductions in cost may confidently be expected. It has been promised, however, that reduction in costs will come from reorganization within each department. Even here, however, the possibility is not great because the present policy is that positions can be eliminated from the city payroll only by death or retirement of present incumbents. When it is realized that close to 70 per cent of the city budget is the payroll requirement, the difficulty of reducing the total needed for city maintenance is appreciated.

Nevertheless, out of all the information which your Committee on Appropriations has obtained for you, it is generally hoped that you may discover some means of reduction. In an effort to help, the following suggestions which emanate from the information brought out at your committee hearings are offered:

FIRE DEPARTMENT

Item No. 100

\$9,988,555.75 allowed by Mayor may be reduced by approximately \$150,000 due to the expectation that under the plans for the reorganization of the department, approximately 75 positions, after retirement, will be saved, \$150,000

Item No. 264

Since Engine 20 firehouse is slated for closing in the plan of station relocation, appropriation for heating installation may be eliminated at saving of approximately \$1,000

Item No. 273

Allowance for blower in battery room may be eliminated since it is planned to close battery room \$500

Item No. 322

Recalculation of fuel oil estimate results in saving \$13,533

Item No. 539

Reduce by \$15,000 the amount allowed for a new rescue wagon inasmuch as five of such apparatus are expected from the Federal Civilian Defense Organization within a few months \$15,000

BOSTON CITY HOSPITAL

Item No. 230

\$40,000 for renewal of Crotty contract could be eliminated since a representative of Crotty Brothers admitted at the Council hearing the possibility

of concluding the work and turning the system over to the Hospital by September, 1954, the date of the expiration of the present contract. Operation of the system could then be carried on under Hospital auspices.....\$40,000

Sanatorium

Item No. 239

Inasmuch as the Crotty Brothers were given a contract for \$20,000 in September, 1952, to install a system of food control at the Sanatorium and another in November, 1953, for \$19,000 to continue the work, it seems advisable to require this company to finish the work by the termination of the present contract, September, 1954, and refrain from renewing this contract at that

time. This would mean a saving in the 1954 budget of.....\$19,000

In this department, there are many items in which the only guide to determination of the need for appropriation is the experience of the department in previous years. The charges are for multifarious expenditures for supplies, materials and equipment. At the hearings before your committee, on a number of items which are listed below, the Hospital Department representatives gave no indication that there would be any greater need in 1954 than there was in 1953. In view of the general financial condition of the city, and the need, particularly at this time, to hold the line on expenditures, it is suggested that the department be held to last year's actual expenditure as listed in the budget which is before you.

These items and recommendations thereto follow:

HOSPITAL

ITEM No.		1953 Expenditures	1954 Allowance
320	Food Supplies	\$846,927 00	\$850,000
330	Heating Supplies and Materials	191,608 16	200,000
340	Household Supplies and Materials	146,534 40	160,000
350	Medical Supplies	634,928 64	700,000
360	Office Supplies and Materials	73,087 31	75,000

LIBRARY

Item No. 260

\$18,400 may be saved by deferring the following projects which are not immediately necessary: installation of illuminating signs and counters at certain branch libraries, and air-conditioning systems at one branch library and the Director's office.....\$18,400
Since a study is being made of the possibility of closing certain branch libraries, including Phillips Brooks, \$1,200 allowed for painting should be eliminated.....\$1,200
Finances of city do not permit painting such a new building as the Adams Street branch, which was built within the last three years.....\$1,900

PARK

Item No. 269

\$25,000 may be reduced by \$8,000 since present proposed contract for bleacher

repairs at nine locations is estimated at approximately \$17,000.....\$8,000
Request for \$22,000 for chain link fence may be safely reduced to \$15,000 and will bring it more in line with 1953 program.....\$7,000

Item No. 347

Allowance for toweling of \$24,600 should be reduced by \$3,100 because of lower prices obtained in contract, \$3,100

Item No. 8 31-43

Removal of trees afflicted with Dutch elm disease. Under Chapter 106, Acts of 1954, borrowing outside the debt limit is permitted for this purpose. By this method the allowance of \$50,000 for this item may be taken out of maintenance budget.....\$50,000

POLICE

Item No. 100

\$12,575,000 allowed by the Mayor may be reduced by approximately \$150,000

by appropriating for one-half year for the approximate 75 retirements expected in 1954, and saving such positions by adoption of the recommendations of the Mayor's Committee.....\$150,000

PUBLIC BUILDINGS

Item No. 471

Rental of autotruck can be saved by using Public Works Department trucks.....\$480

PUBLIC WORKS

Paving Division

Item No. A100

This payroll is made up of 410 employees, including 20 vacancies, with salaries totaling \$59,612.30. No deductions have been made for the nonfilling of any of these positions, neither has any deduction been made for vacancies that are likely to occur during the year. If vacancies are not to be filled, a deduction of \$59,612.30 can be made, and allowing for other vacancies likely to occur during the year over portions of the year a further deduction can be made.

Reduction.....\$59,612

Item No. 330

This item provides for the purchase of fuel. The quantities requested figured at the present contract price allow for a Reduction.....\$504 85

Item No. 380

This item provides for the purchase of roadway material. Estimated quantities based upon prevailing contract prices would permit of a further reduction of \$2,510.

Reduction.....\$2,510

Sewer Division

Item No. A100

This budget does not include the entire payroll of this division; another amount of approximately \$236,000 is charged to the loan account. No consideration has been given to a possible reduction in numbers during the year, or vacancies occurring for portions of the year that are likely to occur.

Summer Tunnel

Item No. 265

An item of \$10,000 was included in the department estimate for roofing and waterproofing of the ventilation building. A contract has already been awarded for this work at a price of \$6,592.50, allowing for a deduction of \$3,407.50. However, the Mayor has reduced the total allowance for the whole item by \$2,800. It would seem that a further deduction of \$607.50 could be made.

Reduction.....\$607.50

TRAFFIC COMMISSION

Item No. 110

Changing basis of painting street markings from temporary summer labor to contractual basis should reduce necessity of \$25,000 allowed by at least \$5,000.....\$5,000

Using police escort instead of Brink's Service to carry tunnel collections to bank will save.....\$1,000

Besides the possible savings indicated above for the Fire and Police Departments Personal Services Item, it appears, on analysis and application of formula, that the following further reductions in Item No. 100 in several departments are also possible:

ANALYSIS OF 1954 BUDGET REQUIREMENTS FOR PERMANENT PERSONAL SERVICES
PERMITTING REDUCTION

DEPARTMENT	Allowed by Mayor	Calculation of Item No. 100	Reduction
Fire	\$9,988,555 75	\$9,913,824 35	\$74,731 40
Police	12,575,000 00	12,539,627 46	35,372 54
Paving	1,250,000 00	1,211,402 24	38,597 76
Park	2,200,000 00	2,179,924 46	20,075 54
House of Correction	480,324 75	456,023 58	24,301 17
			\$193,078 41

The formula used in arriving at the requirements for Personal Services Item No. 100 was: (1) the average of five weekly payrolls in December, 1953, multiplied by 52.2; (2) the monthly roll multiplied by 12; (3) the projected increments; (4) allowance for certain vacancies as described below.

1. In the Fire Department there is included \$70,800 to cover 20 vacancies designated to be filled in January.

2. In the Police Department, \$69,820 is included for 14 patrolmen and detectives plus \$19,600 for officer vacancies and a secretary.

3. Provision has been made for 20 vacancies submitted by the Commissioner of Public Works in the budget, totaling \$59,612.50.

CONSTABLES

Although the quota for constables is reduced over previous years, there are 24 of this title in the 1954 budget document distributed as follows: Health (3), Law (5), Sanitary Division (9), Street Laying-Out (2), Water (5). The Administrative Survey recommended that the position of constable be eliminated in the Health Department, Sanitary Division, Street Laying-Out Department. Application of this recommendation would

reduce the number by 14 at a saving of.....\$40,000

Since the budget was submitted to the Council, the Purchasing Department has obtained prices by advertised competition for the fuel supply for various departments. A reduction has been suggested previously in this communication in the item for fuel in the Fire Department. Using as a basis the prices received in the open bidding and accepting the quantities needed as given in explanation of the budget requests, other items for fuel as listed herewith may be reduced:

Institutions Department, Long Island.....	\$2,345 00
Park Department.....	3,551 00
Public Works Department, Bridge Division.....	180 00
Public Works Department, Sumner Tunnel.....	136 72
County Buildings.....	511 60

Respectfully submitted,

CIRCULAR LETTER NO. 6.

CITY OF BOSTON,
MAYOR'S OFFICE, April 1, 1954.

To All Department Heads.

GENTLEMEN:

The annual appeal of the Boston Evening Clinic for vitally needed funds for maintenance and new modern equipment is being presented to the citizens of Boston during the month of April.

This nonprofit, nonsectarian institution makes available low-cost medical services to people of low and moderate income. By treating them in the evening the clinic keeps men and women on their jobs without loss of pay or production. The work of the Boston Evening Clinic and its affiliates, the Diagnostic Clinic and the Cancer Detection Center, has resulted in saving thousands of man-hours, so vitally necessary in these days of emergency, for Boston business firms.

I believe that all sections of the Boston community should and will support this most worthy appeal for assistance. I have designated Joseph P. Lally, City Auditor, as chairman of the city employees' group. Will you please notify him of the representative of your department who will work with him.

Your cooperation and the cooperation of all city employees will be appreciated.

Sincerely,

J. B. HYNES, *Mayor*.

CIRCULAR LETTER NO. 7.

CITY OF BOSTON,
MAYOR'S OFFICE, March 31, 1954.
To All Department Heads.
GENTLEMEN:

The Massachusetts Division of the American Cancer Society is conducting its annual drive for funds: The General Chairman for Massachusetts is Mr. Adrian O'Keefe, the President of the First National Stores. The Chairman of the city employees group is Mr. John Moran, the Purchasing Agent.

Cancer is one of the dread diseases of mankind. At some time or other its ravages hit almost every home. The Cancer Society, through your help, will continue its studies to stamp out this disease which takes the lives of so many people each year, both young and old.

I will appreciate it if the city officials and city employees will cooperate with John Moran this year so that the contributions of the city employees may be of some consequence in the fight against cancer. A little from a lot of us will meet our quota.

Respectfully,

J. B. HYNES, *Mayor*.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial and supply houses and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT. (Purchasing Division.)

BOSTON, March 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Automotive Division of the Public Works Department has submitted a requisition to this office for one new 2-cylinder General Motors Diesel Engine, Model HD-5.

Morrissey Brothers Tractor Company, agent for General Motors Diesel, has submitted a written informal quotation. Inasmuch as this company is the only local source of supply, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Morrissey Brothers Tractor Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,500, less trade-in allowance of \$300 on an old motor, making a net total of \$1,200.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 23, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 26, 1954, authority is requested at this time to award a contract, without public advertisement, to the following-named company for furnishing perishable foods to the various city departments, from April 1, 1954, to March 31, 1955, inclusive:

Walter Mill's & Sons, Inc., 539 East First street, South Boston, Mass.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, March 23, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of a requisition from the City Clerk's office for 200 rolls 35 mm. Recordak microfilm film.

Recordak Corporation, the sole manufacturer of the above film, has submitted a written informal quotation. Authority is requested to dispense with publicly advertising for prices and award a contract,

without public advertisement, to Recordak Corporation for furnishing the above film to the City Clerk's office from April 1, 1954, to December 31, 1954, inclusive. Inasmuch as Recordak Corporation is the sole manufacturer, it is my opinion that no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$1,294, net, cash thirty days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

HOSPITAL DEPARTMENT.

BOSTON, March 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Westinghouse Electric Corporation, 10 Oliver street, Boston, Mass., for maintenance of four A. B. See elevators at the Boston City Hospital, for the period from April 1, 1954, to March 31, 1955, inclusive, at a monthly cost of \$258.58, the total cost not to exceed \$3,102.96.

This firm has performed this very technical service in a satisfactory and efficient manner for the past three years.

The rates this year represent an increase of \$15.86 per month over the rates as stated in the contract which is to expire on March 31, 1954; however, the increase is one that has been determined in accordance with the terms of certain option provisions contained in the contract under which the city could have required the contractor to perform these services at the new rate for the period of the proposed contract, namely, April 1, 1954, to March 31, 1955.

Furthermore, it is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the new contract, without advertising, to Westinghouse Electric Corporation, and the Board is further of the view that nothing would be gained by publicly advertising for proposals for this work.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by JAMES W. MANARY, M.D.,
President.

BOSTON, March 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for maintenance of 21 Otis electric passenger elevators, two Otis double button freight elevators, and two Otis push-button dumb-waiters located at the Boston City Hospital, for the period from April 1, 1954, to March 31, 1955, inclusive, at a monthly cost of \$1,754.44, the total cost for the contract period not to exceed the sum of \$21,053.28.

This firm has performed this very technical service in a satisfactory and most efficient manner for the past three years.

The rates this year represent an increase of \$49.44 per month over the rates as stated in the contract which is to expire on March 31, 1954; however, the increase is one that has been determined in accordance with the terms of certain

option provisions contained in the contract under which the city could have required the contractor to perform these services at the new rate for the period of the proposed contract, namely, April 1, 1954, to March 31, 1955.

Furthermore, it is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the new contract, without advertising, to Otis Elevator Company, and the Board is further of the view that nothing would be gained by publicly advertising for proposals for this work.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by JAMES W. MANARY, M.D.,
President.

HOSPITAL DEPARTMENT (Sanatorium Division).

BOSTON, March 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for maintenance of two Otis push-button electric passenger elevators, one Otis car-switch electric passenger elevator, and one Otis push-button electric dumb-waiter, located at the Sanatorium Division of the Boston City Hospital, for the period commencing April 1, 1954, to March 31, 1955, inclusive, at a monthly cost of \$202.99, the total cost for the contract period not to exceed the sum of \$2,435.88.

This company is in the unique position of having both manufactured and installed the elevators and dumb-waiter and has access to all the necessary parts, material, and employs the skilled personnel essential to properly carry out its services as provided for in the proposed contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to Otis Elevator Company, and the Board is further of the view that, in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

—

BOSTON, March 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to F. S. Payne Company, 291 Congress street, Boston, Mass., for maintenance of two Payne dumb-waiters and one Payne push-button passenger elevator, located at the Sanatorium Division of the Boston City Hospital, for the period commencing on April 1, 1954, to March 31, 1955, inclusive, at a monthly cost of \$107, the total cost for the contract period not to exceed the sum of \$1,284.

This company is in the unique position of having both manufactured and installed the elevator and dumb-waiters and has access to all the necessary parts, material, and employs the skilled per-

sonnel essential to properly carry out its services as provided for in the proposed contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to the F. S. Payne Company, and the Board is further of the view that, in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, March 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of advertising and to award a contract for painting work on the eleventh floor, City Hall Annex, to Joseph G. Gazzola, Inc., 3 Fruit and Produce Exchange, Boston, Mass.

Four reputable painting contractors were invited to bid on the above work with the following results:

John M. Kennedy & Co., Inc., 127 West Brookline street, \$1,450.

Patrick J. Sullivan, 60 Cohasset street, Roslindale, \$1,690.

John S. Leonard, 387 Bowdoin street, Dorchester, \$1,548.

Since it is necessary to move the Planning Board from City Hall to new quarters on the eleventh floor, City Hall Annex, as soon as possible, and have the Retirement Board move from their present quarters to those which will be vacated by the Planning Board which will in turn be occupied by the Administrative Services Department, the above painting work is very essential.

In view of the above facts and that time is of the essence, it is my opinion that nothing could be gained by publicly advertising for bids. I believe that the best interests of the city will be served by awarding this work to the lowest bidder, namely, Joseph G. Gazzola, Inc., 3 Fruit and Produce Exchange, Boston, Mass., in the sum of one thousand four hundred twenty (1,420) dollars.

Respectfully,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For many years the dump for disposing of the refuse from East Boston has been under control of the refuse collection contractor in that district. In order to encourage competition and thereby reduce the cost of this function, I investigated the possibility of finding a dump in or close to the district and over which the city would exercise control.

No suitable tract of land was found within East Boston, but I found a privately-owned dump on the marshes in the Town of Saugus now being used by other communities for refuse disposal. The owner is engaged in reclamation of the marshes by rubbish fill and is agreeable to receiving the refuse from East

Boston at his property. Said property is licensed by the Town of Saugus for rubbish fill and is ideally situated for this function, being located on a vast expanse of marsh easterly of the Salem Turnpike and is very remote from any residence. It is only a relatively short distance from East Boston and the trucking route is entirely upon state highways.

The owner of said property has agreed to permit the City of Boston and its authorized contractor to dump refuse upon his land, with the understanding that said owner will spread and cover the refuse with clean fill. The low bids obtained from publicly advertised proposals for collecting and removing garbage and refuse in East Boston, opened on March 26, 1954, based on the city furnishing the dump, make it most advantageous for the city to enter into an agreement whereby it can provide said dump and thereby award a collection contract to the lowest bidder.

Therefore, I respectfully request your approval to dispense with advertising and enter into an agreement with Dewey E. Daggett, of Lynn Marsh road, Saugus, for the use of land located easterly of the Salem Turnpike in the Town of Saugus, owned by said Daggett and licensed by said town. The agreement shall provide that all the refuse (including street sweepings) from the East Boston district may be deposited on said land and that Dewey E. Daggett shall operate the dump as specified for the amount of seven hundred dollars (\$700) per month.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUFFOLK COUNTY.

COURT HOUSE.

BOSTON, March 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Because of the satisfactory service rendered over a period of years by the W. C. Holmes Cleaning Company of Boston, in supplying window cleaning service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the W. C. Holmes Cleaning Company, and requests your authority for awarding the contract, without advertisement, to the W. C. Holmes Cleaning Company, for the period commencing April 1, 1954, and ending March 31, 1955.

The total amount contemplated for expenditure under the proposed contract is \$2,800.

The aforesaid company carries the required Public Liability and Workmen's Compensation Insurance.

The W. C. Holmes Cleaning Company has all the necessary equipment and the necessary experience enabling it to perform this service with the least possible disturbance to the daily functions at the Court House.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

CHANGE IN WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Martin J. Kelly Company, Inc., has been directed to make the following change in the contract for repairs to the Malden Bridge, over the Mystic River, dated February 1, 1954:

Renew the entire bottom flange of certain floor beams of the draw and tower spans, as directed, using temporary bolts and permanent high tensile steel bolts instead of rivets, where and as directed; the work to be accomplished on Sundays with the bridge closed to highway traffic.

In consideration of the added cost of doing such work on Sundays, the city will pay (over and above the bid prices for this work) only such premium costs as may be incurred by the contractor over and above the "straight time" rates as established under the contract. All other costs are to be assumed by the contractor under the bid prices of the contract item. Additional cost to the city not to exceed \$800 for each Sunday worked.

CONSTRUCTION WORK.

PUBLIC WORKS DEPARTMENT.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Kardon road, between Dietz road and end of road, in the Hyde Park district, at an estimated cost of \$4,700.

A 10-inch pipe sanitary sewer and 15-inch pipe surface drain in Dietz road, between Alwin street and 265 feet southwesterly, in the Hyde Park district, at an estimated cost of \$5,500.

EXTENSION OF CONTRACTS.

C-W Boiler Manufacturing & Repair Company, Inc., has been granted an extension of time for completion of the contract for repairs to boiler, Long Island Hospital, as follows:

By substituting as the date of completion of the work "March 15, 1954" in place of February 15, 1954.

This extension was necessary due to lapse of time in straightening out details on specifications and dimensions for patch plate for boiler with insurance company inspector, and consequent delays for fabrication of patch plate, delivery of which has been subsequently delayed.

All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of laying water service, estimated to be one (1) week, the following temporary traffic rules are effective March 22, 1954:

Vehicles are excluded from the following street:

Jamaica Street, West Roxbury.

From South street to a point three hundred and fifty (350) feet west of South street.

The one-way rule in the following street is suspended and it is a two-way street:

Woodman Street, West Roxbury.
From Jamaica street to St. Joseph street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of crane operations in connection with the construction of the Franciscan Chapel, estimated to be one (1) week, the following temporary traffic rules are effective March 29, 1954:

Vehicles are excluded from the following street:

Otis Street, Boston Proper.

From Winthrop square to Summer street.

The one-way rule in the following street is reversed and it is one way in the direction now indicated:

Devonshire Street, Boston Proper.

From Winthrop square to Summer street.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Helena H. Shea, 230 Alabama avenue, Providence, Rhode Island, in the sum of \$95, as compensation for personal injuries caused by a hole in the sidewalk in front of the Public Library on Dartmouth street, Boston, October 15, 1952.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 22, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair, and all the members present. The Reverend John T. Powers of St. Vincent de Paul Church, South Boston, was escorted to the rostrum.

INVOCATION

BY REV. JOHN T. POWERS.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

O God, our heavenly Father, Who art all-knowing, all-wise, all-truthful, and all-just, enlighten the minds of our leaders that they may know what is best for the majority of the people. Strengthen their wills that they may use this knowledge wisely. Take out of their minds any untruthfulness. Take out of their hearts any personal ambition so that their word may be truthful, and their every act may be just.

O God, our heavenly Father, bless us all gathered here today. Bless our city, bless our country, and always keep America the home of the brave and the land of the free.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

STUDENTS' GOVERNMENT EXCHANGE PROGRAM.

President WHITE, on behalf of the Council, welcomed to the deliberations of the Council the representatives of the students of the Framingham High School, Randolph High School, Plainville High School, and the Norton High School, together with representatives of the Brighton High School, East Boston High School, Trade High School for Girls, and the Roxbury Memorial High School for Boys.

Upon the invitation of President WHITE, Barbara Shipley of the Norton High School, Carl McCall of the Roxbury Memorial High School for Boys, Irving Mason of the Roxbury Memorial High School for Boys, and George G. William of the Norton High School occupied the rostrum with the President.

At the conclusion of the students' visit, Miss Shipley and Messrs. McCall, Mason, and William thanked the City Council for the privilege of having observed their deliberations.

CONSTABLES AUTHORIZED TO SERVE CIVIL PROCESS.

The following was received:

City of Boston,

Office of the Mayor, March 22, 1954.

To the City Council.

Gentlemen:

Subject to confirmation by your Honorable Body I hereby appoint the following-named persons as constables of the City of Boston for the term of one year beginning with the first day of May, 1954, authorized to serve civil process upon filing of bond.

of deputizing women to police school crosswalks and intersections after school for the protection of school children.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Police Department, March 16, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:
I return herewith copy of order from the City Council, as follows:
"That His Honor the Mayor and the Police Commissioner be requested to study the possibility of deputizing women to police school crosswalks and intersections after school for the purpose of protecting the safety of school children."
If you were to deputize women to police school crosswalks and intersections for the purpose of protecting school children, under the law they would be required to be paid the same compensation as male police officers. The cost of such protection as is proposed would run into a staggering sum, for which no funds have been proposed for this year's budget.

Very truly yours,
THOMAS F. SULLIVAN,
Police Commissioner.

Referred to the Executive Committee.

IMPROVEMENTS AT COLUMBUS PARK AND SAUNDERS STADIUM.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of March 1, 1954, in regard to repairing and maintaining the drinking fountains and benches in Columbus Park and the Saunders Stadium.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 5, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order from Councillors Foley, Kerrigan, and McCormack, requesting that the drinking fountains and the benches be repaired in the Saunders Stadium at Columbus Park, South Boston.

This is to inform the councilors that we are aware of the conditions of both the fountains and the benches at this location and these repairs are on our list for our attention to be taken care of in the spring of the year.

Very truly yours,
FRANK R. KELLEY, Chairman.

ATHLETIC CLINICS FOR YOUTHS DURING OFF-SEASON.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department relative to your order of February 15, 1954, in regard to studying the possibility of setting up athletic clinics during the off-season for purpose of instructing the youth of the city.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, March 3, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:
This will acknowledge memo from your office with attached enclosure, City Council order from Councillor Miller, requesting that a study be made as to the possibility of setting up athletic clinics during the off-season for the purpose of instructing the youth of the city.

This matter has been referred to the Director of Recreation for study and report.

Very truly yours,
FRANK R. KELLEY, Chairman.

APPROPRIATION FOR CONSTRUCTION OF HOSPITAL AT LONG ISLAND.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached letter from the Institutions Commissioner, in which he recommends

that an appropriation within this year's tax levy be provided as a down payment in support of a loan for the construction of a 500-bed hospital at Long Island. An appropriation of this character is required under the provisions of section 7 of chapter 44 of the General Laws.

The capital budget to be submitted to your Honorable Body at a later date will include provision for the construction of this building at Long Island as well as for other municipal buildings. In order that these various loans may be approved, I feel it desirable at this time to submit an appropriation order providing for the necessary down payment to support these loans.

I respectfully recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Institutions Department, March 22, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

The basic plans for the 500-bed Long Island Hospital have been submitted by the John M. Gray Company and approved by me. It is estimated that the working plans will be completed in June, 1954. We will then be ready to invite bids for the erection of the hospital. The estimated cost is \$5,000,000.

Dr. Rubenstein, Director of Hospitals for the Massachusetts Public Health Department, has advised me that before he can authorize any government funds for the erection of the new Long Island Hospital, the City of Boston must have its own funds available.

It is my understanding that before a loan of the character involved may be authorized, a down payment must be provided from available funds or within the current year's tax levy. I therefore respectfully recommend that appropriate steps be taken to comply with these requirements.

Sincerely yours,
JOHN R. McGILLIVRAY,
Commissioner.

Ordered, That the sum of one hundred and fifty-seven thousand dollars, (\$157,000) be, and hereby is, appropriated for the purpose hereinafter specified, said sum to be raised by taxation on the polls and estates in the City of Boston, and that all orders hereinafter or heretofore passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

Construction of Buildings. \$157,000

TRANSFER OF BUILDING IN DORCHESTER TO LIBRARY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, March 22, 1954.
To the Honorable City Council.

Gentlemen:

I transmit herewith correspondence received from the Trustees of the Public Library and the Superintendent of Public Buildings relative to the transfer of the premises at Richmond and Washington streets, Dorchester, together with an order of transfer which I recommend for your adoption.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
March 22, 1954.

Hon. John B. Hynes
and City Council.

Gentlemen:

The Public Buildings Department has for many years had the control and management of the land and building situated at Washington and Richmond streets, Dorchester. The Library Department is the only occupant of the premises at this time and desires to assume control of the land and building. It is my determination that the premises are no longer required for the purposes of this department, and I recommend the transfer of them to the Library Department.

Respectfully,
GEORGE P. DONOVAN,
Superintendent of Public Buildings.

The Public Library of the
City of Boston,
January 21, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

There are at the present ten branch libraries of the library system in buildings which are under the jurisdiction of the Public Buildings Department of the city. In two of the buildings under the jurisdiction of that department, the branch library is the sole occupant. One of the buildings is that of the Jamaica Plain Branch Library, which is located on Sedgwick street, adjacent to the Curtis Hall Municipal Building. The other building is that of the Lower Mills Branch Library, which is located at 1110 Washington street, at the

PROCEEDINGS OF CITY COUNCIL.

(Continued from page 399.)

corner of Richmond street, Dorchester. The Trustees believe that these buildings should be transferred to the care and custody of the library.

It is understood that in order to effect the transfer of the two buildings it will be necessary to take certain procedural steps which involve action by the two departments concerned, the approval of the Mayor, and the consent of the City Council. The preliminary advice of Mr. William A. McDermott, assistant corporation counsel, has been sought, and it is understood that he is prepared to handle the details. Because existing plans of the properties are out of date or otherwise inadequate, it is not possible at this time to give a precise description of the land and buildings to be transferred. The Trustees, however, wish you to know what is being contemplated and they request your approval of the proposal in principle. As soon as the new plans are ready, the trustees will make a formal request for approval of the transfers and will then include the specific information which will be needed.

Respectfully,

The Trustees of the Public Library
of the City of Boston,
by PATRICK F. McDONALD, President

Whereas, The City of Boston is the owner in fee of two (2) adjacent parcels of land at Washington street and Richmond street in the Dorchester district of the City of Boston held for Public Buildings Department purposes; and

Whereas, The Superintendent of Public Buildings has determined that the said parcels of land are no longer required for the purposes of the Public Buildings Department; and

Whereas, The Trustees of the Public Library of the City of Boston have requested that said parcels of land be transferred to the Library Department for library purposes; now, therefore, it is hereby

Ordered, That the following-described parcels of land, together with the buildings thereon, be, and they hereby are, transferred from the care, custody, control, and management of the Public Buildings Department to the care, custody, control, and management of the Library Department for library purposes:

Parcel A.

A certain parcel of land situated on the easterly side of Washington street, Dorchester, bounded and described as follows:

Westerly by Washington street, fifty-eight and 63/100 (58.63) feet;

Northwesterly by a curved line, being the intersection of Washington and Richmond streets, nine and 99/100 (9.99) feet;

Northerly by Richmond street, ninety-one and 22/100 (91.22) feet;

Easterly by Parcel B, on a plan hereinafter referred to, fifty-eight (58) feet;

Southerly by land of Joseph F. X. Sweeney, et al., ninety and 40/100 (90.40) feet;

Containing approximately five thousand seven hundred seventy-three (5,773) square feet and shown as Parcel A on a plan hereinafter referred to.

Parcel B.

A certain parcel of land situated on the southerly side of Richmond street, bounded and described as follows:

Northerly by Richmond street, sixty-three and 81/100 (63.84) feet;

Easterly by land of Thomas H. Hoyle, eighty-nine (89) feet;

Southerly by land of Joseph F. X. Sweeney, et al., sixty-three and 70/100 (63.70) feet;

Westerly by land of Joseph F. X. Sweeney, et al., and Parcel A, ninety-five and 20/100 (95.20) feet;

Containing approximately five thousand eight hundred forty-eight (5,848) square feet.

The above parcels of land are shown on a plan marked "City of Boston, Richmond street, Washington street, Dorchester, February 19, 1954, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

REPORT BY COUNCILLOR McCORMACK RE SALE OF VETERANS' HOUSES.

Coun. McCORMACK reported that the procedure to be followed for the sale of Chapter 372 houses is that both the Veterans Administration and the Boston Housing Authority appraisers will appraise the housing units on the south side of River street, and, after such appraisal has been made, a conference will be held wherein the appraisers for both the Veterans Administration and the Boston Housing Authority will discuss the means by which they arrived at their appraisal figures and try to negotiate the difference that exists between them, if any. After agreement by the two agencies, it was understood that the Committee on Public Housing will have a public hearing and the matter will be further discussed.

PETITIONS REFERRED.

PROCEEDINGS OF CITY COUNCIL.

(Continued from page 401.)

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Thomas F. McDonough, Chairman of the City Planning Board, of his interest in proposed contract for architectural and engineering services in connection with construction of school building in the William E. Russell district.
 Placed on file.

REPORT OF COMMITTEE ON APPROPRIATIONS AND FINANCE.

Coun. PIEMONTE, for the Committee on Appropriations and Finance, announced that the committee had completed a hearing of the department heads and that on Tuesday, March 23, at 11 A.M., the committee has scheduled a hearing at which time the Boston Municipal Research Bureau is expected to be heard, and that an invitation has been extended to all other civic and public groups to be heard on the budget.

Coun. PIEMONTE further announced that beginning at 2 P.M. on Tuesday, March 23, hearings of the committee in executive session on the budget will begin, to which all members of the Council are invited.

REPORT OF COMMITTEE ON CLAIMS.

Coun. PIEMONTE, for the Committee on Claims, submitted the following:

1. Report on petition of Dorothy H. Collins (referred November 30, 1953) to be paid annuity on account of the death of her husband, William J. Collins—recommending passage of the accompanying order;

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of fifteen hundred dollars (\$1,500) be allowed and paid to Dorothy H. Collins, widow of William J. Collins, a member of the Police Department who died on April 14, 1953, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Police Department, Pensions and Annuities.

2. Report on petition of Alvin H. Yahnian (referred March 8) to be reimbursed as a result of an execution issued against him on account of his acts as a member of the Police Department—recommending passage of the accompanying order:

Ordered, That the sum of two hundred eighty-one dollars and fifty-six cents (\$281.56) be allowed and paid to Alvin H. Yahnian in reimbursement for amount of execution issued against him on account of his acts as a member of the Police Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

3. Report on petition of John B. McNamara (referred March 8) to be reimbursed as a result of an execution issued against him on account of his acts as a member of the Police Department—recommending passage of the accompanying order:

Ordered, That the sum of four hundred seventy-one dollars and forty-five cents (\$471.45) be allowed and paid to John B. McNamara in reimbursement for amount of execution issued against him on account of his acts as a member of the Police Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

4. Report on petition of John S. Allen (referred March 8) for reimbursement as a result of an execution issued against him on account of his acts as a member of the Fire Department—recommending passage of the accompanying order:

Ordered, That the sum of one thousand dollars (\$1,000) be allowed and paid to John S. Allen in reimbursement for amount of execution issued against him on account of his acts as a member of the Fire Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

5. Report on petition of John S. Allen (referred March 8) for reimbursement as a result of an execution issued against him on account of his acts as a member of the Fire Department—recommending passage of the accompanying order:

Ordered, That the sum of two hundred fifty dollars (\$250) be allowed and paid to John S. Allen in reimbursement for amount of execution issued against him on account of his acts as a member of the Fire Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

6. Report on petition of Arthur Roche (referred March 1) for reimbursement as a result of an execution issued against him on account of his acts as an employee of the Sanitary Division, Public Works Department—recommending passage of the accompanying order:

Ordered, That the sum of one hundred fifty dollars (\$150) be allowed and paid to Arthur Roche in reimbursement for amount of execution issued against him on account of his acts as an employee of the Sanitary Division, Public Works

Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

7. Report on petition of John P. Harnett (referred March 1) for reimbursement as a result of an execution issued against him on account of his acts as an employee of the Sanitary Division, Public Works Department—recommending passage of the accompanying order:

Ordered, That the sum of six hundred sixty-seven dollars (\$667) be allowed and paid to John P. Harnett in reimbursement for amount of execution issued against him on account of his acts as an employee of the Sanitary Division, Public Works Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

The reports were accepted, and the orders were severally passed.

REPORT OF COMMITTEE ON PUBLIC SERVICES AND RECREATION.

Coun. AHEARN, for the Committee on Public Services and Recreation, submitted the following: Report on message of the Mayor and order (referred November 23, 1953) for sale of fireboat "Matthew J. Boyle," Engine 44—that same ought to pass.

The report was accepted, and the order was passed.

INSPECTION OF EXTERIOR STRUCTURE OF PUBLIC BUILDINGS.

Coun. HAILER offered the following:

Ordered, That his Honor, the Mayor, be requested to designate, through the Building Commissioner, building inspectors to inspect the exterior structure of public buildings in the City of Boston.

Passed under suspension of the rules.

APPROPRIATION FOR REPAIR OF ARMY BASE PIERS.

Coun. McCORMACK offered the following:

Whereas, The Department of the Army, as of March 11, 1954, has not changed their position relative to the decision not to appropriate the money necessary to repair the Boston Army Base; and

Whereas, At a meeting in Washington it was suggested by Senator John F. Kennedy and the Massachusetts delegation in Congress that the various interests should band together to raise the funds required to save these facilities; and

Whereas, Boston's interest in these piers is obvious, and their continued operation is vital to our very economic existence; therefore, be it

Resolved, That the City Council in meeting assembled request his Honor the Mayor to investigate the possibility of seeking permission from the Legislature to appropriate a sum of money to make possible the repairing of the Army Base piers.

The resolution was adopted under suspension of the rules.

CONGRATULATIONS TO GREEK-AMERICANS ON ANNIVERSARY OF INDEPENDENCE.

Coun. McCORMACK offered the following:

Whereas, March 25, 1954, will commemorate the One Hundred and Thirty-third Anniversary of Greek Independence; and

Whereas, The fine people of Greece have enriched the life blood of every land to which they have immigrated, particularly so doing in the United States of America; therefore, be it

Resolved, That the Boston City Council in meeting assembled extend congratulations to all Greek-Americans on this memorable occasion and join with them in their prayers that the home of their fathers will always remain free and independent.

The resolution was adopted under suspension of the rules.

WIDENING OF SOUTH BOSTON NAVAL DRYDOCK.

Coun. FOLEY, McCORMACK, and KER-RIGAN offered the following:

Whereas, The South Boston Naval Drydock is not sufficiently wide enough to accommodate the aircraft carriers of the "Forrestal" class; and

Whereas, A major naval drydock in the Port of Boston is invaluable for the support of naval forces in the North Atlantic; be it therefore

Resolved, That the Congress of the United States be, and hereby is, memorialized to provide funds sufficient to accomplish the widening of the Naval Drydock in South Boston to a width sufficient to accommodate the U.S.S. "Forrestal" when that ship is built.

The resolution was adopted under suspension of the rules.

PROCEEDINGS OF CITY COUNCIL.

(Continued from page 403.)

TO EXPEDITE RESTORATION OF JOHN J. RYAN, JR., PLAYGROUND.

Coun. HURLEY, McLAUGHLIN, and KERRIGAN offered the following:

Ordered, That the Board of Park Commissioners of the City of Boston be requested, through his Honor the Mayor, to confer with the Public Works Commissioner of the Commonwealth of Massachusetts for the purpose of expediting the work of restoring the John J. Ryan, Jr., Playground in Sullivan square, Charlestown, as agreed when the city turned it over for use during the construction of the overpass, so that its facilities might be available during the coming season for the youths of Charlestown; and be it further

Ordered, That a copy of this order be sent to his Honor the Mayor, to the Governor of the Commonwealth of Massachusetts, to the Public Works Commissioner of Massachusetts, and to the Board of Park Commissioners of the City of Boston. Passed under suspension of the rules.

TO INCREASE WAGES OF CITY HOSPITAL NURSES.

Coun. HURLEY, McLAUGHLIN, and KERRIGAN offered the following:

Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to look into the possibility of granting an increase in the wages of nurses at the City Hospital who, because of the shortage of personnel,

are required to care for sixty to seventy patients at some times, which is almost double the number of patients they would ordinarily be assigned to care for; and be it further

Ordered, That such steps be taken as will make the position of nurse at the Boston City Hospital more attractive to trained personnel and thus relieve the existing acute nursing shortage.

Passed under suspension of the rules.

RECESS.

On motion of Councillor McCormack the Council voted at 3.20 p.m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber at 4.36 p.m. and were called to order by President WHITE.

EXECUTIVE COMMITTEE REPORTS.

Coun. AHEARN, for the Executive Committee, submitted the following:

1. Report on resolution (referred February 8) favoring enactment of House Bill 175, entitled "An Act to Promote and Further the Safety of Pedestrians"—recommending no further action necessary.

The report was accepted.

2. Report on order (referred March 1) re ordinance or legislation providing that city must have written notice of defective sidewalk, street, or way before a person can legally bring action against the city for injuries resulting from such defect—that same ought not to pass.

The report was accepted, and the order was rejected.

3. Report on message of the Mayor (referred March 15) re effectiveness of "Mandatory Referral Ordinance"—that same be placed on file.

The report was accepted. On motion of Councillor Foley the message was recommitted to the Executive Committee.

4. Report on order (referred March 8) that City Clerk be authorized to execute a contract with Elvira Johnson for stenographic report of all regular and special meetings of the City Council for one year beginning April 1, 1954—that same ought to pass.

Report on order (referred March 8) that the City Clerk be authorized to execute a contract with Blanche I. Goell for one year beginning April 1, 1954, for making the index of the City Council Proceedings—that same ought to pass.

The reports were accepted, and the orders were passed.

5. Report on message of the Mayor and order (referred March 1) re acceptance of chapter 164 of Acts of 1954 authorizing city to construct a municipal auditorium—that same ought to pass.

The report was accepted, and the order was passed.

6. Report on message of Mayor and ordinance (referred March 15) concerning removal of snow and ice—recommending rejection of the ordinance as submitted by the Mayor and passage of the following ordinance:

City of Boston.

In the Year Nineteen Hundred and Fifty-four. An Ordinance Concerning the Removal of Snow and Ice.

Be it ordained by the City Council of Boston, as follows:

Chapter 40 of the Revised Ordinances of 1947 is hereby amended by striking out section 42 and inserting in place thereof the following section:

SECTION 42. No owner or tenant of an estate abutting on a sidewalk shall place or suffer to remain for more than three hours between sunrise and sunset, any snow upon such sidewalk, or any ice upon such sidewalk unless such ice is made even and covered with sand, sawdust, or ashes, to prevent slipping; nor shall any person remove any ice or snow from privately owned property other than residential property and place it upon any sidewalk or roadway of any street.

The report was accepted, and the ordinance as submitted by the Executive Committee was passed. The ordinance as submitted by the Mayor was rejected.

7. Report on copy of resolution of the City Council of Medford (referred March 8) and copy of resolution of the Board of Aldermen of Somerville (referred March 22) opposing proposed increase of fares on Metropolitan Transit Authority system—recommending adoption of the following resolution:

Resolved, That the City Council of Boston in meeting assembled opposes the proposed increase in fares on the Metropolitan Transit Authority system and especially opposes the elimination of the ten-cent fare for local rides.

The report was accepted, and the resolution was adopted.

REDUCED RATES ON MTA DURING OFF-PEAK HOURS.

Coun. PIEMONTE offered the following:

Resolved, That, in order to encourage business and to increase revenue, the Metropolitan Transit Authority consider the advisability of instituting reduced rates for passengers during off-peak hours.

The resolution was adopted under suspension of the rules.

INFORMATION RE SERVICES OF CROTTY BROTHERS.

Coun. FOLEY offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested to furnish to the Council the statistical evaluation of performance of the Crotty Brothers since August, 1952, upon which the decision was arrived at to continue their services in 1954. That (1) the date and number of the first accurate and complete meal count obtained by the Crotty Brothers be furnished; (2) that the meal count at suitable intervals to the present day be furnished; (3) that the unit meal costs for typical periods since 1952 together with menus be furnished; and (4) that the unit meal costs be compared with the same expense in similar institutions in the United States.

That this order is enacted under authority of section 17F of the City Charter for answer on or before April 5, 1951.

Coun. McCORMACK moved that the order be amended by adding the following questions:

5. What steps are presently being taken to effect a shift from the contractual supervision to the supervision of municipal employees?

6. Whether a further extension will be necessary in the opinion of the Trustees of the contract with Crotty Brothers.

The motion was carried.

Coun. HURLEY moved that the order be further amended by adding the following questions:

7. What food-handling equipment has been purchased as the result of the recommendation of Crotty Brothers with the cost of said equipment?

The motion was carried.

Coun. McLAUGHLIN moved that the order be amended by adding the following question:

8. What method or formula was used to determine the contract price for the period from September, 1952, to September, 1953, and from September, 1953, to September, 1954, and what method was used to arrive at the budget request for the continuation of the Crotty Brothers contract as food supervisors as included in the City Council budget for 1954 now pending before the Committee on Appropriations and Finance?

The motion was carried.

Coun. AHEARN moved that the order be amended by adding the following question:

9. How much is the expense to the city on the increased payroll cost due to the fact that \$2.50 is now being paid hospital employees in lieu of free meals formerly given?

The motion was carried.

Coun. FOLEY moved that the order be amended by adding the following question:

10. What are the figures from the most reliable index of food prices each three months since September, 1953, and the amount and value of surplus food commodities used each year since 1952?

The motion was carried.

The order, as amended, was passed.

WAGE INCREASES FOR POSTAL WORKERS.

Coun. KERRIGAN and HURLEY offered the following:

Whereas, The uniformed carriers of the U. S. Postal Service, as well as the postal clerks and the mail handlers, have not had their salaries increased to keep pace with the rising cost of living during the past decade; and

Whereas, As the Boston Post so well pointed out in an editorial this morning, the postal carriers and the other post office workers are "underpaid" and, as the editorial further points out, "their income is \$791 a year behind the spendable income that they had in 1939; more than one half of the postal carriers and clerks cannot live on their present salary"; and

Whereas, The editorial continues to point out, "the volume of mail has gone up about 33 per cent in five years while the personnel handling the mail has risen only 9 per cent"; therefore, be it

Resolved, That the Boston City Council in meeting assembled memorialize Congress, particularly the House Committee, to study the bill to provide postal workers with wage increases, the Boston City Council being in favor of such increases and the early passage of the bill by the Congress; and be it further

Resolved, That a copy of this resolution be sent to the Speaker of the House of Representatives, and the President of the U. S. Senate, and that attached to the resolution be a copy of the editorial of the Boston Post of Monday, March 22, 1954, entitled "Underpaid Postal Workers."

The resolution was adopted under suspension of the rules.

TO REFER ORDERS ON PENDING LEGISLATION TO COMMITTEE.

Coun. McCORMACK offered the following:

Ordered, That all orders and resolutions placing the Boston City Council in favor of, or opposed to, specific pending legislation in the Great and General Court of Massachusetts shall be referred to an appropriate committee for proper consideration prior to adoption or passage.

Referred to the Committee on Legislative Matters.

Adjourned at 5.25, p.m., on motion of Councillor Piemonte, to meet on Monday, March 29, 1954, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

MUNICIPAL STANDARDS IMPROVED.

It is to be observed that municipal employees feel more secure in their jobs because of the extension of the merit system.

The competence of the individual municipal employee has continued to improve over a period of years.

PROCEEDINGS OF SCHOOL COMMITTEE.

Placed on file.

It was agreed by the School Committee that the following letter, embodying the estimates of proposed expenditures for school purposes for the fiscal year 1954 be forwarded to his Honor, the Mayor, John B. Hynes:

February 1, 1954
Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts
My dear Mayor Hynes:

In compliance with the provisions of Chapter 513 of the Acts of 1945 and Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, and subject to favorable action of the General Court on the petition of the School Committee for increased appropriating power, the School Committee submits its estimates of the proposed expenditures for school purposes for the fiscal year 1954, as follows:

Construction and furnish- ing of new school buildings, both temporary and per- manent, including the tak- ing of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommoda- tions	\$ 756,418.00
Alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protec- tion of existing buildings, and for improving existing school yards	2,701,821.20
\$21.20 may be obtained in part by the appropriation of unexpended balances from 1953, totalling ap- proximately \$130,000.00.	
Maintenance, exclusive of alterations, repairs, furni- ture and fixtures	25,472,443.49
The above sum of \$25,472,- 443.49 may be ob- tained in part by the appropriation of unex- pended balances totalling approximately \$350,000.00 and estimated income to- talling approximately \$1,300,000.00. In addition to the unexpended bal- ances and the estimated income, the School Com- mittee will receive credit for approximately \$1,722,693.00 which is the estimated amount to be received by the City and credited to the School Committee in 1954 in order to reduce the amount to be raised by taxation for the support of schools, in accordance with provi- sions of Chapter 643 of the Acts of 1948.	\$28,930,682.69

BOND ISSUE FOR NEW
SCHOOLS

The following letter to be sent
to his Honor, the Mayor, John
B. Hynes, with reference to a
Bond Issue for additional school
accommodations was presented:

February 1, 1954

Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts
My dear Mayor Hynes:

In 1953 the City Council ap-
proved a bond issue in the
amount of \$5,000,000 for the pur-
pose of acquiring land for, and
constructing, public schoolhouses,
including originally equipping
and furnishing such schoolhouses.
That bond issue has been allocat-
ed to the extent of \$2,633,920 to
cover the following projects:

Blackinton - John Cheverus District East Boston — Addition to Curtis Guild building	\$ 236,138.00
Blackinton - John Cheverus District East Boston — Elementary School (Orient Heights Hill)	496,122.00
William E. Russell District, Dorchester — Elementary School (Columbia Point) (Adjacent to South Bos- ton area)	1,480,660.00
Addition to James J. Chit- tick School, Mattapan	421,000.00
Total	\$2,633,920.00

Of the balance \$1,830,660 will
be allocated for the construction
of an elementary school in the
Dwight District, South End, as
soon as a suitable site is located.

The school system is in need of
far more construction than it will
be possible to achieve under this
first bond issue. The following
school accommodations are ur-
gently needed, but not necessarily
in the order listed:

Addition to Solomon Lewenberg
School, Mattapan—Gymnasium.

Mary Hemenway District, Dor-
chester — Elementary School to
replace Elbridge Smith building.

Agassiz District, Jamaica Plain
Addition to Joseph P. Manning
School.

Elihu Greenwood District, Hyde
Park—Elementary School (Fair-
mount area).

Henry Grew District, Hyde Park—Elementary School to replace Henry Grew building.

Lowell District, Jamaica Plain—Elementary School to replace Lowell building.

William E. Russell District, Dorchester—Elementary School to replace Cora L. Etheridge building.

Elihu Greenwood District, Hyde Park—Elementary School to replace Elihu Greenwood building.

Rice Franklin District, South End—Elementary School to replace Rice and Bancroft buildings.

James A. Garfield District, Brighton—Elementary School, McKinney Playground area.

Agassiz District, Jamaica Plain—Elementary School to replace Agassiz and Old Agassiz buildings.

Roger Wolcott District, Dorchester—Elementary School, Franklin Field area.

Sherwin District, Roxbury—Elementary School to replace Sherwin and Asa Gray buildings.

Martin District, Roxbury—Elementary School, second unit, to replace Thomas Dwight building.

In order to finance at least part of these urgent projects, the School Committee hereby respectfully requests that your Honor recommend to the City Council that it originate an additional five million dollar loan order for the purpose of acquiring land for, and constructing, public schoolhouses and additions, including originally equipping and furnishing such schoolhouses and additions.

The School Committee will seek to have each new school and addition approved by the Massachusetts School Buildings Assistance Commission under Mass. St. 1948, ch. 645, as amended, and thereby obtain a State grant of approximately 20% of the cost of each school and addition to help meet the payments on the loan.

Respectfully submitted,
(Signed) William F. Carr
Chairman

The Chairman was authorized to transmit the foregoing communication to his Honor, the Mayor.

TRANSFER OF LAND FROM PARK DEPARTMENT

The following communication was presented:

City of Boston Park Department,
33 Beacon Street, Boston 8.
Mass.

January 13, 1954

Miss Agnes E. Reynolds,

Secretary

School Committee of the City of
Boston

15 Beacon Street
Boston, Massachusetts

Dear Miss Reynolds:

The Board of Park Commissioners at a meeting held in the Park Department office on January 13, 1954 voted to reconsider their action taken at the meeting of June 30 when they voted that a certain parcel of

land under the control of the Park Department, located in the Mission Hill area on Smith Street, Roxbury, was presently needed for playground purposes.

Dr. Dennis C. Haley, Superintendent of Public Schools, and Mr. Charles McMackin, Chief of Construction in the School Department, appeared before the Board and explained in detail their efforts during a survey of the Roxbury district to find a suitable site for a new school building in the Thomas Dwight district.

After considerable discussion on the matter, the Board of Park Commissioners unanimously voted in favor of transferring to the School Department approximately 25,000 square feet of land; which is part of the Mission Hill playground adjoining the Thomas Dwight school site on Smith Street, Roxbury, to the School Department.

Very truly yours,

(Signed) Frank R. Kelley,
Chairman.

The communication was placed on file and the Secretary was directed to express the sincere appreciation of the School Committee for the action of the Board of Park Commissioners in making available additional land for this new school.

ACCEPTANCE OF HIGH SCHOOL WOMEN'S CLUB SCHOLARSHIP

The Superintendent presented a communication from the President of the High School Women's Club, reporting the vote of that organization to offer to a girl who is a candidate for a diploma from a Boston high school in 1954, and who wishes to continue her education in an accredited school, a scholarship in the sum of two hundred dollars (\$200). This amount will be made available annually to each all girls' high school or coeducational high school in alphabetical rotation.

The recipient will be determined by a standing Scholarship Committee of two members of the High School Women's Club consulting with three club members chosen from the faculty of the school which is to receive the scholarship.

The communication was placed on file, the offer of the scholarship accepted, and the Secretary was directed to send to the High School Women's Club an expression of the appreciation of the Committee.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Superintendent, under date of Feb. 1, 1954, recommending that Charles C. Fitzgerald, senior building custodian, Patrick T. Campbell, Junior High School, be granted leave of absence without pay from Feb. 1, 1954 to Mar. 9, 1954, inclusive.

The communication was placed on file and on roll call the leave of absence without pay was granted by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Mr. Lee, and Mr. Musco—4.

ABSENT—Mr. Ward—1.

COURSE ON JUVENILE DELINQUENCY

The following extract from the Conference notes relating to participation of police officers in the City of Boston in a course on Juvenile Delinquency was ordered spread in full on the record of the public meeting:

Mr. Lee: Mr. Chairman, before Miss O'Brien changes those

figures I want to bring up another question.

Chairman: Do you want another \$50,000?

Mr. Lee: Well, that might be. I would like to present again what seems to me a need for some additional expenditure in this item, and again concerning the child's out-of-school hours but not wholly in recreation.

However, starting still with one foot in the recreational field and stepping out towards something else, I want to present these thoughts to the Committee. I can confess that in my previous service on the Boston School Committee and in my eight years, I think, on the Recreation Board and six years on the Boston Park Board, I have never recommended any large expenditure for recreation. My expenditures have run around \$10,000, perhaps, and quite as often have been on the side of economizing.

I have now come to the conclusion after those many years that that policy was in error and that the citizens want to spend and are faced with a necessity of spending more on at least what happens to their children out-of-school hours.

What exploded the myth of economy in my mind perhaps more than anything else was my waking up to the tremendous amounts the taxpayers are willing to spend on roads for pleasure cars. Of course, I realize that many roads, like these new big ones, are immediately built by borrowed money, but the taxpayer later pays for them through his gasoline tax.

According to the newspapers within ten days—I have forgotten the exact day—\$15,000,000 would be saved by the Mayor's proposal to route a certain new skyway along a different path near the South Station. The figures are so astronomical on what the taxpayers are willing to spend for pleasure-roads that he can save \$15,000,000 and still have practically the same skyway he planned before.

Now we have heard a great deal in the last few days about the conditions of our older boys in the city, and I think we have to think in terms of much larger appropriations. Before coming to a concrete proposal, I would like to pause to see if those who wear the rose of youth upon them a little more than I do would like to propose a million dollars expenditure, the exact appropriation to be decided later.

Do I hear any such motions?

Mr. Musco: I am not interested!

Mr. Lee: Then may I come back to my pinch-penny self, then, and make a very concrete and a very modest suggestion—and this suggestion, as I say, walked away from recreation somewhat and tries to come near and tie in with the very luminous discussions that took place before a Senate Committee here in Boston last week.

What I think this Committee ought to do is spend a small sum to comply with a recommendation that was made by a good many of those who appeared at those hearings and which falls in line with modern ideas and falls in line, as far as I can see, with the very essence of our problem.

And what I think the Committee ought to do is set up an evening course—and perhaps a day course—in one of its buildings to which the Police Department would send police officers who would like to specialize in juvenile problems, and that this course would be put on by the School Department and should be done with a good deal of thoroughness and a good deal of vision and with the best experience it can lay its hands on.

As a matter of fact, I would not exclude other interested persons from the course, but I would make it clear that we were offering a facility particularly to the Police Department.

What I am saying in proposing that we make instructions available in these youth problems to policemen who want to specialize in them is following a recommendation included in the Annual Report of the Recreation Board two years ago—in 1952—and I would like to read to you the gist of that and I will give you copies.

As a matter of fact, the Recreation Board said it was not attempting to gild the lily. It was reprinting as its own recommendation that which was recommended by the Children's Bureau of the Department of Labor under Dr. Martha M. Eliot, in Washington.

Here is what she says, and this is more completely what I would like to lay before the Committee. She says, "Some Midwest and West Coast policemen have been going to school to learn how to give first aid to juvenile delinquents. They have been enrolled at a delinquency-controlled institute, only one of its kind in the country, which is being conducted at the University of Southern California to help policemen in their contacts with children and other young people."

"Juvenile authorities the country over agree that the policeman on the beat, the truant officer, or the juvenile officer, can be the key figure in establishing the way a child feels about law and order. The policeman is often a child's first personal contact with the law. At the University of Southern California those in charge of the Institute feel that the policeman is in the position of a first aid worker at the scene of a wreck. If he blunders or gives first aid indiscriminately, a simple fracture may be complicated by shock. If his first aid is intelligent he may save a life—or, in this case, prevent delinquency."

"The California Institute, begun soon after the end of World War II, was designed to give organized training for police of-

ficers, to help them understand the causes, treatment, control and prevention of juvenile delinquency."

I can give the Committee copies of that if they would like to look it over. I also have copies for the press, if they would be interested later.

I think that, Mr. Chairman, is a minimum help that we ought to offer. The Police Department did nothing about our suggestion—that is, the suggestion of the Recreation Board that I have just read—at the time, because the Police Department is not in the business of running schools. The Boston School Committee is in that business. We have the knowledge and the know-how for bringing in lecturers who would know how to make that course effective.

We have the physical facilities. We know how to do it. If I read the newspapers correctly, the Police Commissioner of the City of Boston says he is favorably disposed toward officers trained in juvenile problems and to having such a branch in his division and this move would be welcomed on the part of the police.

Now, as Mr. Musco said, we would like to make a contribution to this problem of our youth which came to such high headlines during the last three or four days. I don't believe the Superintendent would tell us that we needed to appropriate more than \$25,000, and perhaps that is high, if we needed to pay fees for special lecturers assigned or engaged perhaps two teachers competent to teach such a course with perhaps two understudies for preparing papers and doing the paper work—possibly those men to go to work very soon preparing the kind of course and the kind of instructions that would be of real help—say preparing it in the remaining months of this year and then start the course in the summer of next year.

But I think we are only talking in terms of the salaries for perhaps three or four persons—four persons, at the most—and perhaps a small item for supplies and perhaps a small item for custodians' service at night if we have to open a building occasionally at night.

Miss Fitzgerald: Mr. Chairman, I think Mr. Lee's suggestion is excellent. I know we don't have too many police who are specifically trained in juvenile problems but I am wondering if, in proposing this, we ought not to go very thoroughly into how we should establish such a training unit; and I do know there are several agencies of the State Government, the Youth Service Board and the Division of American Citizenship, which are trying to develop educational problems for both adults and eventually for students in the classroom along the lines that Mr. Lee is suggesting.

Chairman: Mr. Lee, may I ask: Would you have any objections, inasmuch as we have to get these figures down to City Hall at 5 o'clock, if we held this off? This is only a preliminary estimate going down there. We could study this or refer it to the Superintendent and have him come in with recommendations further outlining the program as it might work out in our school system. I wonder if you would have any objections if we held it in abeyance now and went along with this? You could always change the figure, if the Committee saw fit, before the final figures go down. I think this is hardly the time.

Miss Fitzgerald: Mr. Chairman, may I further point out that there is an institute, and I think Mr. Daley knows more about it, which is on Civic Education, and it has been going on at State Teachers College and has considered the problem of juvenile delinquency. It has been lectured how to handle juvenile delinquents in the classroom and how to avoid producing them, and so forth. This has been all given under the direction of the Division of American Citizenship of the State Department of Education in cooperation with the Boston schools and with other agencies interested in the same problems.

I think a special institute could be established just for police officers through the Division of American Citizenship, which certainly would not mean that there would need to be any expenditure of funds. In other words, what I am suggesting is that if we already have personnel both on the State level and on a City level which would be interested in developing such a program and interesting police departments in it, not only in Boston, but all over the State, I think we ought to look into that kind of program before we decide to go off on our own program.

I don't know whether Mr. Lee would have any objection to that or not.

Mr. Lee: Mr. Chairman, about three minor thoughts were recalled to me in regard to what you and Miss Fitzgerald said. It is the City of Boston that we are concerned with, and it is the City of Boston that the Boston Police Department covers; and we are the ones in touch with their youngsters. I mean if we can stimulate and be of assistance in seeing the formation of an effective division of the Police Department with perhaps a hundred more men in charge of this kind of work, then they are the men who would see our children after school hours. Kings of old used to walk around in disguise and see their subjects at night. It is a follow up, almost, of our own work. It should be knit in with the school system.

I think that perhaps the Superintendent could find that this could be done with an expenditure as low as \$10,000, with pos-

sibly just a couple of men in charge of it.

However, Mr. Chairman, I think we ought to put something in the preliminary estimate now because I think that the City, after its anxieties were raised last week, is asking to see its civic authorities rise to the occasion and recognize that something should be done and not just leave the matter to talk; and if we do put \$10,000 or \$25,000—and I would like to rely on the Superintendent for his estimate there—into the budget, we cannot cut it out, and my very thought is that this would have to be worked out very carefully by letting Mr. Bond's department and Mr. Herlihy's work on this problem during the next month with a view to this thing going into operation a few months away.

I don't know whether the Superintendent might say how much he thinks we would need to help in this direction.

Chairman: Mr. Lee, isn't it true that we can just as easily put it in after it comes back from the Mayor after we have a report from the Superintendent? As pointed out by Miss Fitzgerald, I wonder now, since she brought out the fact that we already have this program under the State and the School Department, whether it would not turn out to be a duplication of services. We run courses in civic education dealing with the juvenile delinquents, and wouldn't it coincide with your recommendations if we bring in these police officers and probably give a special course just for the Police Department?

Mr. Lee: I have in mind a course of high prestige.

Miss Fitzgerald: Mr. Chairman, I think that the Institute that has already been running for over two months has included several police officers and has included teachers, and has included very distinguished lecturers, too.

Mr. Lee: That is under the State?

Miss Fitzgerald: It is a division of American Citizenship in cooperation with the City of Boston School Department. Isn't that true?

Superintendent: That is right. We are running it, Mr. Chairman and Mr. Lee, as Miss Fitzgerald says, co-operatively, let's say, between the State Department under Mr. Curtin, and Mr. Leo Daley, in charge of citizenship in the schools; and there are about 150, I think, in that course, are there not?

Mr. Daley: Practically all the personnel of the course are from the Boston High Schools.

Superintendent: And how many police officers are in it, approximately?

Mr. Daley: A captain of police is one of the leaders.

Superintendent: There is a captain in this particular course.

Mr. Daley: Yes.

Superintendent: And there are some police officers in it. I think that we can work it out perhaps co-operatively with the State expanding the present program and perhaps we can do it without any added expense to the budget. My thought is that if it is the feeling of the Committee that they want it there could be some transfers within this budget between now and the first of April, where the Committee might say, "Well, why don't we take out \$8000 or \$9000 out of here and put it in there?" It would fall within the area of instructions.

Miss Fitzgerald: Mr. Superintendent and Mr. Lee, as I understand it, what Mr. Lee hopes to work toward would be a corps within the Police Department of trained police officers in the problems of youth, so that it seems to me if we are creating the opportunity, as we are, we certainly can offer it to the Police Department; but the authority rests finally with the Police Department to appoint or to designate or assign from this trained body that you are going to get out of such an institute some police officers who would be working full time on juvenile delinquency problems. And that, it seems to me, is the decision of the Police Commissioner.

All that we can really contribute is the opportunity for the instruction and the inclusion within our institute of a large body of police officers and perhaps work with the State Department in developing a program which would be specifically for police officers only.

Would that be within our purview, Mr. Daley?

Mr. Daley: That would be within the scope of the program that we are operating.

Mr. Musco: Looking at this City Document 28, they have recommended to the Police Department the setting up of this type of operation. If I recall correctly, the Commissioner over the past week was in opposition to the Judge in the Juvenile Court in doing such a thing as we recommended here at the present time. Wouldn't it be best if we recommended to the Commissioner that we are interested in just such a project and eliminate ourselves from appropriating any money because we are certainly going to find opposition down there if Judge Connelly has found opposition in that same type of department.

Mr. Lee: Mr. Chairman, I meant to bring in at least the clippings from the newspapers on that subject, to see what Commissioner Sullivan said with some intensiveness, and I am certain that while he may have disagreed with Judge Connelly on some aspects in the accounts of the newspapers, he did state his belief that his department could do some specializing in the juvenile field. I think he probably had thoughts of his own as to how

he would proceed, but I am quite certain that he looked with some sympathy on his adapting his department in this direction.

However, since we are a little bit up in the air about our facts, with you and me disagreeing—and I do not have the clippings—I still think, Mr. Chairman, we ought to put in at least a token sum, if you will. It is not as easy to increase these estimates when they come back from the Mayor as it is to decrease them. As the Teachers' Alliance said to us in a letter, it is easier to put in a sum now and take it out than to proceed in the opposite way, and I think we should treat this matter with sufficient dignity and seriousness and with a sufficient sign of meaning business, and I think we should be willing to come with something in our hands.

All that leads me to believe that in these estimates—and they are not an appropriation of our budget but are only estimates, we ought to put in some token figure in this deal.

Chairman: Mr. Lee, I think every member here is aware of the merits of this program and they are concerned about the seriousness of the problems as presented in Boston, as shown by the Senate Committee; but, I hardly think that with half an hour to go it is fair to ask this Committee to act on a program such as this on the short notice that we have had about it.

I would like to see it held in abeyance and referred to the Superintendent—and who knows, it might come out that we are just duplicating a service that we already have, as outlined or proposed here.

Miss Fitzgerald: Mr. Chairman, I do think that within the scope of the program we do have in co-operation with the Division of American Citizenship of the State Department of Education, we could provide a training opportunity for the Police Department if they wished to take advantage of it.

Now, if it would be agreeable to Mr. Lee and the other members, we could communicate with the Police Commissioner and ask him if he thinks that such a program could be developed through our State Teachers College, providing a training opportunity for police officers in problems of juvenile delinquency, but I do not think at this present moment there is any necessity to make an appropriation if we can offer these facilities in this other way.

Mr. Lee: To repeat again, we are not making an appropriation, we are only putting an estimate of something to give us room to appropriate with more ease and grace.

Miss Fitzgerald: Mr. Chairman, we could easily transfer funds, as the Superintendent has pointed out, if we need to appoint any lecturers from our force or to engage any lecturers

for our portion of the co-operative program. However, it does not seem to me that there is any necessity to increase our estimates at this moment.

Mr. Musco: Mr. Lee, wouldn't it be best if we communicated with the Police Commissioner and asked him if he is interested in our services here which are available to him instead of interfering in a policy that he might have?

I recollect his saying that he sent a number of people to a social workers' school. I think it was Boston College. We may be trespassing on his department.

Chairman: I think I should declare the time for debate has expired.

Mr. Lee: Mr. Chairman, you and your associates have driven me from a million dollars down to a thousand dollars. That is all I ask and you even begrudge me that! Press not a fallen man too far.

Chairman: Mr. Lee, we are asking for further time to consider your proposal. I think we all can see the merits of the proposals; but, as I said, it has been pointed out here that it might be duplicating something that we already have in the system. Miss O'Brien has to get these figures down to the Mayor; and, inasmuch as you have put in or the Committee is going to put in \$49,000, it is going to require some paper work. So I hope that the Committee will go along.

Superintendent: Mr. Chairman, would this be the wish of the Committee, if you are going to vote on this now? That Mr. Daley, in charge of our Citizenship work, talk with Mr. Thomas Curtin, the State Director of Citizenship, and have either or both of these gentlemen confer personally with Commissioner Sullivan to say to Commissioner Sullivan, "We in the School Department are anxious to co-operate and we would be glad to prepare a co-operative institute in some way or other where you might send one man from each station as a pilot police officer."

We have had pilot teachers in the beginning of our citizenship course. That would not perhaps add anything to the budget, and then we would know whether the Commissioner really wishes to embark upon it. Then you could have them report back to the School Committee, let's say, in a couple of weeks with time for the School Department then to decide whether or not they wish to allocate a certain amount of money.

Mr. Lee: Mr. Chairman, at the moment let's release Miss O'Brien to correct the earlier figures, since there is plainly going to be no new figure to be added, and then let's take up what the Superintendent says after she has got under way, so to speak.

Chairman: All right, Mr. Lee. Thank you.

The following discussion of this matter occurred later in the conference:

Mr. Lee: Mr. Chairman, on this point we discussed so long in financial terms and which we are now discussing without the financial factor—namely, the question of what help the School System might be in promoting an understanding of these problems through offering our facilities to the Police Department for instruction in this field. I would like to make a motion something like this: That we request the Superintendent to explore the possibility of instituting courses of study, made available particularly to members of the Police Department in co-operation with the Commissioner of Police, said courses of study to aim at equipping the graduates of such courses to serve as contact men with our youth population out of school hours on a program designed to forestall and prevent unco-operative conduct.

Chairman: Juvenile delinquency?

Mr. Lee: If you want to, yes.

Chairman: To curb juvenile delinquency.

Mr. Lee: That is a little negative. To prevent unsocial conduct on the part of youth. That is a little long, Mr. Chairman, but I did want to suggest what we are aiming at.

Miss Fitzgerald: Mr. Lee, would you also include in your motion, or would you think it possible, to include in your motion, the exploration of the facilities of the State Division of American Citizenship which does have facilities at its disposal to help local school departments or police departments or others who handle problems of youth, to produce good citizens?

Mr. Lee: I suppose we could put another sentence to that effect.

Superintendent: I would think, Mr. Chairman, that all of that could be incorporated in the motion. We know the intent of Mr. Lee, Miss Fitzgerald, and the other members, and then some time within two or three weeks we can report back to this Committee officially. That is the object, I think, of the motion, isn't it, Mr. Lee?

Mr. Lee: I am quite sure I used the word "explore", to make it broad enough to go ahead.

On roll call, Mr. Lee's motion passed by the following vote:

STUDENT SCHOOL COMMITTEE MEETINGS

The following extract from the Conference notes relating to participation of high school pupils in "mock" School Committee meetings under the Civil Education Program was ordered spread in full on the record of the public meeting:

Mr. Musco: It was my thought, Mr. Chairman, that the student council officers in each one of our Boston high schools should be invited to participate in a mock meeting held by the School Committee so that they could become acquainted with the workings that go on within a School Committee such as ours.

My idea was that they could discuss a prominent school subject of their own choosing and that the particular type of meeting would not exceed thirty minutes, that the School Committee would observe and also take heed of what was done and how these youngsters thought and felt about the outstanding school problems that we might have at the present time.

I believe that Miss Fitzgerald has more to elaborate on this particular civic education program.

Miss Fitzgerald: Yes, Mr. Chairman. When I saw the agenda item on a Mock School Committee meeting, if you want to call it that, it seemed to me that it brought to my mind some thoughts which I have had for a number of weeks concerning the whole subject of possible student participation in a meeting of the School Committee.

The Senate Investigating Committee on Juvenile Delinquency has brought to light some conditions which should shock us into the realization that we must somehow stimulate better citizenship among the teenagers leaving our schools.

It seems that my thoughts were not particularly to establish special mock School Committee meetings, but we should invite delegates from our high schools, representing the student population and selected by the student council, who may attend official School Committee meetings and be heard concerning any item on the agenda which affects their school or which affects students in the city.

Further, I should like to see a suggestion box in each senior high and junior high school where any suggestions for the improvement of the schools may be submitted in writing by the boys and girls. The student councils and teachers' groups working as committees in each school could screen the suggestions for presentation to the School Committee.

The elected student delegates from the high schools could present these suggestions to the School Committee at its official meetings. It is my feeling that the student participation at School Committee meetings should happen at alternate meetings, thus establishing a regular day when students may present their ideas to the School Committee.

I move that this plan be adopted with any modifications which the Superintendent or any School Committee member may deem ad-

visable, and I suggest that it be reviewed by Assistant Superintendent D. Leo Daley and the Co-ordinator of the Civic Education Program in our schools, Mr. William J. Reid.

Chairman: If I may say a word, I think this is a wonderful suggestion, but there were questions that came to my mind. I am wondering whether you meant to have this on several days or if you intended to have it on one particular day?

It might very well tie in with the Student Government Day that they have in the State House. I think you are all acquainted with that program. They come in and take over the State Government, and not only go to the State House here on Beacon Hill but they go down in the different departments, such as the Insurance Department, and a student will sit as the Insurance Commissioner, for instance, for the day, or down into the Registry of Motor Vehicles and sit as the Registrar.

I think it could very well tie in with that program where those who did not go to the State House or those State departments could very well come here and act as School Committee members.

We could pick one out to act as the Superintendent for the day, or we might even go further and pick a Board of Assistant Superintendents, and in conducting that program we might have suggestions from the jury box over here.

Miss Fitzgerald: Mr. Chairman, it would be my thought—and my idea—that we have some continuing student representation at least at alternate meetings during the regular year, if that would be feasible or possible for the students.

Now it may not be possible because of the length of time that we give to School Committee meetings. Maybe you would have to restrict the hours that they could attend and the days and times they could attend. However, those were my thoughts on the subject.

Chairman: I think it is a splendid suggestion.

Mr. Musco: Mr. Chairman, in view of the fact that there are nineteen or more high schools, it would take approximately four or five months, if we had a meeting every Monday like we are having now, to enable us to sandwich in for about twenty or thirty minutes a group of youngsters if we can get them set up in a schedule to take over these chairs, and also have the guidance and advice of either Mr. Halcy or Miss Reynolds or one of the Assistant Superintendents. Let them conduct a meeting with due recognition of the rules and regulations, and let us observe in that jury box on the right, and I am sure that we can learn something further.

Mr. Lee: Mr. Chairman, there really seem to be two sugges-

tions here, although I may be confusing the matter. One idea is that students would be present while we are meeting and would see something about how we operate, which is quite an ordeal!

Mr. Musco: I don't think so. I think if you were talking about the last Committee I would say Yes!

Mr. Lee: And the other suggestion is that they hold meetings under their own auspices. Then there is a further uncertainty as to whether this would be a permanent group of selected students functioning throughout the year or whether each high school would in turn send up such a committee acting only one time, to be followed then by another high school.

I can see two things. I can see the benefit of a certain number of students filtering through here on meeting days and sampling the hum-drum nature of our work—sampling the fact that life isn't all drama but is a lot of closely woven details. I can see they can gain by that.

At the other end of the scale I can see they might gain, and we would gain, if we threw into their hands not the tedious detail we go through here but certain very lively issues. In other words, we would refer perhaps to separate stimulated School Committees in each of the several high schools some burning question like the one occupying our minds today about how to deal with the problem of youthful lawlessness, and you might come up with some very, very good suggestions on that.

Then you might throw out some suggestions and ask their opinion, as it were, on changes in the curriculum or what they think of History and whether they like Physics and what they want to do about this or that, or the school hours. I can see two things there.

Chairman: Mr. Lee, I think you have in mind making out a similar agenda to be discussed before that group.

Mr. Lee: That is a good idea.

Chairman: I know in the State House they make out daily lists. They have certain bills, and these students appear before the committees. I recall at one time they had the subject of outlawing beanblowers, and there were some proponents for it and some in opposition to it. Then it came to the General Court, the debate took place on the floor of the General Court, the vote was held, and they followed the exact routine of the Great and General Court.

I think that if we presented them with an agenda they could discuss it probably as intelligently, if not more so, than we do.

Mr. Lee: Yes, except that it should not be an agenda like ours because our agenda is meaningless to anyone not acquainted with school affairs.

Chairman: You mean on the custodians, for instance?

Mr. Lee: Yes, and the appointment of teachers and the consideration of all these special items. It is perfectly meaningless unless somebody sat through a great deal of explanation. However, a selective agenda giving certain vital issues could be submitted.

Miss Fitzgerald: Mr. Chairman, as you pointed out earlier, once a year students take over the Legislature. There are two proposals as I see it. There is one for a continuing participation of the students in the regular business of the schools, especially on student questions. That is the gist of my proposal.

Then there is Mr. Musco's proposal that students from the high schools be given a chance to conduct a mock school committee meeting throughout the year. I don't know whether you would have just one such meeting or two or three.

Chairman: I think we might refer it to the Superintendent through his Assistant Superintendents for further study. Mr. Daley, I think, has some remarks. I would like to make another suggestion if I might. We could handle it similar to the Rotarians. They have a program where they bring in one boy from each high school for the first half of the year for twelve weeks, and then they have one luncheon where the boys preside and conduct the whole program themselves. Then for the following twelve weeks an entirely different group comes in. We might do it probably by having one school committee come in for the first half of the year and then another. If you want to reach out so as to give more boys more opportunity, you could do it that way. Did you have some suggestions, Mr. Daley?

Mr. Daley: Educationally, Mr. Chairman and members, great value comes from any program which incites first-hand experiences. The overall objective of our civic education program is to have it articulate through all phases of school life.

Our first objective, of course, is to send out into the world informed citizens. We already have a program similar to this. We have our field trips to the City Council. We have our field trips to the State House. Those are not tied up with Good Government Day. We have the orientation program for Good Government Day. We have our Key Clubs. We have our Junior Associates, and we have our Junior Goodwill Groups.

I think it would be helpful to invite a youngster or two from each of our nineteen high schools to observe the proceedings of the School Committee. You might then culminate or perhaps crystallize their observations by having a selected group carry on the proceedings as you members of the Committee witness at the Rotary Club—prepare their own

agenda and discuss some questions which pertain to their interests. I think it would be very helpful.

Chairman: What are the wishes of the Committee—to have the Superintendent draw up a program, or suggested program, and submit a report back to us? Is that what you would like, Miss Fitzgerald?

Miss Fitzgerald: Take Mr. Musco's idea and the idea that I presented and work it out to the most practical kind of plan.

Mr. Musco: We should have the Assistant Superintendent inculcate all of these ideas and come up with a program so that these youngsters can participate here and really learn something about City Government and the School Committee. However, we must remember, too, that they will be a threat to our political ambitions in four or five years.

Chairman: We will pick them young enough so they won't run against us!

Mr. Lee: Mr. Chairman, on this subject I would like to see any committee appointed by the Superintendent that looks into this matter consider that aspect which consists of youngsters in each high school forming a school committee within the high school—whether or not they visit here once a year or every so often is another matter. However, have a miniature school committee in each high school purposely so that we can refer questions to them like this whole problem of juvenile conduct so that they in turn of their own initiative can bring up questions for our consideration. I would like to see that explored.

Chairman: I wonder whether we do have a student council in all high schools?

Mr. Daley: Yes. Each high school has four forums during the course of the school year on selected subjects. I might say to you, Mr. Lee, that practically all of those subjects are suggested by the students themselves.

Superintendent: Mr. Chairman, one of the forums that will be held at Jamaica Plain High School within a short interval will be in connection with the problem of juvenile delinquency. Already I think the one forum this year concerned the rights of the eighteen-year older to vote, following out what Mr. Daley says. The topics of the four forums are chosen by the boys and girls so that there is pretty live discussion. I thought you would be interested in those two, particularly. The others are equally interesting, but I happen to know about those two.

Mr. Lee: Mr. Chairman, I have a question. Mr. Daley, a student council could sit as a local school committee, as a miniature school committee, at certain times when we have an agenda of things we would like to have them discuss, although in the report or minutes

they keep recording their motions I think those should be submitted directly to the School Committee without any teacher present so we get a first-hand view of what the youngsters think of us.

And another thing, Mr. Chairman—

Mr. Daley: You mean visitors who come here will, when they return to their respective high schools, submit that report?

Mr. Lee: No, I am thinking of a separate idea. In going back to the existing student councils which now function, as they have been doing, on their own, those very student councils could sit as a school committee in the same room they meet in now in their respective high schools merely when we have subjects we would like them to consider which, of course, they could follow up with things they want to consider. They would take on the dignity and responsibility of a miniature school committee and would report directly to us or send their minutes to us so we will get a first-hand view of what they themselves thought in complete privacy. I mean their meeting in complete privacy.

What I do hope, Mr. Chairman, is that the word "mock" can be replaced by a more gracious word. I don't want to be "mocked," and I think "miniature school committee" or a "parallel school committee" or a "substitute school committee" could be used. My vocabulary is running dry!

Miss Fitzgerald: "Student school committee?"

Chairman: "Junior school committee?"

Mr. Lee: Something like that.

Mr. Musco: Mr. Chairman, I would like to see these youngsters unrestrained in their thoughts and their actions, naturally, but they will have a rehearsal before they sit here, and I would like nothing better than to have them kick around this problem of custodians!

DEATH OF JOHN H. GRIFFIN

Chairman: As Chairman of the Committee and on behalf of the members of the School Committee and the School Administration, may I say that it is with great sadness that we note the passing of one of the outstanding citizens of this Commonwealth, Mr. John H. Griffin, Editor-in-Chief of the Boston Post.

The School Committee extends to the family of Mr. Griffin its heartfelt sympathy.

The Committee adjourned.

BOY SCOUT WEEK

The following statement of Mr. Musco was ordered spread on the records:

The Boston School Committee recognizes the importance of National Boy Scout Week, in that its organization is dedicated to instilling in youth a sense of honor, integrity, and responsibility.

It is an opportunity to conduct a positive plan to combat the menace of juvenile delinquency and extend to boys and girls in need of substantial guidance the kind of encouragement they need in this changing world.

Our future leaders are the youth of today and we are glad to see that the Scout movement is continually expanding and developing in youth those qualities which will make them in future years, the highest type of citizen, ready to take a leading part in the civic life of their community.

Scouting teaches loyalty; reverence; honesty; self-reliance—all of which makes for ideal citizenship. Its objective is to train our youths to work together for the benefit of all mankind.

FIRE DEPARTMENT ORDERS.*General Order No. 17.***I. ASSIGNMENT AS AIDE TO FIRE COMMISSIONER.**

The following assignment, which will become effective at 8 A.M., Wednesday, March 31, 1954, is hereby announced:

Hoseman George D. Kellen, Headquarters, to hoseman-aid to Fire Commissioner.

II. RETIREMENT.

The following retirement in accordance with chapter 347, Acts of 1892, as amended by chapter 237, Acts of 1939, which became effective at 8 A.M., March 24, 1954, is hereby announced:

Hoseman William R. Walker, Engine Company 43.

Hoseman Walker was appointed to the Fire Department June 7, 1918, and he leaves the department with the best wishes of his associates.

III. CHANGE IN DEPARTMENT RULE 31, DEPUTY CHIEFS.

The following change in Rule 31, Rules and Regulations of the Boston Fire Department, is hereby announced:

Strike out Rule 31 as it now appears and substitute the following:

Rule 31. The senior deputy chief in each division will be assigned as division commander and will be in over-all charge of his respective division. Deputy chiefs in their respective divisions shall cooperate with and assist the division commander in general routine duties of the division. Each deputy chief, while on duty, shall be held strictly accountable for the maintenance of discipline and efficiency of the fire-fighting force of his division. The deputy chief going off duty shall impart to the deputy chief coming on duty all information concerning any important event occurring during his tour of duty. All records and papers relating to their command shall be accessible at all times for the use of each deputy chief of the division. During any extended absence of the division commander, such as a vacation period, leave of absence (sick, injured, or otherwise), or a permanent absent detail assignment, the deputy chief next in seniority shall assume the duties of the division commander and be so respected.

IV. CHANGE IN DEPARTMENT RULE 34, DISTRICT CHIEFS.

The following change in Rule 34, Rules and Regulations of the Boston Fire Department, is hereby announced:

Rule 34. The senior district chief in each district will be assigned as district commander and will be in over-all charge of his respective district. District chiefs in their respective districts shall cooperate with and assist the district commander in the general routine duties of the district. Each district chief, while he is on duty, shall be held strictly accountable for the maintenance of discipline and efficiency of the fire-fighting force of his district. The district chief going off duty shall impart to the district chief coming on duty all information concerning any important event occurring during his tour of duty. All records and papers relating to their command shall be accessible at all times for the use of each district chief of the district. During any extended absence of the district commander, such as vacation period, leave of absence (sick, injured, or otherwise), or a permanent absent detail

assignment, the district chief next in seniority shall assume the duties of the district commander and be so respected.

V. SENIORITY IN RANK.

As published in General Order No. 15, dated March 16, 1954, the seniority of each deputy chief shall be computed from the date of his permanent promotion to that grade, and the seniority of each district chief shall be computed from the date of his permanent promotion to that grade.

When two or more officers are promoted to equal rank at the same time and date, the seniority in rank shall be determined by their standing on the official Civil Service Eligible List from which they were certified for promotion.

VI. NEW FIRE ALARM BOXES ESTABLISHED.

In the near future the following fire alarm boxes will be installed in the Columbia Point Housing Project:

15-3225, Monticello avenue, opposite Montpelier road.

16-3225, Monticello avenue, opposite No. 166.

The assignment of apparatus to the above boxes will be the same as for Box 3219. Assignment card will be printed and distributed at a later date.

The circuit number for these six fire alarm boxes will be announced when the boxes are installed.

A complete heat detection and manual fire alarm system has been installed in the Old North Church, and in the near future the following fire alarm box will be installed:

12-1233, Christ Church, 193 Salem street.

The circuit number for this box will be announced when the box is installed. Company commanders will add Box 12-1233 to assignment card for Box 1233.

VII. APPRECIATIONS.

The Commissioner is pleased to publish the following letter from Chief Engineer James H. O'Hara of the Somerville Fire Department:

Mr. FRANCIS COTTER,
Fire Commissioner, Boston, Mass.

DEAR COMMISSIONER COTTER:

May I extend to you and, through you, to the officers and members of the Boston Fire Department, my sincere thanks and appreciation for the valuable assistance rendered to this city during the general alarm fire on March 18.

The work performed by Engine Companies 3, 6, and 32, Ladder Company 9, and the lighting unit at the fire was of valuable assistance in controlling the spread of the fire and eventually led to the extinguishment.

It was reassuring to know, while at the fire, that Engines 27 and 43 and Ladder 1 of your department were covering in at the stations, and, if necessary, were available for service at the fire.

Kindly convey to the officers and members of the above companies my deep appreciation.

Sincerely yours,

JAMES H. O'HARA,
Chief Engineer.

The Fire Commissioner is pleased to acknowledge receipt of a check in the amount of \$25, which was donated by Mrs. George King in appreciation of services rendered by members of the Fire Department during the fire at Box 3196, three alarms, March 20, 1954. The check has been forwarded to the Boston Firemen's Relief Fund.

VIII. COMMENDATIONS.

The following named are hereby commended for responding to and working at fire, Box 5455, three alarms, March 22, 1954, while off duty:

Capt. Leo A. Wisentaner, Engine Company 29.

Hoseman Pasquale DiRocco, Engine Company 29.

Hoseman Robert F. Newell, Engine Company 29.

Hoseman Patrick J. Roache, Engine Company 34.

Hoseman James L. McGrath, Engine Company 34.

Ladderman Russell J. Kelly, Ladder Company 11.

By order of Fire Commissioner FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

PROPOSALS FOR PAINTING PAVEMENT MARKINGS
ON CERTAIN ROAD SURFACES IN THE CITY
OF BOSTON, MASS.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for painting pavement markings on certain road surfaces in the City of Boston, Mass. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Painting Pavement Markings on Certain Road Surfaces in the City of Boston, Mass.," and left at 112 Southampton street, before 12 M. on Thursday, April 15, 1954, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price on any item appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

WM. ARTHUR REILLY,
Traffic Commissioner.

MAYOR HYNES APPEALS TO NEIGHBORHOOD REHABILITATION COMMITTEES TO STEP UP PROGRAMS THIS SPRING TO ADD TO CITY'S HEALTH AND BEAUTY WITH CLEANLINESS—CONFERENCE PLANS URGED AS MEANS OF COOPERATING FOR SUCCESS OF MOVES IN VARIOUS SECTIONS.

The following statement has been issued by Mayor Hynes through his Neighborhood Rehabilitation Committee.

It is the hope of the Mayor that all District Committees will have held their regular monthly meetings during the first week of April, or as soon thereafter as practicable, with a view toward stepping up their District Neighborhood Rehabilitation and Conservation Programs. There is nothing like frequent meetings for stimulating interest and enthusiasm over anything, particularly civic projects.

The District's Advisory Committee, composed of the chairman of the fourteen District Committees, held its monthly meeting at the Parker House, Thursday, April 8.

CONTRACTS FOR COLLECTION OF GARBAGE AND REFUSE IN EAST BOSTON DISTRICT FINALLY ADJUSTED AND APPROVED—SELECTION OF DUMP HAD TO BE ADJUSTED WITH CONTRACTOR—DUMP IN SAUGUS FINALLY CHOSEN AFTER NEGOTIATION WITH PRIVATE OWNER.

Contracts for the collection of garbage and refuse and its removal in the East Boston district of the city has been finally adjusted and approved by Mayor Hynes, upon the recommendation of the Public Works Commissioner. The following letter of explanation has been received by the Mayor explaining the conditions:

PUBLIC WORKS DEPARTMENT.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This will supplement my letter of March 23 that I sent to you concerning

BOSTON DRIFTING TOWARD PRECARIOUS RAPIDS, MAYOR JOHN B. HYNES WARNS CITIZENS IN ADDRESS AT ANNUAL DINNER OF BOSTON REAL ESTATE BOARD—CAN'T DRIFT MUCH LONGER BUT MUST MAN THE OARS AND FACE OUR BARK BACK UPSTREAM—REAL ESTATE DEPENDED ON FOR ABOUT THREE-FOURTHS OF MONEY NEEDED TO MEET COSTS OF LOCAL GOVERNMENT—HIGHER THAN NATIONAL AVERAGE NOW—COMPETITIVE POSITION GROWS WEAKER AND EFFORTS AT SELF-PRESERVATION MIGHT SOON BECOME FRUITLESS—ASKS SUPPORT IN PROPOSALS TO BE PUT FORWARD TO SAVE SITUATION.

Following are the remarks of his Honor the Mayor, John B. Hynes, at the annual dinner of the Boston Real Estate Board, Hotel Statler, Wednesday, April 7:

Tonight I would like to briefly mention a few matters which are basic in scope and which have to do with the present and future of the City of Boston.

May I begin by stating that Boston has been drifting for a period of thirty years toward the precarious rapids. We can't drift much longer. The time has come when we must man the oars and face our bark upstream. If we do not, a lot of people in our city are going to get awfully wet, and they won't dry out for a long, long time.

You gentlemen here tonight are in the real estate business. From you, from those you represent, and from all those who own real property, the City of Boston extracts about three quarters of the amount of money necessary to meet the costs of our local government. In the other large cities of our country, in our size category, real estate bears an average of about 50 per cent of local costs. The percentage in Boston should be no higher than the national average.

If it remains higher—considerably higher than the national average—our competitive position will be weak; our attempts to bring new industry and business to the city will have no allure; our labors to keep our present business and industry within the city will be well-nigh fruitless; our people will seek greener pastures where job opportunities are greater; our future prospects will be dim, to say the least.

Problem Difficult.

When it is realized that over one third of all properties in Boston are tax-exempt, it can be understood how difficult our problem is. No other large city that I know of can begin to compare with us in this respect. Year by year this percentage grows, and as it grows our fundamental problem of making both ends meet also grows.

At the rate of new taxable construction in Boston, it will take us three years to get back the valuation we are losing because of just one nontaxable improvement, that is, the Central Artery.

In making this reference to the high percentage of tax-exempt property in Boston, I am not in any manner suggesting that we should tax charitable, educational, or religious properties. That would be a sorry step backward. I do believe, however, that provision should be made for some payment in lieu of taxes whenever the state or the federal governments make public improvements in our city which result in the destruction of valuable taxable properties.

(Continued on page 427.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR ASKS RENEWED EFFORTS OF REHABILITATION COMMITTEE FOR SPRING CLEAN-UP.

(Continued from page 425.)

At the conference plans were made for the fourteen District Committees to co-operate with the annual city-wide Clean-Up, Paint-Up, Fix-Up, and Plant-Up Campaign, to be conducted jointly this year by the City Neighborhood Rehabilitation and Conservation Committees and the Greater Boston Chamber of Commerce during the period of May 21-31, inclusive. All of the local Red Feather agencies are prepared to cooperate with both District Committees and the Chamber of Commerce in the promotion of the campaign. Such a city-wide drive should do much toward giving impetus to the Neighborhood Rehabilitation and Conservation Programs.

Steady progress is being made by the South End, South Boston, Charlestown, Dorchester, and Back Bay-Beacon Hill District Committees in the organization and promotion of their objectives.

MAKES VALUABLE RECOMMENDATION.

The latest achievement of the South End Committee was the recommendation to the Mayor that the six unused city-owned lots in the Bradford Street area be "blacktopped" and utilized as follows: The lot adjacent to the Wilkes Street play area be used as an extension to the basketball court; the lot at 44-46 Bradford street be "blacktopped," surrounded with a wire fence, benches installed, and used as a "Mother's Rest" area; and that lots on Bradford street, Medford court, and Acton street be "blacktopped" and used for neighborhood off-street parking lots; that an odd-shaped lot on Briggs place be leveled, with a view toward making the area neat and tidy.

The Mayor was pleased with the recommendations and has requested the Real Estate and Park Departments, the two services involved, to take steps to carry out the proposals. None of the lots, either because of location or size, has any immediate sale value, and their improvement should help in further protecting the real estate of that neighborhood.

All of which leads up to this—it would be of considerable assistance to the entire Rehabilitation and Conservation Program if each District Committee would appoint a subcommittee to take on the responsibility of making a survey of all city-owned parcels located within its respective district and make recommendation and development of these lots; (2) if the best methods to be used in the sale and development of these lots; (2) if they are not large enough to be used for building purposes or are in the nature of waste land, what the city services can do to make them of recreational or other utility value to the district.

Some of these lots, especially in the overpopulated and congested areas, could doubtlessly be converted into gardens, "tot areas," horseshoe, boccei, handball, or basketball courts, with low cost and no upkeep expense to the city.

Copies of "City-Owned Real Estate Listings," containing a list of the locations of these parcels, have been sent to all chairmen. Additional copies may be obtained gratis at this office.

SOUTH BOSTON COMMITTEE ALERT.

The South Boston Committee is continuing to show the value of the Neighborhood Rehabilitation and Conservation Program to its district. Its latest achievements—recommended to the Mayor that the city-owned lot lying between Fifth and Story streets, which has never been built upon because of a ledge, be "blacktopped" and converted into a play area for young children; prevailed on the Trustees of the Boston Public Library to reverse themselves and to vote to locate the proposed South Boston Central Library on the former Lincoln School site, on Broadway near L street, instead of on the Hawes School site, on Broadway near Dorchester street. It is the belief of the committee that the latter site would be of more value to the city as a commercial location than as a library center.

The South Boston Committee is also endeavoring to reduce the serious traffic problem that exists there by frequent recommendations to the Traffic Commission. As a result of their efforts, both the City Planning Board and the Traffic Commission are planning special studies to see what can be done to give traffic relief in that district.

ZONING STUDY STARTS.

The Charlestown Committee is currently cooperating with the City Planning Board in its plans to rezone that district. This committee is also preparing to make a study of the city-owned lots in that area, with a view toward obtaining additional and sorely needed recreational space. The committee's conference with the Park Department officials concerning the rebuilding of the Sullivan Square Playground, currently in disuse because of landtakings by the state for the construction of the Arterial Highway, will doubtlessly lead to a more practical playground, without additional expense, than was formerly contemplated. The intimate knowledge of the members of the Charlestown Neighborhood Rehabilitation and Conservation Program Committee of the habits and customs of the youth that are likely to use the playground "paid off" at the conference.

The Charlestown Committee has also set up a group to work with the officials of the Boston Housing Authority in the improvement of recreational facilities at the Charlestown Housing Project.

The Dorchester Committee is also swinging into action. At its recommendation a study was made by trained Health Department inspectors of the exterior conditions of 478 parcels in the Savin Hill area. The findings of the inspectors have already been turned over to the committee for such use as it may deem advisable.

The Back Bay-Beacon Hill Committee is making an over-all study of the outward condition of all real estate lying within its area, with a view toward establishing a long-range program of committee activities to improve the physical appearance and to increase the realty value of the entire district.

The South Boston, East Boston, and Brighton areas, respectively, will be the next districts to be studied by the City Planning Board zoning experts.

PAUL HINES,
Coordinator.

MAYOR HYNES' ADDRESS AT THE ANNUAL DINNER OF THE BOSTON REAL ESTATE BOARD.

(Continued from page 425.)

The alpha and omega of Boston's problems is the narrow, limited tax base under which we operate, with its consequent high tax rate. Whenever you read that any city in our country in the Boston size category has a tax rate decidedly lower than Boston's, you may be certain that that city has one or more substantial sources of income not available to the City of Boston.

Nobody thinks of our tax rate more than I. Nobody worries about it more than I. Nobody wants to lower that rate more than I.

The question is—how can it be done? How can the rate be somewhat akin to the rate of other large cities?

Obviously, we cannot achieve this desirable objective from the proceeds of new taxable construction.

TWO MEANS OPEN.

There are two means open to us: by reduction of municipal expenses to the extent of twenty to twenty-five million dollars annually—this is not a heroic task, it is an impossible task; by increasing the city's income by twenty to twenty-five million dollars annually—this is a possible task.

Later this year there will be reports and recommendations, and developments in this latter regard. Official and semi-official committees, already formed and working, and another committee of high-minded citizens now in the making will produce the information and the facts which, pooled together, will provide a springboard for action.

I ask you, for the future of Boston, for the healthy growth of Boston, and indeed our whole Commonwealth, to keep your minds open and be prepared to give your support to these recommendations when they are made.

Another matter I would like to briefly touch upon tonight. Your city officials are not supermen. They have their limitations, physically, mentally, influentially, and financially.

The future of Boston is not alone in the hands of elected or appointed officials.

ALL SHOULD DO THEIR PART.

There must be a desire, a willingness, a determination on the part of those who have affection for Boston, who live in Boston, who have a stake in Boston, or who work and reside in Boston, to do their part.

In other large cities there is that desire, that willingness, that determination.

To cite but a few, the City of Pittsburgh with its tremendous golden triangle development; the City of Chicago now preparing to go forward on a four hundred million dollar downtown development; the City of Washington, D. C., also preparing for a large scale redevelopment. In these cities, and in other cities in our country, the business and the industrial leaders have joined with the city officials to rebuild, to revivify, and to improve their cities.

We need that kind of spirit here in Boston. Certainly we have the men, the brains, the courage, the resources to face our own peculiar problems, difficult as

they may be, to tackle them, and to overcome them. I invite you to give this suggestion earnest consideration. I invite you to begin to think in terms of your own individual responsibilities for this great old City of Boston which gave, in days gone by, both leaders and leadership to our great country.

EAST BOSTON CONTRACT FOR REMOVAL OF GARBAGE AND REFUSE SETTLED.

(Continued from page 425.)

recommendations affecting the award of contracts for collecting and removing garbage and refuse.

As stated in the above-referenced communication, I could not, at that time, make any recommendation concerning the award of a contract in District 2, East Boston, until I had analyzed the bids that were to be opened on March 26 on an alternate item that provided for the city furnishing a privately-owned dump, in Saugus, that would be available to the contractor under the provisions of a contract to be executed by the owner of the dump and the City of Boston. Alternate bids were opened today and bids were received as follows:

DISTRICT 2—EAST BOSTON.

1-Year Term.—City to Furnish Dump.

BIDDER.	Item 1A(b) Open-Top Trucks.
Milano Bros., Inc.....	\$6,596 00
Edward J. McHugh & Son, Inc.....	8,205.00
Capitol Contracting Company, Inc.	8,590.00
Dooley Bros., Inc.....	9,185.00

BIDDER.	Item 1B(b) Enclosed Bodies.
Milano Bros., Inc.	\$6,762.00
Edward J. McHugh & Son, Inc.	8,538.00
Capitol Contracting Company, Inc.	9,840.00
Dooley Bros., Inc.....	9,350.00

The City will be required to pay \$700 per month for the use of said dump in disposing of the refuse from the East Boston area. Under the circumstances, therefore, the amount of \$700 should be added to all of the above-referenced bids, in order to determine the total cost per month to the city.

The current contract was awarded to Edward J. McHugh & Son, Inc., a year ago, and provides for a monthly payment of \$10,392. The bid submitted by the low bidder under Item 1B(b) for enclosed bodies, provides for a monthly payment of \$6,762.00 per month, which will result in a total cost of \$7,462 per month to the city. The annual cost will be \$35,172 less than for the previous year.

I respectfully request, therefore, your authority to award a contract to the low bidder, Milano Brothers, Inc., under Item 1B(b), enclosed bodies, for collecting and removing garbage and refuse in the East Boston area, from April 1, 1954, to March 31, 1955, at the low bid price of \$6,762 per month.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CIRCULAR LETTER NO. 7.

CITY OF BOSTON,

MAYOR'S OFFICE, March 31, 1954.

To All Department Heads.

GENTLEMEN:

The Massachusetts Division of the American Cancer Society is conducting its annual drive for funds. The general chairman for Massachusetts is Mr. Adrian O'Keefe, the president of the First National Stores. The chairman of the city employees group is Mr. John Moran, the Purchasing Agent.

Cancer is one of the dread diseases of mankind. At some time or other its ravages hit almost every home. The Cancer Society, through your help, will continue its studies to stamp out this disease which takes the lives of so many people each year, both young and old.

I will appreciate it if the city officials and city employees will cooperate with John Moran this year so that the contributions of the city employees may be of some consequence in the fight against cancer. A little from a lot of us will meet our quota.

Respectfully,

J. B. HYNES, Mayor.

TRAFFIC COMMISSION RULINGS.

* Contract awarded.

Upon April 1 the Mayor approved a contract with contractors as requested in the following letter:

BOSTON, March 31, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 4, 1954, bids for furnishing soap to the various city departments were publicly opened and read in this office. Swift & Co. was the lowest bidder on all items, excepting Item 6, on which Acme Soap Company, Inc., was low.

The bid of Swift & Co. is qualified to the extent that it is subject to acceptance within fifteen days from the date of opening instead of the thirty-day period of acceptance set forth in the proposal and not acceptable under the terms of the publicly advertised bid.

Authority is requested to reject the bids received on the items on which Swift & Co. was the lowest bidder and award a contract for these items to Swift & Co., without further public advertisement, at the prices submitted by this company in the publicly opened bid of March 4, 1954. Authority is also requested to issue orders to Acme Soap Company, Inc., for Item 6, in the amount of \$858, less 1 per cent discount for payment in ten days. Acme Soap Company was the lowest bidder for this item on the publicly opened bid.

Approximate total amount of contract for Swift & Co. will be \$4,683.30, net. Contract period is from April 1 to June 30, 1954.

Respectfully yours,

JOHN V. MORAN,

New England Gas Products, Inc.—All of the prices in the attached proposal are firm for the duration of the contract period.

Linde Air Products Company.—In reference to Items 1, 2, and 14 no extra charge will be made for the return of empty cylinders if delivered to seller's truck at the time delivery of full cylinders is made. Reference to Items 1 and 14 the following provision applies: Buyer shall return, or cause to be returned, each cylinder when empty to the distributing station of seller from which the same was shipped, expenses prepaid, not later than 90 days after its delivery by seller; provided that if any loaned cylinder is not returned within 30 days from date of shipment, seller reserves the right to make a demurrage charge of three cents per day for all time over thirty days that such cylinder is out of seller's possession, which demurrage charge buyer agrees to pay, or cause to be paid on demand. Demurrage shall be calculated on a quantity basis without regard to individual cylinders and separately for each receiving point. Buyer shall pay, or cause to be paid, promptly on demand to seller at seller's then established valuations and rates, for loss of or damage to any of said cylinders or fittings resulting from any cause after delivery thereof by seller and until return to seller.

Ohio Chemical & Surgical Equipment Company.—Cylinders loaned free of demurrage for 90 days after which they will be subject to a demurrage charge of 2 per cent per month on the value of the cylinders outstanding beyond the free loan period.

Puritan Compressed Gas Corporation.—See Form 497 attached, which is made a part of proposal.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon April 6 the Mayor approved a contract with MacDonald Elevator Company for elevator inspection, maintenance and test on various elevators. Bids, opened April 5, were as follows:

MacDonald Elevator Company, \$1,000; Consolidated Elevator Company, \$1,113.

HOSPITAL DEPARTMENT. Sanatorium Division.

Upon March 31 the Mayor approved a contract with Careful Cleaning Company for window cleaning at the Sanatorium Division. Bids, opened Tuesday, March 16, were as follows:

Careful Cleaning Company, \$1,800;
Bay View Window Cleaning, \$1,980;
Bay State Cleaning Company, \$2,250.

PARK DEPARTMENT.

Upon March 31 the Mayor approved a contract with Wyoming Construction Company for repairs to pile and timber fences, L Street Bathhouse, South Boston. Bids, opened Tuesday, March 16, were as follows:

Wyoming Construction Company, \$10,124; W. H. Ellis & Son Company, \$10,700; Roy B. Rendle & Co., Inc., \$10,916; James B. Rendle Company, \$10,970; Dane Construction Corporation, \$14,480.96.

Upon April 2 the Mayor approved a contract with H. Piken & Co. for painting iron picket fence, Thomas Park, South Boston. Bids, opened Tuesday, March 30, were as follows:

H. Piken & Co., \$690; Kabot Painting Company, \$725; William Craig & Sons, \$785; John M. Kennedy & Co., \$793; Nicholas Bello, \$895; Joseph J. Gazzola, \$910; R. & F. Upon April 6 the Mayor approved a contract with M. Solimando for repairing and replacing wooden seating of bleachers at Park Department playgrounds, Boston. Bids, opened Tuesday, March 30, were as follows:

M. Solimando, \$15,960; Michael Racioppi, \$16,070; F. C. Dolan & Sons, Inc., \$16,170; Martin J. Kelly Company, Inc., \$17,865.

PUBLIC WORKS DEPARTMENT.

Upon March 24 the Mayor approved a contract with McCulloch Manufacturing Company for furnishing labor to assemble about 40 12-inch gate valves, 80 8-inch gate valves, and 100 6-inch gate valves, at an estimated cost of \$13,430. The work to be done under this contract is to be completed December 31, 1954. The proposal for doing this work was publicly opened March 18.

Upon March 31 the Mayor approved a contract with Construction Units, Inc., as requested in the following letter:

Boston, March 29, 1954.

To the Mayor of Boston.

Your approval is respectfully requested to the award of a contract for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in City Proper (Water Division) district, to the Construction Units, Inc., 199 Washington street, Boston, at an estimated cost of \$50,520.

Because of the nature of the work involved, it is considered inadvisable to award more than two districts to any one contractor and, therefore, since the contractor who submitted the lowest price for the City Proper (Water Division) district has been awarded contracts

covering two other districts, it is considered that it will be in the best interest of the city to award the contract for the City Proper (Water Division) district to Construction Units, Inc., who submitted the next lowest price for doing the work in this district.

The work to be done under this contract is to be completed March 31, 1955.

The following bids were received March 25, 1954, after advertising in the *City Record*, March 13, 1954:

James A. Freaney, Inc., \$47,485; Construction Units, Inc., \$50,520; John J. Appel, \$57,325.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon April 1 the Mayor approved a contract with C. Russo, Inc., for sewerage works in Bennington street, 110 feet west of Breed street, East Boston, at an estimated cost of \$2,890. The following bids were received March 25:

C. Russo, Inc., \$2,890; Walsh Company, Inc., \$3,235; R. A. Buccella & Sons, Inc., \$3,469.50.

Upon April 1 the Mayor approved a contract with C. Russo, Inc., for sewerage works in Rockwood street and Perkins street, West Roxbury, at an estimated cost of \$13,992 for the use of clay pipe for sewer and concrete pipe for surface drain. The following bids were received March 25:

Including Clay Pipe.—C. Russo, Inc., \$14,192; Z & S Construction Company, Inc., \$15,105; Susi & DeSantis Company, Inc., \$15,535; N. Cibotti & Co., \$16,319.10; A. D'Alessandro & Son, \$16,478; North Construction Corporation, \$17,741; Joseph Capone & Son, \$17,910; Roslindale Contracting Company, \$18,376; R. A. Buccella & Sons, Inc., \$18,637; J. D'Amico, Inc., \$18,955; J. Andreasse & Co., \$22,657.50.

Including Concrete Pipe.—C. Russo, Inc., \$13,992; Z & S Construction Company, Inc., \$14,520; Susi & DeSantis Company, Inc., \$14,524.50; N. Cibotti & Co., \$15,862.60; A. D'Alessandro & Son, \$16,361; North Construction Corporation, \$17,644; Joseph Capone & Son, \$17,325; Roslindale Contracting Company, \$17,326; R. A. Buccella & Sons, Inc., \$18,520; J. D'Amico, Inc., \$18,955; J. Andreasse & Co., \$22,657.50.

Upon April 2 the Mayor approved a contract with Rufo Construction Company, Inc., for repairing the pavement of the Sumner Tunnel at an estimated cost of \$17,320. The following bids were received March 25:

Rufo Construction Company, Inc., \$17,320; James A. Freaney, Inc., \$19,925; Adams Asphalt Company, Inc., \$22,500.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial firms, contractors, etc., for furnishing labor, supplies, and the like. Communications from heads of departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Boston, March 15, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted an estimate of the requirements for park-

ing meter repair parts and also miscellaneous materials required for the operation of the parking meters which do not fall into the category of repair parts. These estimates are for the period of one year from April 1, 1954.

Authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies at the amounts as stated:

John E. Doran, doing business as Mi-Co Meters Eastern Sales Company, 211 State street, Bridgeport, Connecticut. Prices are f.o.b. Covington, Kentucky. Total amount of contract not to exceed \$4,600, net.

M. H. Rhodes, Inc., 30 Bartholomew avenue, Hartford, Connecticut. Prices are f.o.b. Hartford, Connecticut. Total amount of contract not to exceed \$3,500, net.

Apahouser Corporation of New England, 104 Brookline avenue, Boston, Mass. Total amount of contract, \$3,000, net.

Period of all contracts will be from April 1, 1954, to March 31, 1955, inclusive.

John E. Doran, doing business as Mi-Co Meters Eastern Sales Company, is the sole exclusive distributor in New England for the Michaels Art Bronze Company, Inc., the manufacturer of some of the materials requested. M. H. Rhodes, Inc., is also a manufacturer. Apahouser Corporation of New England has submitted much lower prices for some materials as compared to those of the manufacturer. In view of these facts, it is my opinion that the best interests of the city will be served by awarding the contracts as requested.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, March 31, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 200 yards saddle's felt. Informal requests for prices were solicited from the only two sources of supply. American Felt Company, the manufacturer of saddle's felt, submitted the lower price of the two bids received.

Authority is requested to award a contract, without public advertisement, to American Felt Company. Inasmuch as this company is the manufacturer, it is my opinion that no advantage would be gained by publicly advertising for prices.

Approximate total amount of contract will be \$1,008, less 1 per cent discount for payment within ten days; net, thirty, end of month.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, April 1, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for terry-cloth bathrobes—adults' and children's. Informal requests for prices were solicited among eight vendors. Two bids were received.

International Bath Robe Company, which has previously furnished these bathrobes to the Boston City Hospital, submitted the lower bid. Authority is

requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to International Bath Robe Company. Inasmuch as the robes previously supplied by this company have proven satisfactory to the Boston City Hospital, it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,509, less 1 per cent discount for payment in ten days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon March 29 the Mayor approved a contract as requested in the following letter:

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 2, 1954, publicly advertised proposals for trucking service for this department for the period April 1, 1954, to March 31, 1955, were received and publicly opened and read aloud. They are as follows:

Unit Price Per Hour.

Two and One Half-Ton Truck, with Driver.—C. S. Walsh Transportation, \$3; P. A. Milan, Inc., \$3.60; Rodgers Motor Lines of Boston, Inc., \$3.70.

Three-Ton Truck, with Driver.—C. S. Walsh Transportation, \$3; P. A. Milan, Inc., \$3.60; Rodgers Motor Lines of Boston, Inc., \$3.70.

Five-Ton Truck, with Driver.—C. S. Walsh Transportation, \$3; P. A. Milan, Inc., \$3.60; Rodgers Motor Lines of Boston, Inc., \$3.70.

Extra Man.—C. S. Walsh Transportation, \$2; P. A. Milan, Inc., \$1.90; Rodgers Motor Lines of Boston, Inc., \$1.85.

Due to inadvertence the C. S. Walsh Transportation failed to accompany its proposal with a \$250 certified check, as required by terms of public advertisement. However, this error became apparent before the bids were in fact read and immediately upon its being called to the attention of Mr. Walsh, he immediately tendered a \$250 bank treasurer's check, payable to the City of Boston.

In view of the foregoing, I respectfully request your authorization to reject all bids, to dispense with further advertising, and to award the contract to C. S. Walsh Transportation, 736 Dudley street, Dorchester, Mass., for trucking service for this department for the period April 1, 1954, to March 31, 1955, for an amount not to exceed \$20,000, at the above unit prices per hour. It is felt that it will be of economic advantage to award the contract, without advertising, as herein proposed in view of the fact that the lowest prices for the work were submitted by the C. S. Walsh Transportation. The C. S. Walsh Transportation has performed this type of service for this department in prior years and their services were always performed in an efficient and satisfactory manner.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

LIBRARY DEPARTMENT.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of an agreement with the New England Deposit Library for the storage of books and other library materials for the period April 1, 1954, through March 31, 1955.

The New England Deposit Library building is located at 135 Western avenue, Allston. The institution was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. The act names the Boston Public Library as a "participating institution," together with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials for which there is only occasional use and for which storage space is not available in intensively used library buildings. The "participating institutions" share cooperatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

The Trustees of the Public Library have voted "that there be entered into with the New England Deposit Library, 135 Western avenue, Allston, an agreement for the rental during the period April 1, 1954, through March 31, 1955, of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into this agreement, the Trustees have set a limit of \$9,145.50 on the amount to be expended for storage space for the period of the agreement.

Your approval of the agreement is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the McBee Company, 367 Boylston street, Boston, for the purchase of Keysort book loan cards.

These cards are needed in connection with the new charging system which has been in effect since January, 1952. The cards are proprietary items and can be purchased only from the McBee Company. The Trustees have therefore voted "that there be entered into without public advertising with the McBee Company, 367 Boylston street, Boston, a contract for the purchase of Keysort book loan cards in the amount of two thousand five hundred ninety-six dollars and twelve cents (\$2,596.12)."

Inasmuch as the total cost for the cards will exceed one thousand dollars (\$1,000), there is requested permission

of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a service agreement, without public advertising, with the General Alarm Corporation, 89 Broad street, Boston, for the period April 1, 1954, through March 31, 1955, for furnishing inspection service for the combination watchman-recording and fire alarm system in the Central Library Building. In 1951 the equipment for the system was installed by the General Alarm Corporation, and the servicing of this equipment can be obtained only from the General Alarm Corporation. The Trustees have therefore voted "that there be entered into with the General Alarm Corporation, 89 Broad street, Boston, a service agreement for the period April 1, 1954, through March 31, 1955, for furnishing of inspection service for the combination watchman-recording and fire alarm system in the Central Library building, the total fee for such service not to exceed one thousand one hundred ninety-nine dollars (\$1,199)."

Inasmuch as the total cost for this service will exceed one thousand dollars (\$1,000), your permission to enter into this agreement without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that your Honor approve the award of a contract, without public advertising, to the Recordak Corporation, 444 Madison avenue, New York 22, New York, for the rental of photographic book-charging equipment for the period April 1, 1954, through March 31, 1955.

This equipment is needed in connection with the new book-charging system which has been in effect in the Central Library Building and in several branch libraries during the past four years. Experience indicates that the use of photographic book-charging devices is a more efficient and more economical method than the old hand-charging method. These items of equipment are patented and may be rented only from the Recordak Corporation. The cost of the rental of the equipment for the period of the contract will be approximately \$5,000. The Trustees have therefore voted "that there be awarded without public advertising to the Recordak Corporation, 444 Madison avenue, New York City, a contract for the rental of book-charging equipment for the period April 1, 1954, through March 31, 1955, at rates per month as follows: Recordak Junior Microfilmer Model JC or JCX, \$17.50; Recordak Reader Model P-10R or P-10-31-R, \$7.50; Recordak

Reader Model P-10 or PD, \$5; Recordak Voltage Regulator, \$5; Recordak Constant Focus Head, \$2.50; Recordak Reader Model P-40, \$8.50."

Inasmuch as the total cost for the rental of this equipment will exceed one thousand dollars (\$1,000), there is requested permission of your Honor to enter into this contract without publicly advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

BOSTON, March 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that your Honor approve the signing of a service agreement with the International Business Machines Corporation for the period April 1, 1954, through March 31, 1955, for the preparation of classified reports from punched record cards furnished by the library in connection with the expenditures for books and other library material. During the period of the agreement the cost of the service will be approximately \$2,200.

Since the cost will be in excess of \$1,000 and the service is to be procured without public advertising for competitive bids, it is necessary to obtain your Honor's approval for entering into this agreement. No useful purpose, it is believed, would be served by obtaining competitive bids. Not only would a disruption of the record-keeping system of the Library's Book Purchasing Department result from the transfer of the work to another concern, but an investigation of the rates charged by other companies rendering similar services indicates that no saving would result from such transfer. The Trustees of the Library therefore have voted "that there be entered into with the International Business Machines Corporation, 590 Madison avenue, New York, a service agreement for the period April 1, 1954, through March 31, 1955, for the preparation of classified reports from punched record cards in connection with the expenditures for books and other library material, the total fee thus charged to be subject to terms, agreements, and conditions set forth in said agreement."

The permission of your Honor for the signing of the agreement is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director.

MAYOR'S OFFICE.

BOSTON, March 5, 1954.

CITY OF BOSTON,

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested for the awarding of a contract in an amount not to exceed \$2,100, without publicly advertising for bids, between the City of Boston and the Sheraton Plaza Hotel of Boston, for the serving of a dinner at the Sheraton Plaza Hotel on March 27, 1954, for the Public Libraries Centennial Conference of the Trustees of Massachusetts.

The Sheraton Plaza Hotel has satisfactorily carried out similar commitments for the city in the past. Since the price per plate for food is more or less uniform, I feel that nothing would be gained by the public invitation of bids.

Respectfully,

HAROLD B. FLEMMING,
Chief Clerk.

PARK DEPARTMENT.

BOSTON, March 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

As your Honor knows, Arthur A. Shureliff and Sidney N. Shureliff, doing business as partners, with offices at 14 Beacon street, Boston, are under contract with the city to make a comprehensive study of the zoo area of Franklin Park and submit a report making definite recommendations with respect to the future development of the zoo and of ancillary facilities in the zoo area. To reduce the cost of the survey, no provision for a study of receipts to be anticipated from potential sources of income at the zoo was included in the contract. If the final report is to be really comprehensive, however, it should contain a statement on this aspect of the matter.

Accordingly, request is hereby respectfully made for authority to dispense with advertising in awarding to Arthur A. Shureliff and Sidney N. Shureliff, doing business as aforesaid, a contract which would amend their existing contract so as to provide for the final written report thereunder to include, at an additional cost to the city of \$850, a statement estimating on an annual basis, with reasoned statistical analysis, the receipts to be anticipated from potential sources of income at the Franklin Park Zoo. Since, if the desired end of a single comprehensive report is to be achieved, the additional work can only be done by Messrs. Shureliff and Shureliff, no useful purpose would be served by inviting bids by advertisement.

Respectfully yours,

BOARD OF PARK COMMISSIONERS,
by FRANK R. KELLEY,
Chairman.

BOSTON, March 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For a number of years this department has granted to the Mills Automatic Merchandising Corporation, of 247 Atlantic avenue, Boston, a license, usually for a term of three years, for the exclusive right and privilege to furnish, install, and maintain weighing machines in buildings of the Park Department, at the sole risk and expense of the licensee. The licensee has been paying for this privilege the sum of \$350 per year.

The current license was made for a term of three years from July 1, 1951, to June 30, 1954. The licensee has requested renewal of the license for another three-year period under the same terms and conditions.

Our business relations with this company have been very satisfactory and, as it would be rather difficult to find another concern that would have the necessary machines, the Board of Park Commissioners believes that nothing would be gained by advertising for bids on this concession.

The Board therefore respectfully requests your approval to dispense with publicly advertising for bids and to award a license to the Mills Automatic Merchandising Corporation, 247 Atlantic avenue, Boston, for furnishing, installing, and maintaining weighing machines in buildings of the Park Department, for a three-year period beginning July 1, 1954, and ending June 30, 1957, at the rate of \$350 per year during the term of the license.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PUBLIC CELEBRATIONS.

BOSTON, February 25, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested for the award of a contract in an amount not to exceed \$1,300, without public advertising, to McKeon & Casby, caterers, 1106 Boylston street, Boston, for the serving of a dinner at the South Boston Athletic Club on March 17, 1954, in honor of the Honorable Henry Cabot Lodge.

The firm of McKeon & Casby has satisfactorily carried out similar commitments for the city in the past. Since the price per plate of the food to be served is more or less uniform, it is felt that nothing would be gained by the public invitation of bids.

Respectfully,

JOHN D. BROWN,
Director.

TREASURY DEPARTMENT.

BOSTON, March 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested for the awarding of a contract, without publicly advertising for bids, between the City of Boston and Brink's, Inc., 711 West Monroe street, Chicago, Illinois, for the daily transportation of city funds between City Hall and the First National Bank of Boston and between the National Shawmut Bank of Boston and City Hall.

Brink's, Inc., agrees to assume full liability for any loss of any shipment up to the amount of \$500,000, except for approximately fifteen uncertain dates when the liability will be \$1,000,000 and between the period of September 4 and November 4 when it will be \$5,000,000, at a cost of \$325 per month to the city for a period of one year beginning April 1, 1954.

Two other financial transportation companies servicing this area were invited to bid for this contract. The Financial Transportation Company has informed me that they do not care to bid on this contract at this time. The United States Trucking Company has submitted a bid which is \$10 per month in excess of the Brink bid. Our experience with Brink's, Inc., has been entirely satisfactory in past years, and no purpose will be served by advertising.

Very truly yours,

DANIEL M. DRISCOLL,
City Treasurer.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract approved December 10, 1953, with John R. Lentine, for electrical work at the Grover Cleveland and James P. Timilty Schools, from March 31, 1954, to April 30, 1954. This extension was requested because of delay in receiving fixtures from factory.

Approval has been given for the extension of the time of completion of the contract with J. J. Bonavire, Inc., for carpentry repairs at the Trade High School for Girls, from March 31, 1954, to April 30, 1954. This extension was requested because of delay in finishing work on account of classes being in session.

Approval has been given for the extension of the time of completion of the contract with R & F Painting Company for interior and exterior painting at the Farragut School from April 30, 1954, to July 31, 1954. This extension was requested because exterior painting could not be completed on account of weather.

Approval has been given for the extension of the time of completion of the contract with M. Solimando for installation of frames, sash, doors, etc., at the Joseph H. Barnes School, from April 30, 1954, to June 30, 1954. This extension was requested because exterior painting was delayed on account of the weather.

HOSPITAL DEPARTMENT.

Permission has been granted for an extension of time from February 1, 1954, to April 1, 1954, on the contract of General Electric Company for complete installation of new X-ray equipment, Chest Radiography Room, Dowling Building, Boston City Hospital. This extension of time was necessary because of delay in delivery of the water cooling equipment necessary to satisfactorily complete the contract.

Sanatorium Division.

Approval has been given for the extension of the time of completion of a contract for electrical work as follows:

It is agreed that the words "December 15, 1953" appearing in the contract between the City of Boston and Warren H. Bennett, Inc., dated September 15, 1953, be stricken out and the words "March 15, 1954" be substituted in their place.

Approval has been given for the extension of the time of completion of a contract for renovation of toilet room in Ward M and renewal of water service in Ward A at the Sanatorium Division as follows:

It is agreed that the words "thirty working days" appearing in the contract between the City of Boston and Powers & Mehegan Company, dated December 31, 1953, be stricken out and the words "March 31, 1954" be substituted in their place.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated February 19, 1954, with the Colorado Fuel & Iron Corporation, 80 Federal street, Boston, for chain link

fence in City Yard, Ward 18, at Dana avenue, from April 1, 1954, to May 1, 1954. This extension was requested because the contractor was unable to start work due to a change in the fence line.

Approval has been given for the extension of the time of completion of the contract, dated September 22, 1952, with John F. Shea Company, Inc., for cleaning Davenport Brook conduit from Hallet street to Gallivan Boulevard and Magdala street, Dorchester, from April 7, 1954, to June 15, 1954. This extension was requested because the progress of the work was much slower than anticipated.

Approval has been given for the extension of the time of completion of the contract, dated November 25, 1953, with Susi & DeSantis Company, Inc., for laying and re-laying water pipes in Jamaica street, Ward 11, Glenwood avenue and Smith Field road, Ward 18, and Cricket Lane, Ward 20, and such additional locations, if any, in Wards 11, 18, and 20 as may be designated by the Commissioner of Public Works, and hydrant changes at 82 Haverford street, 44, 56, and 102 Jamaica street, and 16 Marmion street, Ward 11, and 42 Chestnut square, Ward 19, until May 29, 1954. This extension was requested because the contractor was forced to discontinue work on this project due to inclement weather.

Approval has been given for the extension of the time of completion of the contract with C. Russo, Inc., dated December 11, 1953, for sewerage works in William T. Morrissey Boulevard, Dorchester, formerly Old Colony Parkway, from 1,100 feet south of Mt. Vernon street, 280 feet northerly, from April 1, 1954, to May 1, 1954. This extension was requested in order to provide time to re-lay artificial stone sidewalk and loam and sand when weather will permit.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 8, 1951, determining damages caused by the making of the public improvement consisting of the widening of Centre street, West Roxbury district, be, and the same hereby is, amended, by striking from said order the amount \$1, awarded to Rowe Contracting Company in said order, and inserting in place thereof the amount \$1,040.80; that the amount \$1,040.80 be, and the same hereby is, awarded to Rowe Contracting Company for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 28, 1953, determining damages caused by the making of the public improvement consisting of the widening of Allandale street, West Roxbury district, be, and the same hereby is, amended, by striking from said order the amount \$1, awarded to Rowe Contracting Company in said order, and inserting in place thereof the amount \$491; that the amount \$491 be, and the same hereby is, awarded to Rowe Contracting Company for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 4, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Latin road, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$140, as an award to James M. and Rosanna V. McNulty; that the amount \$140 be, and the same hereby is, awarded to James M. and Rosanna V. McNulty for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 29, 1951, as amended, determining damages caused by the making of the public improvement consisting of the widening and relocation of Poplar street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$180, as an award to Angus J. and Sarah J. Grant; that the amount \$180 be, and the same hereby is, awarded to Angus J. and Sarah J. Grant for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 29, 1951, as amended, determining damages caused by the making of the public improvement consisting of the widening and relocation of Poplar street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$100, as an award to Frank J. and Anna F. Herlihy; that the amount \$100 be, and the same hereby is, awarded to Frank J. and Anna F. Herlihy for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 21, 1953, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Alberta street, West Roxbury district, be, and the same hereby is, amended, by adding to said order the amount \$25, as an award to Arnold F. Bachofner; that the amount \$25 be, and the same hereby is, awarded to Arnold F. Bachofner for the damages so sustained.

OMIT WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Brookly Construction Corporation has been directed to omit the following work under the contract, dated October 14, 1953, for excavation and gravel backfill in Mt. Vernon street, Ward 13, from William T. Morrissey Boulevard 3,250 feet easterly:

Omit all work under Item 5 of the contract—10,800 square yards of surface treatment at 18 cents per square yard.

Estimated cost of omitted work, \$1,944.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A manhole and two catch basins and connections in Howe street (now Colebrook street), from II street approximately 223 feet westerly, in the South Boston district, at an estimated cost of \$1,000.

A 10-inch, 12-inch, and 24-inch pipe surface drain and 11 catch basins in Mt. Vernon street, between Morrissey Boulevard and end of street, in the Dorchester district, at an estimated cost of \$20,000.

CONTRACT AMENDED.**HOSPITAL DEPARTMENT.**

D. Antonellis, Inc., has been allowed to amend the contract for certain repairs to No. 4 and No. 6 boilers, Power Plant, Boston City Hospital, as follows:

Whereas, During the course of performing the work covered by the aforesaid contract, it has been discovered that additional work, over and above the amount thereof originally contemplated by the parties, and incidental to the work covered by the contract, is necessary; and

Whereas, The contractor is ready and willing to perform the additional work, specifically, the removal of approximately 154 square feet of the back wall on each side of No. 4 boiler and replace with first quality fire brick tied in to 9-inch furnace lining with header course every fifth row, at a cost of \$1,183; and

Whereas, The reasons in detail for the additional work and cost have been set forth in a letter to the Mayor, dated February 19, 1954, approved by the Mayor on February 19, 1954, which letter and publication are incorporated herein and made a part hereof to the same extent as if set forth in their entirety;

The contract is amended to include the above-described extra work and the contract sum is increased by an amount not in excess of \$1,183 to cover the cost of the same, thereby making the new contract sum \$7,283.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Cyclone Fence Department, American Steel and Wire Division, United States Steel Corporation, has been directed to omit and substitute the following work under the contract, dated September 30, 1953, for furnishing and erecting chain link fence in city yard, Ward 20, at Morland street and Prospect street:

Omit V-shaped extension arms with three strands of barbed wire on each arm as provided for in original contract and substitute 45-degree extension arm with three strands of barbed wire. This change is made to avoid encroachment on city and private property. A deduction of \$75 will be made from the final contract price because of this change. This order supersedes change order dated December 9, 1953.

Estimated reduction in cost, \$75.

NO DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 10, 1952, determining that no person sustains damages by the making of the public improvement consisting of the laying out and construction of Ashmont court, Dorchester, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto "Alfred G. and Sarah F. Morris, \$385"; that the amount \$385 be, and the same hereby is, awarded to Alfred G. and Sarah F. Morris for the damages sustained by the making of the said improvement.

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

P. V. Barone Corporation has been directed to perform the following extra work under the contract dated October 26, 1953, for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street:

Furnish and lay 6-inch perforated asphalt-coated ground water drain pipe, including excavation, crushed stone, and catch-basin connections, at \$3 per linear foot as follows: Cranmore road, approximately 600 linear feet (southeasterly side); Van Brunt street, approximately 160 linear feet (south side, where directed).

Estimated cost of extra work, \$2,280.

Carriere Construction Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Poplar street and Summit street, dated July 28, 1953:

In Poplar street, furnish and lay approximately 300 linear feet of 6-inch perforated asphalt coated ground water drain pipe, including excavation, crushed stone and catch-basin connections, at \$3 per linear foot, on the southerly side, between Beech street and Glendower street, and at southwesterly corner of Beech street. Estimated cost of extra work, \$900.

PROCEEDINGS OF CITY COUNCIL.

Monday, March 29, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair, and all the members present.

The Reverend Joseph J. Boyle of St. Theresa's Catholic Church, West Roxbury, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH J. BOYLE.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

Let us pray, O Lord, Creator of all the universe. We are here assembled, O Lord, to ask Thy light and help in our problems this afternoon; do Thou, who art in truth the fountain of light and wisdom, deign to shed upon the darkness of our intellects the rays of Thy infinite brightness and give to us an understanding which will be such as to make us reflect on our dignity and the position that we uphold. Come unto us and be one with us; deign to enter into our hearts; teach us what we are to do and whither we ought to tend; show us what we must accomplish, in order that, with Thy help, we may be able to please Thee in all things. Be Thou alone the author and finisher of our judgments and decisions, who, alone with God the Father, Son, and Holy Ghost, possesses a glorious name.

Suffer us not to disturb the order of justice, Thou who lovest equity above all things. Let not ignorance draw us into any devious paths nor partiality sway our minds. Neither let respect of persons ever pervert our judgment but unite us to Thee effectually that we may be one with Thee and never forsake the truth. Inasmuch as we are gathered together this afternoon in Thy name so may we in all things hold fast to justice tempered by pity, mercy, and light so that in this life our judgments and decisions here today may in no way be at variance with Thee and in the life to come may we all attain to everlasting rewards for deeds well done. Amen.

Our Father, who art in heaven, hallowed be Thy Name; Thy kingdom come; Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us, and lead us not into temptation, but deliver us from evil. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT OF MINOR OFFICERS PAID BY FEES.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1954.
To the City Council.
Gentlemen:

Subject to confirmation by your Honorable Body, I hereby make the following appointments of minor officers paid by fees for the term of one year beginning with the first day of May, 1954. The appointments of all such officers not named herein are hereby revoked from and after April 30, 1954.

Respectfully,

J. B. HYNES, Mayor.

(Annexed was a list of the appointments as contained in City Document No. 45—1954.)
Referred to the Committee on Confirmations.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constables with authority to serve civil process upon filing of bond for the term ending April 30, 1955: Edward J. Pinta, 11 Fowler street, Dorchester; Albert S. Bithoney, 12 Rollins street.

Referred to the Committee on Confirmations.

ATHLETIC CLINICS FOR YOUTHS DURING OFF-SEASON.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Park Department further replying to your order of February 15, 1954, relative to the setting up of athletic clinics during the off-season for purposes of instructing the youth of the city.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, March 25, 1954.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

Supplementing my letter to you of March 3, relative to the City Council order filed by Councillor Hailer, requesting that the Park Department set up athletic clinics in various sections of the city for the instructing of the youth of the city, I am enclosing herewith the report received from the Director of Recreation which is self-explanatory.

I might add further to this report by saying that we will give this matter our serious consideration if funds are provided and we have sufficient personnel to inaugurate such a program.

Very truly yours,

FRANK R. KELLEY, Chairman.

City of Boston,
Park Department, March 22, 1954.
Commissioner Frank R. Kelley,
Park Department.

Dear Sir:

In reply to Councillor Hailer's recommendation to set up athletic clinics in the off-season, the following is reported:

1. Such clinics are a very desirable part of a recreation program.

2. The Boston Park Recreation in the past has conducted such clinics for both athletes and officials.

3. During the winter months the Boston Park Recreation serves as a medium of exchange in films which show all phases of sports and athletics—free of charge.

4. At the present time other agencies are conducting such clinics in Boston.

5. During the past season an effort was made to conduct a clinic in basketball. Without the necessary budget, officials of the Boston Celtics could only provide instructors (free) for the Boston Globe's Basketball Clinic, as this was open to the general public.

6. Last fall, Mickey Harris, of Red Sox pitching fame, visited this office and offered to conduct a clinic similar to one conducted by Phil Rizzuto in New York for the modest sum of \$2,000 per month. This would pay all instructors' costs. His offer was rejected because money was not available.

7. Because of limited funds it seems advisable to provide leadership for the teaching of sports and athletics, rather than to conduct clinics, as the average youngster already knows the fundamentals of the sport in which he is particularly interested.

8. When funds are available we will be most pleased to conduct clinics in sports and athletics.

Respectfully submitted,

PATRICK J. RYAN,
Director of Recreation.

Placed on file.

OPERATING HOURS OF BRANCH LIBRARIES.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the President of the Board of Trustees of the Boston Public Library relative to your order of February 8, 1954, concerning the changing of the operating hours of neighborhood branch libraries.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Library Department, March 22, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In reference to Councillor Piemonte's order of February 8, 1954, in regard to the library, may I advise that the trustees have given this order special consideration and may I say that, in regard to the North End Branch Library, we are making an extra evening arrangement for Wednesday, which we have not granted the other branch libraries. I enclose card which gives the hours of service for the North End Branch Library.

Just as soon as we can find out how the policy that we have put into effect works out—of not hiring anyone when a vacancy occurs, unless absolutely necessary—then we will treat the other libraries on the basis as proposed in the order by Councillor Piemonte. The trustees certainly want to keep these branch libraries open as much as possible, but naturally we must arrange the situation within the framework of our budget.

May I say that I think we have the situation well in hand and before the end of this year we will be back to our regular schedule. While no one is going to be discharged, we are going to close the ranks in the interests of doing everything possible to reduce that tax rate. That is my aim, and I will see that it is carried out.

Respectfully yours,

PATRICK F. McDONALD,
President, Board of Trustees,
Boston Public Library.

INSPECTION OF EXTERIOR STRUCTURE OF PUBLIC BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, March 29, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Public Buildings relative to your order of March 22, 1954, in regard to the inspection of the exterior structure of public buildings in the City of Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Buildings Department,
March 25, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

Relative to the attached Council order of March 2, 1954, submitted by Councillor Hailer, I wish to inform you of the following.

This department has its own inspectors who regularly visit our buildings to determine if repairs, etc., are needed. However, if it is considered advisable for the buildings to be inspected by the Building Department inspectors, there is no objection.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

Placed on file.

REPORTS OF FINANCE COMMISSION ON APPROPRIATIONS AND TAX ORDERS FOR 1954.

The following were received:

City of Boston,
Finance Commission, March 25, 1954.

To the Honorable the City Council.

It is not the function of the Finance Commission to make up the budget of the City of Boston. That function has been given by ordinance to the Director of the Administrative Services Department. The ordinance also provides that the Director of Administrative Services shall have the assistance of the Supervisor of Personnel of the Administrative Services Department on determining budget needs.

The Director of the Administrative Services Department has had long experience in establishing and maintaining the city budget. He served as Budget Commissioner and made up the annual budget for twelve years. As Auditor for ten years more it was his duty to enforce the budget adopted. The Supervisor of Personnel served as Budget Commissioner for ten years.

There are none better trained than the above two officials for the task of determining a budget. They have staff employees authorized by the City Council to assist them. In their work of determining the 1954 budget, they had before them the officials who started the budget proceedings by estimating and submitting their individual departmental budget needs.

Since the budget was submitted to the City Council, one or the other of these official budget

makers has sat with your Committee on Appropriations at every session of its hearings on the budget. They were there to explain and justify the budget items as they were submitted to you. Your committee had before it representatives of all the budgetary departments presumably for the purpose of giving such information as they could to explain and justify the allotments made.

It is the Finance Commission's observation that since the coming into office of the Plan A Council, budget making has undergone a great change; and it is a change for the better. No longer are department officials purposely inflating their requests for appropriations in order to give the Mayor and the Council opportunity to reduce estimated needs substantially and yet provide all the funds the departmental officials actually desire. The intensive questioning by Council members in hearings year after year in the last three years in addition to the questioning by the budget makers in preliminary conference has had the effect of forcing departmental officials to give more care to the preparation of their estimates. Departmental officials now appreciate that budget requests must stand the test of rigid inquiry. As a result the budget submitted has contained less opportunity each year for reduction by you without changing municipal policy.

Because the Council's acquiescence to a budget is necessary for its adoption, the Council has the vast power of sharing with the Mayor the determination of the spending program. If it is the will of the Council that a service or function must be curtailed or eliminated, the Council can make reduction to correspond with its policy determination.

In the opinion of the Finance Commission there is not great opportunity to reduce the budget before you without going into the field of policy. Until the Council indicates what and how far it is willing to go in this direction, no one outside the Council can anticipate the probabilities.

The Council has had the benefit of suggestions of how and where to alter the administration of the functions and services of the city. The Committee on Appropriations has had the benefit of discussions with departmental officials and the budget makers about many of these suggestions and other opportunities for altering administration. The Finance Commission could not have the same opportunity without interference with your own program of study.

The Finance Commission recognizes the difficulty of reducing the budget. Yet, as the Commission indicated in a recent report, reduction of the budget as before you is a necessity if last year's rate of taxation is not to be exceeded.

In the reorganization of the departmental structure alone no reductions in cost may confidently be expected. It has been promised, however, that reduction in costs will come from reorganization within each department. Even here, however, the possibility is not great because the present policy is that positions can be eliminated from the city payroll only by death or retirement of present incumbents. When it is realized that close to 70 per cent of the city budget is the payroll requirement, the difficulty of reducing the total needed for city maintenance is appreciated.

Nevertheless, out of all the information which your Committee on Appropriations has obtained for you, it is generally hoped that you may discover some means of reduction. In an effort to help, the

following suggestions which emanate from the information brought out at your committee hearings are offered:

FIRE DEPARTMENT

Item No. 100

\$9,988,555.75 allowed by Mayor may be reduced by approximately \$150,000 due to the expectation that under the plans for the reorganization of the department, approximately 75 positions, after retirements, will be saved. \$150,000

Item No. 264

Since Engine 20 firehouse is slated for closing in the plan of station relocation, appropriation for heating installation may be eliminated at saving of approximately. \$1,000

Item No. 273

Allowance for blower in battery room may be eliminated since it is planned to close battery room. \$500

Item No. 322

Recalculation of fuel oil estimate results in saving. \$13,531

Item No. 539

Reduce by \$15,000 the amount allowed for a new rescue wagon inasmuch as five of such apparatus are expected from the Federal Civilian Defense Organization within a few months. \$15,000

BOSTON CITY HOSPITAL

Item No. 230

\$40,000 for renewal of Crotty contract could be eliminated since a representative of Crotty Brothers admitted at the Council hearing the possibility of concluding the work and turning the system over to the Hospital by September, 1954, the date of the expiration of the present contract. Operation of the system could then be carried on under Hospital auspices. \$40,000

Sanatorium

Item No. 239

Inasmuch as the Crotty Brothers were given a contract for \$20,000 in September, 1952, to install a system of food control at the Sanatorium and another in November, 1953, for \$19,000 to continue the work, it seems advisable to require this company to finish the work by the termination of the present contract, September, 1954, and refrain from renewing this contract at that time. This would mean a saving in the 1954 budget of. \$19,000

In this department, there are many items in which the only guide to determination of the need for appropriation is the experience of the department in previous years. The charges are for multifarious expenditures for supplies, materials, and equipment. At the hearings before your committee, on a number of items which are listed below the Hospital Department representatives gave no indication that there would be any greater need in 1954 than there was in 1953. In view of the general financial condition of the city, and the need, particularly at this time, to hold the line on expenditures, it is suggested that the department be held to last year's actual expenditure as listed in the budget which is before you.

These items and recommendations thereto follow. (See Table A.)

TABLE A.

LIBRARY

Item No. 260
\$18,400 may be saved by deferring the following projects which are not immediately necessary: installation of illuminating signs and counters at certain branch libraries, and air-conditioning systems at one branch library and the Director's office.....\$18,400

Since a study is being made of the possibility of closing certain branch libraries, including Phillips Brooks, \$1,200 allowed for painting should be eliminated.....\$1,200

Finances of City do not permit painting such a new building as the Adams Street branch which was built within the last three years \$1,900

PARK

Item No. 269
\$25,000 may be reduced by \$8,000 since present proposed contract for bleacher repairs at nine locations is estimated at approximately \$17,000.....\$8,000

Request for \$22,000 for chain link fence may be safely reduced to \$15,000 and will bring it more in line with 1953 program.....\$7,000

Item No. 347
Allowance for towelling of \$24,600 should be reduced by \$3,100 because of lower prices obtained in contract.....\$3,100

Item No. 8 31-43
Removal of trees afflicted with Dutch Elm disease. Under Chapter 106, Acts of 1954, borrowing outside the debt limit is permitted for this purpose. By this method the allowance of \$50,000 for this item may be taken out of maintenance budget.....\$50,000

POLICE

Item No. 100
\$12,575,000 allowed by the Mayor may be reduced by approximately \$150,000 by appropriating for one-half year for the approximate 75 retirements expected in 1954, and saving such positions by adoption of the recommendations of the Mayor's Committee \$150,000

PUBLIC BUILDINGS

Item No. 471
Rental of auto truck can be saved by using Public Works Department trucks.....\$480

PUBLIC WORKS
Paving Division

Item No. A100
This payroll is made up of 410 employees, including 20 vacancies, with salaries totalling

\$59,612.30. No deductions have been made for the nonfilling of any of these positions, neither has any deduction been made for vacancies that are likely to occur during the year. If vacancies are not to be filled, a deduction of \$59,612.30 can be made, and allowing for other vacancies likely to occur during the year over portions of the year a further deduction can be made.

Reduction.....\$59,612

Item No. 330
This item provides for the purchase of fuel. The quantities requested figured at the present contract price allow for a
Reduction.....\$504 85

Item No. 380
This item provides for the purchase of roadway material. Estimated quantities based upon prevailing contract prices would permit of a further reduction of \$2,510.
Reduction.....\$2,510

Sewer Division

Item No. A100
This budget does not include the entire payroll of this division; another amount of approximately \$236,000 is charged to the loan account. No consideration has been given to a possible reduction in numbers during the year, or vacancies occurring for portions of the year that are likely to occur.

Summer Tunnel

Item No. 265
An item of \$10,000 was included in the department estimate for roofing and waterproofing of the ventilation building. A contract has already been awarded for this work at a price of \$6,592.50 allowing for a deduction of \$3,407.50. However, the Mayor has reduced the total allowance for the whole item by \$2,800. It would seem that a further deduction of \$607.50 could be made.
Reduction.....\$607 50

TRAFFIC COMMISSION

Item No. 110
Changing basis of painting street markings from temporary summer labor to contractual basis should reduce necessity of \$25,000 allowed by at least \$5,000.....\$5,000

Using police escort instead of Brink's Service to carry tunnel collections to bank will save.....\$1,000

Besides the possible savings indicated above for the Fire and Police Departments Personal Services Item, it appears, on analysis and application of formula, that the following further reductions in the No. 100 item in several departments are also possible. (See Table B.)

Since the preparation of the budget, bids have been opened, after public advertising, for the collection and disposal of garbage and refuse in 12 districts and awards have been made for 11 of the districts, and award for one district is in deliberation.

Now that the actual amount of money required for the payments to be made under these 11 contracts is known, and using the low bid in the other district, the following calculations are made:

5 districts for which contracts were awarded for period of two and three years in 1953.
12 months at \$39,534.....\$474,408
12 districts for which contracts were awarded for one year terminating March 31, 1954.
3 months at \$139,673.....419,019
Contracts for the same 12 districts from April, 1954, to December 31, 1954 (1 district low bid used).
9 months at \$137,681.....1,239,129

Total Requirements for Collection..\$2,132,556
M. DeMatteo Disposal Contract:
3 months at \$40,200.....\$120,600
9 months at 37,980.....341,820

Total Requirements for Disposal..462,420

GRAND TOTAL.....\$2,594,976
Budget Allowance.....2,650,000
Actual Requirement.....2,594,976

Possible Deduction.....\$55,024

There is now no need for the item of \$18,000 included in the disposal contract to provide for the disposal of the refuse collected in the Dorchester districts, since the contracts awarded for collection in these districts provide that the contractor furnish his own dump.

COMMUNICATION RELATIVE TO 1954 BUDGET.

Communication was received from the Boston Real Estate Board and Greater Boston Chamber of Commerce urging adoption of recommendations of the Boston Municipal Research Bureau for reductions in the budget for 1954 and the taking of every action possible to avert a tax rate increase. Placed on file.

NOTICE OF HEARING BEFORE THE DEPARTMENT OF PUBLIC UTILITIES.

Communication was received from Gaston, Snow, Rice & Boyd transmitting copy of order of notice of hearing to be held by the Department of Public Utilities on April 12 at 10 A.M. on petition of the Boston Consolidated Gas Company for issuance of a note by it to the Eastern Gas and Fuel Associates. Referred to the Executive Committee.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from Daniel M. Driscoll, City Treasurer, of interest as president of Eighteen Oliver Street Company, Inc., in lease between said corporation and Public Buildings Department of the City of Boston, effective April 1, 1954, for one year. Placed on file.

REPORT OF COMMITTEE ON APPROPRIATIONS AND FINANCE.

Coun. PIEMONTE, for the Committee on Appropriations and Finance, submitted the following: Report on message of the Mayor and appropriations and tax orders for the year 1954 (referred February 1, 1954)—recommending passage of the same with the exception of the following reductions:

			\$193,078 41

The formula used in arriving at the requirements for Personal Services Item No. 100 was: (1) the average of five weekly payrolls in December, 1953, multiplied by 52.2; (2) the monthly roll multiplied by 12; (3) the projected increments; (4) allowance for certain vacancies as described below:

1. In the Fire Department there is included \$70,800 to cover 20 vacancies designated to be filled in January.
2. In the Police Department, \$69,820 is included for 14 patrolmen and detectives plus \$19,600 for officer vacancies and a Secretary.
3. Provision has been made for 20 vacancies submitted by the Commissioner of Public Works in the budget totalling \$59,612.50.

CONSTABLES

Although the quota for constables is reduced over previous years, there are 24 of this title in the 1954 budget document distributed as follows: Health (3), Law (5), Sanitary Division (9), Street Laying-Out (2), Water (5). The Administrative Survey recommended that the position of constable be eliminated in the Health Department, Sanitary Division, Street Laying-Out Department. Application of this recommendation would reduce the number by 14 at a saving of.....\$40,000

Since the budget was submitted to the Council, the Purchasing Department has obtained prices by advertised competition for the fuel supply for various departments. A reduction has been suggested previously in this communication in the item for fuel in the Fire Department. Using as a

basis the prices received in the open bidding and accepting the quantities needed as given in explanation of the budget requests, other items for fuel as listed herewith may be reduced:

RECESS.

On motion of Councillor Ahearn the Council voted at 3:49 p.m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President WHITE at 7:25 p.m.

RECONSTRUCTION OF BLUE HILL AVENUE FROM FRANKLIN PARK TO MATTAPAN SQUARE.

Coun. PIEMONTE offered the following:
Resolved, That the City Council of Boston, in meeting assembled, hereby favors the passage of House Bill No. 1431, providing for the reconstruction of a certain portion of Blue Hill avenue from Franklin Park to Mattapan square in the City of Boston.
The resolution was adopted under suspension of the rules.

NAMING OF SQUARE IN HONOR OF FRANK MAFFA.

Coun. WHITE offered the following:
Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name Sullivan square, from Caldwell and Main streets, Charlestown, to Seaver street, Cambridge, Maffa Way, in honor of Frank Maffa, who lost his life while in the service of his country during World War I.
Passed under suspension of the rules.

RESURFACING OF TEMPLETON STREET.

Coun. KERRIGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Templeton street, Ward 16, at the earliest possible opportunity.
Passed under suspension of the rules.

NAMING OF SQUARE IN HONOR OF ROBERT M. ENGLEHART.

Coun. AHEARN offered the following:
Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Schiller street and Heath street, Roxbury, in honor of Corp. Robert M. Englehart, who lost his life in Korea on August 17, 1951, while in the service of his country.
Passed under suspension of the rules.

DETAILED INFORMATION FOR TENANTS OF CHAPTER 372 HOUSING.

Coun. AHEARN offered the following:
Ordered, That his Honor the Mayor request the Boston Housing Authority to furnish the tenants of Chapter 372 housing, on request, with complete information as to the description of the parcels of land involved, including a description by metes and bounds, information on easements with respect to driveways and related matters, and an appraised value of the lots and buildings concerned.
Passed under suspension of the rules.

USE OF BLACKSTONE PARK AS PUBLIC PLAYGROUND.

Coun. McCORMACK and HURLEY offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to study the possibilities of making Blackstone Park in the South End a public playground.
Passed under suspension of the rules.

ASSISTANCE OF MASSACHUSETTS DELEGATION IN CONGRESS FOR PORT OF BOSTON.

Coun. McCORMACK offered the following:
Whereas, The Port of Boston is in jeopardy of losing the Boston Army Base because of the failure of the Federal Government to appropriate the necessary funds to make repairs thereto; and

Whereas, The Port of Boston is already prejudiced against by rate differentials now in effects and

Whereas, The economy of the city, the state, and the entire New England area is directly dependent upon the Port of Boston; therefore, be it

Resolved, That the City Council in meeting assembled, request the Massachusetts delegation in Congress to take it upon themselves to continue and increase their efforts to assist the Port of Boston.

The resolution was adopted under suspension of the rules.

RENAMING OF BUENA VISTA STREET.

Coun. FOLEY and HAILER offered the following:

Ordered, That Buena Vista street in Roxbury be renamed St. Richard street by the Board of Street Commissioners or their successors in office.
Passed under suspension of the rules.

EXECUTIVE COMMITTEE REPORTS.

Coun. AHEARN, for the Executive Committee, submitted the following:

Report on appropriation and tax orders for 1954, as submitted by the Mayor, and the list of proposed reductions as submitted by the Committee on Appropriations and Finance (referred today) — recommending passage of the budget as submitted by the Mayor with reduced items as shown on the accompanying orders:

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1954

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1954, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for the Sumner Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that appropriations for the maintenance and operation of parking meters and the regulation of parking and other traffic activities incident thereto, be met by the income from parking meter fees; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1953, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1954; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1954, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July 1, 1954. Interest shall be charged at the rate of 4 per cent per annum and computed from October 1, 1954, on all real estate and personal property taxes remaining unpaid after November 1, 1954, and assessed and payable in the year 1954, before said November 1, 1954, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective April 13, 1954:

Article IV, Section 2 (Stopping, Standing and Parking Prohibited in Certain Places), is amended by inserting in its proper place in the alphabetical arrangement the following:

Scollay Square, Boston Proper.

Southwest side, from a point on the prolongation of the southeast curb line of Brattle street to a point twenty-two (22) feet southeast of the prolongation of the southeast building line of Hanover street, 24 hours.

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by striking out the following:

Scollay Square, Boston Proper.

Southwest side, from Pemberton square to Howard street, 24 hours.

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by inserting in its proper place in the alphabetical arrangement under the caption "Boston Proper" each of the following:

Brimmer Street.

East side, from Mt. Vernon street to Pinckney street, 24 hours.

North Grove Street.

East side, from Parkman street to Fruit street, 24 hours.

STREET WIDENING IN WEST ROXBURY.

The Mayor has approved the vote of the Board of Street Commissioners for a public improvement consisting of the widening of Perkins street, West Roxbury district, as a highway, on the northerly side, from a point opposite Prince street approximately 205 feet easterly, and the taking of an easement adjacent to said widening for the purpose of maintaining a fence and slope, bounded and described as follows:

The highway named Perkins street is hereby widened on the northerly side, from a point opposite Prince street approximately 205 feet easterly; and an easement is hereby taken adjacent to said widening for the purpose of maintaining a fence and slope.

For the making of the aforesaid improvements an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs, or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Charles S. Sargent, Trustee (under will), Henrietta Sargent, bounded:

Northerly by the northerly line of Perkins street as widened by this order, by two measurements, 183.77 feet on a curve of 570.42 feet radius and 50.08 feet; and southerly by the northerly line of Perkins street as it existed prior to this order by five measurements, 62.20 feet, 49.65 feet on a curve of 170.98 feet radius, 32.04 feet, 15.85 feet, 76.39 feet, containing 1,011 square feet, more or less.

Said Perkins street as hereby widened is bounded:

Northerly by the northerly line of Perkins street as hereby widened, by two measurements, 183.77 feet on a curve of 570.42 feet radius and 50.08 feet; and southerly by the northerly line of Perkins street as it existed prior to this order, by five measurements, 62.20 feet, 49.65 feet on a curve of 170.98 feet radius, 32.04 feet, 15.85 feet, and 76.39 feet, containing 1,011 square feet, more or less.

The city hereby takes the right in the following described land to place or slope and maintain all filling required for grading in said Perkins street, and for the purpose of maintaining a fence.

A parcel of land supposed to belong to Charles S. Sargent, Trustee (under will), Henrietta Sargent, bounded:

Southerly by the northerly line of Perkins street as widened under this order, by two measurements, 50.08 feet and 183.77 feet on a curve of 570.42 feet radius; westerly by other land supposed to belong to said trustee, 8 feet; northerly by the same, by two measurements, 181.29 feet on a curve of 562.42 feet radius and 50.08 feet; and easterly by the same, 8 feet; containing 1,860 square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the widening of Perkins street, West Roxbury district, as a highway, on the northerly side, from a point opposite Prince street approximately 205 feet easterly, and the taking of an easement adjacent to said widening for the purpose of maintaining a fence and sloping rights, under the order of the Board of March

30, 1954, in the amounts hereinafter respectively set against him, and awards said amounts therefor.

Charles S. Sargent, trustee (under will), Henrietta Sargent, 1,011 square feet, \$1.

Charles S. Sargent, trustee (under will), Henrietta Sargent, 1,860 square feet, \$1.

TO CONSTRUCT SEWERAGE WORKS.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Brownson terrace, bounded:

Northerly by Allandale street, 61.61 feet; easterly by the easterly line of Brownson terrace, by two measurements, 59.36 feet and 30.14 feet on a curve of 168 feet radius; southerly by another part of Brownson terrace, 40 feet; and westerly by the westerly line of Brownson terrace, 22.98 feet on a curve of 128 feet radius and 106.09 feet, containing 4,371 square feet, more or less.

The sewerage works to be constructed are as follows: 80 linear feet of 10-inch diameter pipe sanitary sewer and surface drain at an estimated cost of \$1,200.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on both sides of Brownson terrace, at the westerly and easterly corners of Allandale street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.
1. Rowe Contracting Company.....	\$240 00
2. Charles K. Zeytoonjian.....	240 00
Total	\$480 00

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Brownson terrace, West Roxbury district, under the order of the Board of March 29, 1954, and awards no damages therefor.

Owners unknown (Brownson terrace), 4,371 square feet, nothing.

FIRE DEPARTMENT ORDERS.

General Order No. 19.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

CHEF, MASSACHUSETTS MARITIME ACADEMY, DEPARTMENT OF EDUCATION, MAY 1, 1954.

Last date for filing applications, Monday, April 12, 1954.

Salary: The minimum salary is \$3,180 a year; the maximum salary is \$3,780 a year.

Vacancies: At present there is one vacancy for a male, to be filled on a permanent basis.

Duties: To have charge of the preparation of food, working with the cooks in a galley on board ship or in the shore kitchen; to take orders from the steward for the preparation of meals and the manner in which they are to be prepared for serving and to see that meals are prepared on time; to choose proper quantities of raw materials without waste; to be amenable to suggestions for improvement of the output; to work in harmony with other kitchen personnel; to keep the spaces, equipment and himself clean; and to perform related work as required.

A thorough knowledge of modern methods of cooking, particularly on board a ship, the conservation of materials, and the use of appliances and utensils for the preparation and serving of food for approximately 250 persons at each meal, is necessary, as well as the ability to do baking.

The duties of this position require duty either at the shore establishment in Buzzards Bay, or on the training vessel where it is necessary to sleep in a ship's bunk and live in close quarters, and they require robust health without such physical disabilities as arthritis or varicose veins which might be a handicap in working on a tile deck where there may be considerable motion of the ship. Approximately three months of each year are spent on a cruise to foreign ports.

Entrance Requirements: Applicants who have passed their sixtieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must have at least five years of full-time paid experience in the preparation and cooking of food in a supervisory capacity in a large establishment, including at least two years of experience in this work at sea.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR PAINTING PAVEMENT MARKINGS ON CERTAIN ROAD SURFACES IN THE CITY OF BOSTON, MASS.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for painting pavement markings on certain road surfaces in the City of Boston, Mass. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Painting Pavement Markings on Certain Road Surfaces in the City of Boston, Mass.," and left at 112 Southampton street, before 12 M. on Thursday, April 15, 1954, with a certified check for five hundred (\$500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price on any item appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

FINANCE COMMISSION PROPOSES SCHOOL COMMITTEE SELL UNUSED REAL ESTATE TO AID IN LESSENING BURDEN ON CITY—ABOUT 40 PROPERTIES HELD, FINANCE COMMISSION SAYS, FOR WHICH NO SCHOOL USE IS INTENDED.

The Finance Commission has addressed the following communication to the Mayor and City Council:

To the Honorable the Mayor and City Council.

While you are considering what action to take in regard to the School Committee budget, which will be before you shortly, the Finance Commission suggests that you give consideration to the situation in regard to the unused real estate in possession of the School Committee. The valuation by the assessors of such properties amounts to more than \$3,000,000, yet it is well known that the true valuation of city-owned property, because not taxable, is seldom given serious consideration.

The fact of the matter is that at present there are approximately 40 prop-

CONTRACTS FOR BITUMINOUS AND CONCRETE MIX INSPECTION, TESTING, AND CONTROL FOR PUBLIC WORKS DEPARTMENT WORK AWARDED TO THOMPSON AND LICHTNER COMPANY, INC.

Mayor Hynes has approved the request of the Public Works Commissioner to award, without advertising, the contract for testing, inspecting, designing, and controlling bituminous and cement concrete mix used by the Public Works Department and contractors in street construction and reconstruction work to Thompson and Lichtner Company, Inc.

The letter of request to the Mayor, which he approved, reads as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, April 9, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For the past several years contracts have been awarded to Thompson and Lichtner Company, Inc., for testing, inspecting, designing, and controlling bituminous and cement concrete mixes used by the department and by contractors

(Continued on page 484.)

MAYOR JOHN B. HYNES ASKS SCHOOL COMMITTEE TO CUT BUDGET TO 1953 FIGURE OR SLIGHTLY ABOVE—WANTS NEARLY \$2,000,000 SLASH MADE TO PREVENT ADDING TO TAX RATE—SAYS PROPOSED EXPENDITURES “ALTOGETHER TOO HIGH”—CITY AND COUNTY BUDGETS KEPT DOWN—WANTS SCHOOL’S ALSO SLASHED.

Mayor John B. Hynes has vetoed school appropriations totaling \$1,001,963 and has demanded that the committee slash off another \$900,000. He also flatly rejected proposal of the board that it be allowed to increase school costs about \$2,103,400. He insisted that the budget figures would have to approximate those of 1953 or but slightly above it. His arguments in support of his contention are contained in the following agenda presented at the meeting with the School Committee in his office:

1. Comparison of tax levy impact of city, county, and school budgets (Schedule 1). Emphasize that while budgets of first two divisions do not adversely affect 1954 rate, the proposed school budget involves an increase of \$1.50 in the rate.

2. Announce intention to approve order adopted by the School Committee at its meeting on April 5, 1954, appropriating the sum of \$22,982,853.41 for “general school purposes.” This represents the entire amount available under the statutory appropriation limit and is \$1,285,638.73 less than actual expenditures in 1953 for the same purposes.

3. Announce intention to veto certain appropriations made “for alteration and repair of school buildings, etc.,” as indicated in following table (consult Schedule 2):

A. Administration Expenses	
1. Salaries	\$15,000
2. Workmen's Compensation	1,000
3. Veterans' Retirement Roll	15,000
B. Administration Expenses	
Office Expenses and Other Items	8,000
C. Special Educational Needs	15,380
D. General Alterations and Repairs	500,000
	\$554,380

4. Announce intention to veto certain appropriations made for “land and buildings for schools” as indicated in the following table (consult Schedule 3):

Reserve	\$447,583 27
-------------------	--------------

5. Refer to Schedule 4 and advise that you are unwilling to approve the committee's request in their letter of April 5, 1954, that you recommend to the City Council additional appropriations for general school purposes in the sum of \$2,671,226.10. Express belief this amount should be reduced so as to bring 1954 appropriations for general school purposes within striking distance of those in 1953. Schedule 5 indicates areas which appear to offer reduction possibilities. Request that committee review request in April 5 letter and submit at a later date a revised downward request.

FINANCE COMMISSION URGES SCHOOL COMMITTEE SELL UNUSED SCHOOLS.

(Continued from page 465.)

erties held by the School Committee for which it appears there is no school use intended. Twenty of these properties contain buildings some of which are substantial in size and in value. They are the schools which were ordered discontinued by the School Committee in June, 1953. There are, in addition, six other properties containing buildings which were discontinued as schools in previous years; and there are many properties not now intended for use which formerly contained buildings. It appears that prospective buyers have become interested in many of these properties.
